GEORGIA LEADERS TO CONVENE HERE

Second Annual Georgia Progress Day to be Held March 6-7.

The second annual Georgia Progress Day conference will be held at the South Georgia Teachers College on March 6th and 7th. It has been learned that the purpose of this conference is to bring to the college the outstanding educational leaders of the state.

"A More Abundant Life Through Health and Physical Education and the Fine and Applied Arts," is to be the theme of the meeting.

There will be two general sessions held in the main auditorium. The first session, Friday evening at 7:00 o'clock, will be conducted by Dean Z. S. Henderson, president of the University System of Georgia. The second session at 10:30 a.m. Saturday will have three speakers: Dr. M. L. Brittain, president of the Georgia School of Technology; Dr. E. A. Carmichael, dean of Vanderbilt University, and Dr. Malcolm Dewey, professor of Fine Arts at Emory University.

In addition to these general sessions, there will be sectional conferences.

GEOLOGICAL BODY GIVES SPECIMENS

Minerals, Clays and Rocks are Included in Donation to Science Department.

Forming the basis for a future museum of geological research, seventy-five specimens of minerals, clays, and rocks have been donated to the Science Department of South Georgia Teachers College during the past two weeks by the State Geological Survey. This donation, given with the purpose of forming district museums in various localities, consists of specimens of minerals, rocks and clays gathered from different sections of Georgia.

Each specimen is numbered according to its classification as a mineral, rock, or clay and has a printed label bearing the name of the mine or locality, its numbers, and source. A wooden display block is also furnished.

Certain requirements must be met by the recipients of these donations. Glass cases have been constructed by the school in which these specimens may be displayed.

Entered as second-class matter at the postoffice at Collegeboro, Ga., under temporary permit.

That said the unto them, nation shall rise against nation, and kingdom against kingdom—(8 Luke 21:10).

As long as war is regarded as wicked, it will always have its fascinations. When it is looked upon as vulgar, it will cease to be popular—Oscar Wilde.

Are we really to have an electric bell system?

The Reflector stuff had too good a secret to keep.

Idea for a professor: Establish some kind of a place where a person can get a hot bath.

Reports that the athletic field was nearing completion were rather premature, but it is coming along.

What has become of the "T" Club? Any number of boys may be seen wearing a letter jacket.

It is easy to tell when some professors have not prepared their lessons—they lecture the whole hour.

That was some clerical job an employee of the N. Y. A. had at South Georgia State—erasing marginal notes in library books!

The godfather of The George-Anne, Editor Turner of the Bulloch Times, is becoming vociferous in his editorials. Wonder if that means anything.

G. S. C. W. insists that either G. S. W. C. or G. S. C. W. change from G. S. W. C. or G. S. W. W., leaving either G. S. W. C. or G. S. W. W. as is. What do you think?

An ad in the Bulloch Times suggests immediate installation of that long-awaited telephone, as the new directory will soon be off the press. Very well, we will take one for West, Anderson and Brown.

Suggestion made in the last George-Anne for securing silk pants for the basketball team were not taken seriously, it appears. Coach Smith states that fringes and collies would be more appropriate.

It is said to be a long worm that has no turning. Congratulations to the Oglethorpe Society for keeping up the fight against the Stephens debaters when the prospects for victory were dim. Perhaps the members are in for some real rivalry this year.

THE STUDENTS

AND

THE ADMINISTRATORS

If an educational institution is to achieve a goal of excellence, factions cannot be tolerated. Otherwise, the basic structure of our national education foundation never would have permitted the present point of universal strength and unity to be reached. Grunting not that this is true, and that the whole is made up of its component parts, has any institution the right to claim credit for serving the purposes of education when petty factions underlie most activities? Obviously not.

In some colleges and universities (some in this state) there seems to be a feeling among the students that the administrative board is one thing, and the student body something entirely set apart from it. There are those who would have listeners believe that each group is constantly endeavoring to do something contrary to the desires and welfare of the other. Such a situation may not be impossible, but it is highly improbable.

Careful individuals of any school should think a long time before declaring that administrators fail to consider student views and welfare prior to making decisions. The sole aim of administrators or any other educators should be to give the best guidance of which they are capable. Our observation is that this is true, usually.

Negative suggestions are bad, psychologically. But permit us to urge that local students and administrators—take this as a "Do Not" of prime importance: Never let a veiled antagonism come between local students and the administrators.

We dare say that our future is the brightest of any institution in the South. May we go into that future with continued frankness, fair play, and understanding.

We repeat, where is the student employment bureau?

AS OTHERS TELL US

NOISY ADJECTIVES

irate because of the annoyance of noisy locomotives, a citizen of Dallas recently wrote an open letter to the railroad's officials and sent it to the Times-Herald. The author remains anonymous, but his letter may become a little classic of comprehensive description. It runs thus: "Is it absolutely necessary, in the dis-
charge of his daily duty and night, that the engi-
ner of your yard engine make it cling and
dong and fizzle and spit and clang and bang and
hiss and sizzle and bear and howl and toot and
clash and crash and hoot and howl and grumble
and jangle and jangle and jangle and jangle,
and yelp and croak and howl and thump and boom
and rumble and jangle and jingle and jingle and
ingineer fairly make the earth tremble and
scream and throb and crimp and jangle and
and grumble and grumble and roar and rattle and
yell and moan and shrill and shriek like hell?"

**I FEEL FUTILE**

I feel futile: Like you book without a reader, Like a tyde less a meter, I feel futile: Nothing quit without a cheater.

I feel futile: Like a snake without commissions. Like a war without munitions, Like Donnas with more addition. I feel futile: Like a mask wearing clothes, Like a legsless man with bow, Like an arrow without bow, feel futile.

I feel futile: Though I never smoke or dink. And I have both pen and ink, I cannot, so help me, think, I feel futile. —The Alabaman.

**DEFINITIONS**

**A MAN:** One who tries to kiss a girl on the first date and gets away with it.

**A TRUE:** One who tries and doesn't get away with it.

**A COWARD:** One who doesn't try and really could have gotten away with it.

**A WISE GUY:** One who doesn't try and couldn't have gotten away with it.

**A GENTLEMAN:** One who wins until the second date to classify himself.

**Technique:**

I think that I shall never see A tree who never want a meal, Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

I think that I shall never see A tree whose head is never pressed Away with it.

I feel futile. Against someone else's manly breast;

Editor
SPORTS

T'CHIN'S

By GEE DEE

The boxing squad is evidently turning into a track team. The pups spending half of every afternoon trotting around the Gym floor. What a pity the basketball team doesn't have their wind.

**And another two weeks has passed with anything being done about "our very good friend, the referee." Shall we give up hopes of seeing a game called right? Complaints continue to come in—not that T. C isn't getting the breaks, they're about even—but fouls are consistently called backwards, and games blow up unnecessarily.**

A rivalry of long standing was renewed when the Profs put a trimming on the Raccons from Savannah. Not once in the last four years have the Yiddish lads beat the Teachers—although they remain a constant threat to the Blue Tide's cage supremacy in this section. This season they boasted the best home floor.

**FOUR FOR GEORGE-ANNE MONDAY, FEB. 5, 1936**

**TEACHERS BEAT MERCER, 43 TO 31**

Macon, Ga., Jan. 31—Col. "Crook" Smith, Mercer University's first four字母 athlete, homeboy Teachers' basketball team here tonight and came out the winner, 43-31, over his alma mater.

The Teachers had little trouble overcoming an early Bruin lead and were not threatened during the rest of the game, putting on a fancy exhibition of passing and shooting.

The score at the half was 22-13.

**Teachers—J. E. A.**

A Teacher outfit that was clicking almost perfectly scored an impressive victory over the Jewish Educational Alliance by the largest score ever run up by the Profs on the Jews in several years of competition. The score was 23-12.

The Savannah outfit opened the contest with a bang, jumping into a lead that required almost the entire first half for the Teachers to overcome. Once under way the Blue offensive could not be stopped and before the game ended, the entire Teacher squad saw action.

Gottlieb was the offensive leader on this Junior Class. Donaldson topped the Teachers with a bang, jumping into a lead that required almost the entire first half for the Teachers to overcome. Once under way the Blue offensive could not be stopped and before the game ended, the entire Teacher squad saw action.

Gardini was the offensive leader on this Junior Class. Donaldson topped the Teachers with a bang, jumping into a lead that required almost the entire first half for the Teachers to overcome. Once under way the Blue offensive could not be stopped and before the game ended, the entire Teacher squad saw action.

**W. A. A. NOTES**

Plans are progressing for the usual winter-term girls' basketball tournament under the direction of Louise Riggs. The four social clubs to be represented in the tournament are: D. L. D., Epicerians, L. T. C. and Dixie Domincs. In this same tournament the Freshman, Sophomore and Junior-Senior classes will have teams. Final plans will be drawn up at an early date.

Basketball season has opened with twenty-five enthusiastic girls coming out for practice. About fifteen of these girls are trying to be referees and coaches. The team is looking forward to a successful and spirited season. As plans stand now the team will play the Methodist and Baptist church teams in Savannah and Fern. They will probably play Armstrong Junior College. T. C. girls have reputation for playing only for the joy of playing and not for publicity and money.

**TEACHERS TO HAVE SPRING FOOTBALL**

Training Period to Begin Around March 1, and Last for Six Weeks

Coach "Crook" Smith has announced that there will be Spring practice for the T. C. football candidates, beginning around March 1 and continuing for six weeks.

**Scoop!**

Coach actually—yes, actually—peeled a dollar off his fat bank roll in Macon Saturday morning and gave it to his old cook friend at Mercer. But that was after the cook had told the Profs basketball team about the power of "The Big Bear" while at Mercer. Of course Coach entered the building by the back door—just like the hungry athlete he was back in the '20s.

"Precious" Warren had better give his teammates some edic before he gets another night in jail—if he doesn't want to know things. "Goat" and Gee Dee were too disappointed that it didn't happen to Purv.
Glee Club Elects Officers for Year

Preparations Being Made to Present Opera During Spring Quarter, and Other Programs.

The Glee Club has elected the following officers for the current year: President, Franklin Higby; vice-president, John Wiggins; secretary and treasurer, Irene Eoocher; director, Mrs. E. L. Barnes; assistant director, Bob Shell.

Preparations are being made for the presentation in the spring quarter of an opera, "Trial By Jury." Also, a number of out-of-town programs are planned.

May I Interview?

This is the first of a series of interviews on current topics of interest. The question asked this week was:

"Do you find that classes are divided promptly since Dr. Anderson's recommendation to that effect?"

Mildred Brannon, library assistant:

"All my classes are dismissed on time except one. My instructors have complied very nicely." * * *

George Donaldson, senior:

"No, I've been held over on several occasions. This is particularly annoying when successive classes are in different buildings." * * *

Roy Rahn, Training School secretary:

"Yes, my two classes have always been dismissed on time." * * *

Laura Handley, sophomore:

"There has been quite a noticeable improvement, with very few exceptions." * * *

Grace Cobbney, president of W. C. A.: "There has been improvement in all my classes except one.

Georgia Schools Adopt Calendar

(Continued from page 1)

sciences, in the biological sciences and in mathematics.

Recommendations adopted included a rearrangement of teachers' contracts, encouragement of adult instruction during afternoons and night classes, adoption of placing tests to advise students of appropriate courses and the adoption of a mid-year school calendar for the ensuing year.

The following is the calendar that was adopted for the academic year 1936-37:

September 15—Opening of Fall Term
December 16—18—Fall Term Examinations
December 19 to January 4—Christmas Vacation
March 16 to 29—Winter Term Examinations
March 24-Spring Holidays
June 7 to 10—Examinations Spring Term.
June 17 to August 27—Summer School.

DULCY” TO BE PRESENTED

"Dulcy," a three-act comedy by George S. Kaufman and Marc Connelly, will be presented by the Drama Club on Thursday, March 8th.

"Dulcy" is the harum-scarum bride of Gordon Smith, as she says herself, doesn’t think she thinks. In her sassy determination to be helpful to her husband and her friends, she plans a wedding late and at her home. The guests are an ill-assorted group such as only a Dulcy could summon about her. Their first association becomes an unbroken series of hilarious tragedies. Among her guests is a rapturous scenario writer who receives his plea to musical accompaniments by a rich young man who turns out to be a harmless, escaped insane.

This scene is one of the high spots of the play. "The production is full of laughs, and, if it is done as well as the three curtain speech given by the club in the fall, it should provide a full evening for entertainment."

Those in the cast are: Dulcy—Eloise Graham; Gordon Smith, her husband—Kenneth M. Garrison; William Parker, her brother—George Carter; C. Roger Forbes—Howard Oliver; Mrs. Forbes—Josephine Hinds; Miss Franklin—Thelma Harrison; Schuyler Van Dyke—Joe Houston; David—Dorothy Lambright; Vincent Leach—scenarist—James Hussey; Blake Patricen—Frank MacKinley; Henley—Willard Clanton.

Disorder to be Corrected Soon

(Continued from page 1)

of the George-Anne what suggestion he could make which would likely reflect the feeling of the student body. He was told that immediately upon checking of chapel attendance, the list would be corrected. The Richard's earlier plans to terminate the chapel period should be effective and satisfactory. Such a bell would give students privilege to leave the hall if they cared to, in the event the program was not immediately ended in orderly fashion.

Dr. Pittman was desirous of adjusting the matter, and stated that his attention would be directed toward that end.

The local International Relations Club, though not greatly publicized, is doing a good job in carrying on its program.

Y. M. C. A. MET WEDNESDAY

The Y. M. C. A. held its regular meeting Wednesday evening in the basement of the Administration Building.

The program was unique in that it was entirely musical. First, there were songs sung by the chairman, then a selection by the quartet composed of Paul Robertson, John Wiggins, John Gilbert and James Townend; next, a violin duet by Henry Purcell and Douglas Darby, accompanied by Joe Barton at the piano.

After the adjournment, the cabinet officers held a conference. The Y. W. C. A. conducted the chapel program Wednesday morning, January 3.

An interesting feature of the program was an informal debate of the subject, "Resolved, That the Present System of R. O. T. C. Training Leads to War." John Wiggins spoke for the affirmative, and Jimmy Sharpe spoke for the affirmative.

At the Moonlighters

Hello Students!

Do you ever go to the show? You will, you absolutely will, when you hear the announcements for this week.

Think of the greatest piece de resistance in cinema production—great actors in a great classic. Well, that is what you'll have at the moonlighters' house today, tomorrow and the next day. Clark Gable, Charles Laughton, Planchet Tone in "Mutiny on the Bounty." It took two years to make and cost two million dollars.

Thursday there is a double feature program, showing two snappy pictures that won't give you a dull moment, "Nevarla," and "1000 A Minute." Added attractions, technicolor screen, Friday that debonair sleuth, Edmund Lowe, comes again. This time "Thunder in the Night." A thrilling mystery picture.

Then Sattidy, dat double feature again: "Last of the Pagans," and "Heir to Trouble." AND A Popcorn cartoon, "Vign, Vign, and Vitality." I'll see you there.

MINNIE SEEUM.

CONCERT

A concert is to be presented on the afternoon of Sunday, February 18th, in the auditorium by the South Georgia Teachers College Band.

The program will be of a classical type, and much of it will be made up of new music which is being created.

This concert is one of a series of programs being presented on Sunday afternoon of each quarter.

YEARBOOK Honors Senior Students

Work on Year Book is Nearing Completion, is Announcement Of Staff Members

With the election of the Senior Staff, and the completion of the work on the Reflector near completion, was the announcement made by the second staff here recently.

The Reflector will be printed in brown ink on every page with a cover of dark green with gold figure. The theme of the state tree in industry has been carried out throughout the book.

The book will be slightly larger than that of last year.

Seniors to be honored in the annual include Eloise Graham and J. D. Cherry, most outstanding; Louise Rogers and Bill Stewart, most popular; and zattle Cahn and Bob Ealy, best looking.

GEORGIA LEADERS TO CONVENE HERE

(Continued from page 1)

A conference is expected to bring together the largest and most distinguished audience ever assembled at the college.

GEOLOGICAL BODY GIVES SPECIMENS

(Continued from page 1)

The division of the museum into sections, minerals, clay and fossils was made in order to make their separate natures more clear to the students. This collection also includes some varieties of semi-precious stones.

At present the cases are located in the chemistry laboratory in the Science Hall. Students may view them at any time.

"EVERYTHING PHOTOGRAPHIC"

STATESBORO, GEORGIA
Macon Was Scene of Discussion of Higher Education Friday and Saturday.

The twentieth annual session of the Association of Georgia Colleges was held in Macon Friday and Saturday of last week.

Dean John B. Clark, Mercer University, president of the Association, presented, and led in the opening discussion on the theme, "Challenges to Higher Education." This discussion was held in the form of a panel or round table discussion.

President H. W. Caldwell, University of Georgia, spoke on "Our Obligation to Politics:" President Spright Divot, Mercer University, "Our Obligation to Religion:' President M. L. Rahn, Georgia State University, "Our Obligation to Polities:' President Spright Dowell, Georgia College, "Our Obligation to Womankind," and President H. W. Cox, Emory University, "Our Obligation to Internationalism.'

Immediately following this discussion President Guy H. Wells, Georgia Tech, "Our Obligation to Art:' President J. R. McCann, Agnes Scott College, "Our Obligation to Womankind,' and President H. W. Cox, Emory University, "Our Obligation to Internationalism.'

The meeting was thrown open for discussion and a large number of students, faculty members, and interested citizens attended.

The meeting adjourned and reopened Saturday morning at 9:30 a.m.

The majority of the time Saturday morning and afternoon was spent in discussions and talks on Better Teaching, Individualism of Instruction, and Departmentalization.

The GEORGE-ANNE
THE GEORGE-ANNE

EPICURUS

The Epigrams society has for new pledges Jean Smith and Bessie Goger. A picnic was given Saturday evening in honor of old and new members.

DELTASIGMA

New pledges of the Delta Sigma fraternity are Louis Benton, John Varnadore and Thomas Brady. Tentative plans are being made for a picnic to be given in February.

D.L.D.

The D. L. D. wish to announce the pledging of Evelyn Burch and Grace Beddingtonfield. Last Thursday afternoon, contact call and Florence Daley were hostesses for a feast.

IOTA PI NI

John Wiggins is a new Iota Pi Nu pledge. At present the fraternity is making plans for a dance to be held at the Woman's Club in February. Former President P. N. C. members who returned to the campus for the joint dance last week end were Aubrey Ward, Edgar Ware, Cliff Tooten, Deazy Rahn, Buster Bowen and Charlo Joe Mathews.

OGLETHORPE WIN DBATE

The Oglethorpe Literary Society emerged victorious in the debate with the Stephens Society which was held last Wednesday night in the auditorium. Elizabeth Watkins and John Wiggins, the representatives of the Oglethorpe Society, upheld the negative side of the issue, "The Government Should Own and Control All Power and Light Utilities." Florence Daly and John Blount, the Stephens debaters, contented in the affirmative.

A large and enthusiastic audience, composed of members of both societies, loyally supported their respective debaters.

JOINT DANCE

Saturday evening, January 25, the Iota Pi Nu and Delta Sigma fraternities held their joint dance for the winter term at the Statesboro Armory. This promises to be the largest affair among the social clubs for the quarter. Music was furnished by the Hotel Richmond Orchestra of Augusta. Old members of the fraternities who were back for the dance were Ernest Harper, Wilson Wilkes, Frank Quattlebaum, Buster Deal, Ruby Lee, Gene Woods, Aubrey Fafford, Edgar Ware, Cliff Hooten, Deazy Rahn, Buster Bowen and Charlie Joe Mathews.

WILLETTS WRITES

SUCCESSFUL POEM

"Shadows by Firelight" Accepte for Publication in Magazine.

"Shadows by Firelight," a poem by Miss Jeannette Willetts, sophomore, of Vidalia, was recently accepted by the Western Poetry Magazine of Owensboro, California. Miss Willetts has contributed much to the various organizations on the campus and was honored for scholastic excellence on Honors Day last year. Interest is shown by the student body in the acceptance of Miss Willetts' poem. The poem is given below:

SHADOWS BY FIRELIGHT

Shadows by sunlight
Are austere and plain;
Shadows by moonlight
Are savor and groin.

But shadows by firelight are cozy and warm
With flickering, friendly grotesque,
Tenderly touching
With melancholy care.

The shadows by firelight seem somehow to bless.
I sit by the fires, and grow drowsy, and nod
In perfect contentment with life and with God.

—JEANNETTE WILLETTS.

In the good old days when a young man and woman were married they felt that they were married for life.

Now when young couples get hitched up most of 'em don't even have a five-year-plan.
