## WILLIAM T. COUCH TO SPEAK AT PANEL DISCUSSION THIS MORNING

### FAMOUS GEORGIANS WILL PARTICIPATE

Fish Fry and Barbecue Will Be  
Held At Lake Wells At  
1 O'Clock P. M.

"Whither Georgia, Poverty or Abundance?" will be the theme of the panel discussion which will begin at 10 o'clock this morning in the college auditorium with Dr. William T. Couch as principal speaker. Dr. Couch is director of the University Press at the University of North Carolina.

The meeting will be presided over by President M. S. Pittman. There will be a short selection of southern music played by the college orchestra under the direction of Mr. William Deal, immediately preceding Dr. Couch's speech.

At the conclusion of his speech on "Poverty or Abundance in Georgia," Dr. Couch will make a short introductory talk on "What are the important factors that contribute to Georgia's poverty and impede her wealth production."

Then will begin the panel discussion with the following outstanding Georgians taking part: Dr. T. F. Abercrombie, director Georgia Department of Public Health; Dr. Charles Herty, research chemist; Dr. J. T. Wheeler, College of Agriculture, University of Georgia; Mr. H. W. Carswell, La Grange, Ga., who is president of a group of ice plants in the state, which he owns jointly with Mr. Carl Rosenberg, of LaGrange; Miss Gay B. Shepperson, state director of WPA, Atlanta, Ga.; Dean Thomas Askew, Armstrong Junior College, Savannah, Ga.; Hon. Tom Wisdom, state auditor, Atlanta, Ga.; Mr. Henry McIntosh, editor Albany Herald, Albany, Ga.

The following college students will

### IRC HEARS REPORT OF DELEGATES

The International Relations Club Thursday evening heard and discussed the reports given by Mary Cromley and Ceceline Swinson, the club's two delegates to the divisional IRC conference held at Auburn, Ala., February 19-20.

The meeting was in the form of a round table discussion with all members of the club participating. Plans were made for a panel discussion to be held at the first meeting in the spring quarter.

The club also discussed plans for increasing its membership. Dr. C. M. Destler invited the members and guests to visit him at his home one Sunday afternoon for an informal discussion.

Progress Day Speaker

GEORGE FORT MILTON,

Editor of the Chattanooga News, who spoke here last night on "A Program for Rural Rehabilitation in Georgia."

## EDITOR HEARD BY LARGE AUDIENCE

Georgia Progress Day Is Opened  
With Pageant By School  
Children of Bulloch.

Farm tenancy is probably the largest single problem in the state and the southeast, George Fort Milton, editor and publisher of the Chattanooga (Tenn.) News, stated in his speech last night at 8 o'clock in the college auditorium before a large assembly of students and visitors from surrounding territory who came here for the Third Annual Georgia Progress Day.

Mr. Milton's address last evening marked the second phase of the program for the occasion which included a pageant yesterday afternoon given by the school children of Bulloch county entitled "Georgia's Problems and Achievements." The pageant depicted the way in which Georgia dealt with the problems of life one hundred years ago, the progress she has made in dealing with them, and the improvements that still need to be made if Georgia's people are to live more abundantly in the future.

"A program for Rural Rehabilitation in Georgia" was the title of Mr. Milton's speech in which he outlined eight main points for which readjustment is imperative. The eight points points as given by Mr. Milton are:

1. Reform farm tenantry.
  2. A better credit system.
  3. Diversification.
  4. Improvement of agricultural plant.
  5. Increase the market for Southern farm products.
  6. A general program to increase the convenience and comforts of life.
  7. Replace prejudice by intelligent self-interest and good will as the

## VESPER CHOIR TO SING "MESSIAH"

The Easter portions of Handel's "Messiah" will be sung at Rocky Ford, Ga., tomorrow morning by the vesper choir of this college. The choir is under the direction of Mrs. Z. S. Henderson.

The same program will also be given in the college auditorium Easter Sunday at 4 p. m. Plans are being made by the choir to sing at a union service of all the churches in Statesboro which will be held that night at the Baptist church.

The choir now has 37 members. A year ago when it was organized there were twelve members. Joe Buxton is president of the group.

## Sons of Sanford Seemingly Should Raise Ruckus For Rights to Radios

### Reviews and Criticisms

By KENNETH ENGLAND

On Wednesday, March 10, at 10:15 o'clock, in the college auditorium the student body witnessed the premiere performance of that most excellent drama, "Sallie," which we are sure has title to immortality and which will undoubtedly become a classic masterpiece of the American stage. It is extremely likely that this glittering bit of literature emanating, as we have no doubt, from a precocious genius, will eventually be accepted as a classic standard for those who follow him in attempting to make the dreary existence of humanity less drab by their efforts on behalf of the legitimate theatre.

This literary gem comes from the pen of a student of exceptional ability. The author is none other than James Hussey whom we all recognize by his expressive hands and his abdominal (abominable) cavity which is capable of performing gastronomic feats rivaling those of Henry VIII.

The cast was well chosen. Madeline Calhoun played a rather youngish and sprightly grandma. Julia Reese and Mary Rogers were perfection. Willard Clanton died very dramatically.

See REVIEWS, page 2

A poll conducted by members of the George-Anne staff Tuesday night revealed that a large majority of the boys living in Sanford Hall would like to have radios in their rooms. The results of the poll showed that 139 boys are in favor of radios while only 14 are opposed to them. One student indicated that it did not matter to him.

The poll was conducted between 10:00 and 11:00 p. m. Tuesday night, a time when it would be possible to find most of the boys in their own rooms. Of the 165 boys residing in the dormitory 147 were contacted by the interviewers.

A few weeks ago the House Council of Sanford Hall requested of the Administration that the boys be allowed to have radios in their rooms. The request was denied on the grounds that there was a regulation in the catalogue to the effect that radios would not be permitted in the dormitory rooms. This poll was taken in order to find out how the boys felt about the matter.

A similar poll will be taken among the girls living in East and West Halls at an early date.

## GEORGIA PROGRESS DAY

Georgia Progress Day which is now being sponsored by South Georgia Teachers College provides students with an opportunity the importance and value of which it would be hard to over-estimate. Rare indeed is the occasion when students of this college are able to hear speeches equaling that delivered last night by Mr. George Fort Milton for clarity of thought and keenness of insight into problems which are so perplexing to the leading men of this state and region.

This morning they will have an opportunity to hear the address by Dr. William T. Couch, who is well-known as a writer upon southern subjects and for his work as director of the University Press at the University of North Carolina. His press has been especially noteworthy for the publication of a series of books upon contemporary southern society, economic problems, liberalism, and folklore. The most outstanding book published under his direction in recent months was Howard W. Odum's "Southern Regions of the United States." Mr. Couch is also well-known for his work in editing and publishing "Culture in the South."

Taking part in the panel discussion following Mr. Couch's address will be a group of outstanding Georgians representing many fields of endeavor. They have been recognized as leaders in their respective professions and no student who is really interested in Georgia and in seeing the state move forward so that it may rightfully deserve the name "Empire State of the South" can afford to miss the opportunity of hearing these leaders discuss the problems of the state and present their solutions.

## WHY NOT HAVE RADIOS?

The majority of the boys living in Sanford Hall want radios in their rooms. This was unmistakably shown Tuesday night when a poll conducted by the George-Anne revealed the fact that of 153 boys contacted, 139 are in favor of radios.

The George-Anne plans to take a similar poll among the girls living in East and West Halls before the next issue of the paper.

However, it is not the students who are against the use of radios in rooms who are keeping the rest of the students from having them. The real reason, as was pointed out in the last issue of this paper, is that there is a regulation written into the bulletin which forbids radios. Unless some arrangement is made very soon, this same regulation will be printed in the bulletin for next year and the same situation will result again.

The Emory Wheel last week advocated a lay-down strike by the student body to secure more lights in the library. We do not believe that such a measure will be necessary here to get radios.

# DIGGINGS

Ask Annie Merle if she isn't tired of having her feet dangle—it's a very uncomfortable position, we imagine.

Is Bobb Harris giving his brain a break for final exams or is he striving to keep a "cool" head?

Hopes for the coming house parties:

1. That Robbie won't be as unfortunate as he was last year. Remember, McDuff?
2. That they will have larger garbage cans to put the Coca-Cola bottles in. So dirty to see them lying around.
3. That they will leave the King and Prince Club a little more like they found it.
4. That they will learn: "You can't be naughty and yet be nice."
5. That everybody will have a wonderful time!

The high-and-mighty Hires has at last succumbed. Have you noticed Snooky's D. S. pin?

Meg Gunter seems to have lost her power lately. A little bird told us that she let Roy take another blonde on a recent picnic and that snaky Roy is taking still another on the Pi Nu house party. We fer him, if he can get by with it.

And we must remind a certain girl on the right wing, second floor, of West, that spring football is underway just outside, and the boys are under a handicap trying to catch a ball with their heads turned in the opposite direction from which it is coming. Ask Coachie.

Up to the time of going to press, Cartee was in no condition to go on a house party. Maybe that's why Anne can't make up her mind.

And then there was the freshman who cut out the dirt column which had her name in it and sent it home to mama. Now that just goes to show you that this column is held in high esteem by some freshmen. They'll learn better though.

Did you see how Jean wept after "Camille"? Is it possible that Jean has a heart after all? But Jean will have her Bill anyhow, cause isn't it true that absence makes the heart grow fonder?

From the recent trip to Gainesville we learn that it is legal in S. C. And Mr. Downs doesn't like beer.

It is being rumored that Tom Edwards had a thought of his own the other day, but Virginia didn't like it. Anyway, it would have died of loneliness.

Also, that Buster doesn't like anklets.

Ed. Note: If you D. S. don't think you are getting enough publicity in this column, blame it on the ones who hand this mess in. I got nothing to do with it except carry it to the printer.)

SPORTOLOGY

As you were aware, we hope, in the last couple of issues of the George-Anne this column was missing. This was done with a purpose. The object was to find out exactly how the students would react to the omission, and to note how much a wave of disapproval would arise. We were going to make a tabulated list of the students who inquired about Sportology, and find out what an important part of the paper we are. Well, after waiting for four weeks, both of our readers have casually mentioned that they noticed the absence of this column, and now we're satisfied and ready to answer the popular demand and write more Sportology.

Cuban Walfrido Massiqueghus has been getting after the sports editor lately on account of he says that he ain't getting no publicity on his swimming ability. He says that he has been practicing up in Lake Wells ever since the ice thawed, and is out to out-swim anything this side of a fish. We told him that if he was really good he certainly should be getting some recognition by the press, but to give him the acid test, he must race with the sports editor, and if he won, his victory would be acclaimed far and wide. It must be remembered, however, that the S. E. is quite an aquatic performer himself. The race will be held the first day the thermometer reaches 100 degrees in the shade.

With apologies to J. D. S., there was a newsy dot down at the basketball game the other night which is too good to let pass unmentioned which took place during the game between the delta sigmas and the iota pi nus both of which teams were out to beat the other so awfully that you couldn't scare a member of the losing frat out of the bushes with a stick for the next two weeks and in the first half of said game the pi nus was so far ahead that 1 and all was wondering what in the name of goodness and Robbie and Si was sitting by Dabber telling him all about how it was and Dabber he didn't say nothing but he said he knowd right along what was going to happen but aw pshaw you know Dabber and sure enough in the last half the delta sigs looked like a cross between the celtics and something we never saw before to the extent that Si and Robbie had to leave Dabber who kept nagging them on acct of the delta sigs won 25 to 18.

GRIDSTERS ARE  
HARD AT WORK

About Twenty Men Are Reporting for Work Outs Under Coach Smith

With about twenty candidates reporting regularly for practice, Coach B. L. Smith is putting his spring football men through the paces each afternoon on the practice field behind West Dormitory.

Uniforms have been issued and the boys have gotten down to business this week with blocking and tackling drills. About two weeks of preliminary work-outs were required before the uniforms were issued. Fundamentals of the game are being stressed as the players polish up on the ground work of the game and simple signal drills.

Among the candidates are found the following from the squad last fall: Eli Hill, Parker Adams, O. B. Inman, Copeland Ozier, Charles Estes, Harold Rigsby, Cleveland Wallace Tinley, Bartow Miller, Douglas Strickland, Paul Robertson, Steve Stephens, and others. Many new men are also working out, many of whom look like potential varsity material.

The Spring session will terminate Saturday with the beginning of exams next week.

## W. A. A. NEWS

Louise Dubberley has been elected to the W. A. A. Council to serve as volley ball director for next year.

May 8th has been set as the date for the annual W. A. A. house party. This year the girls have chosen St. Simons as the spot of entertainment. Old members are being invited to return from the occasion.

The next regular meeting of the council will be held at the home of Elizabeth Deal.

Last Saturday night Margaret Alexander sponsored a dance in the Gym for the social dancing class that has been under her direction. This occasion proved to be one of enjoyment for all those that attended. Punch was served before the guests departed.

Martha Hardin has been elected to the W. A. A. Council to serve as basketball director for next year.

## AT THE MOVIES

Monday and Tuesday at the Georgia Theatre will be shown "Maid of Salem," starring Claudette Colbert. This is a picture of Puritan New England which should prove highly entertaining.

Wednesday and Thursday will be "Three Smart Girls," a picture which brings to the screen the young girl, Deanna Durbin, who made such a hit singing on Eddie Cantor's Sunday night program.

"Second Wife" will be shown Friday with Gertrude Michael.
