Empowering Today's Youth. Building Tomorrow's Communities.

Mission Statement:

Showcase Group strengthens families and communities through five strategic pillars that inspire creative expression, psychological growth and personal development.

Vision

A borderless world where youth are inspired to achieve their fullest potential and contribute as productive citizens.

Our Pillars of Success

Prevention

Provides Exposure to Cultural Arts, Delinquency Diversion, Workforce Development, Educational Services, and Coping Skills to help identify, enhance and have youth apply positive behaviors needed to achieve and sustain a life without incarceration.

- Delinquency Diversion

Showcase Group concentrates on early identification of juvenile offenders with the highest risk of becoming repeat and serious offenders. Literacy and Mentoring are key support elements for all programs.

Community Engagement

Educates and trains families, volunteers and strategic partners to effect positive change based on Showcase Group principles. Workforce Development programs connect youth with the skills and education necessary to get jobs and build careers.

Inspiration

Tangible programs that provide a vision and a destination for youth to imagine a better future for themselves. Exposes youth to the trials and triumphs of community based "Champions" to enable them to envision a positive outlook for their future.

Facing Our Future

Fosters a therapeutic home environment for youth to build trusting relationships to prepare them for the future. This pillar covers a broad scope and enables youth to learn effective principles to apply successfully in life, ultimately meeting their own personal needs.

Self-Actualization

Curriculum-based programs providing tools and techniques that deliver personal and psychological growth. Based on Abraham Maslow's Hierarchy of Needs, self-actualization is the highest level of self growth where one reaches their fullest potential.
