There Are Many Reasons Kids Bully Others

Why do some children bully?

- Sometimes children bully because they feel jealous.
- Maybe they are being bullied at home or by someone else and they think it is okay to bully.
- Maybe they think that making people laugh at others makes them popular and they want to show off.
- They feel bad inside and want to make others feel bad too.
- It maybe that they feel small and think by hurting others they will feel big.
- They don’t realize that bullying is hurtful and wrong.
- Something happened at home that made them angry. So, they take it out on someone else.
- They ‘ve started bullying and they don’t know how to change, even though they know that it’s wrong.
What can we do to STOP BULLIES?

- Teach your students to respect and treat each other right.
- Encourage students to let Little Johnny Join In.
- If a child tells you that someone is hurting, bullying theme; listen to that child and do something.
- If the child does not, teachers should try be aware of what is happening in their class.
- Get To Know Your Students
- Teacher speaks to the child or children that are bullying.
- Each situation is different. So, we must be creative in finding a solution.
- Nevertheless, We Must Do Something!!!!
