Box 1

Women's Tennis

These files contain records relating to the Georgia Southern women's tennis team for the years Dr. Shriver served as its coach. I am organizing the materials chronologically. If there was more than one folder related to a year, the materials found in each folder will be held together by a paper clip. The records consist mainly of correspondence regarding tennis players and prospective tennis players, records and score sheets from meets and tournaments in which the team competed, and clippings of articles about the team and its players.

Hill Lecture

- This is a draft of *One Name But Several Faces: Variety in Popular Christian Denominations in Southern History*, by Samuel S. Hill. Hill was an Averitt lecturer.

The next three folders contain manuscript copy of *Crucial Themes in Western Church History: Renewal and Pilgrimage*. This appears to be a guide to teaching church history. While Dr. Shriver's name is handwritten on the top of the first page, there is no indication of the author or authors. I can find no record of this book being published, at least under this title.
