November 19, 2015

The Georgia Southern University Online MBA has been named among the best online MBA programs 2015-2016 by AffordableCollegesOnline.org in its third annual ranking for Best Online MBA Programs. Ranked in the top 30, this Online MBA ranking comes right behind the online Master of Science in Applied Economics ranking.

AffordableCollegesOnline.org is a leading resource for online learning and college affordability information. According to the ranking organization, ranked schools must meet the following criteria:

- Must be a public or private, not-for profit institution
- Must offer at least one fully-online bachelor's degree program
- Academic and counseling services
- Job placement for graduates

“The stigma surrounding online programs is fading in the job market, and more employers are hiring candidates with online MBA degrees,” said Dan Schuessler, CEO and Founder of AffordableCollegesOnline.org. “Which means these institutions are preparing the next generation to be an integral part of our workforce.”

Affordable Colleges Online distinguishes its ranking scale using Peer-Based Value (PBV), which compares the cost of each program to the cost of similar programs with the same qualitative score. To view the rankings in its entirety, go to www.affordablecollegesonline.org/degrees/mba-programs/.
