## FRESHMEN PLAN ANNUAL DANCE

**Carl Collins' Orchestra To Be Secured for the Affair, If Possible.**

The annual Freshman Dance is to be held in the Gymnasium on Saturday night, December 11, at 8:30 o'clock.

Plans are being made by Frank Zetterower, president of the Freshman class, and Willard Cartee, president of the Student Council. It was stated by Cartee that the services of Carl Collins and his orchestra would be secured if possible.

It was formerly the custom for the Freshman Class to present the upperclassmen with a banquet on the same night as the dance but this was found to be unsatisfactory. It was postponed until forgotten last year, and was officially done away with by the Dean this year. The banquet was a great deal of trouble and expense, and it was a wise move on the part of the Dean and the Student Council to discontinue it.

It will be definitely known later whether Collins will play or not.

## Physics Students Map Territory; May Get In Trouble for Actions

The noble art of hitch-hiking has been put to practical use by the men students of the physics class who are engaged in preparing a huge wall map of the roads, schools, and points of interest near Statesboro, as a prelude to Georgia Progress Day.

Each man in the class has selected a road as his responsibility, with roads to Metter, Claxton, Ogeechee School, Portal, Register, Nevils, etc., included. He will bring in information, photographs, and maps of the area included in his road. He will photograph typical science projects, interview school administrators, and prepare to present for Georgia Progress Day a complete account of the story of public education in the area of his selection.

The possibilities of this work are left to the imagination. Because the students can measure a mile by stepping it off, it is expected that the county jail will be full of S. G. T. C. students held for observation. The police report may read that a man was found walking toward the town of Ogeechee, counting to himself, in a manner to indicate a doubt as to his sanity. Other county police may bring in addicts who were found peeping through short pieces of pipe, and the students may find it difficult to convince the deputy that he was finding distances by triangulation. ## GRADUATES ARE WIDELY PLACED

**Largest Number Located Within Radius of 100 Miles From College.**

South Georgia Teachers College has presented students with 254 B. S. degrees since 1929, according to statistics revealed last week by Miss Viola Perry, registrar.

These graduates are scattered throughout sixty-seven counties in the state of Georgia. The largest numbers are in the counties within a radius of one hundred miles of the college. Thirty-six are working in Bulloch, twelve each in Chatham and Tattnall, eleven in Emanuel, nine each in Effingham and Screven.

Thirty of these graduates are out of the state and are teaching or have some other position in ten states. The states are Tennessee, Oklahoma, Alabama, Florida, Virginia, North Carolina, South Carolina, Oregon, Nebraska, New York.

## LIBRARY RECEIVES 500 NEW BOOKS

**Books Selected Vary Between Fiction and Educational Subjects.**

Over 500 new books have been catalogued by Miss Ray and her library staff during the month of November, most of which have been selected by faculty members for class work.

The social science division has contributed 51 new books and the class in English 401 has contributed 17 novels.

The new books purchased by the library cover varied fields. Some of the books are in the fields of art, music, stories of great speakers, home-crafts and aviation. A new book on aviation is called "The Fun of It," by Amelia Earhart.

A new book on journalism is called

## DR. PITTMAN HAS ANOTHER HONOR

**Becomes President of the Association of Georgia Colleges.**

The president of our college, Dr. Marvin S. Pittman, now has another honor to be proud of. He is the new president of the Association of Georgia Colleges.

Being vice-president, he came into possession of this office through the resignation of Mr. Skinner, of Augusta, who is to take a position in Tennessee.

The Association of Georgia Colleges is composed of about thirty junior and senior colleges of the state. year the meeting is tigyarethrhnm These colleges meet each year. Next year the meeting is to take place in Macon on January 28th. Dr. Pittman is preparing a program now to be presented at that time. It is an honor well deserved and S. G. T. C. is proud of him.

## DR. PITTMAN TO SPEAK THIS WEEK

**Will Visit the Counties of Miller, Baker, Mitchell and Colquitt.**

President Marvin S. Pittman will visit schools in four counties this week and fill two speaking engagements.

The counties he will visit are Miller, Baker, Mitchell and Colquitt.

Thursday, December 9, Dr. Pittman will go to Camilla, where he will give an address to the Mitchell County Teachers Institute, the subject is to be "Education For What" On Saturday, December 11, he will be one of the principal speakers at the annual meeting of the Rural Superintendents and Principals Association at Macon. His subject is to be "Adjusting Consolidated Schools to the Needs of Rural People."

## REFLECTOR THEME HAS BEEN CHOSEN

**To Be Informal Throughout, And Filled With Candid Camera Shots.**

A year at T. C. is the theme chosen by the Reflector staff of South Georgia Teachers College for the 1937-38 Reflector.

According to Harvin Mulkey, editor of the Reflector, the entire layout of the annual will be as informal as possible. For example, pictures of the faculty will not be made in formal poses, but while they are at work. The pictures of the industrial arts teachers will be made in the work shop, pictures of science teachers will be taken while they are at work in the laboratory and so on.

The annual will furnish as near as possible a typical year of college life. The book will be running over with candid camera views of students in natural poses.

According to the advertising manager, the advertising at this time is already more than that taken up for the entire year in the last annual.

## HOME-COMING

Home-coming should be the outstanding day of the year in any college. It should be a day on which as many as possible of the old grads can be back to renew acquaintances, get back into the spirit of college life, see the progress that their Alma Mater is making, and repledge their support to the institution to which they are so indebted.

In order to have such a Home-coming and make it the success we like for it to be, we must have it upon a day on which the largest possible number of the alumni can return to the college. Heretofore, it has been the practice upon our campus to have Home-coming at Thanksgiving. Upon that day this year we had what many consider the most successful reunion in the history of the school, still there was a relatively small number of our graduates back. It is our belief that this may be attributed to the inappropriateness of the day upon which Home-coming was held.

Thanksgiving is a day upon which students and alumni alike wish to be with their families that they may better observe the spirit of the day. Most of them will sacrifice the opportunity of visiting their Alma Mater in order that they may go home. More than this, the very fact that Thanksgiving is such a publicized holiday in itself robs Home-coming of much of the distinctiveness. Attention is often centered elsewhere than upon Home-coming. Besides family ties there are numerous other outstanding events in the state that draw our alumni.

We understand that the Alumni Association went on record as favoring changing the date of Home-coming to some other week end during the fall quarter. We endorse their stand. Some insist that it has become a school tradition to have Home-coming upon Thanksgiving. It is true that it has been customary to have it upon that day and there is danger that it may become a tradition. That is all the more reason why the day should be changed. We do not wish to establish any tradition that will be a drawback rather than a help to the school.

Ours is a young college with fine prospects for a splendid future. A strong Alumni Association is indispensable. We can do much to encourage the association by making it possible for them to attend Home-coming. Let us get behind the Alumni Association and support them in their attempt to change Home-coming to a more appropriate date.

# Diggings

The freshman girls seem to take the lead this week in this column.

In double harness these days:

1. Frances Hughes-Herschell Hammil.
2. "Froggie" Breen-Abie Green.
3. Mary Provell-Bill Parker.
4. Bobbie Brinson-Bartow Miller.
5. Katharine Gray-Copeland Ozier.
6. Tommy Gray-Harold Rigsby.
7. Frances Deal-Joe Joyner.
8. Katharine Gainey-Owen McKenzie.
9. Carolyn Smith-Ted Booker.
10. Carol Jones-"The Student Body."

Taking the lead from the above we wonder how often Bill Parker crosses his heart with a gold one and then changes his mind.

It seems that T. C. boys lack that certain something. We hear that two of our belles are altar-bound during the Christmas holidays, but not with any local "steadies."

Bill Gerken is showing his brunette with proud grins these days. Ah, fickle heart, anchored at last?

Jack Dies, we wonder if you ever heard the particulars of your picture disappearing from Sanders' Studio. We hear it's a secret crush.

Maybe Goat's Hart affair would have liked it better if Armstrong had won: Then Goat would have stayed on the campus over the week end.

Not long ago we heard Maxine, being very feminine, say she had a horror of insects. How about it, Roach?

Helen Lewis has expressed her opinion of T. C. a good many times, and they weren't very favorable. Is George changing her mind?

Priscilla, Ed and Chatham remind us of the good ole days when Sugar, George and Barton were here.

Something should be said as a word of praise to the couples on the campus who never get in this column. Of course, the breaks and split-ups merit a mention here, but it seems marvelous to us to see some who never change their mind.

"Red" Maddox has a new theme song, "You're in the army now." I wonder if Scrappy should get a uniform.

Now here is an inside story, folks, if you look at it right it's kinda funny in a way. You have by this time already noticed the name of Red Maddox, well Red got wind that this little item was going into the diggings about her. She wanders down into the George-Anne office and swipes it. The funny thing about it was, what she swiped was just a reproduction of the story which had already been turned in. You sure know how to keep your name out, eh, Red?

The boys and girls on the campus shouldn't worry, Miss Michael even gets after Mr. Kestler when he has a date.

An effort was made by the editor to get Lee Powell to write the dirt this week, but she wouldn't do it, it seems that nobody wants to be responsible for those really valuable tid-bits that appear in this column. And really no one is responsible except those who do things to make a little dirt possible.

What girls went off on a fish fry while Miss Veazy was in Atlanta last week?

Pages from the diary of Leroy Roughton:  
Monday, Met Juel.  
Tuesday, Met Sue.  
Wednesday, Met Doris.  
Thursday, Old Flame visited me on-campus.

## COLLEGE HUMOR

Virginia R.: "The players are all covered with mud. How will they ever get clean?"

Mulkey: "What do you think the scrub team is for?"

Miss Veazy: "Did you say something was wrong with my hot water bottle?" (This happened yesterday.)

Lestina: "Yes, I put some water in it and it isn't hot yet."

She: "Don't let my father see you kissing me."

He: "But I'm not kissing you."

She: "Just thought I'd tell you in case."

Old Maid: "Officer, this man tried to flirt with me."

Officer: "Get along, buddy, no drunks allowed on this beat."

"What do you do when a duck's sick?"

"Send for a quack doctor."

Hazel B.: "The music is fine, but isn't the floor slippery?"

Bill P.: "It isn't the floor, I've just had my shoes polished."

"Higgs did not stay long when he called on you at the office?"

"No, he wanted to borrow five dollars."

"I see, a case of touch and go."

"Why do you persist in saying that lightning will strike the front end of a street car?"

"Because the motorman is a non-conductor."

A cameraman decided to take some slow motion movies, but he won't take them again in a hurry!

"Since my sister took that reducing course, she doesn't have to worry about what the scales say."

"Well, that must be a weight off her mind."

"Of course, I'll be liberal with my money after we're married, darling. I'll spend it on you as fast as I make it. Now, what else do you want to know?"

"How fast do you make it?"

In the old days you would have a party and talk about it for a week. Now you have a party and are talked about for a month.

That superstition about three on a match being bad luck started with the first groom who got a wife and a father and mother-in-law.

Two rash students were engaged in a heated argument:

Student No. 1: "You're the dumbest person I ever saw."

Absent-minded professor (hitting on desk testily with his fist): "Gentlemen, you forget that I am in the room."

Thereupon the students were subdued without a ripple.

"My eyes arouse longing in women."

"Yes, a longing to take a poke at them."

## SPORT SLANTS

By STUFFY STEWART

Well football is over and our attention is turned to the fastest and hardest (on fans as well as players) game of the intercollegiate sports, the well known game of basketball.

Last year our team lost its only pre-Christmas game to Armstrong and didn't lose another until the finale in Macon to the Mercer Bears.

This year we have only seven men back from last year's varsity squad of seventeen. We have sent three other men out to make a total of ten this year and if anyone misses practice we won't have enough to scrimmage. However, we do have three men capable of playing varsity basketball. They are here on athletic scholarships, and yet have either been forgotten or the shrubbery is in awful shape because they have been given the name of "Bush-whackers."

### In Hopes of Training Tables for Basketball Players, and With Apologies to Mrs. Landrum.

We ate, you know, twelve boys to a table during the football season. We got two plates of nearly everything because of our manly appetite and the hard work we were doing.

We came back after holidays to sit down to just one plate and a general fight for it.

Now, basketball is harder on one than football ever will be. One has to be in almost perfect physical condition to play basketball and it's hard to do without enough to eat.

And so I beseech you Mr. Henderson and your dining hall committee, please put us at a training table after Christmas. And until then, heaven help this stomach of mine.

I hope the college students, boys and girls, can appreciate the fine spirit shown by the football team in coming back to win after it had lost so many games, since the dismal failure of the speedball and touch football tournaments. It is hard to lose and laugh it off and come back for more; isn't it, boys and girls,

## PEMBROKE WINS OVER FROSH TEAM

Lack of Experience and Over-eagerness is the Excuse.

The Freshmen boys' basketball team took a journey to Pembroke to engage a small, fast, and experienced team in a hard-fought game last Wednesday night. The Blue Shower was the victim of over-eagerness and lack of practice.

The Pembroke team had five or six games under its belt before the Freshman game and had a well oiled high school machine. They were especially good on this man-to-man defense and a fast-breaking offense.

Morgan, captain and ace sharpshooter was the best man on the floor for his team and scored ten points, while none of the freshmen were outstanding. Clifton and Thayer were the most cool-headed, and Clifton led the Teacher scoring with six points followed by DeLoach with five and Rape with four.

The Line-ups:

Pembroke	Pts.	Freshmen	Pts.
f Morgan	10	f Malone	2
f Anderson	6	f Battle	...
c Downs	4	c Shearouse	...
g Brown	2	g Thayer	...
g Thomas	2	g DeLoach	5
		c Clifton	6

## BOXING PROSPECTS ARE LOOKING GOOD

Matches to be Arranged Shortly After Christmas Holidays.

According to Coach Johnnie Deal prospects of the boxing squad look better than ever before. Arrangements for the first match to be held here two weeks after Christmas are now in progress.

Lettermen returning this year are Brantley, Strickland, Waters and Deal. There are also several new men, whom Manager "Pineapple" Bacon reports shows real promise, especially Ben Hodges and I. Q. Bragg. Altogether there are fourteen men reporting to practice.

As there are several open dates, Coach Deal would like for anyone knowing schools where matches could be arranged to either see or write to him at an early date.

## SOPHOMORES RETAIN POSSESSION OF FLAG

History was made on Thanksgiving day when the Sophomore Class retained possession of their flag. The same spirit was exhibited on that day that has been shown all through the year, a spirit of sportsmanship. Now that the "Rat" season is over the Freshmen are free men. Their heads need not be bowed because of

## PENT HOUSE TEAM NEW CHAMPIONS

Crush Pi Nu's In Last Game To the Tune of 26-6.

The Pent House ended its season in a blaze of glory Thursday afternoon defeating the Iota Pi Nu by a score of 26-6. This gave them the league championship with six wins, no ties and no defeats.

The game was hard fought from the beginning but it was evident that the Pent House gang did not intend to have their league championship taken from them. Carl Collins, with plenty of rhythm in his bones, made the only touch down for the Pi Nu's.

The Pent House has had the advantage over the other teams all season due to the fact that they've always had a full team on the field at game time.

This game officially ended the season and no more games will be played this year.

The league was somewhat of a failure due to the lack of interest shown by some of the teams and it is certain that before a league is organized next year that the captains of the competing teams will agree to drastic penalties to be laid down on teams who forfeit games for no good reason.

It was the annual custom a few seasons back for a chicken supper to be given to the championship team. It is not certain whether this will be done this year or not. If not these players should at least get to see their names in cold print. They are: Guards, Sowell and Sheley; ends, Caruth, Rape and Carter; center, Gerken; backs, Bowen, Carruth, McCormack and Henderson.

Standings:

Team	Won	Lost	Tied
Pent House	6		
Sneed	3	1	1
Delta Sigma	2	1	
Mixon	3	2	
Iota Pi Nu	1	3	1
Sieg		4	

defeat on Thanksgiving for they put up a gallant fight although they were outnumbered. Soon the Freshman Dance is to be given, it is a token of esteem presented to upperclassmen every year by the Freshmen.

### SOCIAL DANCING CLASS

The Social Dancing Class entertained with a dance in the Gymnasium on Saturday night.

## ONLY SEVEN OF VARSITY RETURN

Basketball Practice Is In Full Swing, However, With Seventeen Men At Work.

Varsity basketball practice is in full swing! The Blue Tide hopefuls have begun getting their eyes on the basket and the feel of handling the ball instead of the oval pigskin.

There is a noticeable lack of last year's varsity men. Only seven of seventeen men having returned.

There will be no games for the varsity team before the Christmas holidays. The first game for the Teachers will be with Armstrong the week after the holidays and is to be played in Savannah.

The lettermen returning are Golden, Sowell and Stewart. Other varsity men are Miller, Hamill, Robertson and Rigsby. New men are Moss, Faircloth, Carter and Heckle

are students who say they are worried about getting so far from Statesboro that they will not arrive back in time for their classes. One student is seriously considering writing his report on what it is that keeps the Dover bridge from falling down. He says a new physical principle probably is involved, and refers to Buck Rogers' degravitation apparatus. There is another student who claims to be able to map the turns of the Ogeechee river. One man is working on the problem of what keeps the negro shacks light when it rains and the board windows are closed.

Mr. Robert Moss has probably assumed the most difficult part of the work. He is preparing a map showing where the roads near his home go. He says the only person that knows is Coach Smith, and he won't tell.

The purpose of the visit is to become acquainted with the faculties and students of the different schools and the problems facing them. He will visit as many different schools as possible in each county.

**DRAMATIC CLUB PLAY IS SUCCESS**

"The Late Christopher Bean," Given Applause By Students.

"The Late Christopher Bean" lived up to all expectations and was presented with huge success on Wednesday night of last week.

The plot centered around the home of Dr. Haggert in a small New England town. Dr. Haggert had once befriended Christopher Bean, who died owing him a doctor bill. All that Christopher Bean left in the world was a group of apparently worthless paintings. Long after his death the paintings were found to be valuable. After this, art mongers and crooks gather at the home of Dr. Haggert in a mad scramble to gain possession of the paintings, they also furnished the students who saw the play a very enjoyable evening.

Humor and sadness were well mixed. Examples of the New England humor kept the audience in a happy frame of mind, but even those of the "hard-boiled" class were considerably softened when Abbey showed her love for Christopher Bean to be greater than riches, which she could have gained by selling his pictures.

The entire cast is to be recommended on such a splendid performance. It was evidently the result of hard work and able direction.

The cast: Dr. Haggert, J. L. Faircloth; Susan, Lestina Stanley; Abby, Alma Mount; Mrs. Haggert, Carolyn Oliver; Ada, Kay Brice; Davenport, Thad Hollingsworth; Tallant, John Allen; Rosen, Wilmer Harrison; Warren, William McLeod.

The Rosenwald Club holds the honor of presenting the first donation. It was a check for fifty dollars.

The drive for donations was started after Dr. Pittman had read the letter from the sensitive soul in chapel last Monday. However, the original start was made by Dr. Philip Welter, former chancellor of the University System, when he presented Dr. Pittman with a check for thirty dollars last June.
