Col. Estill

Is Fairly Entered in Race.

Col. J. H. Estill of Savannah is fairly and openly in the race for governor. The Journal prints the following telegram from a well known Georgian:

"Savannah, Ga., Aug. 1. 'The Atlanta Journal, Atlanta, Ga.: I am in the race for the nomination for governor.

(Signed) "J. H. Estill." Friends of Col. Estill have from time to time recently announced that he would be a candidate before the Democratic primary, but this is the first public announcement made by the gentleman himself.

This is the second formal announcement for the gubernatorial race, while two other gentlemen, while they have not publicly said so, have told their friends that they are in the fight and in fact are making a more or less active campaign.

The gubernatorial race therefore may be said to have these entries: Dupont Guerry of Bibb, J. H. Estill of Chatham, J. Pope Brown of Pulaski and J. M. Terrell of Meriwether, and there are 133 other counties to hear from yet.

John Holbrook Estill the latest candidate, was born in Charleston, S. C., October 28, 1840, son of William Estill, bookbinder and printer.

In 1851 his father removed his family to Savannah, there the son began, at the age of 11 years, to set type, in the course of time passing through all the grades of a printing office.

When the war between the states broke out he early joined the Confederate army, and was one of the detachment of soldiers that occupied Fort Pulaski. He afterwards served in Virginia, and was one time disabled by wounds. When the war closed he began work as a journeyman printer, and in 1867 secured control of the Savannah Morning News, and built up one of the most complete printing houses in the South. He is public spirited to the fullest extent, and has been an important factor in making Savannah the leading commercial city of this section. Besides giving the closest attention to the development of his paper, Mr. Estill is president or director of a dozen or more corporations, county commissioner and member of the board of education and president of the famous Bethesda Orphan Home.

The Savannah Morning News and the large printing and lithographing establishment which is part of its great plant are monuments to the well directed efforts of Col. Estill.

In 1888 he purchased the Macon Telegraph, which he conducted for some time. His business interests were so great in Savannah that he could not give his Macon newspaper the attention he desired to bestow upon it.

He has been active and influential in politics for a number of years, never before as a candidate for a public office, but many times as the earnest and influential supporter of friends.

Col. Estill's services in the cause of tariff reform at a time when strong influences were at work in Georgia to take the Democracy of this state into the protectionist camp were recognized in 1888 in his election as the members of the National Democratic committee.

He declined re-election to that position in 1892 but has been consistently working for his party and its regular candidates ever since, as he was before that time.—The Macon Telegraph.

Round About in Georgia and South Carolina.

Editor News: Since the middle of June I have been on the road preaching and lecturing most of the time in Ga., but recently in South Carolina, and while the News is not a religious paper, it may be some items may interest your readers. Two weeks in Savannah with Bro. Edfield at South Side church were pleasantly spent, following the Jones-Stewart meeting. They can say what they please, but Sam Jones I don't like him, but he done good and a heap of it, and nothing but prejudice will keep one from seeing and confessing it. He put the whiskey gang, the gamblers and the toughs to flight. The Law and Order League organized as a result of the meeting has done fine work in closing gambling dens, Sunday saloons and other resorts. Sinners were convicted under his ministry and a great number made a public confession of faith. Some where about forty persons united with the South Side church during our stay there. Rev. D. S. Edfield is the pastor and has succeeded admirably with his work in the face of much opposition. His noble wife is a sister of our worthy townsman Mr. D. P. Averitt. I had the pleasure of lecturing at Metter and Pulaski, on Temperance. You know I just keep after the boys about their conviviality. A blind tiger is a bad thing, a dispensary a worse one, but a saloon is worse than either. I have heard all the arguments for all of them and I am 'agin' 'em' world without end, amen. Then I took about two wagon loads of my family to visit the old folks 17 miles north of Statesboro and preached and fought the tiger business a week there. I trust some good was done as I was told the liquor crowd 'cussed,' me their very worst. I think I shot in the right hole. The good people of that section have been imposed upon until it is a shame, but we had a good meeting, some old time religion awhile. Then they called me to preach for them and I think I will try to do so. I have promised to preach there the 2nd Sabbath in August. Then a week at Elam, Emanuel co. and the next at Oak Hill Seven co. where Rev. H. G. Edfield is pastor, lecturing once on Temperance at both places as well as at Milken. Edfield is a model pastor, as well as a model man. His people love him like a brother, respect and reverence him like a father and he commands the confidence and esteem of all classes. He has made an enviable reputation as a legislator and the temperance forces of Seven co. will put him in the race again if he will consent to go. He is on the Sevier grand jury, a rare thing in modern times. Preachers are excused not excluded from jury duty, but custom excludes them and I suppose that suits the criminal classes, especially the grovelers. We had good meetings at both churches.

From Scriven I went to Ooleny church, Pickens co. S. C. to attend an inter-state Gospel Mission meeting, composed of visitors from four states, Ga. S. C. N. C. and Va. beside several missionaries from China. The meeting was one of the best I ever saw, and that is saying a great deal. Here I met Bro. Barnum, a Primitive Missionary Baptist, who lives at Sterling, Va. 35 miles from Washington City. He is one of the ablest, most consecrated men I ever met. I am told he speaks five languages, and has a son who is Prof. of Languages in the University of Cincinnati. Some ten years ago he says he was convinced that missions was right and boldly proclaimed his convictions and thousands of his people endorsed his position and are now contributing to the support of Rev. G. P. Bostick a Baptist missionary at Tai An Fu, China. I want him to come to Bulloch. On the way I met some old friends at Greenville S. C. and had the pleasure of stopping over one night each with Mr. G. A. Norwood.

Winfield, Columbia Co. Ga. Here are a few testimonials from prominent people and the press who have eaten my peaches:

Many thanks to Mr. Basil L. Neal for the lot of nice peaches sent me. You certainly have a fortune in them. Yours truly, Thomas E. Watson.

My dear Mr. Neal: Absence in the West will explain my delay in expressing my sincere thanks for your great kindness in sending me the beautiful peaches. Every seed was saved. With every good wish I am yours truly. J. B. Gordon.

The Augusta Chronicle says: Members of the Chronicle force have had the pleasure of enjoying a most excellent lot of peaches from the farm of Mr. Basil L. Neal, Winfield Columbia county, Ga.

They were of the White English variety and of most delicious flavor, being large and luscious. Mr. Neal also has six other varieties of seedlings, including the old red Indian and yellow pioneer. He writes that his nursery has been bearing 18 years and has never missed a crop.

Any one desiring to set out an orchard might consult Mr. Neal with advantage.

What Editor Chapman of the Washington, Ga. Gazette says:

Mr. B. L. Neal, Dear Sir: I am in receipt of the fine peaches you sent me. Please accept my sincere thanks. Will publish a notice of the same, and send you a paper. My wife is so delighted with them she would like to have a basket at once. Please ship them and I will pay the express. Will give you an ad and notice in compensation. Yours truly, J. W. MONROE COLLEGE.

Monroe College has recently issued a catalogue that is unique in arrangement, and both explicit and comprehensive in subject matter. Every item of expense, every regulation in government, and every course in each of the departments, is stated in terms sufficiently plain to enable both patron and pupil to understand readily what the requirements at this institution are.

Professionally prepared teachers have been placed at the head of each department in the reorganization of the College, in order to meet the greater demands of an increased patronage and high culture. Not only is this true, but the teachers are engaged for the entire year and some devote themselves during the vacation to the study of the most recent improvements in their separate branches at schools in the North and East, while others are working for the improvement of the material interest of the College.

The trustees of the college are to be congratulated for the very able and efficient additions which they have made to the Faculty Dr. Wm. T. Jones who has been elected to the Chair of English and History, has studied for the past years in Massachusetts. Four of these years he spent in Harvard University. He comes from this famous institution well prepared for his life work, having had the training of the best teachers known to the profession. Students in his department will be taught by the latest and best approved methods.

Miss Juanita Rogers, instructor in Mathematics, is studying at the University of Chicago during the summer.

Miss Virginia Carter, a student from Vassar College, is also taking a summer course at the University of Chicago.
