## 58 Are Recognized Monday; Dr. Beiswanger Is Speaker

Fifty-eight GTC students will be honored Monday morning in the Honors Day program. Dr. George Beiswanger of GSCW will be the featured guest speaker.

### Industrial Arts Fair to be Held On GTC Campus

Industrial Arts projects of students in the junior and senior high schools of the First, Sixth, and Eighth Congressional Districts and Augusta will be on display at Georgia Teachers College May 16, 1-10 p.m. and May 17, 2-5 p.m.

This regional exhibit is one of three Industrial Arts Fairs to be held simultaneously in the state. The other two fairs will be in Albany and Atlanta.

These regional Georgia fairs are a part of a program designed to encourage, and recognize outstanding technological study, and work of junior and senior high school students in the field of industrial arts. They are co-sponsored in Georgia by the Georgia Industrial Arts Association and Associated Industries of Georgia.

#### Entries Shipped

Winning entries will be shipped from the regional fairs to Dearborn, Michigan to be entered in Ford Motor Company's International Industrial Fair.

Boys and girls in grades seven through 12, under 21 years of age and enrolled in industrial art courses—shop, drawing or graphic arts—are eligible for entry in the regional fairs.

Projects entered for competition must have been started and completed during the 1958-59 school year under supervision of an industrial arts instructor at school. The projects illustrate the practical application of the student's study processes and technology to the solution of a design, planning and production problem.

#### Scholarship Offered

A \$250 scholarship will be offered by Associated Industries of Georgia at each regional fair to a senior student for continuing his education. This award will be made at the senior's school in connection with the school's achievement program.

Numerous other awards will be given. First place trophy cups will be awarded at each

The annual Honors Day activities will cite 18 seniors for constructive leadership and unselfish service. A total of 35 students will be honored for achieving an average quality point ratio of better than 3.6 for five consecutive quarters.

Special music will be provided for the occasion by an instrumental ensemble, directed by Mr. Fred Grumley, and by special organ music played by Mr. Jack Broucek.

Dr. Beiswanger is chairman of the division of fine arts at GSCW. He holds degrees from Carthage (Ill.) College, Hama Divinity (Ohio) School, and from the State University of Iowa. By JOYCE RAHN

Last week we talked about rules in this column. We are continuing the discussion. The rule about girls wearing bermudas has caused considerable talk around campus. So I have gathered some peoples opinion on the question, which is: Do you think boys should be allowed to wear bermuda shorts to classes, on front campus, and the dinning hall and girls be deprived of the privilege?

Jean Holmes—No, it's not fair. Besides girls have better looking legs than boys.

Mary Lynn Nail— I think if it's appropriate for boys to wear them girls should be allowed to wear them.

Jean LeHardy— Yes, why deprive boys of a privilege just because girls don't have this privilege. We could settle the whole thing by letting girls wear bermudas but not short shorts.

Kenny Giddens— I think clothes should be worn by either sex at their own descretion.

Gorden Stallings—No. I think girls should wear them also, but boys shouldn't be declined the honor even if girls are.

Richard Smith—I think girls should be allowed to wear them if boys do.

Diane Pulliam—I think girls should be allowed to wear bermudas after classes, especially on Firday afternoon and to supper on Saturday night.

Bob Spell—I think girls should have equal rights. At least, I had better think this in order to keep peace in the family.

Eric Heers—Why not let people dress as they please just so they are not in exposed. Girls look good in shorts, as for boys, that's questionable, but nevertheless it should be alright for girls to wear shorts, the bermuda kind.

Tom Brophy—I am opposed to bermudas being worn to

Dear Drivers,

Now that all the public schools in Statesboro and the Marvin Pittman School, too, start at 8:00 a.m., there will be more cars on the roads of Statesboro and on the GTC campus from 7:30 to 8:00 a.m. than any other time, and all those cars have the most precious cargo: our children and ourselves.

I arrive on the campus before 8:00 a.m. too, and I am scared because I have three children on the road at this time of the day and myself.

Please let up all do something to make driving less hazardous particularly at this critical time, before a bad accident happens.

Speaking for myself, I have made a resolution to be a very careful driver. Please join me and let's get up five minutes earlier. Thank you.

# BASEBALL REVIEW

By AL BURKE

Again this week it was freshman ace Clyde Miller who put Georgia Teachers College back into the win column to give GTC a 9-10-1 record. Earlier this week he was used in relief of Lou Shipes; so, now he has appeared in 11 of the 20 games.

The Southeast Bulloch right-hander Miller was very effective with his fast ball and curve which were combined with control as he put down Clemson 2-1 on five hits. Miller had a shutout with two out in the ninth when Doug Hoffman hit a hanging curve for a round tripper.

In the first game of round-up week the Profs committed five miscues on their way to an 8-5 defeat at the hands of Mercer. For the Bears it was Norman Carter gaining his second victory of the season over GTC. Lou Shipes was credited with the loss in his first GTC appearance after relieving starter Larry Moore.

Lefthander Ray Mims, making his first start in two weeks, went six innings against the Clemson Tigers and gave up

only five hits. The Tigers took advantage of his eight walks as they shoved over five runs, whereas GTC could only muster up two runs on seven hits to pin the second defeat on him in four decisions.

Coach J. I. Clements called on junior Tony Adams to finish the game, and that he did. He faced only six Tiger batters in the two innings he pitched.

In going the full nine innings while allowing only one earned Tiger run, Miller, now 2-2, lowered his earned run average to 1.94, lowest on the team. (Lou Shipes has a 0.00 earned average but he has worked only five and two thirds innings.) Next is Bo Altman (3-0) with 3.69.

Centerfielder Ben Benton got the big blow of the week when he led off with a homer in the first inning of the first Clemson game. He now has a total of two.

Saturday Ray Mims will try to even the Profs record for the season by taking on Florida State at 2 p.m. The game will be played here and will be broadcast.

**BEN BENTON**, Senior from Glenwood is currently in his second year as regular outfielder on the Georgia Teachers College Baseball team. Benton is leading the 1959 Professors in stolen bases and in runs scored. Benton transferred to GTC after two years at Abraham Baldwin.

## Profs And Clemson Split 2-Game Series

The Profs behind freshman Clyde Miller's five hitter defeated Clemson Tuesday to give them a split in the two-game road trip.

Monday the Profs lost 5-2 with junior lefthander Ray Mims absorbing his second loss in four starts. Mims gave up two runs in the fourth inning, three more in the sixth before Tony Adams took over in the sixth.

Mims struck out four and walked eight. Adams had one walk and struck out one. Dave Spruce was the winning pitcher for Clemson.

Ben Benton and Dan Stipe were the big guns for GTC in the first game. Benton opened up the game with a homer in the first inning, then singled again in three trips to the plate. Stipe collected two singles in four trips. Doug Hoffman was the big man for Clemson, hitting a homer in two trips.

In the second game GTC pushed across an earned run in the third and an unearned run in the eighth to give Miller

his second win in four games.

Clemson had one run on Doug Hoffman's homer in the bottom of the ninth for two in two days. Miller and Benton scored for GTC. Benton singled, stole second, and scored on an error. Miller was on, on an error, went to second on a sacrifice by Benton, and came home on a double by Donald Lord.

The win pushed GTC's record to 9-10-1 for the season. Clemson has won 15 out of 21 games this year.

## Some Call It Baseball, But Girls Contend There Are Better Names

By BETTY PAGE

The other day my roommate and I had the brilliant idea to go down and watch the baseball game. We were determined to sit there and nuderstand what was going on, but my boyfriend, who sat with us, figured out that we were dumb to the game when we kept cheering every time the opponents scored.

Soon becoming embarrassed at our remarks and questions, he patiently explained all the rules to us, and if we were confused before, we were muddled then.

"Hey," we kept asking, "what's all this with the bull pen, sacrifice, mound, dead ball, and dugout?" we thought this was just a ball game, not a bull fight. First of all, the fans yelled, "Take your time, baby, don't hurry." We never saw a baby but from that point on we were just worried to death about that child. Then we heard, "Bases are loaded"—with what we couldn't figure out—and then they yelled, "Hurry, Hurry." No wonder the poor bat boy—er, I mean batter—looked pooped.

First it's a fly ball, next a foul ball, then it's dead. I still can't quite figure this one out: how did they get "apple" out of "ball"?

I guess we were most con-

fused about the scoring. How much does a foul ball count? How much does a home run count? I think the scoring is absolutely crazy. Everyone should agree that a home run should count six—one for hitting the ball, one for first base, one for second base, one for third base, one for home plate, and one for the road.

Guess we'll never understand baseball.

## Profs to Play FSU Saturday

Georgia Teachers College will be attempting to do something Saturday it hasn't been able to do in six years—beat Florida State University in baseball.

Coach J. I. Clements Jr. will start lefthander Ray Mims in an attempt to cool the torrid Seminole, coached by former National League star Danny Litwhiler.

Earlier this year FSU whipped the Professors 7-1 at Tallahassee for the 12th straight time. The series record stands at 1-17 and a 6-2 win by GTC in 1953 is the only thing on the plus side for the Statesboro nine.

Mercer defeated the Profs for the second time this season as they collected eight runs on twelve hits. The Profs collected 6 runs on seven hits.

Errors in the eighth inning produced the Bears' winning runs with two out. Loui Shipes, who took over from starter Larry Moore in the third, was tabbed with the loss, his first. Shipes was released by Clyde Miller in the eighth inning to finish the game.

"Russia has now laid claim to every invention but the lie detector."

Water Safety students have a breath control exercise called "bobbing." It is accomplished by exhaling in the water, rising to the top, inhaling, and descending again. This may go on for five or ten minutes. Jim Brandon asked, when he saw a student "bobbing," "What's he trying to prove? That he can go under more than three times and not drown?"

\*\*\*

With the completion of one building

drawing near, many comments are being made about it. Hardly a meal goes by without at least one comment being made about one of the buildings constructed near Anderson Hall. Even though as a day-by-day observation, we see certain physical aspects taking form, there are many "jobs" we never see, some of which are never even thought of by the layman.

Behind the scenes operations are as important as the structures itself. First of all, when a building is needed, an architect looks for the need. Then he designs the building; not just a picture, but the complete structure. This takes page after page of "blueprint" as it is

called. Each corner, step, window, water fountain, radiator, and light switch is included. ... even the type of material and color is indicated.

Then, after approval of the design, contractors are given blue prints to study. Each contractor figures the approximate cost and turns in a "bid" for the price for which he will do the job. Bids are opened on a set day and the low bid gets the contract.

Then the contractor places the orders for his materials, indicating the day on which he wants them delivered. This is to prevent the expense of a whole crew of skilled workmen sitting around just because a company is out of red brick, for example. Months ahead the company had agreed to deliver so many brick at a certain place on a particular day.

There are many operations that we never see. But this gives you an idea of how many plans must be made, just to get started with a structure.

In a few days the new dining hall-student Union will be completed and all the hard work will be forgotten. However, a few that understand the contracting will appreciate the work. Maybe we will look at the building with a different view, now.

## Mother

We see by the calendar that a deserving lady is about to be honored. She's feted one day a year—every year. Her once-a-year day in honor of her all-of-a-lifetime job.

She's got a pretty rough job, too. She's in charge of the cut finger and black eye bureau, the runny nose-department and hurt-feelings section. She listens to complaints with heart-tuned ears and gives out advice with love, smiles and cheers.

She's been lovingly immortalized in song, speech and poem. But they never seem to capture the sunshine in her eyes. Or the tired tenderness in her smile. Or the loving lightness of her touch. Or the many times she chased the shadows away with a comforting word.

Take the nicest things about all the nice women down through history and they still wouldn't equal this one woman in the world.

Her day, Mother's Day, is Sunday, May 10. Think of her on that one day as she has thought of you every day of your life. Remember her with a visit. Buy her a gift. Take her out to dinner. Do something. There's no excuse for forgetting Mother, especially in this day of technological advancement.

Wherever you are, whatever you may be doing—don't forget Mom on her day.

Tell her you're thinking of her. Say it with love.

"I'VE HEARD ABOUT THESE NEW CAR SAFETY BELTS-BUT..."

## Camp Labjoy Proves Success To Students

Approximately seventy Marvin Pittman School seventh and eighth graders took part in traditional stunt night at Camp Labjoy on Saturday night.

Saturday night is the golden thread which lifts the fabric of camp living out of the every day camping routing into a special realm.

Mary Anne Pollak and Billy Davis were the Indian chiefs in charge of this magic hour. The various stunts were originated and prepared by the campers themselves and created out of what ever was at hand.

### Prize Winners

Receiving first place was the Comanche tribe, Mary Anne Pollak and Billy Davis, Indian Chiefs; the second place, Creeks with Hikié Scott and Brenda Scruggs, Indian Chiefs. The Sharonees led by Walter Barry and Sue Stephens received honorable mention.

The second area was composed of group stunts. Ranking first were the Cherokees led by Chiefs Gerald Lewis and Nan Simmons.

Receiving second place were the Cheyennes led by Chiefs Arlene Gacek and Kenneth Hol-

lingsworth. The Creeks received honorable mention. Hikié Scott and Brenda Scruggs were chiefs.

The third group was composed of individual contributions with first place going to a Musical Trio by Hikié Scott, Billy White and Brenda Scruggs. Kathy Westrick won second place with her pantomime of a popular song, "Left Right Out of Your Heart." Walter Barry and Judy Turner received honorable mention as a dance team.

### Judges Comment

The judges commented favorably on the talent, ingenuity and originality found in the program.

Learning to live out of doors and partaking of camp stunts and programs and various activities brings a broadening of the spirit, strengthens learning and exerts a permanent influence upon those privileged to enjoy the Outdoor Education Project as set up by the Marvin Pittman School for seventh and eighth grades. Mr. J. A. Pafford, principal of the school, feels that this pays valuable educational dividends not only to the pupils, but to the community.

## 'Life In Cone Hall Is Pleasant': Ma Hartley

By YVONNE DURHAM

"Georgia Teachers College was an answer to prayer. The opportunity to be a house director came when it was needed most. My family of four children had finished college and I was completely alone and not needed further."

These were Mrs. Thelma Hartley's first words as we talked about her position as house director. Her first thoughts are always ones of gratitude for the opportunity of again being able to "admire pretty young ladies and good looking young men," as she relates it. "Their enthusiasm has a stimulating effect on we older people," she confided.

Ma Hartley has had the opportunity of meeting many young men as they come, live, and leave Cone Hall. She sums up their impressions on her in three words, "they are tops!"

But, being the house director in a junior and senior mens dormitory always appeared to be a difficult task. Not so says Ma Hartley, "Of course we have some problems, as all people do, but when the young men know what is expected of them they are always co-operative. I have found my work inter-

esting and sometimes very humorous."

Yes, Ma Hartley has found an answer to prayer in a men's place dormitory. She has found a place to be of service, a place to meet new, interesting personalities, and a place to see young men further themselves educationally and socially.
