COLLEGE TO HAVE NEW NAME SOON

**State Board of Regents Will
Decide At Next
Meeting.**

The Board of Regents will decide in the near future whether the name South Georgia Teachers College will be changed to Georgia Teachers College, according to Dr. Marvin S. Pittman.

The last action necessary before the decision of the board was for Dr. Pittman to write a letter concerning the change and that has been done.

For some years since the designation of this college as a teachers college there has been agitation for the change of name due to the inconsistency in the name South Georgia Teachers College. Definite action and effort to change the name came into being with the leadership of Representative Lamar Wiggins, popular student here. Wiggins at first expected to pass a bill through the state legislature for the change in name. However, he found that the Board of Regents had this power and he immediately took it up with Chancellor S. V. Sanford. Wiggins was especially interested in the project due to requests of students, alumni and faculty members. The chancellor and the board have co-operated to the fullest extent and it is expected that the change of name will be merely a matter of form.

Flora Has Article Published By REA In June Issue

Professor William E. S. Flora, teacher of social sciences here, will have an article in the June issue of Rural Electrification News, published by the REA, Washington.

Of special interest to students will be the pictures showing several students of South Georgia Teachers College using electrical equipment. Mr. Flora points out in the article that the primary obligation of the teacher is toward the community as well as the student. It is the duty of the teachers to know the needs of the community and lead students in thinking about them and attacking the problems. It is shown how rural electrification raises the standards of the farmer.

Mr. and Mrs. Flora prepared a number of readings for "Readings In American Government," by Robert S. Rankin, which Mr. Flora is now teaching. They edited and contributed material to Rankin's latest book, "When Civil Law Fails."

PROSPECTS FOR THE SUMMER SESSION ARE BRIGHT

Despite the fact that schools have closed and teachers in Georgia have been unpaid, prospects for a large summer session are unusually bright. The 1939 summer session, first term, begins June 14.

Dean Z. S. Henderson expects the enrollment to hold up and is of the opinion that the number enrolled this summer will come within fifty of last year's first term enrollment. The first term begins June 14 and ends July 21. The second term begins July 24 and ends August 25.

During the summer of 1939 special emphasis will be given to work in Library Science, Industrial Arts, manuscript writing, the Laboratory School, Chorus, private lessons in voice and piano, and the study of exceptional children.

The college is offering four courses in Library Science. Two of the courses are offered in the first term and two in the second term. By attending the full quarter a person can complete the four courses and will be qualified to serve as a teacher-librarian in the accredited high schools of Georgia. Three full time faculty members have been selected for work in Industrial Arts. A large summer session course will be organized and music will be studied appropriate for use by high school choruses.

The Laboratory School this summer will operate during the first term and work will be given in the first seven grades.

This summer the college will offer special classes for teachers of exceptional children. This will include the study of the blind, partially sighted.

REV. SMITH SPEAKS TO COLLEGE YMCA

Rev. G. Reid Smith, Savannah, now attending school here during the Short Spring Term, spoke to the Y. M. C. A. last Wednesday night in the lounge of Sanford Hall.

In line with the theme of the program, "Profanity," Rev. Mr. Smith gave a very interesting talk on the use of profanity and irreverence towards the name of God.

The meeting was opened with the Bible reading by Herman Bray and prayer by Ben Ayers. A short reading was given by John Dunn. After the business session Rev. Mr. Smith was introduced by D. R. Barber, president. Coach B. L. Smith gave a short talk before adjournment. Sixty men were present at the meeting.

The next meeting of the Y. M. C. A. will be held Wednesday week in the lounge of Sanford Hall, with another outstanding speaker on the program.

SECOND ELECTION WAS NECESSARY

**Class Officers For Next Scholastic Year Are Also
Selected.**

Bobby Carroll, Sparta, was elected president of the Student Council for the 1939-40 term after defeating B. H. Ramsey, Statesboro, in a heated run-off election Thursday.

The run-over became necessary when no candidate received a majority in the first election held Tuesday. Jewell Vandiver, first girl candidate for the office, was eliminated after making a strong race for the position.

Other officers for Student Council and classes were elected Tuesday. Carlton Carruth defeated Kitty Dubberly for vice-president. Miriam Girardeau was unopposed for secretary-treasurer.

Class election results by classes follows:

Seniors—Billy Talbert, president; Lorraine Brockett, Clyde Anderson and William Chambliss, Student Council representatives; Nicholas Dunbar, vice-president; Ira Lois Brown, secretary, and Dorothy Cromley, treasurer.

Juniors—D. R. Barber, president; Curtis Crook and Herman Wrinkle, Student Council representatives; Sarah Morris, vice-president; Emolyn Rainey, secretary, and Frances Deal, treasurer.

College Group To Broadcast Via WTOC Thursday Night

South Georgia Teachers College will rule the air waves for fifteen minutes Thursday night, May 18, from 7:45 until 8 o'clock, when a broadcast will be made via WTOC, Savannah.

This will be the tenth and last of a series of programs presented by the Better Education for Georgia Movement. The script is entitled "A Discussion of Higher Education in Georgia." Seven people will take part in the program, four men and two women students. Dean Z. S. Henderson will act as chairman of the group.

A copy of the script may be had by writing to Better Education Movement for Georgia, 403 Walton Building, Atlanta. The need for colleges giving doctor's degree, lack of research equipment, the fact that five of the largest women's schools in the country are located in Georgia, and that Atlanta is the greatest center in the world for negro education, are among the points to be discussed.

Beulah Rogers joins the list of appendix victims. We miss you, Beulah.

May we congratulate Bobby Carroll, B. H. Ramsey and Jewell Vandiver. Bobby as the new president of the student body, B. H. for being able to take defeat as a man should, and Jewell as the first girl candidate for the position. The race saw practically every citizen doing his duty and voting. Congratulations also to the new class officers and those who also ran.

Y. M. C. A.

So far we have been satisfied to praise the new Y. M. with a few sentences. However, for an organization to spring to life where it has so long lain lifeless is an act in itself worthy of praise. Praise of the Y. M. is not intended to reflect on any past officer. When the organization which could have been the most useful on the campus and which for the past several years has been the most useless, at last assumes its rightful place, it certainly deserves credit.

The co-recreation nights sponsored by the Y. M. in the Gymnasium have been tremendous successes and have every evidence of continuing to be so. Students who had nothing whatsoever to do or enjoy on Saturday nights are now having a grand time engaging in some activity in the Gymnasium.

The Y. M. meets twice per month in the Sanford Hall lounge. The program furnishes every boy with an enjoyable half hour and gives him something to think about as the prayer of Ben Ayers did at the last meeting. Ben mentioned the death of his mother a year ago in relation to Mother's Day. Probably it awakened in every boy a greater realization of what a short part of always our parents are with us. Coach Smith suggested the possibility of the Y. W. and Y. M. meeting together in Sanford Hall. We have had joint meetings before, but the less broad spaces in Sanford would possibly make them a greater success.

We recommend the Y. M. and Y. W. to every student and suggest that you attend every meeting. Remember, they are useless unless you help make them useful.

SOFTBALL PLAY-OFF

IN THE BULL PEN

With BULL BROWNE

The other day when the T-42s trounced the Faculty so badly and the students were bouncing Coach Smith's fast balls, slow balls and etc., all over the lot, some wise guy holders: "That's all right Coach, Dizzy Dean knows how you feel."

Probably the best game of the softball season will be the game between the Pi Nus and the D. Ss. this week. This is a play-off between the two clubs as they previously tied 6 all in a highly contested game, which the Delta Sigs led up into the last few minutes of the game. If the Delta Sigs win this game it will put them into the play-off, and if they lose it will put them out of the running. So with all this at stake and the friendly rivalry that is always evident when these two clubs get together, a great game is promised.

Incidentally this team known as the T-42s have a very fast bunch of ball players. This column was surprised to find them as good as they are when we saw them play the Faculty the other day.

Meridian, Miss., of the Southeastern League, tried to set a record the other day as they lost their thirteenth straight game. The football team at T. C. knows how it feels to be on the losing side every now and then. However, at Meridian Manager Butch Simmons was fired after the loss of the thirteenth straight game, and, lo and behold, his successor won the next game by batting in three runs with a homer in the ninth inning.

Softball has surpassed all other sports as to the number of players participating in the game. Over 500,000 men, women and boys will play on softball teams this summer. Basketball, however, will continue to be the largest drawing game in the world and baseball second, while softball will be ranked way down the ladder as it is a game to be played and not watched.

Lou Gehrig has finally broken his consecutive games record after playing in 2,155 consecutive games. During thirteen years of playing in the majors, Gehrig holds ten world's records in baseball, and hold eight others jointly with other players. Among the unique records held by lar-rupin Lou are: Most home-runs with bases loaded, 23; most years; 300 or more bases off hits 13; most runs in a single game, 5.

The question contest is being made a little harder this week due to the fact that Clifford Wells, Red Davis, and the great Sapient Simpson all found the last one too easy. Clifford Wells won the theatre tickets. Attention please, only one theatre ticket will be given, and that one to the

SHAUGHNESSY PLAY-OFF NEXT WEEK TO DETERMINE CHAMPS

The last game of the regular season will be played today by the Iota Pi Nu and the High School. However, the playing of postponed games will occupy the entire week and plenty of fireworks are promised for spectators.

The last week will be a grand scramble to take part in the Shaughnessy play-off in which the leading teams will participate next week.

The Faculty and Delta Sigs are engaged in a fight for fourth place in the league race. The play-off game between the D. Ss. and the Pi Nus will play a large part in the decision. Following are the postponed games, dates have not been determined: T-42s and Bues, Pi Nu and Bugger Daggers, Faculty and High School, Pi Nu and NYA, Faculty and Clifton, and Bombers and Bugger Daggers.

Standing of teams on May 12:

Teams	Won	Lost	Tied	Pct.
Iota Pi Nu	6	0	1	1.000
T-42s	8	1	0	.889
Bugger Daggers	6	2	0	.750
Delta Sigma	6	3	1	.667

HOUSING SURVEY TO BE CONDUCTED

A house-to-house survey of Statesboro will be made by members of Dr. C. M. Destler's Georgia Problems class all next week. The survey is being made to determine the housing conditions in Statesboro.

The city has been divided into four sections. The class has been divided into fifteen groups with two people in each group. A convenient survey sheet has been made for the project.

first person with the correct answers. (This was written especially for Red Davis.)

The reason that there is no news about the town baseball team this time is that only one game has been played since last issue and that was to Union Bag in Savannah, and after an exciting game the Statesboro team was nosed out 19 to 0. A game last week was rained out in Vidalia.

9. What is the name of the Philadelphia Athletics ball park?
10. What is the name of the Philadelphia Phillies ball park?

Sanford Election To Be Wednesday

The president and vice-president of Sanford Hall for next year will be elected next Wednesday morning, according to Eli Hill, present president.

The election will be immediately following chapel in the auditorium. All boys in the dormitory now or who will live there next year are eligible to vote or become candidates. Anyone desiring to enter the race should turn in his name to Hill by Tuesday night, so that a ballot can be made. If enough names are not entered this way nominations will be made from the floor and the candidate will be selected by oral vote, which is undesirable, according to Hill.

TEACHERS TO MEET ARMSTRONG MAY 20

The South Georgia Teachers College Blue Tide tennis stalwarts meet Armstrong Junior College in Savannah May 20, for the second match of the season.

In the first match of the season Armstrong defeated the Teachers, winning all seven matches. Braswell and Perryman showed exceptionally well in the matches, according to Coach William S. Hanner. Mr. Hanner stated that the team had been working hard and he expected it to show improvement in the next match with Armstrong.

Carpenter Composes Brand New Song Hit

Marion Carpenter has composed another hit tune. This time it is entitled, "The Jitter Bug Swing," composed while Marion and his band were playing at the Daniel Ashley Hotel, Valdosta, during the Christmas holidays. He is sending it to New York for publication.

In the near future the band will be opening the Recreation Park in Macon, playing for the formal Young Men's Club dance in Brunswick, playing for the junior-senior prom in Albany, and various other engagements throughout Georgia. The band has three engagements at G. M. C. this quarter.

Carl Collins and Frank Rushing, former members of the band, have completed a tour through three states booking the band for the summer. These bookings include the King and Prince Club at St. Simons and Myrtle Beach, S. C.

STRAW BALLOT INACCURATE IN PREDICTING ELECTION RESULT

The business English class, under the direction of Professor Leonard Kent, conducted a straw ballot two weeks before the recent election for Student Council president to see if such a project would accurately predict the winner.

The premature ballot was passed out to every third student listed on the college register, 130 in all, and was marked to give residence and social club membership of the voter. The results showed the ballot to be inaccurate unless every student voted.

The results follow:

Non-social club (97)—Vandiver 24, Ramsey 43, Carroll 21, neither 9

Social club (33)—Vandiver 9, Ramsey 12, Carroll 8, neither 4.

In the first election held Tuesday the actual returns were: Carroll 188, Ramsey 153, and Vandiver 94. The run-off results were: Carroll 282, and Ramsey 179.

YOU CAN'T CHEAT AN HONEST MAN

The man rolled over and over and at last ended up in the gutter though not once did he release his sides or shut his mouth. Peal after peal of laughter issued from an immense cavity. People from every walk of life stop and stare but the laughing man is incapable of returning even so much as a harmless glare. The masses try every known method to silence the poor man whose laughter had now become a screaming mass of crescendo. At last a doctor is summoned. Doc puts his little black satchel on the heaving chest of the dying man, reaches way back in the black void and grasps the tongue and stretches it gently towards the setting sun which is beauty in its highest extremity. "Ah, you need a pill," quoth he. The man suddenly sits up, looks Doc right in the face and says, "You're a liar, I don't need nothing and just as soon as I get through laughing I'm going back in and see 'You Can't Cheat An Honest Man' again. I ask you, students, will there ever be a picture better? From within the theatre door, Charlie McCarthy, future president of the U. S. A., echoes, "Never more."

PLANS MADE FOR THREE SENIOR DANCES GRADUATION WEEK

Plans are being made for the graduating class of 1939 to have a series of dances on Thursday and Friday of graduation week, according to Eli Hill.

Music for the dances will be furnished by Marion Carpenter and his orchestra. The first dance will be held Thursday night, June 8, at 8:30 o'clock, in the college Gymnasium. All seniors and their dates will be admitted free. Friends will be asked to pay a small script fee. The second dance will be a breakfast dance the following morning and will be given at 7 o'clock. Only those graduating will be invited to attend. The third dance, highlight of the exercises, will be held Friday night, at 8:30 o'clock. All seniors are especially invited to attend this dance and their friends will be admitted for a small music charge. The college dining hall will remain open during this time. Sleeping accommodations may be obtained at the different dormitories, stated Hill.
