Online reference books

December 9, 2010

When you're looking for quick information on a topic, you don't have to rely on Wikipedia (which anyone can edit, and is not a reliable source for research). Henderson Library provides a number of major electronic reference books (such as [encyclopedias](#), [dictionaries](#), and [more](#)), and there are also some others available free online, such as the ones at [Bartleby.com](#). This site features the 1919 edition of [Bartlett's Familiar Quotations](#) along with other books. We also have several editions of [Bartlett's book in print](#) in the library. (By the way, if you're looking for quotations, you might also like [BrainyQuote](#). Thanks, Jane!)
