## Faculty comments on SRI results

Fred Smith/Faculty Welfare Committee

5/21/2014

### **Motion:**

Move that a method be found to allow for faculty comments and explanations regarding factors that might have influenced the SRI scores. These comments should always remain appended to all subsequent distributions of the SRI scores.

### **Rationale:**

From the comments on the SRI survey, it is apparent that there are many extraneous factors which contribute to the scores. The numbers alone are of little value. To give faculty a chance to offer comments which might help in understanding the results would make the information more valuable

**SEC Response:** 5/23/2014: Approved
