"Y" CABINET AT TECH CONFERENCE

STUDENTS AND ADVISORS DISCUSS PROBLEMS ON DIFFERENT CAMPUSES.

Activities of the Teachers College Y. M. C. A. created much interest at the state cabinet meeting in Atlanta Sunday, October 28th. The cabinet, composed of "Y" presidents of various schools, met at the Tech "Y" and heard annual reports from its members.

The T. C. report, in addition to stating the year's proposed program, included explanation of the "Y" mass meetings, the new reading room and magazines and newspaper subscriptions.

Representatives from larger state schools expressed keen interest in the leisure arts program in effect here. This, of course, was not assumed a "Y" project, but was mentioned. Some representatives reported a monotonous and compulsory attendance program, and it was pointed out that fewer chapel assemblies might tend to larger attendance at religious meetings. It was further pointed out that the larger institutions, where it is an easier matter to get into a rut and remain there, the leisure arts program might serve to a great benefit. Reports of this program were carried back to the various schools.

The T. C. delegation, composed of J. D. Purvis, Alton Ellis, Bill Stewart and Delmas Wheeler, was accompanied by R. L. Winburn, "Y" advisor for the past four years. Purvis served as secretary of the meeting, a place to which he was elected last March in Macon.

The cabinet assembled in the Georgia Tech "Y" at 10:30 o'clock Sunday morning. After a two-hour session the meeting adjourned for dinner, which was served in the president's dining hall at Tech. Dr. Brittain, head of the Tech institution, gave the group an official welcome from the school.

TO THE FACULTY

Here's an opportunity for the pauperized members of the faculty!

Fully realizing the deplorable state of your finances and desiring very much that you pay for your subscription to the George-Anne, we have made arrangements by which you may get your copy of the paper each issue.

Because of the scarcity of money we will accept a keg of syrup, a bushel of potatoes, or even a chicken or two in payment for George-Anne subscriptions.

Bring your home-grown products to the George-Anne office at the earliest date.

Reflector Subscription Contest Closes Today

FACULTY ATTENDS LYONS MEETING

DR. PITTMAN, MISS LANE, MISS DONOVAN AND MR. DOWNS APPEARED ON PROGRAM.

President Marvin S. Pittman, Dean Z. S. Henderson, Miss Caro Lane of the physical education department, Miss Jane Franceth and Miss Elizabeth Donovan of the Training School, A. A. Singley of the education department, and Walter Downs of the Training School, attended the meeting of the First district regional convention of the Georgia Education Association held in Lyons Sunday and Monday, October 28th and 29th.

Dr. Pittman was the principal speaker for the Sunday night session, speaking on "Our Changing Civilization." At the sessions on Monday Miss Caro Lane spoke to the elementary teachers on "The New Deal in Health." Mr. Downs led a group discussion of elementary school principals along the line of "The Importance of Teacher Training." Miss Donovan talked to the primary teachers concerning the "Principles of Teaching Reading."

The meetings of the association were held in the Lyons Methodist church and the high school auditorium. Approximately six hundred teachers from this section attended.

PRESIDENT WELLS VISITS ON CAMPUS

Dr. Guy H. Wells, president of the Georgia State College for Women and the former president of South Georgia Teachers College, was on the campus for a brief visit Sunday, October 28th.

Dr. Wells attended vespers and made a short talk on "Truth," which was the theme of the program. "Every man," he said, "should seek the truth, live the truth and help others to live it."

He commended the attendance at the vesper service and spoke very favorably of improvements in the administration.

STUDENTS THANKED

The school, and particularly Mrs. Landrum and Miss Bolton, wish to thank those students who participated in the serving of the motorcade Thursday for their fine co-operation and efficient service.

Five hundred and sixteen cars were in the 'cade and practically everybody was served while on the campus.

WELLS WILL FETE TEACHERS TEAM

Immediately following the T. C.-G. M. C. clash in Milledgeville Friday, November 17th, Dr. and Mrs. Guy H. Wells, of the Georgia State College for Women and formerly of South Georgia Teachers College, will entertain the Blue Tide squad, Coach Smith, the cheer leaders and all former T. C. students attending G. S. C. W. with an informal reception and dance.

The old governor's mansion, occupied by eight of Georgia's chief executives, will be the scene of the reception. Dancing will be enjoyed in the historic old ballroom.

Dr. and Mrs. Wells have followed with interest every game played by the Teachers this season.

BLUE TIDE FETED

Statesboro's business men were hosts to the Teachers' football team at a dinner Saturday evening at one of the downtown hotels. After dinner the players were further entertained at a theatre party.

This is the second fine gesture accorded the Blue Tide by the business men. Earlier in the season they declared a half holiday to open the home schedule.

These gestures mark an increasing interest in T. C. affairs, it seems, and each season brings new courtesies from the townspeople.

STEWART IS MADE JUNIOR PRESIDENT

Bill Stewart, from Dixie Ga., was elected president of the Junior Class for this year at a special election held by that group Tuesday.

Bob Shell, who defeated Stewart in a previous poll, was later elected to the vice-presidency of the Student Council, thus creating a vacancy at the head of his class.

George Donaldson, Claxton junior, was also nominated for president at the meeting, and was barely defeated by Stewart. Hobson Dubose, of Blakeley, was made class treasurer at the same election.

RUSSELL PLAY GIVEN

Fielding D. Russell, English teacher, gained recognition here Friday as a playwright when a one act play that he wrote while in school was presented in chapel. The play, acted by Robert Winn and Annie Laurie Boswell, dealt with the situation in a mountain home. The students responded favorably to the presentation.

SUCCESS OF DRIVE SEEMS ASSURED

STUDENTS EXPECTED TO CO-OPERATE ONE HUNDRED PER CENT ON ANNUAL.

With unusual success the Reflector staff will bring to a close its contest among the classes today for the entertainment. It is felt confident that the heated drive for the collection of one dollar from each student will have brought every class up to the one hundred per cent mark within another week.

This money is a solicited sum from the student body; money that is being given in order that the Reflector may be made into an annual instead of merely a year book.

For this year the Reflector is obtaining six hundred dollars from the student activity fund. The Senior Class, who has charge of the publication, is anticipating advertising to bring in approximately five hundred dollars. In addition to this the five hundred dollars to be obtained from the students will be added. In the end they hope to have approximately fifteen hundred dollars with which to publish the book.

It will be noted that for the last two years South Georgia Teachers College has had no annual. In 1932-33 a year book was published due to lack of funds to support the publishing of an annual. Last year the funds allocated for this purpose were given to other activities and hence no book was published.

If the present plans are carried out the book will have room for individual pictures of all upperclassmen. And plans are also being made for individual pictures of the freshmen.

Aside from the space occupied by

(Continued on page 4)

ON TO G. M. C.

When the Blue Tide rolls up to drown G. M. C. on November 17th, let's make it a tidal wave (or could we say a flood) of students from South Georgia Teachers College. Buses will be chartered for all students who wish to attend the game. Our cheer leaders will be on hand and the old T. C. spirit will be very much in evidence. Let's have a T. C. section and let's fill it with a mass of cheering, yelling Teachers!

The team is at its best. All that is needed is a little backing. Let 'em have it! ON TO G. M. C.!

EDUCATION FOR TOMORROW

(Editor's Note: The following editorial written by D. J. E. Carruth, of the Education Department, is in keeping with the theme of National Education Week, November 5-11.)

The National Education Association gives four great trends in education during the past eight years. General reduction in expense, and heavy cut in costs per child, with reduction in staff have come at the same time as a heavy increase in enrollment. Inequalities have increased, and serious restriction of opportunities has resulted.

Along with these, one other trend is recognized. The responsibility on the school has increased. Youth has been forced out of industry and employment. It is the responsibility of society to care for them, and the school is its agent for this service. In thought of Secretary Ickes, "Every youth should have opportunity for the full measure of education which he can absorb. Expenditures in the efficient administration of schools to this end is to be regarded as 'the Great Investment' by society for its ongoing."

Weaknesses in the school have been revealed. These must be eliminated. Wasteful expenditures and poor budgeting is to be avoided through better trained and efficient administration. The school is working to rid itself of frills and fads which have existed without known value. Throughout the nation serious thought is being given to a critical study of the aims; to a restatement of the objectives, and to the choice and presentation of subject matter for the attainment of these objectives.

The extent of social change and the breaking away from the accepted standards of value have brought a strong challenge to the institutions for the socialization of the young generation. The concept of social efficiency as aim, lays upon the school the task of best development of each and every individual according to the needs and capacities of each. Physical efficiency is placed first, and defects and weaknesses are matters of equal concern with efficiency in language or in the social and moral aspects of the life.

Improvement of outcomes in the lives of individual pupils is expected through the work of intelligent, conscientious professionally trained teachers, and the more adequate support of the school. But the full and complete work will be attained only through the active co-operation of the parents and other agencies affecting the life of the child. To prove worthy of this larger measure of confidence on the part of society and make the stimulation, and win this co-operation from the various forces that must work together, is the great challenge before the school.

CRITICISM

There is not a person on our campus who does not have some duty. It may be upholding the scholastic record, it may be labor, or co-operation with the administration in the things that it is trying to do.

Duty is carrying on, promptly, faithfully, and without being pessimistic, the tasks now before us. It is to fulfill the claims of today so the claims of tomorrow will be cleaner and easier.

Do we feel it our duty when we criticize unjustly and without reason the readjustments made in our school curriculum? After thinking of the change from all angles and from the standpoint of the good for the group, is there much left to criticize that is wrong in our present system where it is in our power to change it? Yet, we have some who criticize just for the sake of criticizing. "Be sure you are right and then go ahead."

Our "new system" of chapel is enjoyed by most everyone. We look forward to it. It is true also that this is only an experiment of our president, but we hope and believe that it will prove to be successful.

More criticism, most probably, has come from our change in dancing. Some of us have always danced "cheek" fashion. After having seen the beauty, grace and ease of "non-cheek" dancing, can we still want to do the things we know are not best? Since we have so many on our "sidelines" at the dances, we should want to dance in such a way that these persons would enjoy seeing us.

Before criticizing, consider the rights of others, the grace and beauty of yourself and the school.

Our student government is one of the finest things on our campus. We are proud of it, but are we going to sit idly by and criticize while some one else does the work? Remember, "All are needed by each one. Nothing is good or fair alone."

May we always offer suggestions and constructive criticisms, but only when we have the best interest in mind. Blame where it is due. Be candid when you speak and be each critic the "good natured man."

ATHLETIC CONDUCT

Whether or not it is pertinent for us to speak editorially of our football visitors is inconsequential when the subject is considered from a viewpoint of doing good. Our visitors from Cochran last week, despite the fact that they are our bitterest athletic foes, conducted themselves in a manner worthy of note. In the dining hall they were gentlemen; on the gridiron they were clean fighters, and in mixing with our students they were congenial enough. In other words, they did what many feared they would not—judging from past relations both here and in Cochran—they behaved themselves.

We have had players in our dining hall yelling and disturbing as only half-drunken men can yell and disturb. Not often, but it has happened. This is not our fault, of course, but it may become our fault that all visitors act gentlemanly—if we will all act that way ourselves. Anyway, the dining hall is no place to become boisterous in—it is a place for dignity.

The conduct of the Cochran boys, we repeat, was commendable. We like to feel that the Blue Tide is just as creditable on other campuses.

T. C. on Other Campuses

Dear Mary:

School simply isn't the same place now that so many of the old students have gone. Polly Mincey was here last week end and she says that she and Carolyn Mundy are having a swell time at Georgia, but they both miss T. C. Incidentally Carolyn has her car up there with her, so you can imagine what fun they have.

Cliff Hooten and Fleming Roach are also at Georgia, and they spent last week end on the campus. It seems that everyone is at Georgia. I'll try to give you the names of the boys and how they pled, but I can't promise you that it'll be right. Cliff Hooten, Kappa Alpha; Wink Wilkins, Phi Delta Theta; Otis Chivers, Chi Psi; Chauncey, Alph and Glenn Brinson, Delta Tau Delta; George Boswell, Sigma Nu.

Claire Hicks, Hazel Coleman and Elizabeth Fletcher are also at Georgia and are having gobs of fun.

Did you know that Corine Lanier was at Vanderbilt? I hear that she is a Tri Delt and also a member of the Glee Club. It is no more than I expected of Co, though.

Virginia Rountree is at LaGrange and from all reports, she likes it fine.

Jake Riggs is now a professor as are some of the other D. S. boys, including Melton Spears and James Sullivan.

John Burgeson is teaching and coaching in Nebraska and says that he is positive that he'll win the conference championship in basketball and baseball.

Mary Wolff is at Waresboro, and from what I've heard, she is planning to go to Columbia in the summer.

Evelyn Owens was over several weeks ago from Bath, S. C., where she is teaching.

Cliff Hale is teaching at Millen and we're looking forward to seeing him soon.

Alice Gray is at Alexander and spends most of her time going to Waynesboro or Augusta after school hours.

I've just about written out, so I'll stop now and write more some time.
Love,
JANE.

DEAR EDITOR—

So many students are disappointed in the band, we wondered if it wouldn't be a good idea to appeal to you to see if we couldn't get everybody waked up and going. We've all had high hopes for our band this year. With the new band director, we hoped to do wonders. But it seems like all the musicians have struck.

Not only are the students becoming disappointed, but we are hearing criticisms from the people in town. They seem to think the high school is getting ahead of us. We'd hate to think that the high school could have a better band than ours, as interested as Dr. Pittman is in music.

Students, can't we talk it up and see if we can have a band of which to be proud?

Enthusiastically yours,
A STUDENT.

SPORTS

TEACHIN'S

(By GEE DEE)

Random remarks on the high points of the Appalachian game: Hines breaks off-tackle, cuts back and races seventy yards to glory and the first touchdown.—Middlebrooks takes out the last man on the play.—The entire left side of the T. C. line

ANDERSON

breaks through and blocks Appalachian's kick in the end zone resulting in a safety.—Middlebrooks attempts to become adept at the art of punt-blocking. He is getting good at it, too; also at recovering fumbles.—"Deanie" Bell gets tired and sits in the A. S. T. fullback's face. Personal nomination for the best pass of day: The one on which Hines left his feet and made a seemingly impossible catch of Anderson's pass—it was a honey. For the best defensive play: The way the "Hill Billy" line held T. C. three times inside the 10-yard line. Figures: The Teachers completed 7 out of 16 forwards and 2 out of 2 laterals. Appalachians completed 6 out of 13 forwards and 1 out of 2 laterals. Appalachian kicked eight times for an average of 42 yards. T. C. punted nine times averaging 30 yards. Individual gains: Hines, 139 yards; Anderson, 63 yards; McKneely, 13 yards; Fulford, 10 yards.

The stars in this game were as hard to pick as in the Tampa game. Hines and Anderson stood out in the backfield. Lambright played a swell game at blocking back, scoring our touchdown on a beautiful pass from Bell. In the line the honors were more evenly divided. Riggs played his usual jam-up defensive game, while the play of Cherry, Quattlebaum and Middlebrooks deserves mention.

Just before the game Jim Wrinkle was rubbing Anderson's sore leg. Having reached the limit of his endurance, Cohen complained that the liniment made his leg smart. Coach, overhearing the remark, piped up with, "Good, try some on his head."

* * * * *

High points in the M. G. C. game: The return Hines made after snagging Watson's pass. It was easily the best run of the day, coming at a very opportune moment; the broken field run made by Carson, M. G. C. quarter-back, in returning Anderson's kick in the third quarter; the defensive play of the entire T. C. line and of Fulford, Anderson and Bell; this boy Bell made the hardest tackle of the game when he cracked Watson, Cochran half-back, on a play through the T. C. line; the hard luck of Middlebrooks in having that pass over the goal literally taken out of his hands, thus failing to win his own game against his former teammates.

Hines carried the ball twenty times, gaining a total of seventy-six yards. Fulford made fifteen tries, gaining fifty-nine yards. Anderson lugged the ball on nine attempts to chalk up forty-two yards.

The Teachers tried seven forward passes, completing only two. Three laterals were completed. Middle Georgia attempted eleven forwards, connecting on two.

Anderson's kicks averaged thirty-two yards against thirty-five for Carson, of M. G. C.

* * * * *

The Teachers continue the hardest schedule in their history Friday when they play South Georgia State College in Douglas. Coach and the team are especially anxious to win this game as an intense rivalry is being built between the two schools. Coach Mike Herndon played on the same team with Coach Smith at Mercer and was chosen for one of the guard positions on the all-Mercer team on which Coach was selected as end. The team will leave here either Thursday or Friday, as the trip to Douglas is a short one.

* * * * *

By winning all the remaining games on the schedule the Profs will finish with a high season average in conference competition—if they don't actually win the championship. Students can always help by giving the players a big send-off.

* * * * *

To the team: Let's break a record and win a game away from home.

To all Students: Let's give the boys a real send-off to help them win the Douglas game.

HE SCORES ON M. G. C.

HINES

FIGHTING PROFS BEAT COCHRAN

Aided by the best spirit ever shown at T. C., the Teachers triumphed over Middle Georgia College of Cochran Friday afternoon with the score 6-0. The only score of the game came as a climax to a punter's duel, Hines carrying the ball around his own left end to tally.

Teachers College missed an opportunity to score early in the game when Parks and Griffin blocked one of Carson's quick kicks on the M. G. C. five-yard marker. From this point until the closing minutes of play neither team threatened the other's goal.

Cochran made a desperate attempt score in the final quarter, filling the air with passes. Carson's placement attempt for a field goal was wide by inches. The Teachers lost the ball on down on their own twenty. Again the Middle Georgians began a passing attack. Hines intercepted one of Watson's passes and returned fifty-five yards, putting T. C. in position for her lone score. Line plays gave the Teachers a first down and after two more crashes into the line Hines went around his left end to stumble over the goal line.

For the South Georgians Hines, Fulford, Griffin and Riggs were outstanding. Starring for Cochran were Carson, Watson, Browning and Malone. In Carson the Teachers met one of the best broken-field runners they have faced this season, and in Watson one of the most accurate passers.

TEACHERS DOWN APPALACHIANS

In another upset game, the Teachers outplayed Appalachian State Teachers of Boone, N. C., winning by a score of 22-13. The "Profs" showed a clear advantage for three-quarters of the game, allowing the North Carolina team to score only in the second quarter.

The Teachers scored early in the first quarter when the left side of the line broke through and blocked an Appalachian punt in the end zone. The ball rolled out before it could be recovered, thereby scoring a safety. The second score also came in the first quarter on a beautifully executed off-tackle play with Hines carrying the ball.

Appalachian took charge of the game in the second quarter and scored two touchdowns and one extra point. Both of these scores came as a direct result of the most effective passing attack the Teachers have met this season. Score at half: S. G. T. C. 9 and A. S. T. C. 13.

The "Professors" came back strong in the third quarter and scored after being held three successive times inside the ten-yard line. Anderson took the ball over the right side of the line on the scoring play. Try for extra point was unsuccessful.

Teachers scored again in the final stanza on a short pass from Anderson to Lambright. Anderson place-kicked the extra point.

Credit for the best performances of the day go, in the backfield to Anderson and Hines, and in the line to Middlebrooks, Riggs and Cherry.

.. DIRT ..

(By THE DIGGERS)

We hear that our Student Council president has decided to fall in love and we wonder if it's the brunette from Atlanta that he's been trying to reform.—Have you noticed how ambitious Mattie Cain has become this year. Not being satisfied with Porgie, she acquired half-a-dozen D. S. men and very recently has deserted them in favor of an Iota Pi Mu pledge and a tall Freshman from Pulaski.—Wonder if the red-head from Savannah felt relieved when two former T. C. students left the campus Sunday after a brief visit?—And was Tuffy on the spot last week end. He should be thankful he had a Bainbridge pal on hand.—Did you know that we saw Ione all alone the other day: George where were you?—It seems that Rufus McDuffie and Alton Ellis will be cousins yet.—At the next masquerade, we wager there'll be more pirate costumes like Mildred wore. Boy, did she get a rush.—Eloise should have an aunt in the boy's dormitory if she expects to hold Billy's affections enough to rate the Bachelors' banquet.—By any chance could Hootsie have seen Newelle while he was on campus last week end?—Did you hear about Alton Ellis and Delmas Wheeler, posing as two girls' cousins, and trying to persuade a matron at G. S. C. W. to let them date behind the shrubbery?—What fruit does Bob Espy like best?—Social Science Department takes honors at Bachelors' banquet as Wood and Bolton get off to flying start.—Dubose seems to be doing right well by the high school girls up town.—Will Miss Ray lose weight trying to watch all the courting couples in our bigger library, or will she be given more custodians?—If Verna Lasseter bets one more time on Tech, she'll have to go home in a barrel.—The Training School was all "lit" up for the D. S. dance, maybe they used the Epicurean's recipe for punch.—Could Mary Jane Hodges have had anything to do with the selection of Freshmen cheer leaders?—Anderson, Bell, Riggs, etc., have started their squirrel hunting early, possibly they anticipate a full season.—Mincey seems to be doing right well in combatting the "Hinesville Menace" for big sister.—Sometimes people see red, but Charlie Olliff has been seeing "Gray."—Till next time, yours for bigger and better scoops.

Seibald Street Statesboro, Ga.

CLUBS

DUX DOMINA

The Dux Domina entertained with a waffle supper at Mrs. Scott's Monday, October 29th. The decorations were carried out in Hallowe'en colors. Those who attended were Lottie Rountree and Wilford Bowen, Martha Pippin and Holder Watson, Eugenia Marshall and Leonard Kent, Newelle DeLoach and Charles Wolff, Wynelle Ray and Jack Ryals, Katherine Donovan and Billy Gwyn, Melba Harvey and Aubrey Pafford, Mildred Zeigler and Billy Simmons, Eloise Beddingfield and Bobby McLeMore, Louise Quantock and Bill Stewart, and Mr. and Mrs. Fielding Russell, sponsors.

DELTA SIGMA

The Delta Sigma fraternity entertained with a dance last Saturday night in the Training School recreation hall in honor of their pledges. The room was decorated in Hallowe'en colors, and the school orchestra furnished music.

Dr. and Mrs. DeLoach chaperoned.

The guests of the fraternity included Mary Davis, Sara Brinson, Eloise Graham, Laura Hickey, Thelma Weeks, Barbara Gray, Eloise

Mincey, Polly Mincey, Penny Ann Mallard, Mildred Zeigler, Mary Palmer Wellborn, Mary Ruth Lanier, Kitty Brett, Carolyn Collins.

During the evening punch and crackers were served by Nancy Young and Mary Jane Hodges.

IOTA PI MU

Bids have been accepted to Iota Pi Mu by the following men: Charles Olliff, Bill Kennedy, Carl Collins, Barton Stevens, Josh Lanier, Hugh Hughes, Frank Hook, Delmas Wheeler and Charlie Joe Mathews.

Arrangements have been made for a dance to be given in the recreation hall of the Training School Saturday night, November 10th.

D. L. D.'s

The D. L. D.'s will complete the initiation of its new members with a formal program tonight. Those who accepted bids are: Evelyn Cherry, Cornelia Land, Mayo Cody, Anna Cody, Ione Gilliam, Ethel Mae Byrd, Virginia Edenfield and Maurine Hutchinson.

A picnic will be given November 9th at the Scout Camp in honor of the pledges.

SUCCESS OF DRIVE SEEMS ASSURED

(Continued from page 1)

all the classes there will be a page given for each club on the campus that desires it.

Sports, too, will receive a creditable division of the book. The entire book will comprise about one hundred and fifty pages.

Leonard Kent is editing the Reflector with Helen Olliff as business manager. R. F. Donaldson and Mrs. Britt Buttrill are faculty advisers. Miss Mary Small is in charge of the designing.

Every member of the Senior Class, it seems, has taken a responsibility to make this year's book a real credit, and underclassmen are doing likewise.

An entire class at Wellesley College, Mass., worked jig-saw puzzles so the psychologists could time them.—Watchtower.

We'll give you prompt developing and printing service but we won't sacrifice quality for speed. Try us on one roll—then see what beautiful pictures you get.

TRAINING SCHOOL

The first issue of the Little George-Anne for the new year 1934-35 was in the hands of the children of the Training School Friday, November 2nd. The paper is sponsored by Leonard Kent, who is doing supervised teaching in the ninth grade. The paper will be self-supporting. The children will place each issue on sale at a penny a copy. Those students who are interested in this type of extra-curricular activity might find it helpful to keep copies of this little paper for future reference.

Hallowe'en parties and programs have been quite popular among the grades of the Training School this week. The volunteer program at assembly Friday, November 2nd, was greatly enjoyed. On Wednesday before Thanksgiving a program will be presented by members of each grade. No child will be urged to participate. However, there will be an environment created that will produce many volunteer numbers. A cordial invitation is extended to college students to attend his program. It will be given a 9:30 Wednesday, November 29th.

Miss Marie Wood is organizing a guitar club among the high school pupils. Twice each week at college assembly period she will have a group taking lessons on the guitar. Mrs. Downs and Miss Wood are doing some special work with the children in choral singing. Two groups have been organized. At Christmas time these groups will render a special program of carols.

Mrs. Losseff is doing some excellent work in health. All the children have been given the first typhoid puncture and those under seven have had the diphtheria treatment. The health program for both children and student teachers will be made more meaningful because of the assistance of this very fine health nurse. The Training School is most fortunate in having her services.

Miss Jane Franseth spent last week on the campus. Her work in progressing nicely.

Miss Elizabeth Donovan has been giving achievement tests in the grades where student teachers have been working in Bulloch county. Saturday, November 3, all the student-teachers and teacher-students assembled at the Training School to study and interpret the result of these tests. Dr. Carruth and Mr. Singley have given some most valuable help in summarizing the results of these tests. The tests were given both for survey and diagnostic purposes. Miss Donovan and Miss Franseth are to be congratulated upon the fine work they are doing.

Dr. Pittman made his first visit to the Training School Friday, November 2nd, while the children were engaged in classroom activities. He went into all the rooms making himself known to the children in a most friendly way. The Training School group appreciated the visit and hope he will come more often.

If the Republicans are looking for candidates for president and vice-president in 1936 how about the Dean brothers, with Frankie Frisch as manager of the campaign?
