## Baker and Ragsdale Victorious In Student Council Run-off Election

### 9 KDE Pledges Initiated May 4 Into Sorority

Nine pledges for Kappa Delta Epsilon, national honorary education sorority, became actual members of the sorority in an impressive candlelight service in the lounge of the music building on Monday, May 4. These girls were: Betty Biggers, Keyesville; Vivian Blizzard, Tennille; Carolyn Bridges, Moultrie; Rose Franklin, Statesboro; Roberta Halpern, Statesboro; Janice Lindsey, Ft. Gaines; Thelma Mallard, Statesboro; Glenda Rentz, St. Marys; and Mary Rivenbark, Metter.

After the initiation service, Dr. Georgia Watson gave an inspiring talk on the subject of "Healthy, Wealthy, and Wise."

The new officers for the coming year led the initiation service. They were: Miriam McClain, Pelham, president; Jan Powell, Zebulon, vice president; Barbara Williams, Decatur, secretary; Betty Sue Mashburn, Pineview, treasurer, and Helen Tanner, Twin City, scrapbook chairman. Other members of the sorority are Wanda Broome, Dalton; Linda Hardie, Gordon; Martha Bacon, Wrightsville; and Ellen Sumner, Sumner. Miss Helen Taylor is the advisor for the sorority.

The run-off election of Student Council officers between Jerry Brown and Dickie Baker for the presidency and Charles Ragsdale and James Chivers for the second vice presidency was held on Monday, May 18. Charles McLendon, president of this year's Council, has released the results.

Dickie Baker with 201 votes defeated Jerry Brown with 88 votes for the office of president. Charles Ragsdale's 150 votes won him the office of second vice president over James Chivers who polled 137.

Other officers and representatives of the Council are as follows: Albert Burke, first vice president; Vivian Blizzard, secretary; and Susan Brandon, treasurer.

Diane Brannen and Milton Callaway, sophomore class representatives; Mary McGregor and Dean Akin, junior class representatives; Miriam McClain and Hubert Manning, senior class representatives.

## Bogitsh Gets Study Grant

Dr. Burton J. Bogitsh, associate professor of biology at Georgia Teachers College, was recently awarded a \$700 Grant from the Sigma Xi Society, a national scientific organization, to aid him in his study of the cyst of a particular parasite that develops in the bream fish.

## Eighty Courses Scheduled For Summer School

Eighty courses are planned at Georgia Teachers College for the summer program beginning on June 15.

Those attending the first session will register on Monday, June 15, and begin classes the next day. The first term ends on July 24. Classes will meet two hours a day, five days a week, with five quarter-hours credit each. A total of 61 courses will be offered during the first session.

Anyone who has never attended GTC must apply by May 26. Old students need not make prior application.

The second term starts on July 28 and ends on August 18. A total of 19 courses will be offered during this three-week term, and each course meets for four hours each day, with five quarter-hours credit.

A maximum of two courses may be taken during the first term, and one the second.

In addition to both undergraduate and graduate courses offerings, a general curriculum workshop, a science workshop for elementary teachers, and a language institute for high school teachers will be offered.

Total cost for the first term, including general fees, room and board is \$134.00, and for the second term the cost is \$67.00.

The summer faculty includes 40 men and women. For the second year GTC will be offering work toward the masters degree in eight fields.

## Ind. Arts Fair Best In History Of GTC Fairs

Quality, quantity, and variety were the highlights of the Industrial Arts Fair held at Georgia Teachers College Saturday, May 16. There were 13 schools represented and 365 projects entered this year's fair.

This fair, without exception, the best in the history of fairs held here according to Dr. Donald F. Hackett, chairman of the Division of Arts at GTC. It indicated that the teachers are grabbing the real concept of the many fields of Industrial Arts said Hackett.

The winner of the \$250 scholarship was Bob Sherman, a senior from Warner Robins Senior High School. Sherman's entry was a set of machine precision tools.

The best entries in the different groups were as follows: Group C, 11 and 12 grades, Donald Wooley of Warner Robins with a four-cycle gas engine. Group B, 9 and 10 grades, James Pratt of Warner Robins with a stereo-amplifier. Group A, 7 and 8 grades, Julius McAnally of Warner Robins with a hand tooled leather purse.

"Of noteworthy importance," said Dr. Hackett, "was a test scoring device built from a study of IBM Program equipment by a student from Tubman Junior High School of Augusta, and the tools for a metal working machine which were designed, engineered, and developed by a student from Warner Robins Senior High School."

## Rev. Jackson And Dr. Campbell Will Speak At June Graduation

REV. DOUGLAS JACKSON

DR. DOAK CAMPBELL

Graduation exercises will be held at Georgia Teachers College, on June 7-8. The baccalaureate sermon will be delivered at 11:30 a.m. on June 7. Commencement services will begin at 10:30 a.m. on June 8. There will be approximately 190 graduating.

Rev. C. Douglas Jackson, pastor of the First Baptist Church, East Pont, Georgia, will deliver the sermon. Rev. Jackson is a graduate of Georgia Teachers College and Southwestern Baptist Theological Seminary at Fort Worth, Texas.

Dr. Doak S. Campbell, Tallahassee, Florida, will deliver the commencement speech. Dr. Campbell was president of Florida State University from 1941 to 1957.

During his term of office there was a tremendous building program and enrollment increased. Perhaps the most significant step has been the development from four major academic divisions in 1947 to 14 at the time of his retirement from the presidency. He has received national recognition in the academic field for his work with junior colleges and in curriculum.

## Modern Dance Club To Present Concert

Nine members of the Modern Dance Club will present a modern dance concert on Thursday night, May 28 in McCroan Auditorium at 8 p.m. There will be an admission charge of 25c.

Those participating in the program and the numbers they will appear in are as follows: "Technique and Vocabulary" with Judy Anderson, Jane Dotson, Janice King, Phoebe Kelly, Linda Nesmith and Juanda Newbern; "This I Believe" with Judy Anderson and Phoebe Kelly and read by Jane Dotson; "Saber Dance" with Janice King and Juanda Newbern; "The Three Cornered Triangle" with Phoebe Kelly, Kenny Giddens, and Harris West; also "Waltz" with Linda Nesmith and Joe Brewer; "Tuxedo Junction" with Phoebe Kelly and the Emma Kelly Combo; "Space Theme" with Judy Anderson, Phoebe Kelly and Linda Nesmith; "Calypso" with Juanda Newbern and "Voodoo Suite" with Judy Anderson, Jane Dotson, Janice King, Phoebe Kelly, Linda Nesmith, Juanda Newbern, Kenny Giddens and Harris West.

Vocabulary of Movement  
"Technique and Vocabulary"

## Sat. Program To Begin Sept. 19

The Georgia Teachers College division of education will offer four graduate level courses in the Saturday program in Graduate education for 1959-60, according to Dr. J. D. Park, chairman of the education division.

The program will be made up of two terms of 15 Saturdays each. The first will extend from September 19, 1959 through January 23, 1960, excluding November and December 19 and 26.

The second term will last from January 30 through May 14, 1960, excluding March 19. Classes shall meet for three hours and thirty minutes, including break.

Fall term courses will be Audio-Visual Education (Education 440) and Problems in Reading (Education 446).

Courses for spring term will be Philosophies of Education (Education 505) and Psychology of Exceptional Children (Education 435).

is a warmup exercise used preceding a dance concert as well as an exercise to strengthen and discipline the body. Instead of using the verbal expression there is a vocabulary of movement such as folds, contractions, leaps and jumps.

"This I Believe" is an interpretation of the personal meaning of modern dance of Martha Graham, a pioneer of modern dance. In her words, "In some areas one becomes an athlete of God."

"The Saber Dance" is illustrated with real Hungarian Sabers employing fencing, the Russian dance and the modern dance.

### Internal Conflict

"The Three Cornered Triangle" is a combination of the blues, jazz, and the modern dance and is an interpretation of the internal conflict of two men and one woman.

"Tuxedo Junction" is a modern dance number danced by Phoebe Kelly.

"Waltz" is a classic waltz combining ballroom dancing and ballet dancing.

"Calypso" is an interpretation of Harry Belafonte's Star-O.

### "Outer Space"

"Space Theme" is a symbolic dance representing a new era of adventuring into space and continued from page 6

### EXAMINATION SCHEDULE

June 2 - June 5  
1959

Place of the examination is the regular meeting place of the class unless otherwise announced by the instructor.

Tuesday, June 2

2:30 ..... All 2:30 classes

Wednesday, June 3

8:00 .. All 8 o'clock classes

10:30 Biology 104 (Dr. Boole)

1:30 .. All 9 o'clock classes

3:30 ... Math 100 (Dr. Bice)

Thursday, June 4

8:00 ..... All 10:30 classes

10:30 History 103 (Mr. McAllister)

1:30 .... All 11:30 classes

3:30 English 103 A&E (Miss Johnson)

Friday, June 5

8:00 All 12:30 o'clock classes

10:30 All 1:30 o'clock classes

Tuesday, June 2, classes will meet as usual until 1:30.

## Special Courses To be Offered To Coordinators

Two special courses for the preparation of coordinators for the state's diversified cooperatives training program will be offered by the industrial education division at Georgia Teachers College this summer.

The courses, "Problems of the Coordinator" and "Selection and Organization of Subject Matter," are scheduled during the first session of summer school and are open to anyone who wishes to enroll, according to Dr. Donald F. Hackett, chairman of the arts division.

These are the two beginning courses for DCT coordinators and are offered only in alternate years.

The diversified cooperative training program, commonly called the DCT program, is a phase of vocational education in high school. A student enrolled in this program in high school attends school half a day and works the other half of the day in a carefully chosen occupation. He receives pay and experiences in his work and receives school credit at the same time. The coordinator is the person responsible for coordinating the students' off-campus work with their regular school instruction.

Dr. Hackett praised the program highly, saying it keeps the young people in school and provides a "more realistic" approach to work and education through supervised experience in some type of work and correlated school instruction in their chosen field. He said further that a number of good opportunities for coordinators are now open in the state.

### PARK TO GIVE SPEECHES

Dr. J. D. Park, chairman of the education division of GTC will give five commencement speeches during the month of May and June. These are as follows: May 24, Soperton; May 25, Metter; May 26, Sylvester; May 27, S.E. Bulloch and June 1, Woodbury.

ROBERT SHERMAN, a student at Warner Robins High School, and winner of the \$250 scholarship for the best senior entry in this year's regional industrial arts fair is shown standing between Dr. Donald F. Hackett, professor and chairman of the division of arts at GTC and fair chairman, Don Whaley, Industrial Arts teacher at Glynn Academy in Brunswick. A total of 13 school entered 350 exhibits in the fair this year.

## Dedication Revealed For 1959 Reflector

The 1959 REFLECTOR, the Georgia Teachers College yearbook, arrived on Tuesday and distribution began immediately.

The 1959 yearbook is dedicated to Miss Bertha Freeman, associate professor of education. The dedication reads "Because she has so nobly dedicated herself to us and to our needs, working quite inconspicuously seasoning our lives with her own personality and the granite values typical of the truly great teachers and leader, we dedi-

cated the 1959 REFLECTOR to Miss Bertha Freeman."

The dedication ceremony will take place at the assembly program on Monday.

Pete Hallman, now teaching at Richmond Hill High School, is this year's editor. Ann Manry is managing editor, Thomas Brophy is assistant editor, and Bob Corley is business manager.

Perhaps the highlight of the book is the double-page color picture of the library on pages eight and nine. The picture was taken by Ed Abercrombie.

## EDITORIALS

### And In A Democracy...

This is an old story which evidently needs repeating and repeating and repeating! Voting is a freedom fought for by men and these same men have died defending this right.

However, the students of GTC have chosen not to accept this responsibility. Two elections have been held here in the past week and at both elections there was much less than the majority of student government on campus. The officers of the 1,000 enrollment who voted, 300, a few more or a few less, were interested enough in their student government to cast a vote for some important, if not the most important, positions in student government on campus. The officers of the Student Council are chosen by you to serve you.

Only 300 used their freedom reserved for them as Americans. Those who failed this responsibility evidently are not mature enough to realize the importance of voting when the opportunity presents itself.

Were the polls in an unreachable location? No! Everyone goes by the Blue Tide at least once a day for some reason or another and the polls were placed conspicuously in front of the Blue Tide.

The elections were well announced and any alert person knew when the voting was being done.

Time! If you had time to sit down for a cool drink of water then you had time to express your opinion by voting for the person of your choice.

But as the situation stands, the persons who won will be the leaders of the entire school body for a year; but only the choices of 300 students of the entire enrollment.

GTC is a small school now with only 1,000 enrollment. But to these 1,000 it is their life from responsibility of 9 to 12 months and for 2 to 4 years. It is the responsibility of each student to show interest in the event that happen here.

### Why Industrial Arts?

In this present era of rockets, guided missiles, satellites, the educators of our society are developing larger and better curriculums for our schools with added emphasis on science.

It is discouraging, however, to see the educators place so much emphasis on the sciences, although they are indeed vital to our society, and then frown when someone suggests adding industrial arts to the curriculum. If questioned about their lack of interest in this activity, some would surely exclaim, "Why industrial arts? We need courses that will motivate students into the sciences so they will some day find the way into outer space!" To those who would say this, we would like to point out that the future scientists of our nation may find the way into outer space but they are not qualified to design and construct a ship to carry them. If they cannot construct this ship, then who will?

Industrial arts is not a class where boys and girls go to build things! Industrial arts is a study of industry for the purpose of general education and it is just as important as any other course in the school curriculum. True, students in industrial arts build things; but these projects are only used as a means of securing the interest of the students. What other courses in the curriculum can use such excellent means for arousing student interest.

As the students work on their projects their interest is maintained. During this time they are learning about industry—the backbone of our nation. Some will continue their education in this area through mechanical and technical engineering, drafting and industrial design.

Who will aid the scientists in their search for a way into space? The scientists will find the road but it is up to the technical and industrial members of our nation to clear and pave the road, as well as plan, design and construct the transportation facilities which will travel this road into space.

"IMAGINE! A PHI BETA KAPPA FINDING ME INTERESTING! WHY, I BARELY HAVE A 'C' AVERAGE!"

### Vet's Corner

By MERCER McMILLIAN

The following information concerning the Veterans' Club beach trip has been made available to me: the trip is slated for the days of the twenty-third and twenty-fourth of May; all those who plan to go are required to be either members in good standing (i.e. dues paid for each quarter this year), or, for those who have not paid last quarter's dues, a fee of two dollars before the group leaves. Everyone planning to go should give his name to Mike Sweat as soon as possible. A reasonable amount of food will be furnished by the club for members and their guests. Mike Sweat will receive all dues and give complete information to members planning to attend this outing. Contact him as soon as possible.

Well, time has about run out for this quarter. There remains only the time for those culminating events that have been planned by individual clubs and individual professors throughout this quarter, the former, of course, being dances, and parties and the like while our professors are beginning diligently to set about preparing their parting remembrances—final

examinations. It is meet and proper, I believe, that we resolve to stick by all our activities the last ditch. I understand that there will be various extra-curricular activities on through the final weekend on campus. So, of you are in the course of your studying notice symptoms of nervous exhaustion approaching, please do turn your interests to one of our planned diversions.

It's is a rather sneaky way to slip in a commercial, but I would like to mention the radio drama for this coming weekend, Sunday, May 24 at 3:30 p.m. to be presented over Radio Station WWNS. The play is a radio adaptation of Edgar Allan Poe's short story, "The Black Cat," written by fe and featuring in it's cast Jim Fields as Charles, the killer; Trudi Summerour as Emily, his wife; Anne Waters as Christine, the maid; Charlton Hendrix as the police inspector; Willis Moore as Officer Haggerty. Mr. Clyde Faries shall act as technical director. We believe that the performance that will be rendered by this distinguished cast will make drama well worth your while, so tune in, won't you. See you next week.

### Editor's Desk

Last Friday a jubilant group was seen leaving GTC's campus. The departing cars were filled with members of Dr. Jack N. Averitt's Ante Bellum South Class.

We arrived in Charleston tired but happy—eager to see the big city. Dr. and Mrs. Averitt told us we would have our nights free so we commenced to take in the town.

Bright and early Saturday morning we rolled out of bed, ate breakfast in our hotel, the St. Johns (oldest in Charleston), and motored to the Middleton Gardens. These are the oldest landscaped gardens in the world. We spent the entire morning there and could have easily stayed longer.

Saturday afternoon some of us decided to take a boat trip over to Fort Sumter while the rest went with Dr. Averitt to the Archibald Rutledge Plantation. Charlton Moseley, who had been on this trip before, accompanied us to Fort Sumter. The old fort is under reconstruction having been badly demolished during the Civil War. Since we started back at the hotel before the

group who had gone to the plantation, we were able to catch a couple of winks of sleep.

That night some of us girls decided we'd get dressed and eat in the Francis Marion Hotel, a prominent place in Charleston. That night we four girls certainly ran up a bill but we all enjoyed dining there immensely.

A brisk walk over many of the Charleston streets completely awakened us after breakfast Sunday morning. We all attended services at St. Michael's Episcopal Church Sunday morning. We were all duly impressed with the service.

Our last sightseeing was done in the Charleston Museum. By this time everyone was ready to head back Statesboro way.

Those enjoying this outing were: Carl Martin, Norman Broadwell, Edwin Hale, Vivian Blizzard, Mary Brown, Ed Martin, Carl Williams, Snell Buchanan, Jim Curry, Cherry Kea, Martha Mitchell, Henrinell Middleton, Charlton Moseley, Dr. and Mrs. Jack Averitt, and myself.

### PROFESSORS MAIL BAG

Dead Editor:

Occasionally a girl on campus will get "restricted." This means, that she cannot be with or talk to any boys. We who are male have no way of knowing when a girl is in this condition, therefore, we may have a friend who is restricted. We like to talk to all our friends and this we do—that is, until we are told that the girl is restricted. We try to comply with the rules of the college, as near as possible.

We do not seem to get much cooperation from the female population. First of all it is supposed to be kept a secret

that a girl is on restriction. Yet there are girls that seem to delight in seeing other in trouble. This they do easily. They happen to see a "restricted" girl talking to her friend (male). Actually she is telling him that she cannot talk to boys. But this "gossip" sees this and assumes that the girl is talking to a boy, so she reports this to the house council, getting the restricted girl into more trouble.

You should be mature enough, by now, to grow out of being a "tale bearer."

Respectfully,  
Willis Moore.

### -- Moore Or Less --

By WILLIS MOORE

Linda Davis insists upon shouting in the library. Of course she may have been justified last Thursday night when a wasp was molesting her.

The girls of West Hall seem to "go for" Herman Melville's writings. They tried to follow the idea presented where he says "Water, water, everywhere..."

If you have been up town lately you probably noticed the display in front of the Statesboro post office. It is quite a striking display. We hope it will get favorable results. If you did not see it, then you will need a bit of explanation. There is an old beaten up mail box, similar to some you have seen on roadsides, on one side. Near it is a neat freshly painted mail box on a well kept post. There in front is a sign, "Which is your mail box," or something to that effect.

One can ride across the State and see many neat mailboxes. Unfortunately, however, there seems to be a greater percentage of disheveled and unkempt boxes and stands. This does not apply only to mailboxes. Nor only to other areas of the state. Recently we mentioned in "Moore or Less," the neatness of our campus, and noted some offenses to this neatness.

There is an old adage with which you are familiar. "A place for everything, and everything in its place." It seems to take extra work to keep one's possessions orderly.

A few of us once knew a company commander who always told his troops when they had a job, to do it "in an orderly fashion." Even though it may take an extra step to keep trash in the containers, clothes on hangers, books on shelves, and notes for a term paper orderly, it makes for easier work later when you want to find an item.

No one wants to put days and days of preparation on a term paper and then lose the notes. Neither does anyone want to live where everything is unorganized and is always lost. Some people can't even park an automobile without making a mess.

"Anything worth doing at all, is worth doing right," and orderly. You can get into a habit of neatness just as easily as any other habit.

A group of students sitting in the dining hall was discussing the religious denominations to which they belonged. Some were Baptist, some Methodist, and when it got to Lana Crawford, she said, in a foggy tone, "Mine is Business."

Comic Dictionary: Date: Something a freshman girl wishes there was no limit to, and something the senior girl knows she would not have had anyway.

Our Word for the Weak: "When a bachelor is at his wits end, he ceases to be a bachelor."

## Women P.E. Majors Visit Savannah Beach

By JOYCE RAHN

As the sun shone bright last Friday, most of the women physical education majors struck out for Tybee Beach. We stayed at the Tybee Hotel most of the time and on the white sands of Savannah Beach getting blistered. Saturday night we had a weiner roast at Memorial Park followed by an exciting softball game between the girls. Someone said, "the physical education majors just can't get away from sports."

Miss Pat Shely, Miss Jane Bell, Mrs. J. B. Searce, and Mrs. Joan Parkinson went as chaperones.

Members attending were Lane Hartley, Alamo; Millie Jo Bond, Eddenwood; Joyce Rahn, Springfield; Anne Gowen, Woodbine; Delores Glisson, Claxton; Betty

Jean Thrift, Woodbine; Eloise Minton, Kite; Norma Rushing, Register; Anne Fulmer, Statesboro; Mariellen Williams, Augusta; Dianne Brannen, Statesboro; Sally Coleman, Summertown; Pat Hart, Uvalda; Betty Hand, Tifton; Gail Jackson, Augusta; Helen Crump, Blackshear; Faye Hodges, Montrose; Ellen English, Stapleton; Wylene Fendley, Blufon; Velinda Purcell, Carnesville; Judy and Ralph Parkerson.

After the weekend, Miss Jane Bell gave the girls a charcoal-burger party at her residence Monday night.

We women physical education majors, would like to take this opportunity to thank Miss Bell, Miss Shely, Mrs. Parkerson and Mrs. J. B. Searce for going with us this past weekend.

**OUR CO-ED OF THE WEEK**—Glenda Rentz, is a sophomore who has appropriately chosen Physical Education as her major since her hobbies and interests lie in the direction of sports. Glenda is the daughter of Mr. and Mrs. M. W. Rentz of St. Mary's, Georgia. This petite, blue-eyed miss has many honors to her credit. She was secretary-treasurer of the sophomore class for 1958-59, secretary of Eta Rho Epsilon and placed fourth in the Queen's Court in the Beauty Revue. Her future plans are just like those of any other normal American girl, though. She plans to get married and teach school.

## Campus News Briefs

Members of the Wesley Foundation will spend a week at Camp Junaluska, North Carolina, on August 24 through August 31. Those planning on attending are: Albert Burke, Janet Price, Juanda Newburn, Martha Burgess and Gene Scarboro.

Camp Junaluska is a Methodist retreat held annually each summer. It is open to young people as well as adults.

Georgia Teachers College Band will hold their final concert Monday, May 25, at 6:15 p.m. The concert will be held behind the Old Gym.

The program will be as follows:

"Southern Medley by Carter. Three Kings by Smith, Cornet Trio (Thomas Singletary, Denzil Sellers, and Jack Willis).

March and Chorus by Hurdell; Joe Walters, student conductor.

Fable Overture by Gillette; Mary Ann Harrell, student conductor.

A Walking Tune by Grumdam; David Power, student conductor.

Our God, Our Help in Ages Past by Watts-Craft.

Battle Hymn of the Republic by Schoenfeld.

Lassus Trombone by Fillmore;

## Masquers Will Sponsor Last Saturday Dance

The Masquers will sponsor the last Saturday night dance of the spring quarter here at GTC in the old gym, May 30. The dance will be a "Masquerade Ball." Although a costume is not required, semi-formal attire is requested.

The dance music will be furnished by the Professor dance band. Entertainment will be furnished by the "Miscords," a rock and roll singing group. A floor show will also be presented by "Singers," Emory Giles, Glenn Clower and Jim Fields. Mercer McMillan, the MC for the floor show, will head a skit with a friend.

The Masquers request each and everyone to attend the last dance of the school year and to share in the fun that is going to be enjoyed those attending.

Trombone Soloists, Joe Walters, Guilford Prickett and Willis Moore.

A lawn party was held Thursday, May 14, in honor of the Lewis Hall senior girls. The party was given by the Lewis Hall junior girls.

It was held on the back lawn and moved inside for dancing and a floor show. A Japanese theme was used throughout. Ann Gowan was in charge of decorations.

The entertainment consisted of a song by Johnny Hathcock, dances by Pat Groover and Phoebe Kelly, and a commercial newscast by Dickie Baker. Jo Ann LeWallen was in charge of entertainment.

Betty Page was in charge of invitations and Audrey Strickland was in charge of food.

Special guests were: Dr. and Mrs. Zach Henderson, Dean and Mrs. Paul Carroll, Dr. and Mrs. Feilding Russell, Dr. and Mrs. David Ward, and Dean Imra Morgan.

Mrs. Mary Kate Evans hopes to make this an annual affair.

"Several offices changes are to be made on Georgia Teachers campus in the near future," states Joseph Axelson, Director of Public Relations.

The Public Relations office will move from the old gym to the Ad building, in the offices across from the Dean of Students Office.

In this same suite of offices will located Dr. Herbert Bice, associate professor of mathematics.

Public Relations, GEORGE-ANNE and REFLECTOR, will be located in the new Frank I. Williams Student Center next fall.

Dr. Zoltan Farkas will take over the old Public Relations office as a language laboratory.

Masquers elected a new slate of officers Monday night for the preceding year. Officers stepping down from their positions were well satisfied with the successors.

The newly installed officers are: Claude Astin, president; Carlton Hendrix, vice president; Trudi Summerour, secretary; Mary Jane Hardy, treasurer; Juanda Newburn, parliamentarian. Alva Edenfield and James Dowdy were elected to the scrapbook committee.

## One Day In The Life Of A Typical Student

By JIM SCOTT

It seems that not too long ago, a young, hard charging journalism student was given the assignment of covering a day in the life of a typical GTC student. Deciding to choose one of the more mature students for a subject, he proceeded to the third floor of Sanford Hall (naturally) where dwell a strange breed sometimes known as veterans.

After a few words with the USMC vet, he decided that an interview would be impossible because of the strange dialect spoken. We will assume that USMC stands for Uncle Sam's Misguided Children.

The interview being useless, our boy reporter decided to follow our vet through one of his typical days and from there get the information for his story.

Here are his heretofore unpublished notes:

6:00—Wake up—go.  
7:00—Went to buddy's room. Paid all his money to buddy

## Summer School Offers French

First quarter Elementary French (101) will be offered this summer at the first session, second period (9:40 - 11:25). The purpose of this course is to unburden the fall quarter beginning classes, which, for the past two years have had large enrollments. Therefore it is highly recommended for those who plan to take Elementary French next year to take the first quarter in the summer, if you come to summer school.

Since the summer classes are considerably smaller than the fall quarter classes, summer school students of Elementary French (101) can get a better foundation in French, and leave more room for the fall quarter freshmen.

for poker game, mad magazine, and Saturday night date.

7:55—Started to class. Stopped at drinking fountain, cleared throat, spit, and left gum in basin.

11:30—Stopped in front of East Hall for ten minutes and waited for girls to pass window (opps, late to class).

12:35—Dean of Men.

3:00—Picked up blond in post office.

3:30—Went to library. Talked, slept, and necked in stacks.

5:00—Went to infirmary. Took two sleeping pills.

6:00—Started on homework.

6:05—Finished homework and went to sleep.

6:06—End of day.

## BSU Members

## Plans Activities

## For This Month

A number of activities and projects are in store for the BSU members here at GTC during the month of May.

First on tap was a beach party for all BSU members on Saturday, May 16, at Hilton Head, S. C. The food will be free but there will be a fee of 50 cents for transportation.

The annual BSU Student Week will be held in Ridgecrest, N. C. Anyone wishing to go may contact any member of the BSU for details.

Another car wash will be held May 23, due to the success of the one held May 2. It will be held at the vacant Pure Oil station on highway 301.

The BSU is now conducting a religious census here on campus. The findings from this census will be turned over to the various churches by denominations.

## Anachronism?

Not really. 'Cause if Coke had been around in Caesar's day, Caesar would have treated himself to the sparkling good taste, the welcome lift of Coke! Caesar's motto—"I came, I saw, I conquered." Pretty good motto for Coke too—the prime favorite in over 100 countries today!

## Eight Basketball Team Members Receive Awards

Georgia Teachers College athletic director and basketball coach J. B. Scarce Jr., has announced that eight members of his 1958-59 basketball team have been selected to receive lettermen awards.

Only three seniors are included in the list of honorees. They are 6-4 forward George McLeod, Reidsville, Ga.; 6-2 guard Cary Moore, LaCenter, Ky.; and 6-2 forward Walker Cook, Pineview, Ga. Cook received three cage monograms, and McLeod and Moore earned two each.

Other lettermen are 6-2 guard Chester Curry, Wheelright, Ky.; 6-3 forward Whitey Verstraete, Moline, Ill.; 6-5 forward Connie Lewis, Millen; 6-5 freshman center Carlton Gill, Richmond Hill; 6-5 forward Eddie Owens, New Albany, Ind.; and 5-11 guard Ray Hasset, Harrisburg, Ill.

This marks Curry's third letter, and the second for Verstraete. Team manager Pete McDuffie, and team trainer Fon-

This week all the news goes to the women's Softball Tournament.

The Forfeiteers defeated the Yellow Jackets with the final score 14 to four. Joy Rahn and Pat Hart both scored three runs for the Forfeiteers. The winning pitcher was Pat Hart and the losing pitcher was Wylene Findley.

The game played Tuesday afternoon, May 19, saw the Forfeiteers winning over the Falcons nine to seven. Jane Strickland, Delores Glisson and Joy Rahn each made two runs for the Forfeiteers. For the Falcons, Lane Hartley made two runs. The winning pitcher was Pat Hart and losing pitcher Lane Hartley.

The Hawks lost to the Cardinals because of a forfeit.

Wednesday May 20: Cardinals vs. Yellow Jackets, 3:45. Thursday, May 21, Hawks vs. For-

teiteers, 3:45. Monday, May 25, Yellow Jackets vs. Falcons, 3:45.

The men's IM horseshoe tournament will begin sometime next week. The bracket will be placed on the IM bulletin board in the new gym. All entries should check by the gym and find out who you are to play.

\*\*\*

### HORSE SHOES

The track finals are to be held on Monday, May 25, unless further notice. If the time should be changed, a notice will be placed on the IM bulletin board.

\*\*\*

The track finals are to be held on Monday, May 25, unless further notice. If the time should be changed, a notice will be placed on the IM bulletin board.

\*\*\*

### TENNIS

The Co-Recreational tennis tournament is still in progress. The IM office wants to remind everyone to get the match played before the deadline. Be sure to report all results as soon as possible.

\*\*\*

### GOLF

The first round (18 holes) of the men's golf tournament has

been completed. The following is a list of the six leaders; Marion Shivers and Joe Edwards 96; Tommy Mathison 117; Bob Morales 113; Warren Alexander 120; Roy Collier 124.

\*\*\*

### Bears vs. Bobcats

The Bobcats came from 12 runs behind to defeat the Bears 16-13 in a short four inning game. The winners got 16 runs from half as many hits. The Bears got 13 runs from just six hits. Ray Hicks was the victorious pitcher and Charles Smith was the loser.

Score by innings.

Bears	3	9	0	1	—13
Bobcats	0	4	8	4	—16

\*\*\*

### Wildcats vs. Cougars

The Wildcats finally came up and won them selves a softball game. They scored an 8-4 decision over the Cougars. Warren Alexander was the winning pitcher as well as the Wildcats' leading hitter. He had three

## The George-Anne — Page 4

Collegeboro, Georgia, Friday, May 22, 1959

hits. Donald Crump led the Cougars' "stickmen" with three hits. Bill Stanley was the losing pitcher.

Score by innings.

Wildcats	3	2	0	1	0	2	—8
Cougars	0	0	0	0	4	0	—4

\*\*\*

### Leopards vs. Tigers

Billy Upchurch led the Tigers with three hits to victory over the Leopards by the score of 10-3. The Tigers managed 10 runs from seven hits, Gordon Stallings was the winning pitcher. Manor Dykes was the losing pitcher.

Score by innings.

Tigers	3	1	0	0	3	1	2	—10
Leopards	1	0	0	0	2	0	0	—3

\*\*\*

### Lions vs. Panthers

The undefeated Lions almost found themselves on the short end of the deal when they met a good Panther team. The Lions got all their runs in the first three innings. The Panthers couldn't overcome this much of a lead, although they did make a fine showing for themselves. Both teams had eight hits. Jim-

my Oats was the winning pitcher with Joe Hines the loser.

Score by innings.

Panthers	1	1	0	5	0	0	—7
Lions	3	3	4	0	0	—10	

\*\*\*

The following is a list of the top pitchers in the IM softball league. The list is based on four or more decisions and is not complete.

	W	L	Pct.
Jim Hendrix	4	0	1.000
Roy Bagley	4	1	.800
Gordon Stallings	3	1	.750
Manor Dykes	6	3	.666
Ray Hicks	5	3	.625
Charles Smith	3	2	.600

\*\*\*

According to Mr. Jess White head of intramurals here at GTC there will be intramurals all summer.

There will be softball, tennis tournaments, horseshoe tournaments, and table tennis.

All students will be eligible to participate in the summer program.

Summer school starts on June 15 and the intramural program will get under way on June 22.

# G.T.C. Baseball Contest

## Win \$10.00 CASH!

### Pick The Winners!

Pick all winners and receive \$10.00 cash. If no one gets all the winners, the person naming the most winners will receive \$5.00 in cash from The George-Anne. In case of ties among contestants, the prize is equally divided.

1. In each ad on this page you will find two college teams scheduled to play baseball this week. Check the teams you think will win.
2. Mail or bring your entry sheet to The George-Anne, located in the Public Relations Office, not later than 5 p. m. Tuesday. Letters postmarked on or before this time will be accepted.
3. Members of The George-Anne Staff are not eligible to win.

Support the Sponsors of This Contest by Visiting Them When You Buy!

## Miller Is MVP; Pick Best Foes

Clyde Miller, a freshman righthander from Stilson, has been named most valuable player on the 1959 Georgia Teachers College baseball team by a vote of his teammates.

Miller won three and lost three, and compiled an earned run average of 1.95 in 60 innings. He appeared in 16 of the 25 games GTC played, and in addition to his three wins, his relief pitching saved five more games for other pitchers.

The Profs also picked an all-opponent team, with Florida State placing three men on the 10-man squad.

The team: Neal Martin, FSU, right field; Doug Hoffman, Clemson, center field; Ty Cline, Clemson, left field; Bunky Shore, South Carolina, third base; David Horton, Newberry, short-stop; Bill Dukes, Newberry, second base; Charlie Rodgers, FSU, first base.

The catcher selected is Joe Shields of Amherst, and the pitchers are Jerry Sharp of Kentucky and Frank Davis of Florida State.

## Do You Know Your Baseball?

BY MIDGE LASKY

Do you know what these following signs represent in baseball; K, HB, E3, or BK? Well, as like many of you neither did the young ladies who NOW include themselves among the members of the PBSAA. (For those of you who cannot translate these initials, it means Professional Baseball Scorers Association of America founded in this year of 1959 at Georgia Teachers College.

A few of the young men attending the game had one good laugh at those of us who were going C-R-A-Z-Y trying to keep up with the players as each one went up to bat. We were asked, "You aren't scoring Erskine?" "No," we screamed, "are you Nuts?"

Before one batter was up and somewhere on the field, it seemed as though the next batter had already come in home after hitting a home run. We were still sitting down writing the first batter's efforts. If the first batter hit a two-base hit, the second batter got a two-base hit, and a third walked to first and still a fourth player hit a three-base hit, just to mix us up we thought, then it seems as though three runs came in and one man was left on third. This may be logical and it's easy to say but just try to write it down.

Since we only were required to score our team we had a whole half inning to catch up on all we had missed during the last inning and rest. Rest did I say! Before we could catch our breath the Profs were back up at bat.

Don't tell Miss Jane Bell, who assigned this chore, but every other remark among the group was "Let me see your paper" or "what'd you put down?"

Why I know of one assistant in the 6th period class who was forced to change her seat during the game because a group of students sitting behind her thought up so many questions that she couldn't concentrate. Or was it she couldn't answer the question?

We suffered through seven innings and by the seventh we were ready, willing, and able to leave. Our hands were tired, our minds were tired, our brains were tired, our jaws were tired and the bleachers were hard!

PICTURED ABOVE ARE members of this years baseball team. They are as follows. First row left to right: Wayne Smith, Clint Peacock, Buzzy McMillan, Ralph Berryhill, Donald Lord, Ray Mims, Second row left to right: Thomas Avret, Harvey Berry, Billy Mock, Ben Benton, Tom Moody, Bill Mallard, Billy Robinson. Third row left to right: Coach J. I. Clements, Clyde Miller, Miller Findley, Tony Adams, Dan Stipe, Larry Moore, Bill Criscillis, and Connie Lewis.

## BASEBALL REVIEW

By ALBERT BURKE

The Georgia Teachers College baseball team had their four game winning streak broken by Furman who won 9-3 and 3-2. This ended the season for the Profs and gave them a 12-12-1 record for the '59 season.

In the first game with Furman it was lefty Ray Mims who was charged with the defeat and evened his record at 3-3. During the early part of the season Mims showed some of his old form which he had lost last year in winning seven and only losing one game.

Mims' best day for the season was probably against Davidson College as he struck-out eighteen batters and won

3-1. He ended the season with 46 strikeouts in 41 and two-thirds innings and an earned average of 3.87.

Righthander Clyde Miller got charged with the second defeat at the hands of Furman and evened his record also at 3-3. Working in 16 of the 25 games played by the Profs he compiled a respectable 1.95 earned run average over 60 innings.

After the finishing the game, Miller was chosen by his teammates as the "Most Valuable Player." This is made an even bigger honor for Miller by the fact that he is a freshman.

The winningest pitcher for GTC was freshman Bo Altman who had a 4-0 record and a 3.35 earned average over 40 and one-third innings.

Catcher Ralph Berryhill set a record by getting 23 runs-batted-in to stretch his four year total to 89. Bo Warren, from Ludowici, formerly held the rec-

ord with 86 RBI's. Berryhill ended his four year career at GTC with a career batting average of .284.

Another record was the jointly by pitchers Bo Altman and Clyde Miller in the field as each fielded 13 chances without a miscue. Jack Maxwell formerly held the fielding record for pitchers with eight chances and no errors.

## Furman Snaps Winning Streak

The Georgia Teachers College Professors lost their last two baseball games of the season to Furman University by the scores of 9-3 and 3-2.

In the first game of the series the Profs jumped to a 3-0 lead behind the superb pitching of Ray Mims. In the fifth inning Furman taking advantage of Mims' tiring arm scored five runs. Mims was relieved by Lou Shipes, who pitched until the seventh inning allowing one run. Tony Adams took over at this point. Although Furman scored three runs off Adams, he struck out four of the six outs, but his wildness helped Furman toward scoring three runs.

In the second games of the seires Coach J. I. Clements called on Clyde Miller to pitch. Both teams scored early and were tied 2-12 going into the eighth inning. At this point Furman's first batter doubled and scored the winning run two outs later on a Texas league single.

Box score:

Benton	9	0	1	0
McMillan	6	4	2	0
Stipe	8	2	0	0
Berryhill	9	1	0	1
Lord	9	1	0	1
Finley	6	2	0	0
Robinson	8	4	0	0
Mallard	6	0	0	0

## Puzzle Solution

Apparently GTC students and faculty don't like to work crossword puzzles. Last week the GEORGE-ANNE ran a crossword puzzle, offered \$1 each to the first five students or faculty turning in a correct puzzle. If the response was adequate, plans were to run puzzles regularly next year.

Two people turned in puzzles. In other words of the 1,050 students and faculty on campus, just .0019 are crossword puzzle workers. Oh well.

The only corect entry came from Dr. Burton Bogitsh, associate professor of biology. At any rate here is the corected puzzle.

# Campus Capers

By MARY ANN HARRELL

Here we are back again after another busy week I just wish someone would tell my why there is always so much to do at the end of the quarter.

We have a good number of things to fill these last few weeks of the quarter. Last Tuesday a student recital was presented by some of the music students. I only wish that more of you had been there to hear it.

Last weekend the women physical education majors and the Art Club spent the weekend at Savannah Beach. I hear that they had a ball.

**Last Band Concert Monday**  
The last band concert of the year will be given next Monday night at 6:15 p.m. The music will be light semi-classical and popular. The members of the band extend invitations to everyone to attend.

Congratulations to Ann Gowan and Dan Williams who are pinned.

I'm not going to mention any names, but there is a certain girl in Lewis who really should make one boy leave before another one comes to pick her up.

Have you heard about the TV stars of Lewis Hall? Ask

Miriam McClain about them.

What's this I hear about Garbiel blowing, Norma?

Congratulations to the newly elected officers of student council. I know they will all do a fine job. I know a cute story about Dickie Baker if anyone ever wants to hear it.

**All Are Proud of Annuals**

Aren't we all proud of our new annuals? I think the staff did a wonderful job with them. I might be prejudiced, but I think they are the best ever.

Have any of you ever seen a perfect example of mass confusion? If not you should visit the GEORGE-ANNE office on Tuesday nights.

**GTC Looking to Summer**

I imagine most of you are looking forward to getting out of school for the summer. So many people have wonderful times before them. Several of our students are planning to work in Yellowstone National Park, some are planning to work in camps in North Carolina, and many are planning to hit the big cities for summer jobs. I just hope that all of you have a monstrous time.

Have fun this weekend and be good.

## Home Ec. Club Holds Banquet Wed., May 19

Delicious food, candlelight and roses were featured at the first annual home economics banquet, held at Mrs. Bryant's Kitchen Wednesday night, May 20.

Highlighting the banquet was the installation of incoming officers for the next year. They include Amanda Tanner, president; Judy Eure, first vice president; Paige Dampier, second vice president; Mary McNorrill, secretary; Betty Rahn, treasurer; Susan Jones, reporter; and Rose Franklin, parliamentarian.

Miss Betty Lane and Miss Lucille Golightly will be sponsors for the club next year.

Fifteen graduating seniors were also recognized by the club.

Rose Franklin, new secretary of the Georgia Home Economics Association, attended the spring workshop which was held at GSCW in Milledgeville, last weekend. Miss Betty Lane accompanied her on the trip.

Seven GTC home economics club members were guests of Armstrong College in Savannah Saturday. The GTC girls presented a skit to the Armstrong club.

### Tour of Homes

They were then taken on a tour of historic homes in Savannah. The two college clubs took picnic lunches and spent Saturday afternoon at Savannah Beach.

Those attending were Gracie Burns, Yvonne Lanier, Betty Rahn, Betty Jan Saunders, Carolyn Hill, Judy Eure, Carolyn Dasher, Miss Mary Edith Reese and Miss Lucille Golightly.

## Skits Presented By E. Hall Girls

A typical study hall was the theme of the annual East Hall spring party on Wednesday night. A skit presented by Juanda Newbern, Janet Lodesky, Georgia Brown, Marie Thomas, Faye Hodges, and Mary Charlie Ewing gave a exaggerated view of the usual activities of a freshman girl from seven to ten p.m.

The night before an important test was portrayed as Becky Boulineau read Edgar Allen Poe's "Anna Bell Lee" to the rock-and-roll music of Judy Mock, Nann Crosby, Park Miles, and Carolyn Dasher.

Barbara Eakin took the group into the future as she presented her picture of the future of many of the girls.

With the singing of "The Battle of New Orleans" the program came to an end and the group adjourned for refreshments.

## Science Dept. Holds Workshop

GTC shall offer a science workshop for elementary teachers in the form of General Science 451G during the first session of summer school which begins June 15.

The workshop was designed primarily to meet the needs of elementary teachers on scholarship grant from the State Department of Education, however, it will be open to anyone wishing to take it.

The workshop will meet daily, Monday through Friday, 7:45 a.m. to 1:30 p.m. and will be taught by Mr. Tully Pennington and Mrs. Virginia Parker.

Study and activities in the workshop will be directed toward increasing the student's knowledge in the ability to teach the areas of science included in the science program of grades one through eight.

Special emphasis will be given to the early development of science concepts by the child in the varied areas of science and the broadening of these concepts commensurate with his progress through the elementary school, thus laying an adequate foundation for high school science.

## Inquiring Reporter

By JOYCE RAHN

If any of you have ever written an article, term paper or a theme you know how hard it is to find a topic to write on. Most of you know me and how crazy I am. This week's question was sort of crazy; not only was it crazy but the answers were too. Well, this is the question, maybe you'll have as much fun reading the answers as I did collecting them. "If you could change places with any person in the world, who would you change with and why?"

**Helen Crum**—I don't want to change with anybody I want to be myself.

**Billy Ray**—I would like to change with Jacques Charrier, because he is Brigitte Bardot's boyfriend and I like B B's hair.

**Wayne Paul**—I would like to change places with Edie Fisher, because he is married to Elizabeth Taylor. I like experienced women.

**Mariellen Williams**—I like things the way they are.

**Betty Hand**—Almost anyone who has a masters degree from college 'cause I'm tired of studing.

**Ben Benton**—Eddie Fisher! Why? Because then I can sleep with Elizabeth Taylor.

**Sarah Strickland**—I don't want to change with anybody. I'm use to my own problems.

**Tommy Mathison**—Eddie Fisher! Because of a months honeymoon cruise with Elizabeth Taylor and three and one-half million dollars.

**Anne Waters**—I don't know. Just can't decide.

**Claude Franks**—I like being me.

**Jesse Sedwick**—I'd like to be a combination of Superman for power, Peter Gunn for daring and cunning and Don Juan for love.

**Eloise Minton**—I like it just the way I am.

**Carroll Purvis**—The house mother in East Hall. Why? I could have more room!!!

**Norma Rushing**—I'd like to be the house mother in Sanford Hall so I can hear blank blank calling!

## For Your Entertainment

This week's movie is "The Helen Morgan Story" starring Ann Blyth and Paul Newman. This is the film biography of one of the best known torch singers of the '20s. Because of her unhappy love affairs, Helen Morgan became an alcoholic, and therein lies the story of this film.

The film will be shown in McCroan Auditorium promptly at 7:30 p.m. This promises to be a fine film. Make plans to attend.

## Anna T. Pittman Grant Signed

Mrs. W. A. Bowen of Statesboro this week announced the establishment of the Anna T. Pittman Scholarship at Georgia Teachers College to be awarded in the amount of \$200.00 to the student interested in preparing for a career in teaching exceptional children, including those needing speech correction.

Applicants must fulfill the following requirements by June 1 to be considered: three recommendations, a statement explaining an interest in and the plans for teaching exceptional children, and a statement of financial need.

Applicants should mail this information to Mrs. W. A. Bowen, Box 23, Statesboro, Ga.

Anna T. Pittman is the wife of Dr. Marvin S. Pittman, former president of Georgia Teachers College.

## Plans Are To Be Made For Debating Team

According to Mr. C. J. Faries, assistant professor of speech, plans are being made to strengthen next year's debate team over this year's won two and lost four record. The debate team is part of the speech extra-curriculum program.

Those planning to be on the debate team are Edwin Hale, Al Burke, Donna Long, Becky Boulineau, Jerry Sammons, Ronald Nesbitt, and Willis Moore. The question to be debated will be decided by a group of national speech organizations and will not be definite until August 10.

The debate team is planning to participate in three debate tournaments. During these tournaments, they will meet eighteen different schools from all over the south.

The first tournament will be the Dixie Tournament at Mercer University at the last of October. In December, they are planning to participate in one at Emory University and then in one at Florida State in February.

Mr. Faries said this year was the first time we had a debate team at GTC since the early 1930's.

## Modern Dance

continued from page 1

the universe beyond. A mood of timelessness is created through the movements of the dancers. One dancer represents the mother rocketship with two smaller rockets. Through the utilization of floor patterns and movements, the dancers attempt to convey the idea of searching for other planets and other worlds. There is the feeling of blue-black skies and flashing meteors.

"Voodoo Suite" is a simple dance representing the ancient superstitions rites of the voodoo world set in the jungle where unknown powers and black magic prevails.

## New Instructor Added at MPS

Miss Elaine Jardine of Douglas has been appointed to the faculty of the Marvin Pittman School, according to Dr. Zach Henderson, president of Georgia Teachers College.

Miss Jardine will teach Home Economics at Marvin Pittman School, located on the GTC campus.

She is a graduate of South Georgia College and of the Georgia State College for Women. She recently earned a Masters Degree in Home Economics from Pennsylvania State University. Previous teaching experience includes two years at Putham County (Eatonton) high school, and as a faculty assistant at Penn State.
