Students Will Attend
Athens Press Institute

Dr. J. R. Harlow, Smith College instructor, was the first out-of-state
speaker to address the student body in the interest of the Y. M. C. A.,
this year when he appeared in chapel
Wednesday, January 26.

Dr. Harlow’s address was centered around a world peace movement.
The speaker gave a forceful and graphic picture of conditions made prevalent
by war. This message, brought by a person with much worldly experience,
was enthusiastically received by stu-
dents and faculty members as having
a potential and far-reaching effect.
E. L. Secret, secretary to the Uni-
versity of Georgia Y. M. C. A., was
directly responsible for Dr. Harlow
’s visit. For the past week Religious
Emphasis Week, which has been observed
at the University with Dr. Harlow in charge.

After completing his lec-
tures there Dr. Harlow was carried
by Secret to other parts of the state.

The George-Anne and South Georgia
Teachers College will be repre-
ented at the annual convention of
the Georgia Press Institute and the
Georgia College Press Association
meeting at the Henry W. Grady
School of Journalism in Athens on
February 20, 21 and 22.

Professor John B. Drewry, head of the Journalism School of the Uni-
versity, will be in charge.

Dorothy Dix, distinguished writer
and renowned newspaper woman, and
Miss Dix, who is Mrs. Elizabeth Gilmer in real
life, will deliver her address at a recep-
tion and dinner given in her honor
by the University of Georgia.

Prominent journalists throughout
the United States have been invited
to attend. A high light of the insti-
tute will be the special address by
Dr. Harlow, the speaker, to the audience.

At an evening reception, Miss Dix
will represent an opportunity for
contact those people who have made
a name for themselves in journalism.

CHEMISTRY CLASS

The Southern Cotton Oil Company
made their annual visit to a new
schedule for the New York World-Tele-
gram. A 1000-acre farm, called the
sugar, was shown to the students.

The Southern Cotton Oil Company
was the last industry visited. The
students were conducted through the

PRINCIPLES

The George-Anne, with its meager facilities, is published as the voice of every student at South Georgia Teachers College. It is therefore, the purpose of the staff to support those activities and efforts which will be for the good of the largest number concerned and which is backed by every student of our college. We are not to be censored by any club, organization or faculty member. If we are to publish the happenings and interests about our campus in the way that every student wants to read them, then we cannot lean toward anyone for support. We cannot show favoritism. If the students are in favor of a five-day week, if they see changes that should be made in our student government, if they see a possible improvement in our college regime, then it is only right that the students voice their approval or disapproval through the columns of this paper.

The George-Anne is a charter member of the Georgia Collegiate Press Association. It is the objective of that organization that the college young men and young women of Georgia have an opportunity to use their talents along journalistic lines. This association does not support a paper that is censored by college authorities or groups. The group agreed last May in Athens that a paper published by the faculty for the students could not function. This was not student opinion and student initiative.

We signed resolutions to the above effect and it is our solemn duty and purpose to live up to our promises. We believe in student participation in all college activities for the students and by the students and with a firm belief in each individual's integrity.

DO NOT SMOKE IN THE GYM

In a civilization of as high a type as we are living in today, we certainly expect people of a high degree of intelligence to inhabit this globe, particularly in this community, which is one of the best that can be found anywhere. Our faith has been taken back by the failure to read the signs in the gym, or perhaps the inability to read: "Please Do Not Smoke." Through courtesy, recognition of danger, or common sense it seems that people would cooperate. We have almost lost the gym twice through fire. So please cooperate with us in complying with the request, "Please Do Not Smoke!"

PRIVILEGES—WHY NOT?

A Sophomore and a Freshman were talking. The Freshman said, "Oh! I don't see why they can't have them. I'm sure we won't mind." The Sophomore replied, "I'm with you, Freshman. I think the Junior and Senior girls should have more privileges, and something ought to be done about it."

That conversation expresses the sentiment of the campus, yet nothing is being done about it. A Freshman has just as much freedom as a Senior, although the Senior is three years in advanced experience and age. After spending two and three years in college, obeying rules and following routines the Junior and Senior girls of T. C. find themselves in the same old rut along with the underclassmen.

Colleges all over the south and even high schools give more freedom to Juniors and Seniors than to the other classes. Yet we still withhold those privileges from our upperclassmen. They are smart and capable enough to hold positions, act as leaders, plan parties and entertain, surely they are reliable enough to be trusted with extra freedom. The Sophomore and Senior girls are not asking for more privileges, they are satisfied, but it is for their older sisters they are asking.

Our goal is for independent thinking and a democratic spirit, and if we are to keep those ideals what they are, we should give our Junior and Senior girls some extra time in which to care for and plan in which their lives won't be bound by the rules.

If this is true and if T. C. as a whole wants them, why not?

WHAT DO AMERICAN STUDENTS WANT?

A perpetual question being asked and answered by students and their elders. Richard H. Edwards, writing in the December issue of "The Intercollegian and Far Horizons," answers the question as follows:

1. The desire for action, self-expression.
2. The desire to have new experience, to discover new facts and values.
3. The desire for personal approval, recognition. The group agreed to win a place among one's fellows, to have status and social security.
4. The desire for recreation, amusement, play.
5. The desire for independence, for liberation from parental and other forms of domination.
6. The desire for friends, for personal relationships with the same sex.
7. The desire for a mate from among friends of the opposite sex, and a home.
8. The desire to find the right vocation for the sake of fundamental self-expression and for economic security.
9. The desire to lead, to control others.
10. The desire for training in skills and the acquisition of knowledge useful in a productive vocation, for earning a living.
11. The desire for culture, for wide contacts with people, books, art, music, drama, and the like.
12. The desire for righteousness, to live soundly, in keeping with known principles which one accepts as his own, and to discover new ones.
13. The desire for liberty in the relief of human suffering, in the achievement of social justice, a better social order.
14. The desire to be at home in the universe, to be in harmony with its fundamental laws and forces, to appreciate and appropriate its most meaningful values.
15. The desire to achieve a synthesis of all one's own chief desires in well integrated activity, to be a living unified person.

DEAR EDITOR—

What has happened to our school dance orchestra? Before Christmas we had an orchestra that was considered by many of us equal to professional units. It made our Thursday night suppers and the dances in the gym outstanding and most enjoyable.

Of course it is asking too much of the boys who are to play all the time without some compensation. They give up much of their time to practicing, and they've been most obliging about playing at any time, I feel that the majority of our students would be willing to contribute a dime a month to pay the orchestra for playing. This is no more than fair, considering that they play only for our entertainment and are not paid by the school.

Sincerely,

A STUDENT.

We know a woman who has a little boy who makes her happy when he talks. She is afraid he will grow up to be a radio announcer.
TEACHIN'S

(Continued from page 1)

A fine tribute was paid to Carlos Middlebrooks when he was made captain for the game with Cochran, his former Alma Mater. The team was unanimous in dedicating the game to "Middle." For a time it looked as if the Teachers would be hard pressed to win, but they began clicking in the last half and came out with a thirty-point advantage. The boys were just a little overanxious to defeat their rivals from Middle Georgia, but a very "nice" talk from Coach at the half served to make them settle down to their usual form.

* * * * *

The boxing team from Georgia pulled a fast one on the Athletic Association when, upon arriving for their bout with the Profs, they registered at the best hotel in town. Don't worry "Big-Hearted," you can pay for it with the million you cleaned up on the Celtic game!

* * * * *

Incidentally, the Georgia boxers presented two of the finest scrapers ever seen in the T. C. ring in Jacobson and Radutsky. Saunders and "Fullback" Smith had a chance to show their real worth against such fighters—but we've got to hand it to these two Teachers for nerve. They showed plenty.

* * * * *

The Profs looked stale against Douglas, never hitting their stride during the entire game. Three first-stringers, Mines, Stewart and Middlebrooks came out of the game on fouls. Coach is set for two games with the South Georgia States later in the season. Here's "Two hits" on the Teachers—and will spot Douglas ten points.

* * * * *

Playing their best defensive game of the year, the Teachers took Augusta "Y" to ride, besides giving the fans an exhibition of that childish game, keep-away. Give these boys a fifteen-point advantage and watch them crawl. The Celtics ruined them. Despite this tendency to cut-up the team is still racing along at par. The "Y" was able to score only six points in the first half and four in the last, while the Tide was making up thirty-five.

* * * * *

If the basketeers don't find some way to stop Ebb Youmans from singing, they will all be nervous wrecks before the season ends. The "hip-shot king" almost started a revolution in the Augusta dressing room the other night when he induced Watson, the temporary manager, to sing with him. The quality is passable, but the quantity is boring.

* * * * *

The Profs went "Celtic" again Thursday night against the Catholic Club of Savannah. The fast, short passes drew looks of astonishment from the opponents and a good hand from the crowd. The Catholics were a last-minute substitution for the Jewish Alliance. The entire varsity squad saw action along with six of the "Rats."

* * * * *

Andrey Pafford, experienced forward and center, is laid up with "flu." Here's hoping you're up soon, "Paff."

* * * * *

The boxing team is meeting some real competition this season and is getting good backing from the fans. The "pugs" are now planning to enter a tournament to be held in Savannah in about two weeks.

Boxing Team Takes Three in Four

BLUE TIDE BASKETBERRERS WIN FROM COCHRAN, AUGUSTA "Y" AND CATHOLIC CLUB.

DOUGLAS

The Teachers bowed before Coach Mike Horrobin's Tigers of South Georgia State College, at Douglas, 61-46. The Tigers had prepared a defense to stop the slow-break of the Profs. This defense, added to the unnecessary chop-shoting of Kendrick, a forward, led to defeat for the Teachers. Youmans was the only member of the squad who was near to top form, getting nineteen points.

COCHRAN

Middle Georgia College held the Teachers to a fairly close first half, but failed to stop a rally in the last half and went down, 83-38. It looked as if the score would be nearly even until the Profs put on the steam and ran up a thirty-point lead.

Augusta "Y"

The Blue Tide took the Augusta Demons how to handle a basketball and how to keep the other team from touching it. The Teachers played their best defensive game of the year, although their shooting was not up to par. The "Y" was able to score only six points in the first half and four in the last, while the Tide was making up thirty-five.

CATHOLIC CLUB

After a slow start, the Teachers finally got under way and defeated the Catholic Club of Savannah 48-15. This team was substituted for the Jewish Alliance. The entire varsity squad saw action along with six of the "Rats."

Inter-College Debate Club is Formed

T. G. has a debating club," J. D. Carter, president of the Student Council, announced in chapel last Friday morning, and plans for organizing and work will begin immediately.

Loften Giddens, last year's defending champion of Stephens Literary Society, has been appointed manager of the club, and a debate will be tentatively scheduled with the University of Florida, for the 25th of March, to be held here. Other colleges have also asked for debates, but as yet no definite schedule has been planned.

Tyrants for the Florida debate will be held next Friday night. The University of Florida has chosen for its subject, "Resolved, That the several States should adopt legislation providing for the citizens, at minimal cost, general medical care, and the services of hospitals and clinics." Tryants will be up and down sides, and six debaters will be chosen—two affirmative, two negatives, and two alternates. Mr. Wise, Mrs. Buttrill and Mrs. Buttrill will be the judges.

This new experiment is being sponsored by the Student Council. This is the first attempt in the inter-collegiate debates and it is hoped that a well represented varsity team will meet Florida.

The following students have already joined the club: Loften Giddens, Hugh Hedges, George Carter, Eugene Davis, Hearl Lunspink, Robert Essex, Harry Zalumas, and George Collins. The club has been well organized and Mr. Wise will act as advisor.

Things I’ve Learned

That I Didn’t Know

That Mr. Russell has a twin brother.

That Coach and Mrs. Smith met for the first time on the campus of the South Georgia Teachers College.

That Mrs. Smith taught public school.

That Mr. and Mrs. Buttrill will be the judges.

That Cliff Hale of ’33 was voted most helpful team member.

That Alton Ellis, Delmas Wheeler and Mrs. Destler I have heard of.

That the Mrs. Destler I have heard of.

That the quotation "Be true to thyself and it will follow as night follows day that thou canst not then be false to any man," came from Shakespeare.

That Mr. Destler has a twin brother.

That Mr. and Mrs. Hanmer also met on ye old college campus.

That Alton Ellis, Delehas Wheeler and Mrs. Destler I have heard of.

That the quotation "Be true to thyself and it will follow as night follows day that thou canst not then be false to any man," came from Shakespeare.

That Mr. Destler has a twin brother.

That Mr. and Mrs. Hanmer also met on ye old college campus.
