# Hot Docs: How to get your credit report for free

November 8, 2011

[Fun video about truly free credit report!](#)

Your Government Documents Librarian is excited about the excellent free resources available from our government, and wants you to be, too!

The [Federal Trade Commission](#) has wonderful information on how to get your credit report for free (really!), how to improve your credit score, and useful (and reliable!) information about credit cards, loans, etc. The Commission encourages you to report fraudulent claims of free credit reporting, and advises what you should look for once you get your free annual credit report. If you haven't seen it yet, take a look.

We want you...to be an informed citizen!

Get [free credit report](#) here.

If you are interested in getting free government information about fraud, ID theft, credit reports, pretexting, and more, stay tuned for details about an upcoming class at City Campus in downtown Statesboro.

Thanks!
