MyNews for July 10, 2017

A graphic for a watermelon cutting event. The background is a close-up photograph of a watermelon being cut into triangular slices. The red flesh of the watermelon is prominent in the foreground, while the green rind is visible. In the upper right, a whole green watermelon is partially visible. The background is slightly blurred, showing what appears to be a body of water or a large outdoor area. The text is overlaid on the image in a white, serif font.

Join President Jaimie Hebert
for this Georgia Southern summertime tradition.

70th Annual Watermelon Cutting

Wednesday, July 12 at 10 a.m.
Pedestrium next to Carruth Building

CEIT receives NSA/NSF grant to teach middle school students cybersecurity

Georgia Southern hosted 40 middle school students in the Junior Investigators' Summer Experience, a cybersecurity camp funded by a grant from the National Security Agency (NSA) and National Science Foundation (NSF).

Museum to unveil artifacts on Facebook Live Tuesday

There aren't many places like the Georgia Southern Museum, where you can find 78-million-year-old fossils, local war relics and the oldest whale fossil in North America. But tomorrow, July 11, live on Facebook at 2 p.m., the Museum will reveal some of its best hidden gems. Tune in to this exclusive unveiling to learn about some never-before-seen artifacts that now call Georgia Southern home! [Facebook.com/GeorgiaSouthern](https://www.facebook.com/GeorgiaSouthern)

Georgia Southern receives \$1.3 million grant to bring nurse practitioners to Georgia's underserved communities

Georgia Southern University's School of Nursing received a \$1.3 million federal grant for an Advanced Nursing Education Workforce (ANEW) project that will create innovative academic-practice partnerships to prepare nurse practitioners for service in rural and underserved communities in Southeast Georgia.
