Help Protect GALILEO from Deep Budget Cuts

February 16, 2011

GALILEO is one of Georgia's most valuable resources. It is essential for the education and lifelong learning of all Georgia's citizens. Librarians from throughout the state in all types of libraries are coordinating efforts to protect GALILEO funding from deep budget cuts. As part of that effort, the Friends of Georgia Libraries are sponsoring a Facebook page called "Galileo Friends" at <http://www.facebook.com/home.php#!/pages/Galileo-Friends/133901393342305> . Please share this link as widely as possible and encourage everyone to share why GALILEO must be protected.

W. Bede Mitchell, President
Friends of Georgia Libraries
