Curriculum Core Task Force Composition

Submitted by: Lorne Wolfe

2/2/2010

Question:

I would like to know how the CCTF members were chosen. Why is the CCTF represented by more faculty in colleges that are not responsible for most of the core rather than weighted towards the arts and sciences? Why are there three administrators on the committee? Given COST's large role in the core courses, why is the college being represented by one non-tenure track, first year lecturer? What is faculty senate's role in this process?

Rationale:

I am concerned that changes to the core curriculum are being considered by a group of individuals that is not representative of the faculty that actually teach the courses

Response:

A motion was made and approved at the 2//15/2010 Faculty Senate meeting. See the Motion Request of 2/3/2010 for more information
