Pres. Pittman Away
For Speaking Tour
In Northern States

Dr. Marvin S. Pittman is away on a speaking tour which will carry him to a number of colleges in Northern states. He went direct to Detroit, where he will address the Michigan State Teachers' Association's convention in four times during their annual convention.

While on his tour, Dr. Pittman will address the State Teachers colleges of New York at Buffalo, and other teachers colleges at Frenod and Cleveland, New York. Among the other colleges he will visit are the University of Chicago, city the State Teachers college at Kalamazoo, Michigan the State Teachers College at Ypsilant, Michigan, where he was directed to the laboratory school for many years.

Dr. Pittman will remain in Michigan for a short visit at the laboratory school before he is directed to the Teachers college in the summer of 1934. 

STUDENT LEADERS NAMED FOR YEAR
FRESHMEN TO ELECT IN SIX WEEKS

At class election held last week six officers were chosen for the three upper classes. The Freshmen are to elect in six weeks.

Senior class—William Stewart, president; Marvin McNulty, vice-president; Matti Cas, secretary; Cleo Trappan, treasurer; Elodie Graham, auditor. Male and B. B. Purvis, student council representatives.

Junior class—Gene Bell, president; Bill Gearing, vice-president; Lillian Simmons, secretary and treasurer; Katherine Simmons and Louis Bort, student council representatives.

Sophomore class—Roderick Watson, president; Barton Stephens, vice-president; Mildred Brauns, secretary and treasurer; Muffie Lambright, student council representative.

STUDENT COUNCIL PLANS PROGRAM TO INCLUDE ALL COLLEGE STUDENTS

IMPROVEMENTS MAY BE MADE WITH AID OF WPA

Students and faculty members will be interested to learn that the college has applied for two important improvements under the Works Progress Administration.

The enlargement of the dining hall, a needed improvement, with an extension out to the parking area of the projects. The barber shop and "little store" will be moved to the western end of Anderson Hall and the filling hall entrance will also be on the western side.

The other improvement is the extension of the auditorium to give ample room for the music department, band and orchestra.

Newspaper reports from Washington state that a hospital for the college has been approved, though no announcement of the issuance of the project has been made from the office of President Pittman.

TEACHERS ATTEND SUMMER SESSIONS

AT VARIOUS UNIVERSITIES FOR TRAINING

Fifteen teachers of the South Georgian Teachers college attended graduate schools the past summer while completing work on graduate degrees. Miss Elizabeth Darrow completed work on her master of arts degree while studying at Columbia University during the summer. Others attending Columbia were Miss Marion Groover and Miss Iris Roberts, critics in the Training School, and Miss Marion Vossey, in geography and dean of women.

Mrs. A. S. Singey and Mr. W. B. Hanner were at the University of North Carolina working toward their doctor's degrees. Coach B. L. Smith also attended North Carolina.

Those doing work at Peabody were Miss Clara Lane, physical education, and Mr. J. C. Barrett, education.

Miss Viola Perry and Mr. F. D. Russell were at Duke University doing work toward degrees.

Other professors and instructors at school were: Miss Melvina Trussell, professor of biology, at Cornell, Mr. James Wrinkle, instructor in physical education, University of Wisconsin; Miss Amelia Westcott, instructor in social science, University of Michigan, and Mr. William Deh, band leader, at National Music Camp at Interlochen, Michigan.

STUDYING GEORGE ANNE CIRCULATION INCREASES

Beginning with this issue copies of George Anne will be sent to the state representative south of Richmond county. Copies will also be sent to a majority of the accredited high schools of the southern part of the state. This increase in circulation will reach more than a thousand copies to be distributed.

More requests have come from for members to add their names to the subscription list than any previous year. A number of complimentary copies will be mailed other former students with the hope that they will continue their subscriptions to the school paper.

ENROLLMENT HAS REACHED 450 HERE

Senior Division Slightly Lower This Year.

The number of students enrolled here for the fall term has reached 450, including its in-service student teachers and two special students. The enrollment for 1934-35 was 490 in the fall and reached 504 before the spring term.

The senior division of the college has slightly lower than that of last year with 56 juniors and 36 seniors, while the junior division remains about the same.

According to custom, an increase of twenty-five to fifty students may be expected at the start during the fall and winter terms.

The enrollment figure for the South Georgia Teachers College falls 450 students lower this fall than the enrollment of 1934-35.
made for a central student association designed to develop and supervise all phases of undergraduate activities. The association, aimed to give students experience in government and organization, differs somewhat from anything ever known here at the Teachers College. The Student Council, instead of being composed of representative organizations, is to be made up of activity representatives, such as debating, publications and dramatics.

If such a set-up at the Savannah institution demonstrates a thoughtful responsibility for student affairs, Dean Lowe then sees "no great danger in developing an honor system at some time in the future."

And that hope, as has been proved in numerous instances before, embodies the absolute life and blood of a Student Council. Armstrong Junior, nor any other college is ever going to succeed with an honor system until it first creates a responsible student group. Those who say that student government will not work lay the blame chiefly on an irresponsible Student Council. Naturally an honor system cannot grow from such a situation.

It is a pleasure, however, to note that Armstrong Junior is cognizant of a need for responsibility before it can work out an honor system. That is showing more foresight than a vast number of other student councils. Armstrong Junior is a more figurehead and an honor system is a fond dream which is destined never to become true.

THE REFLECTOR

Once again the announcement is made that work is soon to begin on the yearbook. There is a great deal more to publishing a Reflector than making the first announcement. So allow us, once again, to serve as a reminder to get to the work in number of other ways, it will be a tremendous aid to the editors, and the annual will be better than it would otherwise.

Let's have a Reflector which does credit to every phase of our college life.

ORGANIZATIONS

To those familiar with student organizations here it is evident that some of the groups have not kept up a high standard of activity during the past two years. It is further evident that such organizations are about to face their most trying year. The 1935-36 session promises to see the abolition of certain of these clubs if a greater interest is not shown by their members. It is encouraging to note that those which have been neglecting their job, and that some attention should be drawn to it... Can't work, but adds that "the attitude remains and complaint is not exactly in the scope of our student body to improve the institution." And that hope, as has been proved in numerous instances before, embodies the absolute life and blood of a Student Council. Armstrong Junior, nor any other college is ever going to succeed with an honor system until it first creates a responsible student group. Those who say that student government will not work lay the blame chiefly on an irresponsible Student Council. Naturally an honor system cannot grow from such a situation.

It is a pleasure then to note that Armstrong Junior is cognizant of a need for responsibility before it can work out an honor system. That is showing more foresight than a vast number of other student councils. Armstrong Junior is a more figurehead and an honor system is a fond dream which is destined never to become true.

SPENDING TIME

Being able to spend leisure time profitably and worthwhile is a fine accomplishment; but being able to teach others to make more valuable use of spare hours is still finer, speaking from the standpoint of a teacher. It is a pleasure, therefore, to welcome the addition of practical arts courses into the Teachers College curriculum. If any school has a need for such instruction, surely a college for training school teachers is one.

AS OTHERS TELL US

"I know that it is a very interesting and attractive publication," Dr. Pittman writes the editor regarding the inclusion of the Collegiate Digest as a regular feature of the George-Anne, "but since its primary purpose is to advance the best interests of students, I do not see the use of tobacco as an asset to a teacher. I believe that we shall advance our ideals more by not distributing the Digest."

Since receiving Dr. Pittman's letter, efforts to obtain subscription to the Collegiate Digest have been abandoned. It appears that he has justified his stand by placing the welfare of students entrusted to the institution he heads above other considerations. This is a commendable attitude and one in which we are glad to take a part.

A student wants to know if a flag is merely a rag to pull on when once a week—something taken down only when some public spirited individual has enough time to do so?" The writer goes on to explain that he believes this complaint is not exactly in the scope of College Digest work, but adds that "the attitude remains and attention should be drawn to it... Can't something be done about it?"

We are disposed to think that some student has been neglecting his job, and that something will be "done about it!"

COMMUNICATIONS, in order to be published, must be signed. Names will not be printed, if such requests accompany letters.

DEAR EDITOR—

White down at the Bulloch Times office, just prior to press time (and the football game) for your "step-child," I was drafted as a reporter—my title being "Space Filler." Now, Mr. Editor, despite the fact that my experiences as a newspaperman is somewhat limited, I feel that one of my potential abilities should be given a place of more importance than merely a "Space Filler." My allotted column consists of three inches, or one hundred and ten words; so in the style of Groucho Marx—words, words, words—to fill space, space, space, space.

Please, Mr. Editor, that has been a stipulated, a colonel task. Won't you see that hereafter there is no vac-

DRAFTED STUDENT.
To Whom It May Concern:

Approaching you and asking, "Have you a blind date?" for, if you aren't too excited, you might as well cancel it," that's tragic. Nevertheless that is what was told every freshman girl, for as part of her initiation she was required to have a date with a freshman boy whom the upperclassmen selected.

At Iowa State Teachers College, where I am a member of this favored couple, I was among the group of freshmen who assembled on second floor at 6 o'clock last Sunday night to await the arrival of their dates. As the minutes dragged by the group, gradually shrank, until by 7:30 only four of us remained. I waited in nervous anticipation, hoping one minute I wouldn't be called, then realizing the next minute I would probably miss a great deal of fun if I weren't. At last I heard my name and descended the stairs to meet my fate. I was ready to cry.

To my utter surprise and horror, he was tiny fellow and I towered above him some twelve inches or more. After an inaudible greeting, he walked through the door and down the steps and left me to follow. We met again at the door of the auditorium. My escort caused me much embarrassment in selecting our seats, so I left that to his judgment. For the minutes dragged by the group, awaiting the arrival of their dates. As the minutes ticked by, I became convinced that even in five different rows before I was finally satisfied.

I had been too amazed at his behavior to even wonder at his conversation. He was very shy and even when he did talk, it was in a very weak voice, which I found amusing. I always welcomed my escort's suggestions to walk around the auditorium, but the theme of music was taken up by the band. I was very glad when the next play was over.

Drastic Club

At the first meeting of the Dramatic Club, held Tuesday night, the following officers were elected: President, Eloise Graham; vice-president, Irene Esmond, secretary, George Carter; treasurer, Verna Lassiter; publicity chairman, George Donaldson.

Iota Phi Delta

Bid days have been accepted to the Iota Phi Delta fraternity by the following men: David Proctor, Glenn Rhodes, George Carter, Bill Ware, D. O. McAllen, Paul Walkling, Malcolm Mann, James Townsend and Buster Townsend.

Something about being poor and humble is that you are not apt to get mixed up in the death of a beautiful actress or fox-singers.

Mrs. Rogers is shown in a picture taken before 25 years ago. Uniforms were required then.

The above pictures show Lieut. and Mrs. James W. Rogers, former students here, who are now President Savannah citizens.

Who were the First Teachers College Students to Say "I Do"?

Scoop! George-Anne's eagle-eye reporter has discovered what she thinks is the original T. C. courtin' couple! And here are the interesting details:

Way back in 1911 when T. C. was the First District A. & M. School, student life flourished (even as it does today), so Miss Elizabeth Johnson, a comely co-ed, and James Rogers became interested in each other and, although the rules were much stricter then, they managed to become so well acquainted that in December of that very year they were married. Mrs. Rogers says that they were perhaps the first couple to meet at T. C. and get married.

Other people elected at that time to fill important places on the staff included Mrs. J. B. Gilliam, literary editor; Che Trepell, art editor; George Donaldson, sports; Louise Estes, editor; Alton Settles and Mattie Cain, advertising managers; W. C. Moore and Elyson Wilson, circulation managers; and Blakley Thornton, photographic editor.

It is understood that work will soon begin on the yearbook. Leonard Keefe, B. E. U. editor, edited the Reflector last year, and produced quite a fine annual. It is hoped that McKneely and his associates will publish an even better book this year.

One kind of business in the United States which never seems to need a breathing spell is monkey business.

A year later, Mrs. Rogers came up with some friends. She no-ticed them they are planning individual programs in support of the group plan. With this planning the Student Council hopes to attract clubs to their former high level.

Every Wednesday chapel exercises will be under the auspices of the Student Council. This program will consist of student talent as far as possible. Students from other colleges and outstanding speakers will also be offered.

With the above ideas already taking definite form, the Student Council hopes to round out this year with every student interested and included in some activity.

Life is just one thing after another, and so is the Four-Log Club. So let's have a Four-Log session at the Country Store, and let's play some Health was playing Hiss' position and he, the freshman, didn't know what to do unless Hines carried the ball. Back to the girls when asked to give the definition of the word "Birch", a former reader... But in spite of all their mistakes, (One only is that they should be commended for their excellent sportsmanship, and so we say, "Our hats are off to the clubs of '37; morepower to you."

Student Council Plans Program

(Continued from page 1)

Departmental clubs will hold one meeting a month. This will be arranged so that no meetings will conflict. Presidents of these clubs with their sponsors are coordinating their activities for the entire student body. Under this program they are planning individual programs in support of the group plan. With this planning the Student Council hopes to attract clubs to their former high level.

GEORGE-ANNE WRITER TELLS FRESHMAN CLASS

BY ELOISE GRAHAM

Nothing gives one more pleasure than saying "I told you so," and I owe the freshmen my deepest gratitude for fulfilling my predictions. In fact, they're not only done what I expected, but they've even added more stupid things to the list. Take for example the freshman who was sent to the store for two dopes and didn't come back for an hour. After the sophomore had given up all hope of ever seeing her dim face again and was in the midst of planning varied punishments, the freshman knocked timidly on the door and entered:

"I told you so!" She should have known that the Country Store wouldn't let her have a deposit on the bottles, and I didn't have any money. Words fail me! She should have known that the Country Store wouldn't let her have a deposit on the bottles, and I didn't have any money. Words fail me! She should have known that the Country Store wouldn't let her have a deposit on the bottles, and I didn't have any money. Words fail me! She should have known that the Country Store wouldn't...

IRC HOLDS FIRST MEETING OF YEAR
Discuss Italo-Ethiopian Situation—Social Hour Followed

The International Relations Club held its first meeting of the year Thursday evening at the home of the sponsor, Dr. C. M. Destler, on Crescent Drive.

An interesting open forum discussion on the Italo-Ethiopian war was featured the program which was followed by a social hour at which Mrs. Destler delightfully presided.

Societies Entertain Students Saturday Eve
Music Furnished for Dancing By Deal Orchestra.

The Stephens and Oglethorpe Literary Societies entertained at a dance Saturday evening, October 12th, in the Gymnasium. Music was provided by "Ozzi" Deal and his orchestra, with an occasional number by Grace Cromley and W. E. Foster.

STUDENT COUNCIL MEMBERS FOR ’35
Yet Represented.

The personnel for the Student Council for the 1935-36 school year is as follows:

J. D. Cherry, Bainbridge, president; Lillian Simmons, Metter, vice-president; Sara Remington, Statesboro, secretary; Bill Stewart, Dixon, senior; F. E. Graham, Savannah, junior; J. D. Purvis, Williamsburg, senior; Gene Delo, Claxton, senior; Eugene Bell, Savannah, junior; Kathryn Simmons, Metter, junior; Holder Watson, Louisville, sophomore; Joe Lambright, Brunswick, sophomore; E. Hall.

DELTA SIGMA Scholarship—Fourth
Purvis, editor George-Anne, basketball, Student Council, Carter, president YMCA. Roughan, highest in English test '34. Thornton, track, president, president Senior class, Secretary YMCA.

DELTA SIGMA Scholarship—Seventh
Riggs, most popular boy, president "T" Club, football, baseball. Watson, president Sophomore class, basketball, Watson, football, baseball. Eup, intercollegiate debater, president, secretary YMCA.

TOTA PI NU Scholarship—Second
Brooks, football, baseball, basketball, Watson, president Sophomore class, football, baseball. Eup, intercollegiate debater, president, secretary YMCA.

D. L. D. Scholarship—Third
Byrd, president Freshman Commission '34.

FIVE

GEO. DONALDSON

Editor

SPORTS

T'CHIN'S

By GEE DEE

The T. C. all-stars (high school) looked like sand-betties in allowing a fighting Aggie outfit from Abraham Baldwin College to hold them to two tallies in their opening game in Tifton. "Every man for himself—at least something to write home about," was the motto in this encounter. And the devil, in the shape of the Aggies, almost took the hindmost (the highly touted Pros). Maybe Coach Mitchell's boys haven't been reading the papers.

Hines, Fulford and Riggs, although making the best showing of anyone on the team, were not nearly up to last season's form. The majority of the team, fresh from high schools and from fresh water prep schools and dilled with the thoughts of becoming stars overnight, played crackin' good one-man football—almost to the end of allowing a team which they should have taken into camp by at least thirty points. Hold them scoreless.

"Goat" Oliver ALMOST raced to Coach's "glory" when he snatched an A. B. C. pass down and ALMOST got under way be-fore he was tackled.

Riggs scored his first K. O. of the season when he floored the Baldwin safety man for the count when he cracked him as he took a punt. How "Coonie" does it, we don't know—but the fact remains, he does it.

We have coined a new word for the way Jake Hines evades would-be tacklers: He just "slops" them off. He "slopped" several fore he was tackled. ****

Among other football in-juries, "Coonie" has a Hick-ey in his heart that is giving him considerable trouble.

Foster quit running and ALMOST went under way before he was tackled. ****

We have coined a new word for the way Jake Hines evades would-be tacklers: He just "slops" them off. He "slopped" several off in the Tifton contest on a sweet return of a punt for a score.

THE BLUE TIDE MENTOR

Life Saving Emblems Awarded T. C. Students

Local Class One of Largest In Southeastern District.

The Teachers College last year turned out one of the largest life-saving classes of any school in the southeastern district, when 18 students received their senior emblems. They were as follows: Kathryn Oden, Charles Weir, Thelma O'Quinn, Martha Pippin, Jeannette Sopertine, Eliza Tippins, Sarah Bryan, Mildred Bannen, Isabel Curtis, Grace Crockley, Mary Brown, Evelyn Manley, Edwin Blue, Walton Crouch, Kenneth England, Cloyd Odum, Ham-mie Oliver, Darius Ramonlson. Those holding these badges have a splendid opportunity for procuring summer jobs at various camps and summer resorts. Among those holding jobs this summer were Evelyn Owens and Fannemar Oliver. Mr. Oliver was highly complimented for his meritorious work by Red Cross officials.

In the spring a course is to be of-fered leading to an examination's badge, which is the highest honor that the Red Cross gives in life-saving work. Only those holding senior life-saving badges and who meet other requirements, will be eligible. After passing the examiner's test, students will be qualified as instructors in life-saving.

TAMPA-BLUE TIDE GAME PUBLICIZED

University Publishers to Have Special Edition of College Paper—To Play Friday Night.

Next week, prior to the Tampa University-Teachers College football game in Tampa, the university publish-ers are to print a special edition of the school paper to be distributed at that time, according to informa-tion received here.

Last year the Teachers defeated the Tampa team in a thrilling game in Stetson. This season the return game is being given unusual publicity in Tampa, and a tremendous crowd is expected for the contest.

A great deal of information regard-ing the Teachers College organization has been forwarded to the Tampa publishers by the local news agency.

The Tampa eleven is set for re-venge next week, and the Teachers are equally determined to make it two in a row. Right now the game looks like a natural.

TEACHERS DEFEAT TIFTON COLLEGE

Hines Scores Twice for Blue Tide In First Game.

The 1935 edition of "Crook" Smith's Blue Tide came out of the Abraham Baldwin encounter un-scathed and on the big end of the score, 13-0. Hines, versatile running back, accounted for both touchdowns, one on his famous punt re-turns. Crowe, left-footed Gainesville end, smashed the barrier between the barn for one extra point.

"Farmer" Fulford, although injured and unable to play during most of the game, made a spectacular run when he intercepted an Aggie pass and returned it seventy yards over the goal, only to be called back when the "Proff" were charged with clipping.

Coach Smith used this game as a breather, getting an opportunity to try out his new material. Every man was given a chance to show his worth at some time during the game. This fact and the fact that most of the Teachers are men playing their first year of college football accounts for the low score. Never once was the bag of tricks opened, the team using only four plays during the entire game.

Riggs played his usual consistent game at center. Ferarra "did most of the thinking on the field," and returned it seventy yards over the goal, only to be called back when the "Proff" were charged with clipping.

FRESHMAN GIRLS HAVE "Y" SISTERS

GRACE CROMLEY GIVES OUT YWCA LIST.

"It is important that Freshman girls receive an early welcome to the campus," says Miss Grace Cromley, YWCA president, "and so the 'Big Sister and Little' has been organized by our YWCA. Its purpose is to orientate the Freshman girls into college life as it is lived at T. C. Most of the 'Big Sisters' are impressed with the seriousness of their responsibility, and in a result the YWCA feels that this year is going to prove the best of all. Soon after school began the Big Sisters had a meeting at which questions were asked and answered to further promote this plan, but the YWCA hopes that the relationship will continue throughout the entire year and the years to come."

A list of the Little Sisters and Big as it follows: Dorothy Wilkinson, Helen McConnaug; Vera Cook, Martha Wood; Ruth Pound, Grace Creswell; Mary Culbert; Samson Hogan; Jewel Newton; Betty Brown; Carolynn Warren; Dorothy Reo; Margaret White; Grace McMillan; Mildred Bramson; Marianne Reo; Frances Cone; Elizabeth Watkins; Grace Walkway; Ruby Smith; Eliza Tippins; Sarah Palmer; Myrlie Reifer; Evelyn McLain; Lillian Simmons; Elsie Mercer; Katherine Simmons; Vera Keeler; Hazel Hixley; Lake Thornton; Sally Harper; Cleo Trapnell; Laura Hill; Inogene Martin; Susan Elizabeth Decree; Lucinda Elton; Maudie Drake; Marion Smith; Minnie Chance; Verna Lusisier; Marie Chance; Jeanette Wilber; Jannie Witrub; Loitie Rountree; Aramunda Hughes; L. SIX STUDENTS HERE ON EXCHANGE PLAN

College Students Teaching in Their Schools.

Six teachers from two nearby counties are in school this quarter on the exchange teacher plan, while college students are out teaching in their places.

This program, under the direction of Miss Elizabeth Donaldson, is being carried out in Screven and Jenkins counties. From Screven county, Edna Hovis and Carole Jenkins of Bay Branch School are being replaced by Louise Yeoman and Mary Spivey.

Mr. Nettie, Louise Pack and Loula Hatcher are teaching at Newington in the place of Juliette Colson and Helen Godeke.

From Millen, in Jenkins county, Mrs. Allabon and Mrs. Beulah Brown are coming to school while Mary Lee and Elise Petzer are teaching in their places.

A list of this AAA recovery legislation must have been written by a fellow traveling around in a revolving loaf.
