Yesterday marked the initial appearance of the Teachers deputation team for the 1935 season when the group held services at First Christian church in Guyton. The speakers and musicians were singularly honored by the Guyton churches when services were suspended at all but the Christian church, where a unique program was held. In the evening the team gave a program in Sylvania.

The appearance of this deputation group is an early affair in numerous cities and towns of South Georgia. The visits have been going on for a number of years as a regular part of the YM and YW activities.

This year Leonard Kent is speaking for his third consecutive year and Alton Ellis for his second. Barton Stephens, whose brother spoke on the team years ago, is in the only now deputy for Dobson Wheeler, who has made many a party here more pleasant by his crooning, accompanies the team as a soloist. Grace Cresely, who was with the group last year, sings again this season. Sara Kate Scarbrough plays the piano, and Tom A. Doster, University of Georgia, secretary.

The art of printing is one of the most powerful influences in our modern world," said Miss Emily Woodward, former editor of the Vienna Times, and founder of the Georgia Press Association and one of the directors of the printing press of the Georgia Press Institute, as she addressed the audience at the Georgia Press Institute, as she addressed the audience at the Georgia Press Institute, on Wednesday, February 11, at the regular chapel period.

Miss Woodward, an outstanding figure in journalistic circles in Georgia, further said that the art of printing is the precursor of all arts. She traced the history of printing from the Rosetta Stone, the Chinese Brush, the Papyrus, the Scroll and the Chinese Blocks, to the printing press of Gutenberg.

The speaker declared, "The values of the newspaper are great in molding public opinion because of its economical, social and civic influence." She pointed out that a good newspaper editor is one who spreads the news throughout the columns of his paper with a firm regard for the truth.

Miss Woodward concluded her address by saying, "The task before the building of roads, schools and machinery, but the building of better men and women. The New Deal depends upon us, and this business of living in the most serious business in the world."

Untermeyer Will Lecture March 2

Louis Untermeyer, poet, critic and anthologist, will lecture here March 2nd as a lyricist attraction.

Mr. Untermeyer is the most widely read American poet abroad and at home it is considered the most brilliant of his generation. The late Amy Lowell called him "the most versatile genius in America."

He is outstanding in that he is the one of the few poets in the history of the world who has combined business and art. For twenty years he was a jeweler and manufacturer of jewelry. Among his best known works are "Greece," "Song for the Claddagh," "Parades," "Burning Bush," and "Food and Drink."

His most recent lectures include "What Americans Read and Why," "Why We Write and How," "Poetry and the Average Man," and "New Frontiers in America." His literary lectures, "The Glory of Commonplace" and "Critter's Half Holiday," are two of the best ever heard in America.
THE GEORGE-ANNE

Masculine Ideals

Would you like to know what type of girl T. C. is looking for? Well, here she is, just as some of our boys visualize her.

Shelby Monroe, when questioned, confirmed that first of all, she must have "wim, wigor, and vitality." Shelby means at least as intelligent as T. C. by nature and can appear to her one near to my standard of living." As to whether she should be musical, Shelby said that all he required was the ability to listen. Oh, yes, no one with flat feet need apply.

Next issue, the girls are going to get a chance to tell about their ideal man, so please stand by.

Louise Quantock   Exchange Editor

Friends

Have you a real friend? Few can answer "yes" to that question. Why? Simply because they do not take the time and trouble to cultivate even one meager friendship.

Someone has said, "We choose our pleasures; our work, our occupation, our friends. We must not choose our friends; we discover them. " We waste millions of people as we go through life, but there are those who are quick as real friends, because they are not discoverers. Friendship does not grow from meeting people, but from knowing them. We have a way of understanding each other. Openness, frankness, an ability to overlook, and to appreciate, a desire to help and to lift, to give instead of demand—these are the things that determine our real friendships.

College is the one place in the world for us to discover our friends. We know our college mates perhaps better than any other persons we are apt to meet in life, for we are with them in their company a portion of each day. It has been said that American students are too quick to judge, but isn't it good to be admired in any individual? Doesn't friendship grow out of this mutual understanding?

Let's make some friends while we're here. Let's learn what their ideals, hopes and aspirations are, and share their point of view. The privilege of having a friend and being a friend are among the greatest blessings of creation. Real friends can not be bought, bribed, or hired. Our associates and companions will have a great deal to do with what we do in later life. Why shouldn't we cultivate wisely now?

If we haven't a friend, it's our own fault. But first we must be willing to contribute what it takes to make a friend before we can have one.

WHAT PRICE HONESTY?

Such axioms as "Honesty is the best policy" and "Honesty pays" are poor consolations for those who see dishonesty apparently paying.

Of course we know that in the end our honesty will be rewarded, but that does not allay the irritation of having our work not recognized, and hypocrite openly going to the front.

It's hard to plug along when you're jeered at for being old-fashioned enough to have a conscience for what is right, but not enough for saying what you think when so much depends on what someone higher up thinks.

"You're not a fool who has so narrow a conception of honesty that you would go with horror if accused of stealing—yet he nonchalantly cheats on exams!

If we haven't a friend, it's our own fault. We lack the social good sense for the respect of the ideals of the college. We are not inferring the prevalence of dishonesty in our body, but it is to remind us that in spite of our age when faith is inclined to wane, we still have ideals that are based on a firm foundation.

THE GEORGE-ANNE

Scoop! I've saved the best till the last! I look, girls, here's Eller's ideal: He prefers her to be medium in height, weight, looks, etc.; however, he won't have her red hair. She must be a good sport and, believe it or not, he doesn't mind her smoking, but drinking is out. The girl must be intelligent, broadminded and want a home and children. Most important of all, she must be a good dancer.

Well, do you fit any of the above qualifications? Anyway, know now what line to use on whom.

Next issue, the girls are going to get a chance to tell about their ideal man, so please stand by.
**SPORTS**

**T'CHIN'S**

(By GEE DEE)

**TEACHERS ARE CONFERENCE CHAMPIONS!** The two games taken from South Georgia State College made it two-to-one for the Teachers over the Tigers and sewed up the conference race for "Crookie's" boys.

The Teachers got revenge a second time for their football defeat at the hands of Georgia Military College when they took the cadet basketiers into camp, 44-29.

"Buster" Deal kept his record for the season clear when he took his bout against Georgia. This little man with a big punch has an excellent record for inter-collegiate boxing.

"Fullback" Smith put up a real scrap against Radutsy, former golden glove tournament winner. The New York boxer states that "Fullie" has the hardest punch he has ever seen for a man his size. *

Smith and Deal both took their bouts in the Savannah elimination tournament Wednesday night. If fortunate enough to win in the next division, which is held at Charlotte, N. C, these boys will be in line to enter the golden glove tournament, which each year matches the best amateur scrappers in the United States.

**CHARLESTON**

Three Teachers, Youmans, Hines and Stewart, scored eleven points apiece to avenge last year's defeat by the College of the City of Charleston. Contrary to their usual custom, the Teachers started this contest at top speed and held the pace throughout the entire first half, being on the big end of the score twenty-five points.

Charleston made a come-back in the final half and cut down the Blue Tide's lead to ten points at one juncture. Again in the closing minutes the Teachers applied the pressure and gained ten points to make their margin of victory twenty points. John- son led the Charlestonians, getting several markers on beautiful long shots.

**DOUGLAS**

**First Game**

Youmans and Hines, scoring 17 and 16 points, respectively, led the Teachers to a 40-28 victory over South Georgia State College, the only college team to defeat them this season. Coach just can't keep the Blue Tide from clowning. With their usual stellar game at his guard post, "Red" Pittman, lanky cadet forward, was the outstanding performer for G. M. C.

**GLOVEMEN STAR IN TWO BOUTS**

Smith and Deal will participate in elimination tournament for golden gloves championship.

**Savannah Tournament**

The Teachers boxing stars of the season added to their laurels Wednesday night when Smith and Deal won the championship of this section of the state in their respective weight classes.

"Buster" Deal won by a knock-out in the second round over Fulford, of the Broomdale C. C. Camp. Deal had to fight only one man, as there were only two entrants in this class.

"Fullback" Smith won his first bout by a knock-out in the first round over Durizzle, a Fort Screven soldier, and then took the decision in his bout with Oliff, a Savannah boy.

This tournament, which was held in Savannah, is one of a series of eliminations leading to the golden glove affair in New York City.

**Plans made for W. A. A. Conference**

Plans have been completed for the Georgia Woman's Athletic Association conference which will be held here March 2nd and 3rd.

Highlights of the meeting will include a dance given by the student body on Friday evening, the Under- myer lecture and a midnight dance at the Statesboro Woman's Club on Saturday evening.

Representatives from leading Georgia colleges will attend.

**COCHRAN**

In another rough and tumble affair, the "Profs" took the measure of Middle Georgia College in Cochran to the tune of 40-28. The usual sparrin' between these two teams was in evidence, the game being closely contested from start to finish, despite the twelve-point victory of the Teachers.

Wrinkle, Hines and Youmans scored 17 and 16 points on fouls along with two3. Cochran men. Stewart was high for the Blue Tide with fourteen points.

Wrinkle in holding down Kendrick, the man who scored twenty-five points, should be mentioned. "Breezy" Wrinkle was never once in scoring position due to the well nigh perfect guarding of the T. C. flash, "Breezy" Wrinkle.

**DOUGLAS**

**Second Game**

In a still better game than the first encounter with Douglas, the Teachers won again Saturday night from the Tigers, 41-26, clinching the conference title and avenging the only season defeat at the hands of "Mike" Herndon's crew.

Hines was easily the star of the game for the "Profs" while Elliot and Youmans shared high-point honors.

A real treat is in store for the basketball fans tomorrow night when the Teachers meet the Jewish Alliance of Savannah. The Hebrews are one of the best outfits in the state.
DUX DOMINA

Martha Pippin and Lottie Eppie were housewives in the winning of Dux Domina at a feast, Thursday night, February 7th. The game was a tourney, and the team had arranged to have a picnic to be given on February 27th.

Victory.

The Dux won over the L. T. C.'s Monday night. Now what do you think of that? Every student should give us a helping shake.

And to us off his hat! For the "Eppie" is baskets you know.

Mary, Hickey and Graham "go out." We didn't think we had a chance. But you should have seen us play. It was the star of the game. Actually, it was a shame the way they talked about her basketball name.

And we won to our surprise. Why played we like the "Celtics"? In disguise.

Fay and Mary guarded Hickey and Mary—"Reidsville's Rountree" played side center.

The "Eppie" didn't have a chance. In a tournament they shouldn't enter.

Melba and Dolores were just right.

They ran those goals to our delight! We really doubted the "Eppie" score.

We should have made 60 points a game.

But they were good spirits about the game. They didn't lose their name.

But all the same, son, to Dux Domina went—

M. PIPPIN

L. T. C.

Verna Lassiter and Victoria Queen entertained the L. T. C.'s girls in their room in East Hall last Monday night at 10:30 o'clock. All members were present and the final plans for their banquet and dance at the Woman's Club next Saturday night were completed. A great deal of pop and punch was served over the organisms of the Cherry-Engy affair. Now, you know he may not be of the same ilk since he's a D. S.

Kent and his aippette! He says he gets up at intervals during each night and kicks them up to see if they still work. We once heard of a man who had his tie cut off when he wore a zipper shirt.

Those Epicureans and Dux Dominas are truly going after those house party dates in a big way! Only three weeks left. We know of some people who had better turn on the charm if they still expect an invitation of the chosen few. There are wanted qualifications, you know.

We would like to see a few more girls like Cornelia Land. She gives the boys a break. When she left to spend last week end at home, there was a riot over getting to kiss her goodbye. But she didn't leave any one out. No, not one. There was a zipper shirt.

Sandy's Gilliam, The Mighty Wrinkle—Hodgenville's McKeeney, Cherry's Eppie and Cain's Barton.

Little Mince, after all maybe it's a pretty good thing to have a drum major. Freshman. It pays in the end some.

The Epicureans will meet with their sponsor, Mrs. William Deal, in West Hall, Tuesday night at 10:30 o'clock. At this time definite plans will be made for a dance to be given March 9th at the Woman's Club in Statesboro.

EPICUREAN

The Epicureans will meet with their sponsor, Mrs. William Deal, in West Hall, Tuesday night at 10:30 o'clock. At this time definite plans will be made for a dance to be given March 9th at the Woman's Club in Statesboro.

DRAMATIC CLUB

The following program featured the meeting of the Dramatic Club Wednesday evening:

Duet—Grace Cromley and Delmas Wheeler.

Reading—Frances Cone.

Violin Solo—Torence Brady, Solo—Delmas Wheeler.

Refreshments, consisting of tea and macaroons and carrying out the Valentine theme, were served.

Dramatic Club

The Freshmen have taken blow of the Intra-Class and Social Club tournament thus far. The score was close throughout the first half, with the Sophomores coming out on top and taking the lead.

The Sophomores, somewhat bewildered, by defeating the Sophomores in the first game, came back in their second game and showed some flair. The L. T. C.'s won the tournament by defeating the Dux Domina 3-2.
