New-Comers Given Joint Reception

**DR. PITTMAN AND STUDENTS FETED**

**NEW PRESIDENT AND SUMMER SCHOOL STUDENTS WELCOMED HEARTILY FRIDAY.**

Dr. Marvin S. Pittman, president-elect of South Georgia Teachers College, and the six hundred and fifty new summer school students were officially welcomed with a program and reception given last Friday evening, June 28.

In the earlier part of the evening the students and visitors gathered in the auditorium for an informal program. Miss Helen Outlaw of Statesboro, extended a word of welcome from the student body. Hon. Howell Cone, of Statesboro and Savannah, pledged to Dr. Pittman and the college the support of the civic organizations of Statesboro and Bulloch county. Rev. G. N. Rainey, pastor of the Statesboro Methodist church, represented the churches of the city and made a short talk. Music for the program was under the direction of Mrs. E. L. Barnes, Mrs. Z. S. Henderson and the college orchestra.

After the program in the auditorium, an elaborate reception was held in the sun parlor. Appear- ing with Dr. and Mrs. Pittman in the receiving line were members of the regular summer school faculty and prominent citizens of Statesboro and other nearby cities.

Dr. Pittman will remain on the

**WELLS FAMILY LEAVE MONDAY**

President and Mrs. Guy H. Wells will leave Monday of next week for Milledgeville to make their home. President Wells will begin his term as head of the Georgia State College for Women July 1.

Dr. and Mrs. Wells and little Anne will occupy the governor's mansion in Milledgeville. Guy Wells Jr., who is now on a tour of the United States, will attend school here this fall as a member of the freshman class.

The family of "Guy H. Wells" take to Milledgeville with them Monday the hope of continued love and friendship from the George Anne, the faculty, and the 618 summer session students. The college will look forward with joy to many visits from the Wells during the 1934-35 regular session and for many months to come.

Members of Regular Faculty at School

**SEVERAL PURSUE GRADUATE STUDY**

**COLUMBIA, AMES AND UNIVERSITY OF NORTH CAROLINA AMONG SCHOOLS ATTENDED.**

Many of the regular faculty members are away from the college this summer attending school at various colleges and universities throughout the country.

Miss Ethel C. Wilson is pursuing her graduate work in home economics at Ames College in Iowa; Prof. Fielding Russell, of the English department, is at the University of North Carolina; Miss Elizabeth Donovan, critic teacher, is at Columbia University. Prof. Robert D. Bowen, assistant professor of English, will complete his work for the masters degree at Columbia University this summer.

Miss Caro Lane, director of physical education, and Prof. Dows, of the training school, will leave the first of July to do graduate work at Columbia University.

Prof. J. E. Carruth, of the education department, has just completed his work for the Ph. D. at Pennsylvania State College. Miss Malvina Trussell has returned to the campus after spending a year at Cornell University. Miss Trussell is in the biology department.

**618 ENROLLED FOR SUMMER SESSION**

With 618 students enrolled in the various classes, this year's enrollment of college students is the largest in the history of the college for the summer school.

Last summer 567 were in attendance. In 1936, the enrollment reached 644 with 47 of these students doing high school work. This year the college offers no courses in high school subjects.

The majority of the students are being accommodated in the college dormitories. However, many are living in Statesboro and in Andersonville.

**STUDENTS FETED**

Dr. and Mrs. Wells and little Anne will occupy the governor's mansion in Milledgeville. Guy Wells Jr., who is now on a tour of the United States, will attend school here this fall as a member of the freshman class.

The chancellor spent a part of the day on the campus inspecting the plant and was here in time to greet Dr. M. S. Pittman, who takes up his duties as president of the college July 1.

Dr. Scott spoke of the kindly spirit of G. S. C. W. and added that the responsibility was probably the greatest in the University System.

**PIRATES LAND T. C. TREASURE SHIP**

The College Pirates landed their treasure ship on the stage Friday morning in chapel, and presented from their chest the results of a most successful adventure. Unlike the sea pirates of long ago, who fought for silver and gold, these College Pirates were seeking for the spirits of the world's greatest personalities.

These people who are rendering to the world most conspicuous service were effectively represented:

John Dewey.
Jane Addams.
Guy W Ces.
Marvin Pittman.
Stalin.
Randall McDonald.
Nicholas M. Butler.
Mahatma Gandhi.
Albert Einstein.
Franklin D. Roosevelt.

The idea was very strikingly suggestive to all T. C. students as they indeed, pirates seeking to find for themselves greater personalities.

This program was the first to be given by the play groups of Physical Education 100. Each Friday hereafter one of the three remaining groups will in turn have charge of the chapel campus throughout the remainder of June getting acquainted with the students and his new position. Shortly afterward he will leave for a tour of the Middle West where he will spend at the University of Nebraska on June 28 and 29.

**618 ENROLLED FOR SUMMER SESSION**

With 618 students enrolled in the various classes, this year's enrollment of college students is the largest in the history of the college for the summer school.

Last summer 567 were in attendance. In 1936, the enrollment reached 644 with 47 of these students doing high school work. This year the college offers no courses in high school subjects.

The majority of the students are being accommodated in the college dormitories. However, many are living in Statesboro and in Andersonville.

Eighty-five counties of the Statesboro area are represented in this enrollment. There are seven out-of-the-state people coming from Florida, Tennessee and South Carolina. Balloch leads the counties with 95 students; Tattnall has 92; Appling, 89; Laurens and Emanuel 26 each; Screven 23.

Prominent Visitors

**SPEAK IN CHAPEL**

Chancellor Phillips Walters, of the University System, and Dean E. N. Scott, of G. S. C. W., were visitors to the college last Thursday. Dean Scott addressed the students at the regular chapel hour.

The chancellor spent a part of the day on the campus inspecting the plant and was here in time to greet Dr. M. S. Pittman, who takes up his duties as president of the college July 1.

Dr. Scott spoke of the kindly spirit of G. S. C. W. and added that the responsibility was probably the greatest in the University System.

**VARSITY TO MEET NEW FOES IN 1934**

1934-35 FOOTBALL SCHEDULE PROMISES TO BE A HEAVY ONE FOR THE BLUE TIDE.

Of interest to the summer session students is the announcement of the Athletic Association of the college that the 1934 football schedule will be the most difficult and outstanding ever scheduled by the South Georgia Teachers College. Five of the teams scheduled are members of important southern conferences, two of them in the S. I. A. A. Those teams scheduled are likewise strong contenders in the football world.

The college for the first time this fall will play Alabama University of Villa Rica, Tennessee University of the Appalachian, and the Louisiana Teachers at Statesboro. Five of the teams scheduled are members of important southern conferences, two of them in the S. I. A. A. Those teams scheduled are likewise strong contenders in the football world.

**PITTMAN ATTENDS NEBRASKA MEET**

Dr. Marvin S. Pittman will leave the last of this week for Lincoln, Nebraska, where he will attend a two-day conference of city and county school superintendents.

Dr. Pittman is scheduled to speak three times on June 29 and 30. The conference is called to discuss plans for the places of the school sciences in the present day curriculum. Dr. Pittman will return to the campus July 1. His family will remain in Statesboro while he is away.

For the present Dr. and Mrs. Pittman and their two children are living at a hotel in Statesboro. They plan to live in Statesboro and will move into a home at an early date.

Upon his return July 1 he will teach an 8:30 o'clock class in rural sociology.
TO BE PROMOTED—NOT READ

There is nothing so necessary for the success of a summer school session and for the happiness and pleasure of the student body as the observance of a set of rules commonly termed "campus etiquette." It would be impossible to live happily in Utopia if a person failed to remember that other people have rights that must be considered. That is why we need a code of conduct everywhere.

On a campus as democratic as ours everybody should speak to everybody else. If you are going to do it like you hate it, there is no need to do it to anybody, because you won't make them feel any better and you won't yourself. If you can't manage a cherry good manner just try a grin—it will work just as well!

There is a time and a place for speaking though very imprudent when you stop at one of the tables in the library and begin a long conversation with your suite mate or somebody in your history class. It can wait until another time. It would be wise if you didn't scatter your books all over the table in everybody's way; you could save the librarian a lot of work and the students a lot of worry if you would replace the books you take from the library. It would be impossible to live happily in Utopia if a person failed to remember that other people have rights that must be considered.

This school has a complete course of study for teachers' summer work. It is not unwise to publish them as programs make creditable showings, the majority of them have as much flavor as a mint julep minus the mint; or are suitable only for audiences equipped with Pullman berths. The general opinion of the student body seems to be that one who would like to see fewer and better chapel program.

As long as we have bulletin boards as large as life, and few of the institutions of higher learning conduct chapel more than three times weekly, it seems to be one that would like to see the announcements with a stuffy flavor as a mint julep minus the mint; or are suitable only for audiences equipped with Pullman berths. The general opinion of the student body seems to be that one who would like to see fewer and better chapel program.

Faithfully yours,

P. S. Don't forget to write to me an I will write you again soon.

Faithfully yours,

P. S. Don't forget to write to me and I will write you again soon.
ALL-STARS WIN FROM PROFESSORS

The All-Stars, a group picked at random from the pupils in the campus, defeated the faculty team Tuesday afternoon in a softball game. The score was 16-6. The All-Stars grabbed an early lead and were never headed. They played "heads-up" ball most of the time although at times they seemed as though they did not know what it was all about.

Pitcher Ed Runk was master of the faculty at all times, except in the eighth inning when the Professors scored most of their runs. He was really putting "something on the ball," and had the Teachers swinging wildly, or "pooping-up." All the boys were hitting hard as the sixth runs attest. They truly lived up to their name of "All-Stars." Now for some of the highlights of the game:

Dean Henderson came to bat five times. In those five times at bat, he either swung wildly, or had a strike called on him fifteen times, meaning that he struck out just five times out of five possible chances.

Mr. Wals, the star pitcher of the faculty's color guard, the All-Stars, allowing them about 30 hits. Incidentally the whole of the 16 runs cannot be charged to him. The poor fielding back of his pitching was also responsible.

Mr. Singleton, the catcher, worked his psychology on the students several times, proving that he is well placed in his present teaching position. Mr. Little tried desperately to stop the ball at third base. If the game had lasted three innings longer, he might have made it. But unfortunately, he did not have any more chance.

Coach Smith and Mr. Lancaster were chasing these hard-hit balls down to the gate back of right field, and then Coach shifted around to left field in time to chase another ball across the road and into the golf course, almost. Exercise is good for people who are--how shall we say it--amazing avoidudos; at least, ask Coach.

Mr. Hanner covered more ground than anyone on the field. He really played some good ball. Added to this was his ability to get the ball away from the players in the corner.

The total number of points up to date are: Walk-Aways, 16; Hornets, 15; Pirates, 14; Pirates, fourth place.

PLAY PERIOD IS COMPOSED OF

Edna Bennett, Dessie Hatton, Miss Duggar, Coach Smith.

members as directors:

Merry-Makers, fourth place. Pirates, fourth place. Hornets, third place; Pirates, third place; Pirates, fourth place. Hornet's second place; Hornets, third place; Pirates, fourth place.

The groups have the following playing places, names and number of pupils:

Hornets—Council, Mr. and Mrs. Johnson, Merle McCord, Hazel Dugger, Coach Smith.

Walk-Aways—Council, Byron Dyer, Edna Bennett, Dessie Hatton, Miss Sophia Johnson, Mr. Aaron.

Pirates—Council, Talmadge Roberts, Vera McElveen, Clyde Greenway, Mrs. B. V. R. Martin, Mr. Little, Mr. Hanner.

Hornets—Council, Miss Carmichael, Miss Maxie Alderman, Mr. Goodwin, Mr. Lancaster, Charles Fatheree.

The total number of points up to date are: Hornets, 15; Pirates, 14; Pirates, fourth place.

Kee Competition Showed By Groups

WALK-AWAYS IN LEAD—16 POINTS

PLAY PERIOD IS COMPOSED OF WALK-AWAYS, HORNETS, MERRY-MAKERS, PIRATES

One of the most interesting parts of the summer school is the group play period from 7 to 8 p.m. The students have shown much "pep" in this work and the following groups have been organized with fine council members as directors:

Merry-Makers—Council, Mr. and Mrs. Johnson, Merle McCord, Hazel Dugger, Coach Smith.

Walk-Aways—Council, Byron Dyer, Edna Bennett, Dessie Hatton, Miss Sophia Johnson, Mr. Aaron.

Pirates—Council, Talmadge Roberts, Vera McElveen, Clyde Greenway, Mrs. B. V. R. Martin, Mr. Little, Mr. Hanner.

Hornets—Council, Miss Carmichael, Miss Maxie Alderman, Mr. Goodwin, Mr. Lancaster, Charles Fatheree.

The total number of points up to date are: Walk-Aways, 16; Hornets, 15; Pirates, 14; Pirates, fourth place.

"Poet's Corner...

I got such a gold id my dose
I got such a gold id my dose
I got such a gold id my dose"

A butterfly lighted on my rose,
I got such a gold id my dose
I got such a gold id my dose

Well, I answer, "that's not a great task.
Just a minute—while I sneeze!"

THE LIFE LibreA'

To use a library efficiently one must become familiar with the arrangement. All books on one subject are kept together, and in most libraries the Dewey Decimal Classification System is used. This system divided the whole field of knowledge into ten main classes. A brief summary is as follows:

000-099—General works.
100-199—Philosophy.
200-299—Religion.
300-399—Sociology.
400-499—Language.
500-599—Natural Science.
600-699—Useful arts.
700-799—Fine arts.
800-899—Literature.
900-999—History.

With the exception of fiction and biography, books are arranged on the shelves in the order of their decimal numbers. For example, those marked 320 come before those marked 400. Note must be taken that the system is decimal, which means that the number 573.1 would come after the number 573.02.

In our library the fiction is not classified, but is arranged on the shelf alphabetically by author. Individual biography has the class number B and is arranged alphabetically by name of the person written about. Collective biography generally follows the B class and is given a 920 class number.

The library is open from 8:00 a.m. until 5:00 p.m. and from 8:00 p.m. until 10:00 p.m. There is a list of regulations on the library door.

The aim of the librarian and each assistant is to give the best possible service to all students. Each person should remember that only through cooperation can the best service be given to several hundred students.

List of Two Hundred Worth While Books for a High School

Adams, Blackthorn; Alcott, Little Men; Alcott, Under the Lilacs; Alden, Why the Pea An; Ashley, Modern European Civilization; Atherton, The Conqueror; Atkinson, Grayfrairs Bobby; Backman, Great Inventions and Their Inventors; Barrie, Little White Bird; Bennett, Short History of the United States; Baker, Shasta of the Wolves; Beadle, American Boy's Handbook of Camp Lore and Woodcraft; Beadle, Safety First for School and Home; Benne, Young People's History of the World War; Benne, Master Skylark; Blackmore, Lorna Doone; Del, Dutch Boy, Fifty Years After; Bolton, Lives of Girls Who Become Famous; Bolton, Lives of Poor Boys Who Became Famous; Rend, American Boy's Exploring Book; Boyd, Drums, Brooks, History of Georgia; Brooks, Boy Emigrants; Bynoe, American Commonwealth (abridged); Bynoe, Prenter John; Burgess, The Burgesses Flower Book for Children; Burnett, Sara Crew; Burnett, Secret Garden; Canfield, Understood Betsy; Carovati, Dan Quoile; Chisholm, The Golden Slairsean; Clement, Shen of the Sea; Church, Roman Life in the Days of Ciceron; Church, Harvard for Boys and Girls; Church, Stories of Charlemagne; Church, Story of the Bird; Church, Story of the Odyssey; Churchill, The Crisis; Clark, Etiquette Jr.; Clement, Adventures of Huckleberry Finn; Cleary, Tom Sawyer; Cole, First Aid for Boys; Comstock, Good Life; Cooper, James; Goodheart; Cooper, Last of the Mohicans; Cooper, Pathfinder; Cooper, Spy, Covington, The Rig- ger of the "Narraganset"; Craft, John Halfax; Dana, Two Years Before the Mast; Davis, Boys Own Book of Science; Darow, Masters of Science and Invention; Davis, Days in Old Athens; Davis, Girls' Book of Verse; Defoe, Robinson Crusoe; Dickens, Christmas; Carroll, Dickens; friend to Nickleby; Dickens, Tale of Two Cities; Dool, Hans Brinkler; Dorrance, Story of the Forest; Doshaday, Bird Neighbors; Dumas, The Three Musketeers; Elton, Eliza斯塔; Field, Storybook of Science; Farm, Girls Who Did; Field, History, Her First Friend's Year; Frisbee, Careers for Women; Field, Boys' Book of Science; Finley, Adventures in the United States; Finley, History of the United States; Finley, Boy Life of the U.S.; Franklin, Autobiography; Frazer, The Young Citizen's Own Book; Froissart, History of the Middle Ages; Froissart, Boy's Froissart; Froissart, Woman's Froissart; Froissart, Boy's Froissart (ed. by S. Langer).

Thackston's DRY CLEANERS

SINCE 1913
LIFTING THE LID

The campus gossip boiler was slow in getting started this year, but when the pressure did get high enough to lift the lid a representative was right there to pop it in and put the secrets in display for others to enjoy.

Most of the teachers on the campus are living first class. The others have children.

Kid Wiggins takes a fast one from Knock-out Wrinkle in a whirlwind finish as Henrietta Doster scores another one.

The little girl who is monopolizing Sid Stapleton's time had better be a little more careful. He is drifting, gone.

The Dean and little Gene are faring along very nicely also.

Charlie Munch felt safe in leaving Margaret Owens in care of his fraternity brothers. Those students who come in for summer school don't know a good thing when they see it. Even if they did they could not keep pace with Charlie.

And now "Goodnight, Little Girl of My Dreams," "When You Come to the End of a Perfect Day," "I'm a Fool, But I'm Not Wrong, All." \(Continued\)

All-Stars Win from Professors

(Continued from page 3)

his credit are the three or four hits he obtained.

Mr. Goodin did catch one fly ball in left field, which is not so bad for a faculty man. Normally anything is wrong with the faculty, but they were in too fast competition last week.

Rey Aaron was a very capable substitute, playing errorless ball his five innings in the game.

"Lord Byron" Dyer, was in center-field. He did not have a chance to recover himself with glory on the defensive, but he did hit very well on the offensive.

All in all, the Faculty and All-Stars the spectators had a very good time and seemed to like it. Another contest is being arranged. Be on hand for it. Especially if you missed the game.

It is rather fitting that the faculty and students should open the summer's sport affairs mutually. It shows a friendly attitude. Let's have more of it.

COME IN TO SEE US.

Training School Off To Good Start

The Training School, under the direction of Miss W. L. Dowen, provides excellent opportunities for those interested in doing observation this summer, especially in the work of the primary and elementary grades.

The enrollment, totaling sixty, is divided into three groups according to grades.

The work in the primary group is centered about an activity designated "circus life." The work of these three grades is integrated about this one activity. Miss Christine Frey of the Chatham county system is in charge of this department.

The upper and lower groups of the elementary grades is under the direction of Miss Marie Wood and Miss Corrine Gerdine, respectively, both of whom are regular term critics. Various activities in these groups are intended to give observers a very definite idea of a practical program that may be carried out in any school. The directors in the Training School feel a deep responsibility in trying to help in overcoming some of the problems which teachers every day encounter, and are certainly doing their best in this matter.

One of the most attractive features of the summer activities is the recreation hour during the college chapel period. At this time the youngsters enjoy very happy experiences in the college swimming pool. In the primary department a special demonstration will be given at an early date of the success to be had for those who care to find it very profitable to spend a few hours with these expert instructors.

Regular classes in observation meet in the different groups every day at 3:00 p.m. There are twenty-five students in each of the three classes. The Training School is also open all other hours of the school day for the benefit of those who care to do observation without credit. Arrangements to this effect may be made with Mr. Dowen. Teachers will find it very profitable to spend a few hours with these expert instructors.

There is an display in room 10 of the Training School building an assortment of materials from which those interested may find excellent help for all departments of the curriculum. This room is open from 8 to 4 o'clock every afternoon, except Saturday, and is in charge of Miss Dottie Holton. Interested teachers are cordially invited to examine this material.

Every-Day Art Club Organized by Students

Under the direction of Miss Josie Hardeman the A section art club was organized last week. The following class officers were appointed:

Miss Alberta Scarboro, president; Miss Ruth Rowland, vice-president; Miss Mildred English, secretary, and Miss Callie Dobrey, treasurer.

The club was given the name "Every-day Art Club." Its purpose for the remainder of the summer session is to work out a project which will cover phases of home, farm, commercial activities and things pertaining to nature.
