STATESBORO, GEORGIA, FRIDAY, JANUARY 15, 1965

NUMBER 11

Southern Receives \$11,215,000 In State Capital Improvement Budget

Artist drawing of the new men's dormitory to be constructed at Georgia Southern. The facility will house some 250 men and will be located on Georgia Avenue.

Blue Print For Future Released With Plans For Fifteen Buildings

The new state budget released this week "blue printed" the future for Georgia Southern with a \$11,215,000 projected program to be used in capital improvements over a five year period.

Announcement of the building program for the college was made Tuesday of this week when the new state budget was released.

1965-66

According to the projected program a total of \$4,895,000 will be released in the 1965-66 fiscal year for a \$750,000 science building, a \$750,000 classroom building, a \$1,110,000 women's dormitory, a \$925,000 men's dormitory, and a \$360,000 housing project for married students.

1966-67

In the 1966-67 fiscal year a total of \$2,760,000 will be released for a \$925,000 women's dormitory, a \$925,000 men's dormitory, a \$360,000 married students housing project, a \$350,000 student health service building and a \$200,000 central warehouse and shops.

1967-68

A \$1,110,000 budget in 1967-68 for a women's dormitory will be included.

In 1968-69, a \$1,100,000 man's dormitory is planned.

A total of \$2,340,000 in the fiscal year 1969-70 for a \$1,170,000 men's dormitory, and a \$1,170,000 women's dormitory will round out the five year program.

NOT INCLUDED

This program does not include the three new buildings now being constructed on the college campus, including the new annex to the library, \$339,465; the new classroom building, \$609,424; and the new woman's dormitory, \$739,698.

The figure does not include the two new dormitories which will be bid on tomorrow in Atlanta.

Dr. Zach S. Henderson, college president, predicted this week that by the time this projected program has been com-

pleted in 1970 the enrollment at Southern could be as many as 7,500.

The budget does not include the present \$6,600,000 building program. The combined of the two programs would carry the total to approximately \$17,815,000.

Presently under construction on campus is a 300-unit women's dormitory, a classroom building and the library annex. Bids to be let January 19 will open construction on a 250-unit men's dorm and a 250-unit men's dorm.

Bids will be let by October on a new dining hall and arts building. An annex to the gym is also scheduled.

The projected number of buildings will add 22 new structures to the campus.

Despy Karlas Appearing Here Tonight In Concert

Despy Karlas, Associate Professor of Music at the University of Georgia, will appear as piano soloist on the Georgia Southern College campus at 8:15 Friday night, January 15.

Under the sponsorship of Phi Mu Alpha - Sinfonia, National music fraternity, Miss Karlas will present a special Lecture-Recital to be held in the Recital Hall of the Music Building

on the Development of the Sonata, in which she will play sonatas by Scarlatti, Beethoven and Prokofiev and give verbal program notes tracing the style and development of the piano sonata.

As a concert artist, Miss Karlas is widely known for her performances of chamber music and solo piano Recitals, and has served extensively as adjudica-

tor for music festivals and piano competitions. She is past President of the Georgia Music Teachers Association and is currently chairman of the Committee for Recognition of Merit in Piano Teaching in Georgia.

Miss Karlas has attended the University of Illinois, the Institute of Musical Art and the Juilliard School of Music in New York City where she received a fellowship for advanced study in music.

Tickets are \$1 for students, \$1.50 for adults and can be obtained from any Brother of Phi Mu Alpha, at the office of the Music Division, or at the Music Box. Since there will be a very limited number of seats, please get your tickets as soon as possible.

Firms Bidding For Building Contracts

By JANICE McNORRILL, News Editor

Bids for two dormitories are scheduled to be opened Saturday at the University System Regents' office in Atlanta, according to Dr. Zach S. Henderson, president of Georgia Southern College.

The new men's dormitory will be located on Chandler Road. The three-storied structure will be built in the shape of a cross and will be completely air-conditioned.

It will provide housing for 250 men. Edwin C. Eckels of Statesboro is the architect.

The new women's dormitory will be located on Georgia Avenue next to the Women's dormitory now under construction. It will be of contemporary architecture in the form of a court and will be three stories high.

The air-conditioned building will house 250 women. Cuning-

ham and Forehand of Atlanta are the architects.

Construction on both dormitories is scheduled to begin around the first of March according to President Henderson. Completion is expected by January, 1966.

The buildings are part of a \$6 million construction program undertaken by Georgia Southern. Bids on a new dining hall, Fine Arts building, and an addition to the W. S. Hanner Building will be let at a later date.

Except for the Hanner annex, all the new structures will be located on Georgia Avenue.

National Science Foundation Gives Institute Grants

Georgia Southern College has received a \$25,650 grant from the National Science Foundation for use in the summer quarter.

According to Dr. Weeks, institute director, the grant supports a summer institute designed to improve the competency of junior and senior high school biology teachers.

The purpose of the Institute is to strengthen the participants present knowledge of subject matter in the biology field and introduce modern teaching methods.

The Institute will be held from June 14 to July 23. It will include morning lectures, afternoon lab sessions, and field trips supplemented by films.

New Enrollment Figures Reach Record High For This Quarter

Winter quarter enrollment figures hit an all time high with some 2,779 students registering for the term.

The number precedes last year's winter quarter enrollment by 407 students. The figure is 190 less than the fall quarter enrollment of 2,969.

Registration according to academic classification shows a total of 2,629 undergraduates, 16 special and 134 graduate students.

Leading the classes, there were 745 freshmen enrolling for the term. This included 434 women and 311 men.

The junior class placed second in size with 679. Of this number 394 are men and 285 are women.

Placing third in size was the senior class with 630. Enrollment figures show 340 men and 290 women in this class.

The smallest class is composed of 575 in the sophomore class. This number includes 282 men and 293 women.

'PEONIES, 1926' WILL BE ONE OF THE ART WORKS TO BE SHOWN IN EXHIBITION.

Carruth Building will host to 'Timeless' Art Model Display

An exhibition of artists' models will appear in the exhibition, "A Garden of Flowers," which will go on view in the Carruth Arts Building Monday.

The exhibition, selected from the New York Graphic Society, is circulating to art centers

throughout the United States under the auspices of The American Federation of Arts.

Examples will be shown in the display of two types of flower painting developed in China. The earliest example of arranging and painting flowers is by an unknown Chinese artist of

the Ming Dynasty.

Other examples will include paintings from the Western Hemisphere and America.

The models are described as being of "timeless and universal" in appeal.

Four New Degree Programs Added

Georgia Southern College has received permission from the Board of Regents to offer three new academic programs and to change the title of the B. S. in Business Administration to the Bachelor of Business Administration.

According to Dean Paul F. Carroll, the programs will increase both the undergraduate and graduate levels of study at GSC. Within the A. B. degree will be a major in Political Science. Effective the summer of 1966, a major in physics will be offered within the B. S. degree program.

In the graduate school and

within the Master of Education a major in junior high education has been approved. The Education Division of Georgia Southern will be the first in the state to offer this graduate major.

These new acquisitions bring the major academic program offerings to fifty-seven. GSC now graduates students through nine degree programs.

Take Care of Your Meal Ticket; 'It's As Valuable As Currency'

"The new dining hall ticket has a definite cash value. Students wouldn't throw a \$20 bill around or walk and leave it. The same should apply to these new meal tickets."

That's how Student Center Director C. R. Pound explained the importance of keeping up with the new punch dining hall card.

"Misuse of the privilege of flashing I. D. cards to gain admission to the dining hall has made the new card necessary," Pound continued.

He said that there had been cases where students had ob-

tained duplications, borrowed or stolen tickets in order to eat free.

The use of the identification cards had also resulted in students using cards from other quarters which were of the same color.

Mr. Pound stated that in looking for a better system a study had been made of other schools looking.

"We contacted other schools to see how they were handling the problem," he added, "I've been working with this problem for over five years trying to find a solution."

Going into effect this quarter, the new dining hall permit card must be presented at each meal for punching. The identification card system required only showing of possession.

Unlike the I. D. card, a duplicate cannot be obtained without extensive application to the Student Center director's office.

If lost, the duplicate dining hall card may be obtained by paying per day costs for each day remaining on the card. Mr. Pound stated that for the winter quarter the per day cost was \$1.40.

Refund of the amount paid for a duplicate card may be obtained if the original is presented with the duplicate showing the original has not been used after it was issued.

An application for a refund may be obtained from the director's office and the refund will be made by check from the office of Comptroller.

The used or punched card must be exchanged at the dining hall for a new card at the first meal of the next month.

Mr. Pound commented that students had a responsibility to themselves to keep up with the card. He added that it was for the students own protection that the new ticket had been implemented.

Fire Damages Library Room

By James Stapleton

A room in the old section of the Rosenwald Library was damaged by fire during the Christmas holidays, according to C. R. Johnson, director of plant operations.

The blaze began from unknown causes at approximately 9:30 p.m. on Dec. 23. According to Johnson, the fire was a smoldering type and was discovered about 11:15 p.m. by Campus Security.

The fire was confined to a storage room used by contractors who are working on the addition to the library.

Miss Hassie McElveen, chief librarian, said that there was no determined damage to the books. However, Johnson stated that the damage sustained by the building could come within the range of \$20,000.

He added that the actual damage, tile, lights and wiring, was confined to the ceiling, and two air-conditioning units.

Homecoming Plans Include Displays, Parade, Dances

The 1965 Homecoming activities will officially begin at 12 p.m., Jan. 29, when displays will be judged. Various organizations and dormitories will compete in this event sponsored by the Junior Class.

Sweetheart Circle, dormitory lawns, and various other places around the campus will be decorated. The Student Congress will give a prize for the Most Outstanding Display and present it at halftime during the basketball game Saturday night.

The Rooftop Singers will be featured at the Winter Concert Thursday night. The concert, also sponsored by the Student Congress, will begin at 8 o'clock.

The floats which will be in the Parade will be judged Friday afternoon at 12 o'clock. At 3:30 that afternoon the parade will leave the backstage of the campus and wind its way through downtown Statesboro. The Circle K Club is sponsoring this and will present a trophy to the organization with the

most outstanding float.

The Miss GSC contestants and judges will meet Friday afternoon at 5 o'clock during a tea at Cone Hall.

The crowning of Miss GSC will highlight the Beauty Revue that will be held Friday night at 7:30. Alpha Rho Tau, the sponsoring organization, has chosen "Champagne Flight" as the theme.

Rufus Thomas, originator of the "Dog," will provide the music for the dance following the Beauty Revue. The doors will open at 9:30 and the dance will last until 1 o'clock a.m. This will be sponsored by Delta Sigma Pi, Delta Pi Alpha, Phi Mu Alpha and Alpha Phi Omega.

Saturday's full schedule will kick-off at 11 o'clock with a Senior and Alumni meeting in McCroan auditorium. Jimmy Rainwater, Senior Class president and Ray Wilson, Acting Chairman of the Alumni Association, will preside.

At 2 o'clock Saturday after-

noon the GSC gymnastics team will compete against Auburn University.

There will be a preliminary basketball game between South Georgia College and Columbus College at 6:30 p.m. Saturday evening.

Following the junior college game, the GSC Eagles will meet their traditional rival, Oglethorpe University, in an 8 The service will begin at 11 o'clock p.m.

There will be a dance in the Alumni Gymnasium after the basketball game. This will begin at 10 o'clock p.m. Gamma Sigma Upsilon, Phi Mu Alpha, SNEA, Future Nurses, and the PEM club are jointly sponsoring the dance.

A religious service in McCroan Auditorium will wrap-up the 1965 Homecoming events

Jo Alexander, public relations secretary, prepares to mail some 1,300 Homecoming itinerary schedules to alumni of the college. The annual Homecoming festivities will be held January 28-31. Alumni will meet with the senior class on this weekend.

Former Peace Corps Volunteer Visiting On Tuesday, Wednesday

Former Peace Corps volunteer Stephen Allen will visit the Georgia Southern campus on Tuesday and Wednesday, according to Dean W. H. Holcomb.

Allen received a B. A. degree in economics from the University of California at Berkeley in 1962. He then served as a Peace Corps volunteer to Turkey for two years and taught English at the Middle Eastern Technical University at Ankara, Turkey.

During the summer of 1963, Allen worked at a Turkish Red Cross summer camp on the Marmara Sea near Istanbul. He taught sports and English to high school students. will be available for private conferences. An information center will be set up in the lobby of the Frank I. Williams Center.

Harris Authors Journal Article

Dr. Thomas Harris, associate professor of education, has authored an article, "Testing—a School Service," which was published in the January 1965 issue of the "Georgia Education Association Journal."

In the article Dr. Harris states that more and more emphasis is being placed on testing at all levels of education. "Testing is the most efficient means for obtaining certain information concerning the student," reads the article.

The article points out, "When tests are used for the purposes for which they were designed they augment the learning process. However, we would keep in mind that testing is only one of the methods used by the school to judge its progress toward the attainment of educational objectives."

Application Date Set For Student Teaching Posts

Students majoring in elementary and secondary education and planning to student teach during the '65-'66 school year must make application for admission to student teaching on January 28.

Dr. Donald Hawk, director of student teaching, states that application forms and instructions for their completion will be available in room 111 of the student center from 8:30 a.m. to 5 p.m.

This procedure will replace the large meeting previously held in the Marvin Pittman School Auditorium.

Students will be able to secure the application blank during any free period of the day. Dr. Hawk indicated that this would allow all students ample time to secure the application.

He continued to say that no student should fail to secure an application by using this procedure.

"Applications completed properly and at the scheduled time will greatly facilitate the complex procedures involved in the final placement of student teachers in cooperating school centers," Dr. Hawk added.

"Students failing to make proper application should not expect to be placed for student teaching," he concluded.

Laundry Living - Feet In Her Sink

Dining Hall Ticket Is Student's Responsibility

The new dining hall ticket may not be the answer to a maiden's prayer, but it should make students think twice about being careless with their meal tickets.

Some students have voiced discontent with the new method of entering through the meal line. Just what this discontent stems from we don't know. It would be a fair guess to say that it's an everyday, normal, college student complaint.

We would like to offer our own understanding of the change made in the cards. First of all, it isn't a matter of whether the college trusts our "honesty and integrity." That's not going to make up for the added expense of feeding numerous individuals at our (students) own expense.

The college is growing. With it comes added problems. When the school was smaller the flash I. D. cards could be used with a relative degree of safety. This was more of a privilege to the student than anything else.

With the growth came the problem involving the misuse of the 'flash' meal ticket. Few students would deny that they know of at least one situation where this misuse has occurred.

The end result of this misuse eventually falls back on the student body and the college. The college, dining hall, The George-Anne points out, is doing an amazing job as it is to feed nearly three times its seating capacity. Freeloaders don't help make the meals any better, nor the service.

We would like to make the suggestion that students take extreme caution with their meal tickets. Don't leave it lying around or loan it to anyone.

This is the student's responsibility and one way or the other he will have to eventually pay for his carelessness.

'Mr. Eagle' Resolutions

For the past three years the George-Anne has printed an editorial to suggest a series of New Year's Resolutions for Georgia Southern College.

Once again the George-Anne continues with the precedent set by former editions and expresses its views for Georgia Southern during the new year of 1965.

Feeling that the GSC Eagle is the symbolic embodiment of student ideals and aspirations, the George-Anne bestowed upon him the title of "Mr. Eagle"

We then interviewed him at his lofty perch above the GSC campus and asked him to suggest improvements that could be made at the college.

"Mr. Eagle's" resolutions for the New Year are as follows:

1. To continue to grow intellectually by adding more instructors, courses, and degrees to the academic program.
2. To encourage divisions to secure guest lecturers to supplement local instruction.
3. To provide additional housing, dining, and classroom facilities to fit the needs of Georgia Southern students.
4. To enable the Campus Life Enrichment Committee to continue bringing cultural activities to the college.
5. To strengthen intra-fraternity relationships by encouraging cooperation between the fraternities.
6. To keep the Student Congress a strong and responsible body to represent all Georgia Southern students.
7. To incite students to act with mature intention rather than temperamental motivation.

Rules Revised on Course Regulation

A newly revised course regulation adopted by the Academic Advisory Council will go into effect during the winter quarter.

Dean Paul F. Carroll stated that the purpose of the revision was to clarify procedures used when a course is dropped.

Under the revised regulation, courses dropped after January 19 of the winter quarter will be assigned with either a WF or a WP grade. The letters will be computed as a part of the student's grade point average, as provided for in the new regulation.

The new ruling appoints the letter "W" to indicate official cancellation from a course without a grade. It will be assigned in all cases of official cancellation during the first two

weeks of classes. This grade will not be considered in computing the grade point ratio.

Further stated in the revision is that "after two weeks the instructor will indicate on the withdrawal card by a 'WF' or 'WP' whether the student was passing or failing at the time."

The "WF" and "WP" will be used in computing the grade point ratio. According to the revision, "WP" is equivalent to a D grade for this purpose; "WF" to a grade of F.

Any withdrawal from a course must be approved by the Dean of the college. For withdrawal without approval, a grade of F is given.

HOLTON

In reading over some ACP releases, I noticed where a columnist for the University of Hartford, Conn., student newspaper, wants it known that not always being on time is a virtue not a vice.

He believes that if a person is always punctual, or early, he obviously must have some time on his hands in order to make sure that he is on time.

"If a person has extra time, and uses it only to get somewhere punctually, he must be wasting some time, whereas the person who is habitually late must have things to do or he wouldn't be late in the first place," he says.

HOLTON

In conclusion, the columnists believes that if the person has things to do what take up all his time, he obviously can't be accused of wasting time.

If you didn't get that the first time, don't bother re-reading it—you would only be wasting time!

In looking through the Delta Sigma Pi College Directory I noticed the number of students with some of the more popular names on campus, as well as some of the unusual first and middle names.

Following is a list of my findings:

Most Popular Names

Smiths, 52; Williams, 25; Jones, 24; Johnson, 23; Andersons, 20; and Brown, 20.

Runner-Ups

Davis, 18; Moore, 16; Collins, 13; Millers, 13; Hodges, 12; Strickland, 12; Scott, 12; Phillips, 12; Griffin, 11; Bells, 11; Morris, 11; Taylors, 11.

Unusual Middle Names

Erastus, Cleon, Delmas, Archibald, Zayne, Delight, Fussell, Dunsmuir, Frampton, Berchiolly.

Unusual First Names

Maston, Neva, Jimirae, Raelle, Daphne, Pascual, Panagiotis, Stoutte, Myrtice, Athaline.

Unusual Hometowns

Mauk, Lula, Attapulugus, Manassas, Surrency, Benevolence, Hephizibah, Granada, Ellabelle, Hahira.

I received this letter from a GSC student who had a couple of his books stolen.

Dear Editor,

This is dedicated to the thief who stole my books last quarter.

When you are tired and run down from stealing,

I realize you have no time for kneeling,

To thank God for all your blessings,

Because someone else has done your lessons.

Studying my Art notes, you missed the beautiful lecture.

Over line, space, color, form, and texture!

My Health book did you no good,

Although I was amused you thought it would!

You can readily tell by now, That I consider you my pal!

The following is good advice, For someone who isn't very nice,

Take a course under Dr. Vedder,

He's bound to help you get better!

Jimmy Edward Glisson

American Christmas Lacks Sincerity of Christs' Birth

The American Xmas starts early. Gaudy decorations, sometimes even tasteless, remind the people and customers immediately after Thanksgiving that the greatest and oldest celebration approaches.

LUTZ SEIDEL

It was my first Xmas away from home and I was a bit curious about how the Americans celebrate "their" Christmas.

I also received my Xmas cards from the few friends I made over here early in December.

Radio commercials as well as TV programs sent out "warmest" Xmas greetings and supported the decoration to bring the people and especially the customers in the right and generous Xmas mood.

Right Mood

All this commercial persuasion couldn't affect me to bring me in the right mood. Each Xmas it takes for me a kind of "internal preparation." For me Xmas is still a silent celebration which takes a silent preparation.

The calendar and the advancing year as well as the thermometer prepare me while all that false luster, lights and lamps can hardly develop a

Xmas mood in me. It takes more.

Suffocation

Some stores as well as private homes nearly suffocated in their decoration. Though we don't decorate our homes like I saw it over here, I liked most of them. I saw real tasteful decorations, but also very ostentatious and profuse homes.

Some decorations reminded me more of a carnival than the holy celebration of Christ's birth.

At times I had the impression that the genuine Xmas spirit was drowned in gaudy and showy decorations. This spirit was completely drowned in the great amount of Xmas presents spread under a dry Xmas tree.

Where Is Christmas?

Sometimes, I wondered: What have the Americans made out of our good old Xmas. A goodwill tour during the Xmas vacation gave me an insight in a good cross section of American families.

Diversion

Their infantile eye was diverted by all these big boxes wrapped up in shiny paper. Many a child counted the days up to Xmas not to celebrate and commemorate this great event, but to unwrap finally all these big promising boxes, for the tension became unbearable.

During the pre-Yule time I listened to those programs on the radio where children wrote down their wishes to Santa Claus. I happened to jot down one list: "Santa Claus, bring me a bike, a BB-Gun, a tape recorder, a GI outfit and a supplementary appendix of minor toys."

Generous Santa

I don't know how generous

Santa Claus was but it reflects Xmas in the eyes of the child. And most parents helped unconsciously to bury the spirit of Xmas. I still remember the postwar depression in our country when I got a big red apple, some nuts and a traditional German gift, a "Pudelmuetze."

Though Germany is sailing in America's wake I think that our Xmas is still purer and closer to the original meaning. But different countries, different habits.

Disparities

Despite our cultural disparities Xmas should not be just a selling season, a commercial occasion, a gift exchange. In a couple of years instead of good old Santa Claus a robot man will hand out a check.

Colleges Must Build A Million Dormitory Rooms In 5 Years

By WINFRED L. GODWIN
Director, Southern Regional Education Board

As we move into the year that marks the midpoint of the sixties, it's tempting to look into the future of higher education and anticipate some of the changes the next few generations of students will face.

One of the major activities on college campuses will be the race for space—not for outer space but for living space (and parking space). This fall there were about four million students enrolled in U. S. colleges and universities.

By 1970, according to estimates made by the U. S. Office of Education, there will be almost seven million. Assuming students will share rooms, U. S. colleges and universities must build one-and-a-half million dormitory rooms within five years.

Up They Go

Residence halls are under construction now in many Southern schools. Gaining in popularity are the high-rise units, such as the 20-story dormitory at the University of South Carolina.

Building plans for the future will probably find more campus structures—classroom buildings, laboratories, and libraries—going high into the air.

One reason for the popularity of multistory campus buildings is lack of land for construction sites at many universities. Campuses that were once wide sweeps of woods and green lawns sprinkled with occasional buildings have been fast using their open spaces for construction.

Handicap

Too, many colleges and universities have been hemmed in by spreading suburbia and cannot expand their acreage.

Urban universities, long restricted in campus expansion, will be able to spread out a little where their immediate neighborhoods have degenerated sufficiently to warrant modernization through urban renewal.

Most colleges and universities in or near cities will be in the market for additional real estate and they will have to buy in a highly competitive market. For many schools, this will be one of the major expenses involved in expansion.

Payrolls

Another expense colleges and universities will have to face

in future years is that of larger payrolls. Faculty salaries have been increasing for some time and now they stand at a respectable figure.

However, many Southern colleges and universities lag behind national averages and Southern professors are often lured to other parts of the country by economic inducements. To attract and keep good faculty members in the South, salaries will have to be on a par with the best in the nation.

Positions

Also a factor in salaries will be the number of new teaching positions to be filled. With a growing student population, there must be more classrooms and probably more teachers to fill them. This year the nation's higher institutions engaged approximately 350,000 teachers.

The U. S. Office of Education estimates 500,000 will be needed by 1970-71. This will mean a substantial increase in salary budgets—as well as in rooms and faculty offices.

Professor Shortage

The future does hold the possibility of a serious professor

shortage. The nation's graduate schools produced about 13,000 Ph.D.'s last year. Estimates indicate that Ph.D. production will increase each year with about 20,000 being graduated in 1970-71.

"If all the Ph.D.'s go into teaching—which is not likely—there will not be enough doctoral level professors.

Factors

Several factors may deter teacher shortages in higher education. While teaching by television is making considerable headway and computerized teaching, still in its infancy, shows great promise, we have only scratched the surface in making effective use of these two teaching aids.

The one definite trend extending into the foreseeable future is growth of educational institutions. They will grow in size and number throughout the South and the nation, and if excellence in education becomes a keynote of expansion, the South has the opportunity to develop universities of top quality.

Georgia Educators Favor Repeal Of Controversial 200-Day Position

A poll of members of the Georgia Education Association indicates that Georgia educators overwhelmingly favor repeal of the controversial 200-day year provision of Senate Bill 180.

The GEA announced that 142 of its 218 local units across the state participated in the poll which was conducted between mid September and January 5.

GEA members totaling 16,640 favored repeal of the 200-day year requirement, while only 482 members said they would prefer to keep the provision in the state's new school law. A majority of members in all 142 participating local units favored repeal.

Many of the 482 teachers, principals, superintendents and other school personnel who said they favored keeping the requirement said they favored it only on the condition that extra pay would be provided

for the extra days they would be required to work.

The controversial provision, written into the new school law, Senate Bill 180, at the 1964 session of the Georgia General Assembly, increases the length of the school year from 190 days to 200 days.

Governor Carl Sanders and the chairmen of the education committees of both houses of the legislature have already indicated they will push for repeal of the provision.

Repeal was discussed at a series of "cabinet meetings" of GEA leaders in each of the statewide education organization's 11 districts in mid September. Questionnaires were distributed at that time to ascertain the membership's sentiment on the issue. Deadline for returning the questionnaires to the GEA office in Atlanta was Jan. 5.

Wake Forest Fraternity Men Like Being Squares; Like Clean Fun

Wake Forest College men and women have long been at odds, notes OLD GOLD AND BLACK, newspaper on the Winston-Salem, N.C., campus.

HAMPER BENEFITS

You're right! There can't be any evidence of drinking at our parties. Throwing chairs, kicking doors and busting bottles aren't allowed.

FINE YOUNG PEOPLE

But there is one thing that we have that those big Carolina students don't have. Some of the finest young people in the nation are right here.

And what is a fraternity if it isn't fine young men united in brotherhood. All of the aspects of partying and "koolness" can't overshadow the fact that it is not really the situation you are in but the people you are with that makes the difference in fraternity life.

No rules would not guarantee a good time.

GOOD TIME

Don't get it wrong! There are many rules that could be lifted to give the fraternity men more responsibility. But, despite rules, restrictions and a lack of social outlets, a good time is here if you make it for yourself.

Your social life is in your own hands.

But it's this idea that Wake men should be criticized because of the limits placed on them by the institution.

TO BE BAPTISTS

To be a Baptist is something

close to being a Wake fraternity man. For all of the criticism that Baptists have to take, you will have to admit that one of the first things a Baptist has to have is a good sense of humor.

If he doesn't he can't take the kidding that Baptists are exposed to so many times.

And so are Wake Fraternity men. How many times have you felt like you told a Bible story when you compared your "war stories" with a big "Tar Heel"?

EMPTINESS

But there is something that is empty in a Carolina tale, especially a coed's version. People, who have to make absolute fools of themselves to have a "big moment" or "get a laugh" are lacking something. Maybe it's security or confidence.

And to the coeds who walk into a party, turn up their noses and usually say, "Well, you know, when I was at Carolina last weekend, we . . ." Honey, the buses leave at 1:10, 5:45 and 9:30 every Friday.

BEFORE YOU GO

But, before you go, know that the problem doesn't exist in Wake fraternity men but in you.

The frustration typical of our time doesn't really seem apparent at Wake. Call the parties "coke hours" or ignore them.

But deny that Wake men aren't quality, fun-loving guys.

Glamour Best Dressed Contest To Be Sponsored By G-A Again

The George-Anne is making plans to sponsor the annual Glamour magazine search for the "Ten Best Dressed College Girls for 1965."

Now in its ninth year, this contest includes representatives chosen from colleges and universities from throughout the United States and Canada.

Each college selects a nomination for the national run-off. Ten coeds are chosen by the magazine staff as the best attired young women on American campuses.

The coeds chosen will appear in the August College Issue of the magazine and will visit New

York as guests of Glamour.

According to information the George-Anne has received, Glamour is looking for "the young woman who enjoys her looks without being preoccupied with them."

Glamour also stated: "We hope, through this contest, to show college women that the development of good taste and good grooming is an integral part of an education that results in a well-rounded mind."

A committee of students has been chosen to select the ten best dressed girls on this campus. The student body will later vote on the coed who will represent GSC in the national judging.

'Best Dressed of 1964'

New Sorority begins Plans, Work, Rush

Theta Pi Omega, a new service sorority, has entered into its first quarter of work as an official campus organization.

The eight charter members of Theta Pi Omega began their initial organization last quarter. The sorority's work is based on four objectives — stewardship, leadership, scholarship and fellowship.

The group has a host of plans which carry through these themes, including setting up a scholarship program for members and presenting a plaque to the senior who has personally contributed the most as a student leader.

It will function as the official hostess organization for visitors to the school.

Theta Pi is led by president Louise Cox; Ginger Hill, vice-president; Sharon Allen, secretary; and Becky Motes, treasurer. Other officers are Michelea Dennis, historian; "Sweet-pea" Cowart, sargent-at-arms;

and Ann Hendrix, social chairman. Miss Sue Ellis of the Mathematics Department is the faculty advisor.

The Theta Pi's are now working on their rush and pledge period. The first rush party will be a tea held at the Holiday Inn on Sunday. The second event of rush will be a barbeque the following Wednesday. Rush is under the direction of chairman Diane Ellis.

After choosing their potential new members, the Theta Pi's will have a pledge period lasting five weeks. During this time the candidates for sisterhood will be required to perform various services to the school and sorority.

President Louise Cox said, "All of us in the sorority are working hard to make Theta Pi Omega the best Greek organization on campus. Although we are still in the beginning stages now, we plan to be in the campus spotlight soon."

Sculptress Olleen Williams discusses a piece of her work with two GSC students. Miss Williams appeared on the Georgia Southern campus Sunday with an exhibition of her sculpture. She is employed as Art Consultant to the Georgia State Department of Education.

'Four Seasons' Postponed; Theta Pi's on Greek Debut

Because of an agreement between the leaders of campus organizations that there will be no major attraction prior to Homecoming, Phi Mu Alpha has postponed the appearance of the Four Seasons. This group was scheduled to appear on Jan. 20. Now the fraternity plans to bring the Four Seasons in during late February or early March.

The Phi Mu Alpha's are planning a relatively large pledge class for this quarter. They will rush during the next week and send bids later.

Eight coeds are sporting Theta Pi Omega lavaliers around the campus. This new sorority is now working on their rush plans and choosing their new

members. They will entertain prospective pledges at a tea Sunday and a barbeque next Wednesday.

Delta Sigma Ii had a Smoker at Robbins Pond House Monday night and have another rush event planned for next Monday night. Then they will have a "Professional Smoker" with Mr. Joe Matthews of the Statesboro telephone company as guest speaker. Pledge bids will then be given that week and the new pledges will be inducted at a formal ceremony on Jan. 20.

The Circle K will not extend their membership this quarter because they have the maximum members now.

This group is coordinating the Homecoming Parade now. They will have a private party with the "Dimensions" after the Homecoming basketball game.

The brothers of Delta Pi Alpha had a rush party Saturday night following the Basketball game. Music was provided by the "Dimensions," a local band. This party was followed up with

a Smoker Tuesday night.

Gamma Sigma Upsilon is also preparing for their new pledge period. The Gamma Sigs will have a rush party next Monday night. They will have a small pledge class this quarter since their membership is limited.

Delta Pi Alpha, Theta Pi Omega, Phi Mu Alpha, and Delta Sigma Pi will have a private party following the Homecoming basketball game. The "Tornados" from Milledgeville will entertain the group.

The organization of Theta Pi Omega as a new local service sorority is part of the apparent trend to "go-Greek" at GSC. Service fraternities and sororities have much to offer both to the school and individual members. And there is certainly enough work to go around. So why don't more groups organize?

PARADE ANNOUNCEMENT

All organizations that plan to enter the Homecoming Parade must notify the Circle K by Jan. 22.

The participating group should send their name and sponsor to: Circle K Club, Box 2396, Georgia Southern College.

Inquiring Report

By Marilyn Woody

The summer program at GSC formerly consisted of two short summer sessions - one lasting for approximately six weeks and the other lasting for three weeks.

The Inquiring Reporter asked this week - "What do you think about the addition of a full length summer quarter to our academic program?" These were the replies:

Dr. Herbert Bice, Statesboro: I think we should have a summer quarter - four quarters per year - because otherwise we are wasting time, money, etc.

"Goodie" Loska, Waycross: I think it will be better in that there will be no break in the academic study of students.

Dena Delk, Savannah: I think it will be a distinct advantage because it will provide a wider choice of courses to be taken in the summer and will make it possible to get out of here quicker.

Sue Catt, Lakeland, Fla.: I think it's great for undergraduates but it will be harder on the professors and graduate students. As for me, it's easy enough to flunk in three quarters. I don't need a fourth.

Harmon Scott, Pavo: I think it's better because instead of taking fifteen hours during two sessions of summer school, a student can take eighteen or more hours and accomplish more. Also, the longer classes

in a summer school session cause students to be bored. In a regular quarter one has more time to think of the real purpose of a particular course.

Charles Crews, East Point: I think it's better to have two sessions for the benefit of students, especially graduate students, who want to take only five or ten hours.

Janie Ridgeway, Jackson: I think it's a good idea. In two sessions, a student can only take fifteen hours whereas in the summer quarter a student can take eighteen hours.

Sandra Burke, Millen: I like it better. I'd rather go for one continuous quarter instead of having a break between sessions.

Bob Lane, Waycross: I don't think it's a good idea because a break between sessions lessens the monotony. Also, some students need to work during part of the summer.

Johnny Kent, St. Simons: I think it's good because students who want to get out of school sooner can go straight through with less difficulty.

Buck Gracen, Pooler: I think it would be an advantage to the students because it wouldn't be as monotonous as sitting in a four hour class.

Mae Powell, Thomasville: I think the two sessions are better for the benefit of students who need to work part of the summer.

Pledges Will Sell CollegeDirectory

The Delta Sigma Pi pledge class will be selling the Student Directory in the lobby of the Student Center for fifty cents, starting next week.

Five hundred copies of the directory have been sold and plans are being made to place them on sale in the men and women's dormitories, off-campus and on.

This is the first directory published for the school since three years ago. According to Richard Green, fraternity historian, Delta Sig feels that this book is beneficial to the student and faculty for many uses.

Green went on to say that if the directory is successful in sales it will be published annually by the fraternity.

Office work in Europe is interesting

SUMMER JOBS IN EUROPE

Grand Duchy of Luxembourg —You can earn \$300 a month working in Europe next summer. The American Student Information Service is also giving travel grants of \$390 to the first 5000 applicants. Paying jobs in Europe include office work, resort, sales, farm, factory, child care and shipboard work just to mention a few. Job and travel grant applications and complete details are available in a 36-page illustrated booklet which students may obtain by sending \$2 (for the booklet and airmail postage) to Dept. J, ASIS, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg. Interested students should write immediately.

Southern Belle

The Southern Belle for this week is Miss Halley Fennell. Halley is a senior elementary education major from Savannah, Ga. She is a member of Gamma Sigma Upsilon, Secretary of ACE, and former George-Anne society and news editor. She is engaged to Roland Page, former George-Anne editor, who is presently doing graduate work at FSU.

Concerning the Future

As we return from the holiday season, let's take a look at the future games which now face our cage team.

They seem to be on the move now. For the first time they looked like a team, a unit, in the game with Stetson. They didn't take any bad shots and played a real fine defensive game.

With our record standing 6-3, I say this because I look for an easy victory over Mercer, I believe there is no stopping Coach Searce and his boys.

Our homecoming could easily be a success if our boys keep gaining momentum. On Dec. 8 in Atlanta we made the Petrels of Oglethorpe U. our second straight victim. The way things are going now, I would say things look dim for the Oglethorpe "5".

One last thing concerning the future. At our game with Stetson the attendance was somewhere around the figure of 2,800. That's about a thousand short. Let's get behind our team and give them support, 100 per cent.

Bowl Roundup

During the holiday season many major athletic contests were held, primarily football, with the NFL title game being the center of attraction.

In this one Unitas and company, who were one touchdown favorites, were halted in their tracks by a superb Cleveland defense.

Leading the Browns was the great fullback, Jim Brown, and the passing combination of Frank Ryan and Gary Collins, who hauled in 3 TD tosses.

The Georgia Bulldogs of Vince Dooley squeezed out a 7-0 victory over Texas Tech in the Sun Bowl held in El Paso, Texas Dec. 26.

Led by Quarterback Preston Riddlehuber, who was named the games most valuable player, the Bulldog offense completely dominated play racking up 17 first downs to 7 for the Raiders.

Had it not been for 3 key Bulldog fumbles, the score might have been considerably higher in favor of Georgia.

In other major bowl games around the country the North, led by Heisman Trophy winner John Huarte, defeated the South 37-30 in the last five seconds on a pass from Huarte to teammate Jack Snow.

The Blues edged out the Grays 10-7 in the annual Blue-Gray game. It was Arkansas over Nebraska 0-7 in the Cotton Bowl. The Rose Bowl game turned into a romp as Michigan did the romping over Oregon, 34-21.

The Sugar Bowl proved to be an upset as the underdog LSU squad edged out Syracuse 10-7. In the Gator Bowl it was Florida State over Oklahoma 34-21.

The Crimson Tide of Bear Bryant lost a heart-breaker to Texas 21-17. Led by quarterback Joe Namath, Alabama almost pulled the victory out but fell short when a Namath "bomb" was dropped in the end zone.

DON ADLER GOES UP FOR ONE IN GAME AGAINST STETSON SATURDAY NIGHT.

Georgia Southern Wallops Belmont Abbey, 92-56

The Eagle Basketball team ran their season record to 5-3 by walloping Belmont Abbey 92-56 Monday night in Belmont, N.C.

Georgia Southern displayed an evenly balanced attack with 6-0 guard Don Adler leading the way with 18 points. Following him was Bill Pickens with 12, David Owens and Jimmy Rose with 11, and Raymond Reynolds with 10.

Rick Kailer paced the crusader's attack with 16.

"We played a pretty good game. Everybody had a good night," stated Searce.

"It would be real hard to single out one individual but if

I had to, it would be Don Adler. He played a fine game and has been consistent all season," he continued.

From the field the Eagles hit 40 of 75 shots for 53 per cent. Belmont Abbey hit for just 28 per cent.

Georgia Southern had its best night at the foul line, hitting on 12 of 14 free throws.

In the rebounding department, Southern picked off 55 as compared to 33 for Belmont Abbey.

Saturday night, the Eagles will meet Wilmington College at 8 p.m. in the Hanner Gymnasium.

Coach Searce said he will go with the same five of David Owens and Raymond Reynolds at forwards, Bill Pickens at center and Don Adler and Jimmy Rose at the guard positions.

"Mike Rickard is still on the doubtful list and will be used only if necessary," added Searce.

THE GEORGE-ANNE JAN. 15, 1965 PAGE 8

Gate Keeping Is Big Gym Problem

Students who attend home basketball games in the Hanner Gymnasium are not permitted to leave and re-enter without good reason.

"When a fan or student comes to view one of the Eagles home games, he is not permitted to leave the gym unless he is willing to pay twice," stated Athletic Director J. I. Clements. "This problem has been the main headache of the athletic department thus far and we hope this will clear it up."

Gymnasts Record Opening Victories

The Eagle gymnast met their first two opponents of the 1965 campaign and came out with two victories, 96-41 and 90 1-2-53 1-2.

The pointmakers for GSC were Buddy Harris and Kip Burton, both All-American selections last year.

The first victory came over William and Mary Friday night in Norfolk, Va. The following Saturday night saw the Eagles romp over the University of Virginia in Charlottesville, Va. by a score of 90 1-2-53 1-2.

Harris racked up 24 points by placing first in the Precalls, Sidehorse, and the parallel and horizontal bars. Burton ended up with 28 as he took top honors in the rings and the tumbling.

John Prentice placed first in the long horse vault and second place in rings.

Rope Climber Bill Aldrich captured first place in that event and also claimed third in the rings.

Ronnie Mayhew placed second in the ropes and fourth on the horizontal bar. Coach Yeager praised Mayhew and said he was a great performer and good team man. He is a freshman from Druid Hills of Atlanta.

"There are some bright spots but improvement is a necessity with us. What we lack is depth. We are a two man team and if either Harris or Burton sustains an injury, we are not going to be able to take up the slack," commented Coach Yeager.

Ring Man

EDITORIAL

Bowling deserves a place in the Olympics. For thirteen years now the Association of College Unions has conducted an annual tournament adhering to the strictest rules of amateurism. Last year the men's ACU International Intercollegiate Bowling Tournament found 13,000 collegians competing to qualify for the eventual finals event, won by 19-year-old Gunnar Voltz of Wisconsin State.

The latest surveys indicate there are 39-million people who bowl in leagues and casual play in the U.S., by far the most popular participation sport in the nation. For collegians, it means one doesn't have to be a muscular varsity star, just as long as the ball hooks in that 1-3 pocket. Any student can apply for the ACU men's, and ACU women's, tournaments coming up next April.

Judo and volleyball were added to the 1964 winter Olympics agenda. Why not bowling? It's now played in 50 nations of the world.

Eagle Bowling League Elects Officers; Kingpinners Tops

The Eagle Tenpinners Bowling League got underway Tuesday night with the election of officers.

Newly elected officers are: Bob Lackey, president, Bob Arminio, vice-president, and Veronica Stokes, sec-treas.

The first nights action showed the Kingpinners rolling the high scratch series with an 1823. The Runnerups and Kingpinners are tied for the league lead with perfect 8-0 records.

Individual honors for the night went to Babs Brown for high game and high series with a 184 and 505. Bob Lackey captured mens' honors with a 203 and 571 for high game and high series.

The Eagle Tenpinners League ended its fall quarter on Tuesday evening, Dec. 12, with the Kingpinners setting an all-time scratch game high of 708 and taking high series honors with 1855.

Final team standings showed

the Kingpinners on top with a 56-16 record. Following in second place were the Strikeless-Kings, 48-32; Four Aces, 38-34; Fastbacks, 42-38; Pin Pushers, Tigers, 36-36; Ten Pins, 32-40; Alley-Katz, 30-42; and Lane Brains, 30-50.

The following people received individual trophies: high average - Bob Arminio, 174, and Barbara (Babs) Brown, 156; high series - Cliff Lowden, 618, and Sherrill Murray, 589; High game - Bob Lackey, 230, and Martha Lansford, 227.

Margie Winn received the gold pin award for the most improved bowler from last quarter's action.

The top five averages were: Men - Bob Arminio - 174, Bob Lackey - 169, Paul Allen - 164, Cliff Lowden - 155, and Tom Harrison - 150. Women - Babs Brown - 156, Martha Lansford - 140, Carol Frankum - 136, Ellen Smith - 131, and Sherrill Murray - 130.

EXPLANATION — The Dunkel system provides a continuous index to the relative strength of all teams. It reflects average scoring margin relative to index of opposition, and is weighted in favor of recent performance. Example: A 50.0 team has been 10 scoring points stronger, per game, than a 40.0 team against opposition of equal strength. It was originated in 1929 by Dick Dunkel.

Note: In the game listings below 4.0 has been added to the regular rating of each home team.			OTHER MAJORS

Circle K Will Sponsor A Concert In McCroan Next Thursday Night

A concert featuring the Dimensions, Nell McBride and the Southerners will be held Thursday night at 9 p.m. in McCroan Auditorium.

The concert is sponsored by Circle K and is designed to pre-

sent a variety of musical attractions. It will include rock and roll, Beatle, popular and folk music.

The Dimensions have performed at various college functions. Nell McBride will present a program of popular music, and the Southerners specialize in folk music.

Admission is 50 cents. Proceeds will help finance a pep band for Georgia Southern athletic events.

Hitchcock Writes Article In Book

An article written by Dr. William Hitchcock, professor of education, has been published in a book, *Counseling and Guidance*, which was edited by James F. Adams, professor of psychology at Temple University.

The article, "Counselors Feel They Should," is the result of Dr. Hitchcock's doctoral dissertation and had been printed in the "Personnel and Guidance Journal" in October 1953.

Dr. Hitchcock's dissertation was written at Oregon University on the topic, "Secondary School Counselors and their Job in the United States." An abstract of the findings appeared in the "Personnel and Guidance Journal." Adams read the article and asked for permission to publish it in his book.

Library Leases Copying Machine

The Rosenwald Library is leasing a Zerox 914 Copier, worth \$29,500 and one of two in Statesboro, according to Miss Hassie McElveen, Librarian.

Students may have any non-circulating materials, such as reference books, periodicals and interlibrary loan material, copied for ten cents a page.

The new copier makes exact reproductions, in single or multiple of anything written, typed, printed, stamped, or drawn on a 9 x 14 scale.

"The copier offers a valuable service to the students here and the library staff hopes the new service will be used often," stated Mrs. McElveen.

Used Textbooks Are Purchased By Bookstore At Standard Value

Clarification was given this week concerning the bookstore policy of buying back used text books.

Student Center Director C. R. Pound stated that a standard price scale was used in buying every possible benefit of the used book purchase price.

The bookstore sells at the current retail price for new books. The price on the used books is usually 75 per cent of the new price.

Books being used for the new quarter will be purchased during the last week of each quarter and the first week of the new quarter.

Value given for the used book is half the current price, provided that the book is in salable condition with no necessary repairs.

Books that are not currently in use will be purchased at the

market price of the used book wholesaler at any time.

Profits made by the bookstore are used to provide facilities and services which might not be otherwise obtainable.

Former Student Given Statewide Honor For Work

Talmadge Holmes Ramsey, a former GSC student has been named "Merchant of the Year" by the Southeastern Men's and Boys Apparel Club.

Ramsey is a partner in the Donaldson Ramsey Clothing Co. of Statesboro. He was honored for his professional business activities and leadership in the clothing retail business.

He has served as president of the Junior Chamber of Commerce, captain of the Quarterback Club and is a member of the Fraternal Order of Moose, Elks and a Royal Arch Mason.

The honoree is married to the former Frances E. Mathews of Statesboro. They have one son, Talmadge Holmes Ramsey Jr.

Ramsey attended Georgia Southern College in Statesboro. He presently works extensively with the college in social and athletic capacities.

Education Prof Will Point Out Faulty Criticism

Dr. Bill Weaver, professor of education, will speak to the First Street Elementary School Parent - Teacher Association in Vidalia on Tuesday, January 19, on the topic, "Normal Behavior Patterns that Parents and Teachers may view as Abnormal."

Dr. Weaver's speech will deal with the normal growth and development of the elementary school child. He will point out some normal growth and development patterns which cause

difficulties and concern among parents and teachers.

"Parents and teachers often criticize the child when his behavior is perfectly normal," stated Dr. Weaver. "They expect more mature behavior than children are capable of producing."

A stirring book
by the Director
of the
Peace Corps
and the War
on Poverty

**POINT
OF THE
LANCE**
by Sargent
Shriver

16 pages of illustrations

At all bookstores.
Cloth, \$4.95. Paper, \$1.45

"This book combines the vision and hardheaded, practical touch of its author, one of the ablest new figures in public life of our generation. It is a book to give courage and hope to the anxious and fearful, and to confirm the faith of those who see what a great future lies before mankind. If Sargent Shriver's ringing words could be read by millions — as I hope it will be — it would advance the cause of peace and tell Americans more about their true selves than any book I have seen in many a year. It is a distinguished and thoughtful book by a shining personality."

— DAVID E. LILIENTHAL

"An extremely valuable resource and contribution in the War on Poverty around the world and in our own backyard." — PROFESSOR PATRICIA SEXTON, New York University

Harper & Row, New York, N. Y. 10016

This glass connector will link the old and new buildings of the Rosenwald Library together. Most of the outside work has been completed on the addition and attention has been turned to insulating, tiling, wiring, and plastering inside the structure. Completion date has been set for spring quarter.
