ORIGINAL NEW YORK CELTICS PLAY HERE NEXT MONDAY NIGHT

SCHEDULE GIVEN BY COACH SMITH

Only Four Games To Be At Home According to Present Schedule.

The tentative schedule for this year's edition of the Blue Tide basketball squad has been announced by Coach B. L. (Crook) Smith. Always a threat to larger schools the men who fight for the blue and white find several of the larger institutions missing from the schedule.

So far eleven games have been listed for the future with the probability that more will be added. Only four of these games are at home. The next resumption of hostilities will take place Saturday night with Cochran here. Then comes the outstanding game of the season with the New York Celtics to be played here next Monday night. As usual snappy preliminaries will be arranged. The Profs and the Celtics will meet for a second game at Rentz the following day. The Celtics have always been a drawing card here, providing many laughs as well as lessons in the art of basketball. Last year the entire Teacher squad played the Celtics.

RUSSIANS GIVE FINE PROGRAM

Sing Many Beautiful Songs In Third Lyceum Number Of the Season.

The Russian Cathedral Quartette rendered a splendid performance in the third lyceum of the season in the college auditorium last Monday night. A large and appreciative audience requested encore after encore. A knowledge of music was not necessary to enjoy the melody and harmony of the varied program.

In an interview after the performance Nicholas Vasilieff, manager of the company, stated that he was well pleased with the reception he had received and the music appreciation of the students; especially for the more difficult numbers. He compared our Georgia with his native Georgia in Russia and stated they were very much the same in beauty. Russians put their heart and soul into music when they sing, according to Mr. Vasilieff. He also believes there will be a war with Japan in the near future. He told of the conditions in Russia pertaining to freedom of speech were very bad when he visited

Band Preparing For Annual Spring Tour

T. C.'s band, with over thirty members reporting for practice, has begun preparation for its annual spring tour, according to Mr. Harris, director. He indicated that this year's tour would probably be longer than previous ones and that the band would give full concerts in several of the large towns. The complete schedule is not available at this time.

Several new members are expected for the band this term as a number of students have begun taking lessons in band instruments, both privately and in groups.

ART EXHIBIT NOW IN NEW LIBRARY

Miss Hogarth Secures Fifty Pictures for Second Exhibit of Year.

The fine arts department of the college, under the direction of Miss Lillian Hogarth, has secured from the Art Students' League, in New York City, a collection of fifty original watercolors and prints of various mediums, for its second exhibition of the year. The pictures, done by students and associates of the league, will be displayed in the north and south ends of the ground floor of the new library until January 23rd.

The pictures are grouped according to the artists. Just as people have different styles of handwriting, it will be interesting to note the different styles used by the twenty-five artists who have done the watercolors, etchings and lithographs of this exhibit.

Included in the watercolors are "Havana" and "Locomotive," painted by Reginald Marsh, whose biography and work are featured in the art section of Life Magazine, January 9. Others works by increasingly popu-

"Let him that thinketh he standeth take heed lest he fall."—I Corinthians 10:12.

Another new quarter and another new chance to make good.

The Pent House gang will probably be wearing their new letter T's before long.

It is hoped that our basketball team will uphold its fine record from past seasons this year.

It is with particular pride that we point out the fine scholastic record made by the George-Anne staff for last quarter.

More men than women made the fall Dean's List. Does this prove anything? We wonder what will happen this quarter.

If possible every student should grasp the opportunity to observe in the Laboratory School, whether they plan to teach or not. The liberalism and true democracy would amaze you. Real problems are brought out and faced, not hidden in the dark. The actions of the students are regulated by their own student government. Real progress in education has its beginning right here on our campus.

CYNICAL?

The young people of these United States are being prepared for the next great war. We are flooded with every type of propaganda from every possible source on earth and high heaven. We can hardly wait to discover what we are going to make the world safe for this time. We must close our minds and open our mouths to swallow anything the masters of the propaganda art hand out. If we find this hard to do we have but to look back to the hectic days of 1917. But it won't be hard to do. Today we listen to Dorothy Thompson, Harold Ickes, and all the others. Tomorrow we will be shedding our blood, fighting for some glorious cause that we have been taught to believe in; while they shift to an easier position and murmur, "Ah, How Noble!" It isn't difficult to be cynical when we are to be used for cannon fodder. But why should we worry? Every year, one of us who is lucky enough to be blown into a few extra bits will have a nice green wreath placed upon his grace.

We young people are patriotic, we are willing to die for our country. But there is one thing we ask: If we find it necessary to defend our liberties then let us do it at home where our liberties are.

Diggings

Well, Christmas with all its Santa Claus and mistletoe has come and gone and another new year rolls around bringing with it quite a number of resolutions on T. C.'s campus. Whether they are for better or worse, we'll let you decide.

1. June Carpenter has resolved to keep quieter during the coming year—if possible.

2. Skeet Kennon has resolved to get himself a girl friend.

3. Gainey resolves to go at least one day without a single giggle.

4. Tiny Ramsey resolves to study harder—maybe.

5. T. C.'s basketball team has resolved not to lose a single game this season. (After the J. E. A. game.)

6. Miss Veazy has resolved to give "her girls" longer dating hours so as to give "her boys" more privileges.

We hear there was quite a bit of travel going on during the holidays. How was Florida, B. H.?

Among the new or comparatively new romances on the campus our attention turns to some which seem to be progressing most favorably—those of Pat and Marvia, Olive and Homer, Bill and Emolyn. And the old romances that are still going strong and have all possibilities to continue that way: Gerardeau and Aldred, Joe and Frances, Meg and Cope, Becky and Billy, Braswell and Smith, Fran and Frank, B. H. and Gainey, and of course, "Baby" and J. Brantley.

A certain girl's boy friend has looked in every issue of the George-Anne for her name. Up until this issue he had looked in vain, but now it can be found. Boy friend, here is your Linnie Powell.

Can you imagine roommates having the same sweetheart? It happens that way in West.

You can tell by the actions and appearance of the pledges that initiation is in progress. How was the walk to the cemetery Saturday, Eula Beth, Fran and Isabel?

A certain young lady from Savannah says that it was so cold at Christmas she nearly froze, her cheeks were so chapped it hurt to smile, but for some reason her lips didn't chap, thank goodness!

We've been sleuthing around Sanford to see how many chemistry students are taking the hint from "Brother Rat."

Our friend "Buddy" thinks it should be made known that "Whiskey" Willie has been buying milk (and drinking it) regularly. Maybe its the way you shake 'em that gets him, Buddy.

Some people have fears of revolutionary changes in the history department now that Bull Browne, Buck Woodard, Eli Hill, Charlie Paine and Scoop Sheley are teaching that field in the Training School. Probably this is the way they will teach: Bull: "Yeah, kiddies, I fought that war." Buck: "Now you must see the relation that great men had with beauty." Eli: "What place does Kitty have in our American government?" Charlie: "Gentlemen of the jury, I salute you!" Scoop: "Flash, flash, flippity-flop." More about our student teachers in the next issue.

Editor's Note: How did you like the way the young lady handled your column this week? Don't forget you are always welcome to try it yourself.

yurs truly,

Slats Segram,

rfd 7 crown, Hog Waller.

Dear Slats:

My recipe for the proper cooking of that famous delicacy, Chitlins, is very simple: Close all your windows so the neighbors won't come over, put the chitlins in an air tight container and cook a short time (say 38 hrs.). Then carefully remove lid and add a stein of beer, 3 sticks of peppermint gum, 21 lbs. of salts, a tube of toothpaste, and a bottle of catch-up. Cook for 18 hours longer. It should be well done.

To serve, wait until midnight, look out carefully for any Slatfields and take the whole down to the old creek patch where you shot that last revenuer and bury.

Dippy Dutch.

Tear off the tops of three nearby Oldsmobiles and send them in with your candied opinion of the above recipe and it will get thrown in our new waste basket.

Dippy Dutch.

IN THE BULL PEN

With BULL BROWNE

The height of absurdity in sport-anic discussion seems to have been achieved in Arkansas, where a group of alumni of the University of Arkansas are preparing a bill to be introduced in the legislature at the session which convenes in January to make it unlawful for the football team representing that school to throw a forward pass when within its own twenty-yard line. That's even better than the one about the governor of Florida asking for an official investigation of his team.

Before we get off the subject of football for good, attention should be focused on the fact that four all-state junior college stars appeared on the local grid-iron this season. These men were: "Gashouse" Parker (M. G. C.), Hugh Dickie (M. G. C.), Bill McArthur (Douglas) and "Scooter" Yancey (Douglas). We all remember that Yancey boy.

It seems that Coach Smith will have his usual good basketball team. "Peck" Hamil, with 16 points against Douglas, and Clyde Anderson, with 10, are trying to make Coach forget about Tiger Sowell. However, it is problematical whether or not Coach will find a player to take "Stuff" Stewart's place.

When a coach has one undefeated team, he's good, but when a coach has two undefeated teams—well, that's "Breezy" Wrinkle. Coach Wrinkle has an extra strong team in his NYA team and an above the average quintet in the freshmen. Recently the NYA team in their initial appearance at Brooklet had the powerful (supposedly) Register High School 25 to 0 at the end of the third quarter.

Next Saturday night the Teachers will play the Cochran cagers for the president. All proceeds will go to the President's Fund for Warm Springs. It's the old slogan again: "Strong legs run so that weak ones will walk." Every year the Tech and Georgia freshmen play a football game in Atlanta for a similar fund.

Save your quarters, everybody, 'cause on January 23rd, the world's greatest basketball team will play one of the south's outstanding college teams at the college Gym. Yep, those original New York Celtics will be here again! The outstanding college team? Why, the Teachers, of course—that's a known fact.

Last thought of the day—that man is here again—Henry Bagly.

BAND NEWS

With the absence of Johnny Austin and Bob Stripling, Marion Carpenter's Professors have begun the new year with two new members. Roger Holland, trombonist, and Gus Lawrence, saxophonist, of Milledgeville, fill the vacancies.

Johnny Austin is now director of the band at Valdosta High School.

Girl Athletes To Play Basketball And Volleyball

By ELOISE MINCEY

The W. A. A. is sponsoring two intramural tournaments for the girls this quarter, basketball and volleyball.

Basketball practice has begun and the prospects for good teams and an interesting tournament are very promising. These practices are held on Wednesdays and Fridays from 5 until 5:15 o'clock. The teams have been organized and the following captains elected: "Froggie" Breen, Marjorie Bacon, Tommy Gray and Feralyn Davis.

Volleyball practices are held on the court back of West Hall every Monday, Tuesday and Thursday at 4 o'clock. The upperclassmen captains are Priscilla Prather and Sara Morris. Captains for the freshmen teams are: Mildred Bowen and Marjorie Bacon.

A fine spirit has been shown among the freshmen and sophomores in these tournaments. In order for the season to be a success there needs to be more co-operation between the juniors and seniors. Come on, juniors and seniors, give us a try! We're sure you'll enjoy it once you play.

SIMPSON'S REVIEW

By Jonathan Talliferro Simpson

How to catch a co-ed: Is your face cold? It doesn't look so hot.

Fellow carried a stove back to the hardware store, and told the clerk that it was about to break his wife in lifting the thing on and off the fire.

Over here at Atlanta a WPA worker died on a truck and the undertaker embalmed three before he got the right one.

My solution of overproduction of cotton: Let the CCC boys raise it and the WPA gin it. There would be three bales raised and they would never get ginned.

They caught an old bootlegger at Swainsboro the other day and when they started to finger print him they found out that he was three-fourths coon from walking up and down the creek so much.

"Jitterbug" Newest Addition To the Collegiate Circle

By NICHOLAS DUNBAR

At the last meeting of the Bugger Dagger Club the members were introduced to their new and dignified mascot, who was secured by "Red" Davis for the services of the club. "Red" says he used some unethical methods in securing her, but she belongs to the Bugger Daggers for keeps now. What? Who is she? Oh yeah, she is "Jitterbug," a streamlined canine who is to be mascot 'til death do she part. "Jitterbug" can be seen and heard most anytime in the vicinity of the barber shop and the Alumni building (Gym to you). She is very fond of beef so only a few people will be in danger.
