PAN-HELLENICS PLAN FALL FORMAL

Mary T. Perry Heads Group for 1942-43

In order to promote closer relationships between the sororities on the campus of Georgia Teachers College, the Pan-Hellenic Council has made plans for an all-sorority fall formal this year which will take the place of individual sorority dances.

In this first meeting of the 1942-43 session here this week, the members of the council which is made up the president and vice-president of all sororities, made plans for "rush week," which will be held after the end of the mid-term. The members agreed to hold the dances this fall as an all-sorority affair.

The members of the council this year are: Delta Lambda Delta, Prueella Cromartie and Kathryn Ellison; Dux Domina, Mary Thomas Perry and Leila Wyatt; Epicurean, Sue Breen and Esther Lee Barnes; Lambda Theta Chi, Uhlma Wynn Zitttrouer and Emily Cromley; Sigma Gamma, Venice Clifton and Margaret Strickland.

Officers of the year are: President, Mary Thomas Perry; vice-president, Uhlma Wynn Zitttrouer; secretary, Sue Breen; treasurer, Kathryn Ellison; social chairman, Leila Wyatt.

Choral Library Loans Music

College Chorus Is Recipient

The Teachers College Chorus will use music and scores loaned them from the Choral Library of the Association of American Colleges, according to a statement issued by R. J. Neil, director of the choir. The college is not a member of the association but Mr. Neil has arranged for the chorus to use their services.

Included among the works to be loaned the college choir by the Choral Library are compositions by Bach, Mozart, Schubert and Brahms.

Mr. Neil states that because of the tire and gas shortage there will not be as many chorus trips as usual this year. A tentative date has been set for an appearance in Millen in December.

The first appearance of the choir on the campus will be the Christmas concert in December.

Rehearsals are to be held on Monday and Thursday evenings.

Mr. Neil released the following names as appearing on the choir roll: Sopranos, Esther Lee Barnes, Sue Breen, Prueella Cromartie, Wynelle Nesmith, Uhlma Wynn Zitttrouer; altos, Dot Remington, Hattie Swann, Marjorie Parkerson, Velma Rocker; tenors, Dekle Banks, Jack Averitt, William Smith; basses, Bruce Caruth, Wayne Culbreth, Zeke Daughtry, Bill Huston, Donald McDougald, Marvin Prosser, Richard Starr, Harold Waters, Pete Wolfe.

Mu Sigma, national honorary music fraternity, will meet this week to

Charles J. Paine, of Waycross, a former student of Georgia Teachers College, has been proclaimed hero of one of the most remarkable flights of the war in a recent air battle over France, according to Associated Press dispatches.

Paine was pilot of the U. S. flying fortress, "Phyllis." "We had just crossed our target," said Paine, "When I suddenly heard shouts saying, 'Here they come!' About forty Focke Wulf-190's had jumped us."

During the ensuing battle the oxygen supply of Paine's ship was de-

LIEUT. CHARLES PAINE
Courtesy Savannah Press.

stroyed. Two cannon shells knock out one of the motors and the fortress began losing altitude.

Paine attempted a long glide to bring the ship low enough to get oxygen but the nose of the ship refused to go down. The entire crew then stood up front until the big ship nosed down. By this time, with the enemy still giving terrific battle, several of Paine's crew were injured. At the edge of the English Channel a second motor went out.

Midway the channel the Germans finally gave up the chase and the "Phyllis" was barely brought in safely to a landing field just beyond the channel on English soil.

While at Teachers College Paine was an outstanding student, being vice-president of Delta Sigma fraternity, a member of the glee club and vesper choir, International Relations Club, football and track teams, House Council, Forensic Council, "T" Club, and a member of the Reflector staff.

OFF-WEEK END

Dean Henderson has announced that only one long week end will be observed during fall quarter. This will be observed the week end of October 24. Stagger periods will not be in effect for the week preceding that date.

elect a president to fill the vacancy left by Jack Averitt. Mr. Neil stated that bids will be issued to eligible candidates for membership to the fraternity by the end of the month.

FROSH ELECTION SLATED FOR OCT. 16

Vice-President Student Council To Be Elected

Freshman class officers will be elected on Friday, October 16th, according to a decision made by the Student Council at its last meeting. At the same time there will be elected a vice-president of the Student Council, and other vacancies on the council from the sophomore, junior and senior classes will be filled.

To be elected from the freshman class are a president, vice-president, secretary, treasurer, and one Student Council representative. The election will be by secret ballot, and all candidates for election must be doing satisfactory work in all classes. The secretary and treasurer will be two separate officers.

Foremost among the other council elections is the selection of a vice-president of the Student Council. This officer must be a member of the Student Council who is not already an officer. Those eligible for the office are Emily Cromley, Inman Davis, Charles McAllister, Harold Waters, Wayne Culbreth, Jimmy Jones and Dorothy Garner.

The junior class must elect a class president and a student council representative. The sophomore class has only a council representative to select.

The election will be at the chapel period on next Friday, and Student Council members will officiate at the balloting.

Moon Heads Lab School

STONE IS LIBRARIAN

Faculty Changes Number Ten

Heading the Georgia Teachers College Laboratory Schools this year is Leland W. Moon, who is replacing Walter Downs, who is now at Young Harris College. Moon was a member of the education division here during the past year.

Prior to his coming to the Teachers College, Moon received his B.S. degree in education from the University of Florida, and also his masters degree from there. After completing the work on his masters degree, he was connected with the public schools at Waldo, Fla., for several years. The year before assuming his duties here, he obtained his Ph.D. from Columbia University in New York.

The faculty of T.C. and the Laboratory Schools number ten new faces since the last regular session.

In the college Charles H. Stone, librarian, replacing W. W. Smiley, who is now at Mercer, has his B.S. and M.A. degrees from the University of Georgia, and his B.L.S. degree from the University of Illinois. Before coming to Teachers College he held positions at Oklahoma A. & M., George Peabody College, Women's College at University of North Carolina, and College of William and Mary. At William and Mary, Stone was assistant librarian and director of library science.

Frances Grove, who is in charge of the art department in place of Leon P. Smith, who is in New York, has her B.S. degree from Madison College in Virginia, and her M.A. from Columbia University. Before coming to Teachers College she was employed in the public schools in Virginia.

Eva Hayes, dietitian, replacing See MOON, page 3

Waters Is Named Business Manager

Abbie Mann, prominent senior from Thomasville, was elected by the senior class at a recent meeting, to edit the 1943 Reflector, annual publication of the senior class of Georgia Teachers College. At the same time Harold Waters, of Statesboro, was chosen as business manager.

ABBIE MANN, Editor

HAROLD WATERS, Bus. Mgr.

The editor is secretary-treasurer of the Student Council, vice-president of the YWCA, vice-president of the X Club, sponsor of the Bugger Dagger club, and a member of the George-Anne staff. Last year she was president of the Science Seminar.

Waters is treasurer of the Iota Pi Nu, member of the Bachelors Club, and a Student Council representative from the senior class. In his junior year he served as treasurer of his class and was a member of the YMCA cabinet. He was a member of the college band and orchestra and sings with the Philharmonic Choir. He is student director of the Laboratory High School band and chorus.

According to a statement made Friday by the new editor, plans for the staff and theme of the Reflector will be formulated within the next few weeks and announced as soon as completed. "Prospects for a good yearbook are exceptionally bright despite the small enrollment this year," stated Editor Mann, "provided interest is sufficient to promote the necessary work."

The staff to be selected will include on the editorial staff the associate editor, photographic editors, club editors (boy and girl), sports editor, and circulation manager. The business staff will include an advertising manager.

With a small enrollment, it is expected that the publication fee paid by students for the Reflector and George-Anne will be considerably less than in previous years. However, the Faculty Publications Committee has assured the senior class that every effort will be put forth to guarantee an annual in keeping with those published by the college in the past. According to members of the committee, it may be necessary to cut down the size of the book in pages, but the quality of the work and all features will be retained. Individual pictures will not require as much space which will save possibly enough to permit enlargement on some sections of the yearbook.

The new editor and business manager, along with the faculty advisor, have appealed to the seniors to join one hundred per cent in building the 1943 book. With the cost of paper and engravings advanced, it will be necessary to secure more advertising for the book, the editor stated.

Ind. Arts Plan Faculty Hours

Following a program begun last year by the Industrial Arts department, Willie Hugh Winely, instructor in that department, has announced that if sufficient interest is shown by the faculty, several hours a week will be given them to use the shop for planning and working on projects. The program met with considerable acclaim last year.

Salute The Ladies

It's a man's war. Yes, and the ladies' war, too.

A different age, a different need, and the traditionally delicate females are filling the man's tough jobs from farming to shipbuilding. Total war takes no account of sexes—and America's fairer sex are proving to their ego inflated males that they too, inherited the ruggedness of their pioneer ancestors.

They weren't drafted. They volunteered at the first call for workers. They left the dance floors and beauty parlors, and followed rugged jobs like farming and tedious and highly technical jobs in a serious, determined effort to win a war. They enlisted for work. They asked for the hard work. They are doing a doubly tough job. They are helping to win a war for freedom and keeping together the homes of the nation and rearing off-spring.

They're making millions of bandages for the Red Cross, taking first aid and nursing courses, stepping into their husbands' office jobs, working in the field, on production lines as mechanics for motor cars and aircraft, in chemistry labs and chain stores, taking the beat of the "flatfoot," or conserving food in the home.

They are assuming a larger and larger share of the tremendous task of qualifying themselves to take over masculine duties in a sincere effort to aid in winning the war. They have proven that hands skilled at sewing a fine seam or cooking a delectable meal are also capable of wielding mechanics tools with as much ease as they do an embroidery needle or skillet.

Not satisfied with purely civic duties, the ingenious females now wear uniforms of commission officers in the various branches of America's armed forces—the Army WAACS and the Navy WAVES, and probably other uniformed organizations. It all proves, men, that these delicate, young, lip-sticked, pencil-browed lassies can not only be sweet as you always wanted them, but they can also be tough and capable of taking the hard knocks you boasted of having to endure, when a crisis arises.

Salute the ladies, gentlemen!

Our Advertisers

With overhead and labor considerably higher than in previous years, merchants of our community are having a "tough" time. In the past the merchants of this community have been most considerate and helpful to the George-Anne in the advertising columns. This year the paper will need the co-operation of advertisers more than ever. With a smaller enrollment here the circulation will be smaller and the advertising will be of less value to the advertiser.

The George-Anne, under these conditions, is making two appeals. The first appeal is to the students: Patronize the business houses who advertise in the George-Anne; they are helping you have a school paper and without their help there could be no paper. The second appeal is to the advertisers: If there ever was a time when the George-Anne needed your help and co-operation, now is the time! We appeal to you to be as liberal with your advertising as conditions will permit.

GEORGE-ANNE PLATFORM

1. Encourage purchase of War Bonds and Stamps.
2. Urges student participation in all extra-curricular activities.
3. Continue fight for restoration of colleges to their accredited standing. Ask accrediting association to reverse their former decision at their December meeting.

BIBLE VERSE

"Thou shall call his name Jesus, for He shall save His people from their sins."—Matt. 1:21.

You Ought to Be Shot

It's your patriotic duty to be shot. Not necessarily before dawn, but before your immunity to a disease lapses.

Now that the family doctors are being called into military service, you should be "shot" to insure immunity from typhoid, smallpox and other communicable diseases.

It would be worth the price even if you had to pay for this service, but the county health officer will be only too glad to shoot you "free gratis." Your college has a doctor who is at your service every day. Avail yourself of his service at your earliest opportunity.

Never before has public health been such a vital factor to our country. We have enough outside forces to fight without having to deal with inside destructive forces which may, and often do in time of war cause as many casualties as enemy bullets.

We must at all costs keep down serious epidemics. If you suspect that you are showing the symptoms of any contagious disease, notify the proper authorities at once. Don't try to keep going to classes, and don't go to any public place. Transmission of almost every disease is much more liable to take place at the time a person begins to show the first symptoms than it is, after the disease has really gotten a foothold.

Compulsory immunization laws should be practiced throughout the nation. The states of New York and New Jersey have taken the lead in passing such laws.

Every man going into our armed forces is "shot" for everything from snake-bite to toothache. We at home aren't any better than these men and the lines of the civilian front line defense are just as important as those who carry the guns.

Whether or not anybody makes you for your country's sake, go to some doctor and ask to be "shot." Don't wait. It's your patriotic duty to be shot.

Through The Keyhole

What judge of rats court is quoted as saying, "Ah, boys, it's really love this time. Gee, but it's wonderful!" Watch you step, Hattie. He's thought that before.

Pruella is making hay while the sun shines. Roy, make sure the sun doesn't set too soon.

Another good man bites the dust. However that good looking YMCA president and Rev. Edwards are keeping it clean down at Lewis Hall. Aren't you, Mr. Hinely?

Note Mr. Winburn: We think Harry Robertson is due a refund on room rent. We hear it's cheaper down at Pecan Cottage where Harry spends most of his time. Is that right, Betty Jo?

Has anyone noticed that peculiar gleam in Nancy Wardlow's eyes since she met "Handsome Harold" Pearman? Ditto for Harold since last Sunday night. Jean Hendrix is a right toothsome twerp at that.

Nell Newton, you would be doing well to settle down. After all, you can't have all the Delta Sigs.

Don't worry Kathryn. I think Freshman Rutherford will pay more attention to you when the worries of initiation are over.

What girl won the Miss America

contest recently, on the second floor of East Hall?

Wonder why Venice Clifton was so worried Sunday night? Was she afraid Bill Brown would show up or wouldn't show up to fill his date? Oh well, Billy Byers made a good (?????) substitute.

Fats Bryan, why don't you pick on someone your size? James seems to have gone all out for that little Johnson girl.

What happened to that budding romance between Sam Stephens and the East Hall blond?

Gee, what a lot of brains there are when Jack Wynn and Margaret Strickland get together. By the way, that's happening more every day.

This week's nomination for the most fickle: Just when we thought "Tiny" Ramsey had gotten his "Mann" (I mean Abbie), we find him keeping steady company with his best friend's girl. Now is that patriotic, Tiny?

The George Anne's gift of orange blossoms and bungalow for two, go this week to Pete and Uhlma Wynn, who have long had that definite understanding.

George says he's about ready to settled down. Now George, don't you think she's a little young yet.

JUST ONE WAY.

A POEM

I went about the campus
With a vacancy of stare;
I didn't greet my closest friends;
I failed to comb my hair.
I gazed at my professors,
Feeling blank, but debonaire;
And when it came to eating,
"I dooded it" in low gear.
But now the veil is lifted,
Eight hours sleep I get;
I think of things a week ago
I couldn't help forget.
No longer am I victim
Of sorrow and regret;
St. Louis won the pennant,
And I won my dollar bet!

The Bad Penny

In this issue of the paper we take on where we left off a year ago. For those so fortunate as to have never read the clever quips and tidbits presented here before, allow us to make your acquaintance. "Just One Way," as the name implies is simply the way I see it, and if Fred Beasley doesn't happen to agree, well, I could be wrong, Fred. Seriously, I hope there'll be times that we can see it both ways. It'll be a lot more fun . . . eh, students.

In The Service

Also in this issue is a coupon for YOU to fill out. The publicity department asked that it be included at this time. When filled out these coupons will help to establish the position of former students now serving in the armed forces. The story of Charles Paine's exploit on the front page is an example of what one former T.C. man can do. Others now in the service that we know of are Tom Vandiver and Gerald Groover, Santa Anna, Calif.; Tiny Henderson, Claude Adams and Charlie Kneese, Keesler Field, Miss.; Emerson Anderson, Jacksonville, Fla.; "Pat" Patterson and B. H. Ramsey, Lakeland, Fla.; O'Neil Cave, Chicago, Ill.; G. C. Coleman, Macon, Ga.; Willie Waters and Chess Faircloth, Maxwell Field, Ala.; Frank Olliff, Tampa, Fla.; John King, Pango Pango; Hugh Smith Marsh, Sioux Falls, S. D., and Pilcher Kemp, Annapolis, Md.

Of course this doesn't complete the list, but it is some of the fellows that we've had letters from, about or heard indirectly. Needless to say we would like to hear from all service men who were former students through this column.

What are we going to do about dances this year? "Pop" Raulerson, student body head, suggests that Thursday night dances last until ten o'clock, with a theme for each week. The speech classes are studying the problem and a solution for sorority and fraternity dances was suggested in an inter-fraternity-sorority dance each quarter with each group kicking in. Do we hear other suggestions?

After all, Esther Lee is only a sophomore.

Fred Beasley seems to have been completely captivated by the attractive Pi Nu sponsor.

Don't rush now girls. Freshman Harold Moore has at last announced that he is open for dates. Wynn Nesmith may have priority rights on him for freshman date night. That should be a lulu!

"King for a day." So says Walter Johnston when Dorothy King paid a visit to T.C. last week.

Special Notice to All Freshman Girls: Don't get excited if "Rock" Waters seems to be interested in you. He always looks over the field carefully before staking out any claims.

Wonder what goes on down at the gate every night? Some people never go to the library.

Love-birds lament: "What are we going to do when cold weather comes and all the leaves come off the bushes?"

"Whooda thunkit?" Buddy Rooks took a girl to the store on two different nights. (P. S. He says maybe he'll buy her something before long.)

**SAVE MONEY BY
READING THE ADS**

Why Not Intra-Murals?

JOE FEASTER

Since the abolishment of inter-collegiate sports at T. C., our athletic program has come to a standstill. No interest or stimulation has been shown by students or faculty as yet. In war times as these, physical education should be stressed to the nth degree.

The intra-mural league has always drawn large interest and because of the small enrollment, it should by no means be overlooked.

There are a number of old athletes back from former teams and they should be more than glad to help organize any play. They have tried to secure some play but have met with no assistance. Is it possible that we have forgotten our need for physical fitness?

I am glad to see the physical education classes getting stiffer training. This writer believes in keeping fit because we do not know at what minute we may be called into our nation's armed forces.

I would favor required physical education courses for the juniors and seniors. They neglect their exercise after the required courses are finished.

Are we, the ones who will profit by physical education, going to stand idly by and see our intra-mural program go down? Come on, you lettermen, let's see if we can't start a good program.

I was born an American; I will live an American; I shall die an American.
—Daniel Webster.

First Session "Rat Court" Adjourns

Feaster Passes
Heavy Sentences

The Georgia Teachers College circuit of "Rat Court," adjourned last Monday night with a number of freshmen receiving heavy sentences. The Honorable Joe Feaster, presiding with his associate justices, "Pop" Raulerson, Lewis Hinely and Inman Davis.

The prosecution was ably carried out by Attorneys Robertson and Daughtry, while Stephens and Waters brilliantly defended the "lowly Rats." Clerk of Court "Red" Prosser recorded all legal decisions.

Due to their brilliant defense and the leniency of Judge Feaster in interpreting the law, the defendants came through with a minimum of physical punishment. Should there be cause, however, for the court to call a second session, laws will, no doubt, receive strict interpretation.

Bruce Carruth was one of the few felony cases tried. He was charged with an inability to extract the navel juices from the posterior end, dorsal extremity, of a bovine specimen. Attorneys Stephens and Waters argued an exceptional case and, through the mercy of the court, managed to save his life.

Judge Feaster stated that the freshmen may now look forward to date night, pajama parade, the belt line and possibly another session of the honorable court. He warned that infringement of upperclassmen's laws might necessitate convening of the court at an early date.

MOON, from page 1

Cynthia Davis, who is now at FSCW, in Tallahassee, Fla., has her B.S. degree from Teachers College.

In the elementary school: Ruby Brazil has her B.S. degree from Teachers College, and has been teaching in Moultrie.

Iris Duke has her B.S. degree from GSCW, and formerly taught in La-Grange public schools.

Billie Opie has her B.S. degree from GSCW, and has been teaching in Brunswick.

In the high school: Nan Huckabee has her A.B. and M.A. from the University of Georgia. She has been teaching in the Statesboro schools. She is head of the Lab School science department.

Jewell Scales, M.A., from Peabody, has been teaching in Mississippi.

Sarah Jones has her M.A. from Peabody and has formerly taught in Asheville, N. C.

Juanita Thomas has her B.S. from Teachers College, and has been teaching in Springfield, Ga.

Students Spend Over \$100 For Bonds and Stamps

ASKED TO INVEST MORE

INVEST IN VICTORY!

Our boys can take the War to the enemy if we back them up with ships and tanks and guns! But that takes money!

Help your Government to put the tools of war into the hands of our soldiers by purchasing War Savings Bonds and Stamps. And remember... just one Bond can't lick the Axis any more than just one gun! It takes millions of Americans buying War Savings Bonds and Stamps every pay day!

Bonds cost \$18.75 and up... and they pay you back one-third more in only 10 years! Stamps cost 10c, 25c, and up... soon total the price of a Bond if bought regularly.

Help our boys on the fighting fronts wherever they may be! Buy War Savings Bonds as an investment for yourself and your country.

Since the beginning of the fall quarter on September 22nd, students of Georgia Teachers College have invested \$93.85 in War Bonds and \$13.10 in the purchase of War Savings Stamps, according to a statement by Postmaster Z. L. Strange.

This is considered a good record for the small student body, but should be improved.

The average student spends at least a dime a day for candy, drinks, etc., and most of them more. If 150 students put this amount into war savings for only one month, this would represent the sale of \$420.00.

Think of that the next time you crave candy and let's shoot for a better record in "Passing the Ammunition" to the boys who fire the guns.

DEAN ATTENDS G.E.A. MEETING

Dean Z. S. Henderson attended four Georgia Educational Association meetings in South Georgia last Tuesday, Wednesday, Thursday and Friday.

The first was the First District G.E.A. meeting in Statesboro, at which the dean was on the panel which discussed "What Schools Can Do In This War Emergency."

He attended the Eighth District meeting in Waycross, the Third District meeting in Americus, and the Second District meeting in Camilla.

America has never forgotten the battleship Maine—nor will it ever forget Pearl Harbor!

There's no Substitute for Knowledge—

There's no substitute for victory—
There's no better substitute for Democracy!

EPPIES HAVE CHICKEN SUPPER

The Epicurean sorority held its first meeting of the year Monday night. Though many of the old members did not return, we are looking forward to a successful year. Officers for the year are: President, Sue Breen; vice-president, Esther Lee Barnes; secretary, Martha Wilma Simmons; treasurer, Dot Remington. After the meeting the members enjoyed a feast.

The Eppies are planning to live up to their motto to "Eat, Drink and Be Merry."

On Wednesday night, Mrs. E. L. Barnes, sponsor, entertained the members at her home on Savannah avenue with a chicken supper. Places were marked with poetic verses about each member and gifts were presented to each.

I. R. C. ELECTS OFFICERS; SPONSOR

Garner Heads Club; Donaldson Is Sponsor

The International Relations Club met Monday, October 5th, at 8:30 p. m. This was the first meeting of the year and new officers were elected to fill the places of those who did not return to school this fall. The officers are: Dot Garner, president; Edwina Parrish, vice-president; Margaret Strickland, secretary; Charles McAllister, treasurer; Richard Starr, reporter.

Mr. Donaldson was elected sponsor for the present year.

There was no speaker at the meeting but plans are being made to have speakers at each future meeting.

Meetings will be held every other Monday at 8:30 p. m.

RICHARD STARR, Reporter.

CAPITAL PUNISHMENT

A middle-aged but rich widow, who had a disagreeable temper, complained to her son-in-law that she was annoyed by the attentions of a man. "How shall I get rid of him?" she asked.

"Marry him!" laconically replied the son-in-law.

"I'd see him hanged first."

"Just marry him and it won't be long before he'll hang himself."

Freshman "Date Night" Set

October 25th Is Date

Freshman "date night" will be held Sunday night, October 25th, according to Judge Joe Feaster, of the T.C. "Rat Court" Circuit. Earlier reports indicated that it would be October 18th, but due to conflicts arising, this has been changed. By moving the date to the 25th the freshman program will be spread out over the entire initiation period which ends on October 31st.

All freshman boys will be expected to call for their dates at either East or Lewis Halls. From there they must report to vespers services in the auditorium. After vespers they remain in the auditorium until store opening time. After going to the store, each couple must return to the auditorium and remain there until 10:30 p. m.

Pairings for this event have not been made as yet, but will be announced as soon as possible.

Delta Sigmas End Rush Week

"Rush Week" was completed on Wednesday night by Delta Sigma fraternity with the issuing of bids at the first official meeting in Anderson Hall. A fish supper and buffet dinner was given as part of the "rushing." The dinner was held at the home of Mrs. B. H. Ramsey in Statesboro and the stag supper was held at Beechwood, retreat of Dr. R. J. H. DeLoach.

Officers of the fraternity for the fall are: Tiny Ramsey, president; Harold Pearman, vice-president; Dight Olliff, secretary; Harry Robertson, treasurer; Billy Brown, scribe; Frank Morrison, chaplain.

Leila Wyatt, of Cedartown, was chosen student sponsor for the fraternity, and Dr. R. J. H. DeLoach was re-elected honorary faculty sponsor.

Special plans were discussed at Wednesday night's meeting for the fall quarter with discussions held open until the next meeting.

RUBBER FROM KOK-SAGYZ

Kok-Sagyz is a specie of Russian dandelion which recently has been introduced into the United States. The root of this plant contains between six and seven per cent rubber. This rubber is present in two forms: Two per cent is in the form of crude rubber; the remainder is in the form of latex. Kok-Sagyz may be harvested the same year it is planted. It yields 150-200 pounds of rubber per acre.

Y. W. A. PLANS ACTIVE PROGRAM

The Georgia Teachers College Ann Haseltine Y.W.A. is planning and looking forward to a busy and successful year. The first meeting was held October 2nd with a good attendance. The next meeting is scheduled for October 16, at 8:00 p. m., in East Hall parlor. The program committee is at work on an interesting program. The executive committee will have a report on officers for the year.

Young Woman's Auxiliary was begun by a young woman who wanted to learn more about God's plan for His world and His work in the world in accomplishing that plan. Through Y.W.A. there is fellowship for young women; there is the value of committee service and responsibility as officers with the development these bring; there is evidence that the church is mindful of its young women between Sundays. It was organized by the Baptist church, but includes all who wish to share in its many activities. College girls desire fellowship with each other in study and in play. Y.W.A. fulfills this natural desire and need. We are glad many of the members are back; we send forth a hearty welcome to each new girl. We want you and need you.

Iota Pi News

Nine members of the fraternity this year are back with a bright outlook for another big year.

At the first meeting, Mrs. Ruby Crouse was elected faculty sponsor, and Dot Remington was elected student sponsor. To fill vacancies in the officer ranks by members not returning, Harold "Rock" Waters was elected treasurer, and Jack "Trader" Wynn was elected historian.

A chicken supper was given for the prospective pledges last week at the river. Naturally a terrific time was had by all.

Bids were extended to the following boys this week: Zeke Daughtry, James Jones, Dekle Banks, "Buddy" Barnes, Harold English, Roy Bedingfield, John Darley, Bill Cheshire, Bill Scott, Thomas Howell, Vince Thigpen, Hubert Wells, Henry Spears, Jack Ballinger, John Ford Mays, Parrish Blitch, Kenneth Cowart and Jack Rutherford.

The next meeting will be held Monday night, which will be climaxed with the pledging of all fellows accepting bids.

"ROCK", Reporter.

Mr. Merchant—

If this space had carried your ad, would it have been read?

Would it have brought in one new student or faculty member?

Fellowship Supper Tomorrow Night

**Program Planned;
Steak On Menu**

The YMCA fellowship supper for the fall quarter will be held tomorrow night, Oct. 13, according to a statement by Lewis Hinely, president of the Y.

This supper is a semi-annual event, being held in the fall and spring quarters. It will be held at Lake Wells at 7:00 p. m. All men are invited, tickets being on sale by all members of the "Y" cabinet at 25 cents each. A good steak supper and a good program are promised all who attend.

The following students have been nominated to fill vacancies in the "Y" cabinet: Evening watch chairman, Harold Tillman and Harold Moore; vesper chairmen, Walter Johnston and Richard Starr; pianist, "Pop" Raulerson; publicity chairman, Jimmy Jones; chorister, Harold Waters.

Welcome, Freshmen

With the coming of each new year we always look forward to the coming of our freshmen. We welcome each of you, and hope that you will learn to care for T.C. as we do.

Each new freshman class has always meant new life to our school, but this one might possibly mean the existence of GTC. The fine spirit that has always characterized this school must be kept alive. It will be your duty to see that this is done.

We hope you can feel the spirit which we manifest in initiation. Each ridiculous thing you do only tends to make you feel at home, and a part of the school.

In behalf of the student body, the George-Anne welcomes you, and reminds you that you must be ready to carry on.

With The Student Council

DOROTHY GARNER

The Student Council started off with a bang with its president, Pop Raulerson, doing a magnificent job of presiding.

No longer is Thursday night a drab social hour with all its stiffness that has been true in the past. Everyone is going to take part. There is going to be a theme for the dance on each Thursday night. The first theme is a "kid dance," with the girls in short dresses and the boys in short pants. New records have been bought and there will be a new record purchased each week until a good supply of records has been attained. The Student Council will have charge of the playing of the records in the attempt to prevent the breaking of so many as has been true in the past.

A calendar for all meetings is to be prepared in an effort to prevent the conflict of various meetings. This included all of the organizations on the campus with the exception of the social clubs.

Next Friday elections will be held for the freshman class and for all other offices for which the person who was elected did not return to school.
