## I. R. C. INVITED TO MEET HERE IN 1938

FIVE DELEGATES WILL ATTEND MEET.

The 1938 Southeast Conference of the International Relations Club has been invited to meet at South Georgia Teachers College next spring, according to Dr. C. M. Bestler, faculty sponsor of the I. R. C. group.

The S. G. T. C. delegates to the conference to be held at Vanderbilt University, Nashville, Tenn., March 4th and 5th, will present the invitation, and plans for the meeting to be held here. The delegates are Jewell Vandiver, Lamar Wiggins, Harvin Mulkey, Dr. R. J. H. DeLoach and Mr. Mark Scully.

Among the principal speakers at Vanderbilt will be Dr. Charles G. Fenwick, professor of political law at Bryn Mawr; Dr. Ernest B. Price, of the University of Chicago, and Miss Amy Hemingway Jones, division assistant of the Carnegie Endowment. Miss Jones is in charge of I. R. C. work and will take an active part in the program.

"The Far-Eastern Crisis," "The Deadlock in Europe" and "Isolation" are some of the topics that will be discussed.

International Relations Clubs are groups of students organized under the auspices of the Carnegie Endowment for international peace in universities, colleges and normal schools for the study of international problems.

See I. R. C., page 2

## READING CLASSES IN THREE GROUPS

Started Wednesday, To Continue To End of Term.

The reading classes to be conducted for those students who are deficient in speed and comprehension, began Wednesday afternoon of last week and will run through the rest of the term.

The classes for those students who are low in speed and comprehension, will be conducted by Miss Houx, Miss Woods and "Aunt Sophie." There will be different hours for the classes and the students can choose the time most suitable for them.

The classes for students low in speed will be conducted by Mrs. Guardia, Miss Edenfield and Dr. Shearer.

There will also be classes for those students who are superior in speed and comprehension, and who want to improve still more. These classes will be conducted by Dr. Stroup and Dean Henderson.

## GEORGIA PROGRESS SPEAKERS

E. LAURENCE PALMER

HANOR A. WEBB

## FOURTH ANNUAL PROGRESS PROGRAM HERE MARCH 11-12

With two outstanding American scientists as the principal speakers, the Fourth Annual "Georgia Progress Days" program will be given here Friday and Saturday, March 11 and 12. The theme of the 1938 program is "Science in Georgia Progress" and the Division of Exact Sciences will have charge of the program.

The two main speakers at this year's conference will be Dr. E. Laurence Palmer, of Cornell University, and Dr. Hanor A. Webb, of George Peabody College. Dr. Palmer is professor of Rural Education at Cornell and also editor of the Cornell Rural School Leaflet. He is a past editor of Nature and Science Education Review and is the author of a number of nature books. He specializes in teaching Nature Study and Science. Dr. Palmer will be the speaker on Friday evening at which time he will give an illustrated lecture on "More and More of the Out of Doors." Saturday morning his subject will be "Read Books Before Books."

Dr. Webb, now chairman of the Division of Science and Mathematics at Peabody College, has been on the staff at Peabody for twenty continuous years. Dr. Webb's outside activities in the field of science education are very numerous. He is joint author, with colleagues, of two text books in General Science. He has edited the classroom paper, "Current Science" for ten years. He is also science editor for the publication, "Education." Dr. Webb will speak on "Anaemic Science—Its Cause and Cure" at the Saturday morning program.

The 1938 Georgia Progress pro-

gram will begin at 2:30 on Friday afternoon with the exhibits. There will be exhibits on Chemistry in Industry, Biology Teaching Aids, Model Farm, Industrial Arts Display, Educational Survey Display, and Science News Reels. At 8 o'clock in the evening there will be a program in the auditorium with Professor W. S. Haner presiding. Preceding the illustrated lecture by Dr. Palmer the college chorus will present several numbers. Following the lecture there will be a social hour.

The program on Saturday morning will begin at 10 o'clock in the auditorium, with President Marvin S. Pittman, presiding. The college orchestra will give several selections. This will be followed by a forum on "The Teaching of Science in Georgia Schools." Following the forum will come Dr. Webb's address, followed by Dr. Palmer's address. Following the addresses there will be discussion led by H. Ashton Varnedoe, of Savannah. At 1 o'clock the college will be host at a complimentary fish fry and barbecue.

## DEAN HENDERSON VISITS GEORGIA STATE COLLEGE

Dean Z. S. Henderson was the assembly speaker at the Georgia State College in Savannah Friday. His address was made to the students and faculty of the college.

Dean Henderson spent Friday visiting the college at Savannah. On Sunday he went to Manassas, where he was a speaker on a Baptist association program.

## PITTMAN, DOWNS SPEAK AT N. E. A.

TO ADDRESS MEETING ON RURAL EDUCATION

In Atlantic City, this evening, President Marvin S. Pittman will be the dinner speaker before the section on Rural Education at the National Education Association. Professor W. L. Downs will also address a sectional meeting at the N. E. A. this week.

Dr. Pittman and Mr. Downs, accompanied by Miss Jane Franseth and Miss Kate Houx, left the campus last Tuesday for a ten-day trip in the East. During last week these four visited schools in Maryland and New Jersey. They are now attending the annual meeting of the Department of Superintendents of the National Education Association in Atlantic City. The meeting began February 26 and will continue through March 3.

Dr. Pittman will speak on "Factors Affecting Country Life in the United States" at the annual banquet of the Department of Rural Education this evening (Monday). Mr. Downs, later this week, will address the Department of Supervisors in the Field of Teachers Training and Director of Instructors. His subject will be "The Co-Operative Program of South Georgia Teachers College in the Field of Teacher Training."

President Pittman, Mr. Downs, Miss Franseth and Miss Houx are expected to return to the campus Thursday.

## MODEL FARM WILL BE EXHIBITED HERE

Students Are Working On Progress Day Display.

A model farm constructed by the students of Industrial Arts, Agriculture and Physical Science classes will be one of the main items of interest to visitors on Georgia Progress Day.

The farm, which will be exhibited in the lobby of the auditorium, is constructed on a 11x11 basis.

Everything is to be made by the students of these three classes. Seeds will be planted in the field so the crops will be in evidence. Tiny tree seedlings will be set out to form the woodlot.

Quite a bit of work is being put on the project and the students will have a nice bit of work accomplished when it is completed.

The Supervisor, on entering the Home Economics class, exclaimed: "My, but isn't nice to see so many bright, shining faces." Immediately a small battery of powder puffs went to work.

## Editorial Staff

Ed Zachert, Frances Cone, Wyatt Bonner, Lee Powell, Eloise Mincey, Robert Miller, Marjorie Mattox, Homer Blitch, Almand Roach, Nicholas Dunbar, Harris Rape, D. R. Barber.

Congratulations to Dr. and Mrs. C. M. Destler.

We have been asked to run a short story contest. What do the students think of the idea? The limited space in the George-Anne would eliminate long stories and very few of the best short stories could be printed. If there is enough interest we are ready for a contest, however.

With all the building construction, ditching, and other improvements underway on the campus Teachers College looks like anything but a place of learning. The George-Anne is more than happy to see this work going on, and surely the college would be at a standstill if there were no physical progress.

This issue of the George-Anne is edited and published by the students in English 305, Journalism. Every member of the class had a part in the production. It is the hope of the college that students graduating with some training in journalism who enter the teaching profession will help to establish a school newspaper in every school in Georgia.

Did you ever stop to think that millions have no literature, no school and almost no pulpit but the press? Not one man in ten reads books, but every one of us, except the very helpless poor, satiates himself every day with the newspaper. It is the parent, school, college, theatre, pulpit, example, counsellor, all in one. Every drop in our blood is colored by it.—Henry Ward Beecher.

The primary function of newspapers is to communicate to the human race what its members do, feel, and think. The school newspaper has the same function for the young men and women of school and college age. The students, faculty and particularly the Publications Committee of Teachers College is anxious to have one of the best college papers in the South on our campus. The Publications Committee urges every student enrolled to contribute to the George-Anne. Within a few weeks the staff for 1938-39 will be selected. There are many on the campus who have never contributed one line to the paper who, we feel sure, should be on the staff. Certainly, it would be a fine thing, if every student in college had an item published at least once during the school year. **Sign up for work on the George-Anne and let the editors know that you are interested in working on the paper.**

## S. W. LEWIS

In the sudden death of S. W. Lewis on the morning of February 8, South Georgia Teachers College lost one of its loyal supporters. He served as a member of the Board of Trustees from November, 1925, until January, 1932. The minutes of the board show that he was present at every regular meeting during this period. From May 4, 1927, until January 1, 1932, he served as financial adviser of the executive committee of the Board of Trustees. He was keenly interested in the welfare of the institution and gave much of his time in helping formulate wise financial policies. When the Board of Trustees for the state institutions were discontinued January 1, 1932, and their function assumed by the Board of Regents, Mr. Lewis continued to give his loyal support to South Georgia Teachers College. He was still willing to take time from his business to talk of the problems and program of the college and to offer helpful advice. He was intimately connected with every worthy cause in this community. By his life of service he showed us how to live according to the Master's pattern.

Z. S. HENDERSON.

## GEORGIA PROGRESS PROGRAM

"Science in Georgia Progress" will be the theme of the fourth annual Georgia Progress Day, which will convene here March 11th and 12th. Therefore the students who are interested in science should show an unusual amount of interest in promoting a very good program.

It would be a good investment if every student in college would attend at least one meeting. Although this college especially emphasizes sciences, quite a few students have no knowledge whatsoever of the subject.

If the students can bear to sit through some of the meetings, they will be surprised how interesting it will be.

## BRING THE I. R. C. HERE

The Southeastern Conference of the International Relations Clubs has been invited to convene here in 1939, and will do so if the arrangements for accommodations can be made. There will be one or two hundred students, faculty advisers and speakers for the occasion. This is one of the things the faculty cannot do alone, and the help of the entire student body has to be assured before the conference can be attempted.

It means a great deal to this college and if the students share Dr. Pittman's enthusiasm for a "greater institution," they will do all they can, beginning now, to help put this thing over.

Congratulations to the W. A. A. We are delighted to receive the news that the council will send delegates to the Georgia Association, Federation of Colleges for Women conference which will be held at Wesleyan College, Macon, March 4th and 5th. The delegates will be Priscilla Prather and Ruth Clark. Miss Susie Hammack will accompany the delegates as faculty representative. The University of Georgia, Lagrange College and Teachers College will lead a discussion on "Competition."

## Columnette

By C. D. SHELEY

A good man is one who never had a chance to be bad.

Prediction: Paul Lewis will become a great novelist.

Scoop: Investigation of the official score book reveals that T. C. did not lose 32-33, but won 33-34 in the game with the College of Charleston. Just another mistake of the score-keeper.

It is better to have boxed and lost than never to have boxed at all, sayeth T. C.'s boxing squad.

You will find the dirt column on page 4. How do you like it? (P. S.) Don't tell me!

Buck Willard stole the "Bush-Whackers" show with his wheelbarrow. He carried his part off so well.

Needed: More humor of the Guy Wells' type in chapel.

Suggestion to Increase Chapel Attendance: Let Carl Collins and his orchestra play on every program.

Criticism: Something a critic does to keep from being criticized.

## SIDEWALKS

Sidewalks of T. C.! Sidewalks upon sidewalks — not actually, but — well, wise, were made by the Industrial Arts class, under the direction of Mr. Hostettler in the last two or three weeks between West Hall and the Administration Building and from West Hall to the sidewalk that runs in front of the Administration Building. There were really only two.

Several of the boys said they liked the work, but it was a bit too hard. Heaven help you later on, my boys!

The first "construction job" was completed in two weeks. The one from West Hall to the Administration Building—but the workers think they finished up the last walk in little less time.

A nice, clean (for a little while, anyway), new sidewalk to the Little Store would be mighty, mighty nice. How about it, Mr. Hostettler and you boys?

## "NATION PHILOSOPHY"

"Are we going to have any hot water tonight, Uncle Nations?"

"Well, I don't know, ma'm. I've got to go set up with them daid hogs!"

## ALUMNI LUNCHEON

The alumni of S. G. T. C. will have a luncheon at the Piedmont Hotel in Atlanta Friday, April 16th, during the meeting of the Georgia Education Association. Reservations should be made with Miss Iris Roberts, secretary, Collegeboro, Ga.

## I. R. C., from page 1

lems. There are 840 clubs organized all over the world. The United States has a majority, although clubs are organized in thirty-two other countries.

Twenty-one universities and colleges in Georgia have been invited to send representatives to the conference.

JEFF STEWART  
Sports Editor

## .. SPORTS ..

## SPORT SLANTS

By JEFF "STUFFY" STEWART

Unless someone takes some drastic measures and T. C. has a baseball team, this correspondent along with "Tiger," "Robby" and "Flash," has finished his intercollegiate career. It will really feel funny next year seeing the different games played, but not being able to take part then. But here's luck now, to the basketball squad of 1939.

Have you noticed how smart Woodrow has been in class the last few days. Well the story leaked out that he fell in the ditch by the Little Store while blowing his horn and fell on his head.

I understand that there have been twelve teams entered in the intramural tournament this year. There should be a fast brand of ball displayed by some teams, especially the faculty with Wrinkle, Coach, Destler, McCormack and the Dean as a starting line-up.

I understand that the Journalism class is to put this edition of the paper out and I've been requested to cut this column short so there will be room to have the "Feminine Fashion Revue" at the bottom of the sports page. So we close with: We would like to see you, each and everyone, at the intramural tournament beginning this afternoon at 4. But, please, please lay off the referee.

Teachers Win Final  
Game of Season, 36-21

The Teachers closed a successful season with a 36-21 victory over Armstrong Junior College of Savannah last Friday night in the T. C. Gymnasium.

The second team had as much success against the Geechees as the first team. The score at the half was T. C. 16, Armstrong 12.

## Teachers Wind Up a Big Year

Courtesy, Savannah Morning News.

Here is the 1938 Blue Tide basketball squad snapped as they ended the season in competition with strong opposition. The Profs came up with ten victories and two defeats scoring 596 points to 440 for their opponents. The men are: Left to right, front row, Miller, Rape, Stewart, Robertson, Smith, Rigsby, DeLoach (Mgr.); back row, Sowell, Bagley, Coach "Crook" Smith, Heckle, Faircloth, Warren, Hamil.

Tidemen Lose To  
Charleston 33-32

The Blue Tide lost its second game of the season to the College of Charleston by a one point margin 33 to 32 last Wednesday on the Teachers court.

The Teachers were badly off form in their passing and shooting.

Boxing Squad Wins  
Three Out of Seven

The Prof boxers took three out of seven bouts from the University of Florida here Friday evening. All fights went three rounds to a decision with the exception of one in which Captain Ben Ford, of Florida, knocked out Ben Hodges in the first round.

In the 118-pound class, J. W. Bragg won on a decision over Ashby Moody, of Florida. In the 128-pound class Jack Murphy won over Cecil Waters on a decision. Winston Byrd, of the Teachers, lost a decision to Dick Lassiter in the 138-pound class. It was in the 148-pound class that Captain Ford scored a knock-out over Hodges.

Tennis Tournament  
Will Begin Today

The annual tennis tournament which begins today, has prospects brighter than those in many years, according to W. S. Hanner, director of the tournament.

The teams should be well balanced as there are a large number of players of equal ability. There are nineteen people who have reported for practice.

Hugh Hodges of the 1936 team is back in school and will be trying for a position. Copeland, Ozier, Bill McLeod and Owen McKenzie, of the 1937 team are out to defend their position.

Other students competing for places are M. E. Alderman, Ed Perryman, John Allen, Bobbie Carrol, Frank Zetterower, James Thayer, Edwin Humphrey, Pinky Perryman, J. O. Wingard, Joe Jardine, Homer Blich, B. H. Ramsey, C. W. Graham, Pat Colquitt, Albert Braswell.

Captain Strickland, of the Teachers, lost to Roy Welch in the 158-pound class, and Price came back in the 168-pound class to win for the Teachers over Morris Singer. In the final bout, 178-pound class, Estes was given the decision over Harvey Long, of Florida. Byron Dyer was the referee.

Begin Play Today In  
Basketball League

The first game of the intramural basketball league will be played this afternoon at 4:15 in the Gymnasium between the Freshmen and the Mixon teams.

The winner of the first game is matched with the Penthouse team. Other pairings will find the Bush-Whackers playing the Delta Sigmas, Abelson's team against the Iota Pi Nu, the Faculty matched with the X Club and the winner of the Faculty-X Club game furnishing opposition for Smith's "Cut Ups."

The Faculty team, before the tournament begins, is claiming the championship, but—watch the "Cut Ups," the Mixon, etc.

## DIGGINGS

With spring holidays and fraternity house parties drawing near, there are some interesting speculations being made and reminds us of piano-chasing Major Cowart, etc.

For some time the dirt column has been suffering from the lack of material, but you gossip-mongers must remember business picks up in the spring.

We'd like to know how much Gerken would pay to keep certain information concerning an epistle (or epistles?) from the "Present" Cason.

Your columnist remembers hearing about the beautiful Mixon say "Hence forward, I'm off women!" when Tommie Gray gave him the "go-by"—but look at him now!

Carol can't explain the "guilty look" when Miss Ray walked unexpectedly into the Health Cottage and into her fete-a-fete with Jardine. Girl chases boy. Girl catches boy. We wonder!

Can it be that Cone is caught between two loves—the old and the new? Scruggs probably should have stopped to verify the report that Len had gone Sunday night instead of rushing over, shouting "Get out the way, Annie B. Cone called me!"

While Emmit goes gallivanting to Douglas, L. C. Lee carries on his heavy work. She's only a freshman, Stape, and remember Herschel.

Eternal triangles always create interest—but, especially when two of the principals are D. S. and Pi Nu. Oh, well, Roy, maybe Mary's another of Nattie's passing fancies.

The all-seeing, ever-watchful eye of Miss Veazy detected a couple strolling from the Little Store with arms wound armourously around respective waists. Ah, for privacy on moonlight nights!

Little Nell wanted Nattie to think she was just being hard to get when she refused to go on the D. S. picnic. Really, Nattie, the low-down is, she was campused.

First time to bat, Dr. Destler scores a home-run. Coach still has three strikes on him. Girls are sweet sometimes, even Miss Mae will admit.

Chatham Alderman hasn't made a comeback since his unfortunate affair last quarter. You can't be strong and silent forever, Chatham, because "in the spring a young man's fancy"—and all that.

Katherine and Sis seem to be making life worth while for two Bills again. It's discouraging that Cope doesn't succumb to anybody's wiles. Maybe he hasn't heard that to be safe from pursuit is to hide behind a woman's skirts.

The Training School is probably due for a revolution in teaching methods when Jeff Stewart, Abie Green, Robbie, Ben Jones, etc., take up their pedagogical duties.

That's all the printable material this time—for complete details keep your eyes open any dark night.

## SOCIAL NEWS

The Epicureans were entertained Tuesday night with a feast by Tommie Gray, Elizabeth Zeagler, Frances Hughes and Catherine Gray.

The Dux Domina were entertained with a feast Thursday night by their new members and pledges. Plans were made for a dance for Saturday night at the Woman's Club. Carl Collins and His Professors will furnish the music.

The Delta Sigma fraternity had a picnic at Johnnie Deal's cabin last Saturday afternoon. Among those attending the affair were Leroy Cowart, Alice Hill; Frank Aldred, Mary Mercer; B. H. Ramsey, Anne Breen; James Thayer, Annette Coalson; J. Brantley Johnson Jr., Margaret Ann Johnston; Frank Zetterower, Bobby Smith, Gerald Groover, Lil Baldwin; Abie Green, Froggie Breen.

The D. L. D. sorority entertained Saturday night at the Woman's Club with a barbecue supper at 7 o'clock, which was followed by a Log Cabin dance.

Members of the sorority and their dates for the occasion were: Julia Reese, Roy Rabun; Joe Johnston, Bobby Carroll; Thelma Harrison, Herschel Hamil; Byrdelle Harrison, Eugene Heckle; Virginia King, Paul Robertson; Gladys Thayer, Horace McDougald; Doris Wallace, Leroy Roughton; Mary Brigham, Jim Warren; Vernice Bacon, David Proctor; Sue Zetterower, Hugh Hodges; Elizabeth Edenfield, Leonard Kent; Kitty Gardner, Jeff Stewart.

### BASKETBALL SPONSORS

Mrs. P. D. Landrum and Kitty Gardner were selected as sponsors for the basketball team last week when the squad had a meeting for that purpose.

Mrs. Landrum is the faculty sponsor and Kitty is the student sponsor for the team.

This is the first time in several years that the basketball team has had a sponsor or sponsors.

Both, Mrs. Landrum and Kitty, have either gone with or followed the boys to several of the games that were played away from their home court. Both, however, missed the last game which was played in Dublin Monday night with the Celtics.

### METHODIST BOARD SECRETARY SPOKE HERE WEDNESDAY

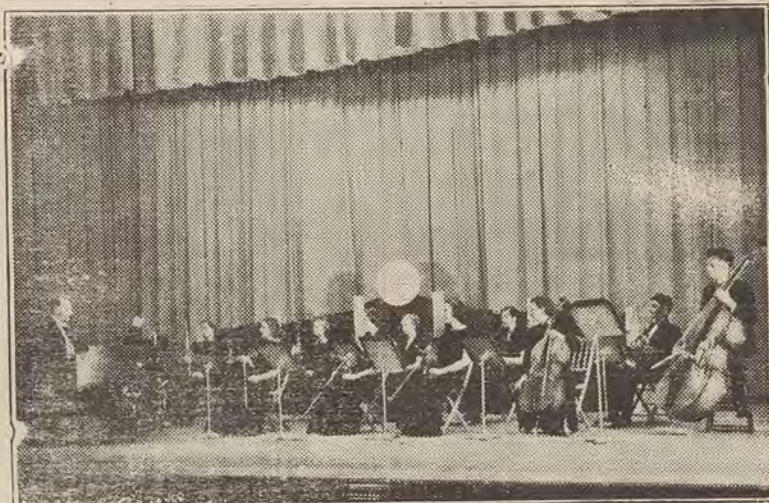

W. G. Cram, general secretary of the Methodist Board of Missions, spoke here Wednesday night on "Imperialism in Africa."

Following the speech the Y. W. C. A. and the Y. W. C. A. entertained with an informal tea in the back of the auditorium.

### LAST-MINUTE FLASH—

Froggie and Abie would have to wait until after the dirt column was written for the big "split-up" That accounts for the special publicity. Moral: Never break up after Wednesday noon.

## ELECTRIC ORGAN WILL BE FEATURED IN CONCERT

### Chamber Orchestra In Concert Tonight

James Robert Gillette, distinguished organist, composer and conductor with his Chamber Orchestra of ten artists will be presented in the college auditorium this evening in a program which unites the electric organ and orchestra.

Mr. Gillette has long been recognized as one of America's greatest virtuoso organists. With the advent of the electric organ he began experiments with the organ and a Chamber Orchestra consisting of flute, oboe, clarinet, bassoon, French horn, first and second violins, viola, cello and contra bass. His success was instant!

The concert will be the last of a

series of lyceum attractions presented at the college for the 1937-38 season. The program will begin at 8 o'clock.

Who was sorry when the prodigal son returned?

The fatted calf!
