JUST THE TIP OF THE ICEBERG:
Using the 100th Anniversary of the Titanic Sinking to Teach Information Literacy

Presented by Librarians:
Robin Grant, Felicia Haywood and April Warren
Macon State College
CHALLENGES

❖ One-shot classes are information dense and may be difficult for students to absorb.
❖ Many students never attend a library class.
❖ Many students never come to the library or become aware of our services.
GOALS

♫ Raise awareness of the library and its services.
♫ Reduce ‘fear’ of library and present librarians as approachable---even fun!
♫ Present information literacy in interesting ‘chunks’ that students will remember.

INFORMATION LITERACY
THE INFORMATION CYCLE

What is The Information Cycle?
The Information Cycle is the progression of media coverage of a particular newsworthy event. Understanding the information cycle will help you to better know what information is available on your topic and better evaluate information sources covering that topic.

After an event, information about that event becomes available in a pattern similar to this:

- The Day Of...
- The Week Of...
- The Week After...
- Months After...
- A Year After...
- Years After...

- Television
- Internet & Radio
- Newspapers
- Popular Magazines
- Academic/Scholarly Journals
- Books & Government Publications
- Reference Books

ASSESSMENT: DID WE MEET OUR GOALS?

- Raise awareness of the library and its services.
- Reduce ‘fear’ of library and present librarians as approachable—even fun!
- Present information literacy in interesting ‘chunks’ that students will remember.
