PROFS BATTLE UNIVERSITY OF TAMPA HERE OCTOBER 12TH

MANY TO ATTEND CONTEST FRIDAY

TEACHERS FACE FLORIDIANS IN FIRST HOME GAME AT ALL BUSINESS HOUSES TO CLOSE.

The event of the first football game of the season promises not only to be a big day for T. C. students, but also for people of Statesboro and for lovers of the game from the entire section. The business houses have planned to declare a half holiday so that the entire town can turn out.

Plans are being made to have a real college program of cheers and school music during the game and at the half. The tradition make dance at the half is to be given by the cheering section and all freshman being required to be there.

Attendance at the football games has been gradually increasing for the past few weeks. Total admission of the-state competition for this first game, even a lesser interest is being shown this season. The Tampa venture boost a strong eleven and the Teachers will be hard played to win. This strong competition, the interest in the opening encounter and the spirited backing of the student body together with Statesboro's prospective turn-out will be incentives for the Teachers to drive hard all week in preparation. Everybody wants a victory. The game begins at 3:30 on the athletic field.

Officers Elected By The Various Classes

The Sophomore, Junior and Senior classes of South Georgia Teachers College elected their officers for 1934-35 during the chapel period last Thursday. The Senior elected Helen Olliff president; Charles Munch, vice-president; Louise Quantock, secretary; Mary Margaret Blitch, treasurer, and Leonard Kent, Shelley Monroe and Jewel Green as student council representatives.

Results of the Junior class election are as follows: President, Bob Shell; vice-president, Kathryn Yeomans; secretary, Edna Bennett; treasurer, Bob Pound, student council representative.

Results of the Junior class election are as follows: President, Bob Shell; vice-president, Kathryn Yeomans; secretary, Edna Bennett; treasurer, Bob Pound, student council representative.

Wayne McKeedy was chosen by the Sophomores as president, Lillian Simmons, vice-president; Bob Found, secretary and treasurer, and Sara Remington, student council representative.

Officers for the Freshman class are to be selected at a later date.

SENATOR GEORGE SPEAKS ON NRA

Walter E. George, the senior senator for the last eight years from Georgia, spoke to the student body and faculty at the chapel period last Wednesday. The topic of his talk, which he read from manuscript was "What Has Happened and What Is Going to Happen in the New Deal."

He gave to the assembly a clear and concise form, an explanation of the nation's problems and policies stating that the New Deal marked the end of the old economic order, but not the end of democracy. He further assured the students and faculty that the ideals and traditions of liberal education were not being threatened and were not in danger of destruction.

Along with Senator George were several other outstanding men of Georgia, Howell Cone, of Savannah, who introduced the speaker; Senator Jones, of Waynesboro; Senator Barter of the Savannah Morning News, Lewis, of Savannah; and H. V. Jenkins, and J. C. Miller, of the Savannah Morning News.

Changes Improve College Facilities

The improvements on our campus have made a wonderful change in the appearance as well as the comfort of T. C. Since the new term began, many changes are noted about the buildings and grounds.

West Hall has been completely done over on the first and second floors. Rooms have been repainted and the result is a clean as well as comfortable place in which to live. A new radio has also been installed in the West Hall to make it all the more home like.

The library, on the second floor of the Administration Building, is being enlarged to twice its size to take care of the increase in enrollment. The grounds and shrubbery are being cared for by students working with the FERA.

With the New Stadium constructed and with a few other minor improvements the South Georgia Teachers College can soon take her place among the most renowned institutions of learning in Georgia.

LEISURE ARTS PROGRAM BEGUN

How many of us use or know how to use our leisure time to best advantage? Dr. Pittman started in summer school the experiment of helping everyone learn how to enjoy his leisure. The program or experiment is being continued, and all who wish to learn how to dance, speak a foreign language, play in the band, do study, should join the group. By the end of the year each student should know how to do six things that he doesn't know now.

Four days a week are to be given to these activities. Each student has the privilege of joining the group he is most interested in. At the end of six weeks he may change to another group. Those who were elected and to whom the assignments and your criticism are:

Committees Elected

In response to this suggestion meetings were held last Monday evening, October 1st, for this purpose. In electing those people responsible, you have placed an extremely important responsibility upon them; one that is unprecedented in this institution. It is designated as a part of the New Deal for the students of this college.

Those who were elected to whom you are invited to go with your suggestions and your criticisms are:

Drake Hall, Miss Marjorie Tove; West Hall, Miss Arvina Davis; The Brown Cottage, Miss Eltice Daughtry; The Sterling Cottage, Miss Mary Holt; The Olliff Home, Harry Zelman; The Gym, Sidney Stappleton.
TO THE FRESHMEN

When a Freshman enters college he is confronted with the problem of making his own decisions and managing his own affairs. His life is his own to mold in his own way.

The upperclassmen and the faculty are more than ready to aid in any manner. Make friends among the faculty and among the other students. College friendships are lasting. The other Freshmen are more than ready to be friends with you.

Keep an eye on the future, plan carefully, but keep an eye on the present as well. Live each day as a separate unit, filling each minute to the best of your ability.

Support the college at all times. Obey its rules and abide by its decisions.

Develop and keep alive a school spirit. School spirit is not only the outward expression of loyalty, but the support of all teams and all organizations. Be on hand at all games, but also support the college by obeying its rules.

Be conservative in time. Make each minute count. Spend as little money as possible for unnecessary things. Be considerate of your fellow students in dormitory and class life. Strive to build up the college spirit of co-operation and a respect for the property rights of the college and others.

SCHOOL SPIRIT

The students of S. G. T. C. fail to realize the invaluable force of school spirit. Those of us who are here last year know that at all times when we needed enthusiasm the most our campus resembled a graveyard after dark.

We can’t help but feel loyalty and love of our school deep down in our hearts but there are times when we need outward expressions of such emotions.

Each of us should have a feeling of possessiveness. This is my school. I constitute as great a part of it as the fellow beside me.

Are we forgetting that our school days are numbered? Shall we look back over these years and think blankness, or shall we thrill to the memories of college yells and songs or of banners flying?

We can’t help but feel loyalty and love of our school deep down in our hearts but there are times when we need outward expressions of such emotions.

Each of us should have a feeling of possessiveness. This is my school. I constitute as great a part of it as the fellow beside me.

Are we forgetting that our school days are numbered? Shall we look back over these years and think blankness, or shall we thrill to the memories of college yells and songs or of banners flying?

Some of this morbidness and devil-may-care attitude is nothing short of laziness. Let’s get up and shake off this indifference and show our new students how proud we are to be here.

On October 12th comes our chance to display our school spirit at the University of Tampa game. Cheerers alone will not win the game; but the knowledge and inspiration of the fact that the student body is solidly behind the team will mark up touchdowns after touchdown.

NEW DEAL IN STUDENT GOVERNMENT

With a change in presidents a change in the government usually follows. Thus it is with S. G. T. C. A golden opportunity is presenting itself to our students, and we hope they will be able to handle the situation wisely and competently.

For years we have criticized the student government. Now it is for us to revise those rules and create new ones to meet our needs. It is the solemn duty of every member of the student committees to give their utmost to their duties.

Students, if you object to a certain rule, speak out. Tell those in charge how you feel about it. Let’s have a real government of the students, by the students and for the students.

CAMPUS COURTESY

There should be a place in every school for courtesy and surely we have that place in our school. It takes so little effort on our part to say “Thank you,” and “Please, pardon me,” or to stand aside while someone in a hurry passes, or for men to let ladies pass first. Yet, these are the things our friends are judging us by.

Upperclassmen, since we have so many new people on our campus, it is our duty more than ever before to be courteous and thoughtful to those about us. Freshmen and new people, an unthinking, uncourteous form, let it be the best. Soon we will have visiting teams on our campus. The courtesy we show them will go far in upholding our reputation and in making them eager to return. We owe it not only to ourselves but to our parents, our home town and to our school.

Don’t you want to register for a course in courtesy today and stick to it throughout the year?

Yours truly,

DEAR EDITOR-

There are two complaints that we feel are well worth the attention of everyone.

All the rooms in our dormitories do not have water. Of course, having water in your rooms is a decided advantage. It requires much less time and effort to get those morning cups of coffee, and wash your brush and tooth. There are freshmen and sophomores who have their own room and they can take the water, but the rest of us are still going up and down the hall looking for one that is not being used. But contrary to the former practice you are charged the same room rate as those who do have it.

And won’t you agree that every body should know how to swim? You have only to recall the tragic death of one of our students to know how important the ability to swim really is. Now there are those who are not being radical in saying that the ability to swim should be in the requirements for a degree. When Charles McElmurry asked one for some shaving cream, he was urged to take the whole set.

Of course, then there were those girls who signed out to go to vespers, but in spite of all their pleas, they outnumber the upperclassmen at least two to one, and I am well content to leave them alone.

Yours truly,
The Blue Tide lost their first game of the season Friday night, September 28th, to Alabama State Teachers College at Troy, Ala. The margin of victory was one touchdown and an extra point, the score being 19-12.

"Farmer" Fulford scored all twelve of the Teacher's points, scoring one touchdown in the first quarter and again in the fourth period. "Buch" Owens was the key man of the Alabama attack. The 'Bama back scored eighteen of his team's nineteen markers.

The Profs drew first blood when Fulford crashed through the center of the line to score from the fifty-yard line. The Teachers failed to connect for the extra point.

In the second quarter, Owens scored for Alabama after a series of line plays had carried the ball deep in T.C. territory. Cook kicked the extra point, making the score at the half: Alabama Teachers 7 and T.C. 6.

Another series of power plays in the third period ended in another score for Alabama, Owens again making the tally. Score: Alabama Teachers 13 and T.C. 6.

The fourth quarter saw Fulford receive the ball on a lateral pass and score his second marker of the game. Again T.C. failed on the try for extra point. On the kick-off Owens recovered the ball and picked his way through the entire T.C. outfit, running ninety yards to score. Here the game ended. Score, 19-12.

Making good might give a fellow satisfaction if folks didn't expect him to keep it up.

Changes in T.C. Line Up Shown

The teams as they are lined up this week are: First squad, Davis and Middlebrooks, ends; Griffin and Clift, tackles; Cherry and Quattlebaum, guards; Riggers, center; Bell, quarterback; Anderson and Lambright, halves, and Fulford, fullback.

Second squad, Saunders and Munch, ends; Clark and Arnold, tackles; Smith and Fender, guards; Oliver, center; Woodward, quarterback; Mc-Kee and Hines, halves, and Abelson, fullback.

The schedule for the remainder of the season is as follows:

October 12—University of Tampa, at Statesboro.

October 19—Stetson University, at DeLand, Fla.

October 26—Appalachian Teachers, at Statesboro.

November 2—Middle Georgia College, at Statesboro.

November 9—South Georgia State College, at Douglas.

November 16—Georgia Military College, at Milledgeville.

November 23—Newberry (Homecoming), at Statesboro.

This nine-game schedule is one of the most difficult yet attempted by the Teachers.

Four new opponents join the toughest of last season's opposition to give an unknown quality to several games. The Teachers are stepping out and up. Let's follow them by giving our best support.

Another paradox is that the closer you are the harder it is to touch him.
No year has given greater promise of a more thorough and successful physical education program than the one that lies before us now. With zeal and enthusiasm the students of this college are looking forward to their participation in one or more of the intra-mural tournaments outlined for the year. Every student is not only requested but urged to take part in one or more of these tournaments, for in them students are given an opportunity of developing a sense of fair competition not otherwise offered by the college. It is interesting to note that in the track meets of last year were so popular that many students came back this year with plans for organizing a winning team in their respective sport.

Coach B. L. Smith points out, however, that several changes have been made in the program for this year. Good wholesome play he believes is absolutely necessary to health, but here, in an institution where aims and purposes it is in the main leaders and teachers, something is going to be offered the students of the upper classes other than the opportunity of healthful exercise.

Regarding the new program Coach Smith said, "Students come here for the most part to receive training as teachers and community leaders, therefore something besides mere chance to play intramurally should and is going to be offered them. For the freshmen we are going to pursue the same course of study that was started last year, but for the upperclassmen, we are going to offer them something in the nature of the 150 yard dash that will aid them in correcting weaknesses both in themselves and others. Health and its safeguarding will be our main goal for the year."

For the girls in this college there is possibly even greater opportunities given for assisting first-hand knowledge of directing pupil and school playgrounds.

The public welfare committee of the Statesboro Woman's Club has, with the co-operation of Miss Carla Lampkin, had the students of this institution set up a typical playground that is situated east of the campus. This playground is under the supervision of Miss Lampkin and it is to serve as a "laboratory" for the students of the entire college for obtaining experience with its supervision. Every sophomore girl is required to spend part of her time on the playground. Already interest is being shown in other localities and requests have come from Brooklet and Sylvania for aid in setting up a similar playground.

The general physical program for the girls will be carried on in much the same manner as last year. This institution is fairly gaining momentum in its physical education department and before many years it will be setting a precedent to be followed by every institution in the south.

PROJECTED air conditioning of deep gold mines in South Africa is expected to increase production by making it possible for miners to work at greater depths.

Y. W. C. A.

The Y. W. C. A. is introducing this year a plan for the upperclassmen to be big sisters to the freshmen. Each older girl will be assigned several freshmen to help. The Y. W. C. A. has its regular installation service at vespers Sunday night.

FRENCH CLUB

The French Club met Tuesday night and selected officers for the coming term as follows: President, George Carter; vice-president, Kar- dene Tidwell; secretary, Nancy Young; treasurer, Lottie Giddens; and membership chairman, Lottie Rootte.

EPICURIANS

The Epicureans entertained Tuesday night in honor of their members, Barbara Gray, Elivine Minney and Laura Hickey. It was decided to observe October 11th as Epicurean Sunday day. Officers for the year are: President, Sarah Brinson; vice-president, Mary Davis; secretary and treasurer, Margaret Owens; chaplain, Eloise Graham.

TRI-STATE CLUB

The Tri-State Club, made up of students living at the Oliff home, was organized last Monday evening. Students from three states were present. Harry Zalman who was named president and Herbert Pitchford was elected secretary.

WIN OVER T. C.

The Blue Tide journeyed to Mt. Vernon Friday and played Brewton-Parker Institute, coming out on the short end of the score of 5-0. The first quarter was played near the middle of the field, neither team being able to make substantial advances. In the second quarter a pass from "Sub" Hines to Middlebrooks carried the ball to the ten-yard line. The Frogs failed to show a scoring punch and lost the ball on downs. Near the beginning of the third period B. P. I. pulled to T. C.'s ten-yard marker. The Teachers fumbled on the first play. The Barons recovered and after four plays scored the only touchdown of the game. They failed to convert for the extra point. The ball remained in possession of the Teachers until almost the half time. They flooded the air with passes, but were unable to complete any for a score. The award for the outstanding player in the game went to the Teachers' halfback, Rountree.

L. T. C.'s

The L. T. C.'s met Wednesday night for a short business meeting to discuss plans for the coming year. It was decided that the club would meet once a month for a business session and once for a social. New bids will be extended this week.

DEX DOMINA

The Dux Domina has reorganized this year with these officers: President, Louise Quaintock; vice-president, Marion Phillips; secretary, Eloise Beddingfield; treasurer, Lottie Bound; chaplain, Eugenia Marshall. New bids were given to Mary Palmer Wellborn, Fay Foy, Melba Palmer and Mildred Zooper.

TRAINING SCHOOL

The enrollment in the Training School has gone beyond one hundred. There are two more children enrolled at this time than at the same time last year. The ninth grade has been added, making it possible for a complete junior high school unit.

Miss Neil Bracey is the new critic teacher for first and second grades. Mrs. Bracey was critic teacher at G. C. C. W., Valdosta, for three years. Mrs. Marion Grower is supervisor of fifth and sixth grades. She has had a very wide experience in the public schools of Georgia having taught in many types of schools, from the one-teacher rural school to the large city system.

The student teachers this year have been selected with greater care than ever before. More and more the department of teacher training must be strengthened in order to be able to meet the problems in the preparation of teachers for the public schools. The teacher training program of Georgia has only scratched the surface in its efforts to prepare teachers. Two years of college work are needed in the Training School. Very inadequate requirements. The educational progress of this state will make little advancement until there are higher standards set for scholarship and professional training of elementary teachers. It is quite a delight to the supervising teachers of the Training School that three of the seniors of this year's class are preparing to be primary teachers. May the time speedily come when the majority of our student teachers will be seniors, or rather they will be students who are
