**Prerequisites:** A minimum grade of "B" in PUBH 6533, PUBH 6534, PUBH 6535, PUBH 6541, and GEPH 7130, or equivalents.

**FOLIO Access:** [https://my.georgiasouthern.edu/portal/portal.php](https://my.georgiasouthern.edu/portal/portal.php)

Access to course materials is available for up to one year after graduation.

**Catalog Description**
Serves as culminating experience enabling students to synthesize and apply aggregate key program concepts to support workforce development as they prepare to serve as public health leaders within the community; methods utilized to promote professional development include case studies, assigned readings, and multiple interactions with community public health leaders.

**Required Textbook:**

**Required Resources:**
[http://www.humanmetrics.com](http://www.humanmetrics.com)
MPH Core Student Learning Outcomes

1. Select quantitative and qualitative data collection methods appropriate for a given public health context (#2)
2. Analyze and Interpret data for public health research, policy, or practice (#4, edited)
3. Assess population needs, assets, and capacities that affect communities' health (#7)
4. Design a population-based policy, program, project or intervention (#9)
5. Communicate audience-appropriate public health content, both in writing and through oral presentation (#19)

CEPH Concentration Competencies

1. Demonstrate how data and information are used to improve individual, program, and/or organizational performance (e.g., selection and use of valid and reliable quantitative and qualitative data, data-driven decision making, data management, performance measurement).
2. Explain the importance of evaluations for improving programs, and services.
3. Target/Tailor messages for disseminating public health data and information (e.g., social media, newspapers, newsletters, journals, town hall meetings, libraries, neighborhood gatherings).
4. Recognize the role of cultural, social, and behavioral factors in the accessibility, availability, acceptability, and delivery of public health services.
5. Engages community members to improve health in a community (e.g., input in developing and implementing community health assessments and improvement plans, feedback about programs and services).
6. Participate with stakeholders in identifying key public health values and a shared public health vision as guiding principles for community action.

CEPH MPH Competencies

Evidence-based Approaches to Public Health
1. Apply epidemiological methods to the breadth of settings and situations in public health practice
2. Select quantitative and qualitative data collection methods appropriate for a given public health context
3. Analyze quantitative and qualitative data using biostatistics, informatics, computer-based programming and software, as appropriate
4. Interpret results of data analysis for public health research, policy or practice

Public Health & Health Care Systems
5. Compare the organization, structure and function of health care, public health and regulatory systems across national and international settings
6. Discuss the means by which structural bias, social inequities and racism undermine health and create challenges to achieving health equity at organizational, community and societal levels
Planning & Management to Promote Health
7. Assess population needs, assets and capacities that affect communities’ health
8. Apply awareness of cultural values and practices to the design or implementation of public health policies or programs
9. Design a population-based policy, program, project or intervention
10. Explain basic principles and tools of budget and resource management
11. Select methods to evaluate public health programs

Policy in Public Health
12. Discuss multiple dimensions of the policy-making process, including the roles of ethics and evidence
13. Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes
14. Advocate for political, social or economic policies and programs that will improve health in diverse populations
15. Evaluate policies for their impact on public health and health equity

Leadership
16. Apply principles of leadership, governance and management, which include creating a vision, empowering others, fostering collaboration and guiding decision making
17. Apply negotiation and mediation skills to address organizational or community challenges

Communication
18. Select communication strategies for different audiences and sectors
19. Communicate audience-appropriate public health content, both in writing and through oral presentation
20. Describe the importance of cultural competence in communicating public health content

Interprofessional Practice
21. Perform effectively on interprofessional teams

Systems Thinking
22. Apply systems thinking tools to a public health issue

Performance-Based Objectives Linked to Course Activities (Note: Assessment Activities Described in Next Section)
1. Students will demonstrate an understanding of leadership concepts and attributes of leadership in public health, with application to their own professional development. (Activity 1)
2. Students will engage in dialogue and learning from public health community leaders to advance public health goals. (Activity 2)
3. Students will discuss leadership skills such as mentoring, team building, negotiation, and conflict management. (Activity 3)
4. Students will explain how leadership practices and professional ethics relate to equity and accountability in diverse community settings. (Activity 4)
5. Students will discuss how public health leadership dynamics may evolve to meet future
community needs. (Activity 5)

Assessment of Student Learning

</tbody>
</table>
**Portfolio Inclusion**
Samples of your work may be reproduced for search purposes and/or inclusion in the professor’s teaching portfolio. You have the right to review anything selected for use, and subsequently ask for its removal.

**Instructional Methods**
This is a hybrid course that includes a combination of class meetings and online activities. Class meetings will be a combination of class discussion, guest presentations by community leaders, student presentations, and active participation. Prior to each class, the student is encouraged to complete the recommended readings and actively participate in class discussions. In this way, it is hoped that the learner will be better prepared to successfully accomplish the learning objective of each class experience. Online activities will include a series of text chapter discussion questions and discussion boards to facilitate student engagement for discussion of assigned readings and videos, and application of course content to each student’s professional leadership development.
Grading

Assignment Points
1. Presentation: Reflection on Interview with a Leader 50
2. Presentation: Book Club – Assigned Leadership Book Review 50
3. Leadership Self-Assessment Diary 50
4. Professional Resume 50
5. Reflection Paper: Orbiting the Giant Hairball 50
6. Chapter Discussion Questions (10 x 10 points each) 100
7. Discussion Boards – 9 Videos + 1 Reading (10 x 10 points each) 100
8. Final Exam 50
Total 500

A = 450-500 points (90% -100%)
B = 400-449 points (80% - 89%)
C = 350-399 points (70% - 79%)
D = 300-349 points (60% - 69%)
F = <300 points (< 60%)

Description of Course Requirements
Interview with a Public Health Leader (50 points)

Each student will conduct a semi-structured interview with someone in the community (local or elsewhere) who has leadership expertise. This person need not be in a formal leadership position, but he or she should have at least five years of experience or more in some formal or informal leadership role. The focus of the interview should be on the person’s leadership philosophy and style, including keys to success, challenges the person has faced (and how he or she has overcome them), costs and benefits of assuming a leadership role, and what advice this person would offer to others seeking to develop their leadership potential. The presentation to the class should be informal (e.g., a handout is required instead of a PowerPoint) and include key points from the interview, as well as a comparison of those points with leadership principles discussed during the semester. Although this is an informal presentation, it should still exhibit high quality and be well structured.

The presentation should be 10 minutes in length. Refer to Presentation assignment folder in FOLIO for additional information, including an interview script to be utilized for the activity, as well as the grading rubric for this assignment. Refer to course syllabus for due date. Presentations may be done in person or may be pre-recorded and posted on FOLIO. Please let your professor know your preference.

Suggested public health leaders include:
- Dr. Kathleen Benton (Hospice Savannah)
- Ms. Paula Kreissler (Healthy Savannah)
- Dr. Randy McCall (Chatham Co. Hlth. Dept.)
- Ms. Melissa Reams (Upstream Consulting)
- Ms. Corine Ackerson-Jones (GSU TRiO Program)
- Dr. Lawton Davis (Coastal Health District)

Assigned Leadership Book Review (50 points)

Each student will receive a leadership book reading assignment the first week of class, and will receive a
loaner copy of the assigned book. After reading the assigned book, you will create a 10 minute oral presentation to share with the professor. The presentation should include key points from the book, as well as a comparison of those points with leadership principles discussed during the semester.

The book must be returned to the professor on the due date of the presentation or the student will receive a zero for the assignment. Refer to Assignment folder in FOLIO for additional information, including the structure and content to be utilized for the oral presentation, as well as the grading rubric for this assignment. The class handout must be posted in FOLIO. Refer to course syllabus for due date.

Leadership Self-Assessment Diary (50 points)

Each student will complete a Leadership Self-Assessment Diary that consists of a total of 7 modules with leadership surveys, exercises, and/or questions. Refer to the Assignment folder in FOLIO to download the formatted Diary file (Word document). This will be a self-paced assignment for completion of all 7 modules, and it is recommended that each student complete 1 module every 2 weeks during the semester. The assignment will be submitted as one final document (including all 7 modules) in FOLIO at the end of the semester. Refer to course syllabus for due date.

Professional Resume (50 points)

Each student will utilize GSU’s Office of Career and Professional Development (OCPD) as a resource to prepare a professional resume. Visit https://students.georgiasouthern.edu/career/students/resumes/ to get started with this assignment, using the Resume & Letters Guide link to create a professional resume, then make an appointment with OCPD to have it critiqued prior to the due date.

Office of Career and Professional Development – Armstrong Campus

Main Office Hours: Monday – Friday 8:00am – 5:00pm
Walk-In Hours: Wednesdays 2:00pm – 4:00pm
The office is located on the 1st floor of Solms Hall Room 104
This assignment will be submitted via FOLIO. Refer to course syllabus for due date.

Orbiting the Giant Hairball

Reflection Paper (50 points): Each student will read “Orbiting the Giant Hairball” and then write a 3-4 page reflection paper on the book, including their thoughts and opinions about the book content as it applies to public health leadership concepts. This will not be a summary of the book content, but rather your reflection on the book content. Each paper should be typed in 12-point font, double-spaced, 1-inch margins, and spell-checked, and will be submitted electronically in FOLIO. Refer to course calendar for applicable date.

FOLIO Discussion Board: Each students will complete a Discussion Board in FOLIO to reflect on the OTGH reading. See next section for further details pertaining to due dates, points, and criteria for posting content.

FOLIO Discussion Boards for 9 Videos & 1 Reading (10 points each x 10 = 100 points)

Each student will complete a series of nine Discussion Boards to reflect understanding and application of weekly video assignments, plus one additional Discussion Board pertaining to Orbiting the Giant Hairball reading.

</tbody>
</table>

Discussion board reflections are due by **11:59pm ET of the Sunday of that week**.

Students are expected to be an active participant in each week’s discussion. You have a full week to participate, so there should be no reason for you to not be able to do so. Please think of these posts not as busy work, but rather as an opportunity to explore and build on the readings, thereby learning in the process. The ability to articulate one’s thoughts discursively with others is valued in the workplace. You get to practice here.

Participation is a matter of not only quantity of posts (having a presence), but also quality of posts. What constitutes high quality participation in an online discussion? For this class I’ll be looking for posts that:

- *Are substantive in content.* You’re not expected to write mini-essays or monologues. However, you are expected to back up your examples and opinions with sufficient evidence that your reader will believe in what you say.
- *Are thoughtful and well composed.* Spelling and grammar both count!
- *Provide evidence.* How can you support the things that you're saying? Refer directly to the readings, share other sources (e.g., web sites) with us, and/or provide your own detailed examples. However you do it, back up what you say.

**To be considered for full credit each week, you will need to:**

- Write high quality, insightful, and substantive posts

**Discussion Board Grading Rubric for GEPH 7530**

Chapter Discussion Questions (10 points each submission x 10 = 100 points)

Each student will complete and submit a series of Chapter Discussion Questions in FOLIO to reflect comprehension and application of leadership concepts conveyed in the main text (Rowitz) per weekly reading assignments defined in course syllabus. For each of these assignments, the student will read the text chapter(s), then complete the short series of discussion questions at the end of the chapter. Refer to the FOLIO assignment folder for complete instructions. Refer to the course calendar for due date.

Final Exam (50 points)

The Final Exam will be posted in FOLIO two weeks prior to the due date. Each student will work independently to complete the Final Exam, submitting it electronically in FOLIO by the due date. Refer to FOLIO assignment folder for submission requirements. Refer to course calendar for due date.

General Expectations

1. For every one-credit hour, you should expect to work roughly two hours outside the classroom each week. For example, for a three credit hour course, during a regular fifteen week semester, you should expect approximately ninety hours of work outside of class.

2. Students are expected to keep up with the class, to read the required material, and to submit assignments and activities by due dates and times.

3. Students are expected to independently complete all activities, exercises, assignments, and assessments including exams.

4. Students are expected to produce quality work. Typos and grammar errors should be kept to a minimum. The format and readability of submissions will be taken into consideration when assigning a grade.

5. Remember to check when assignments are due. It is recommended that you stay ahead of schedule on the assignments, so if an emergency happens, your assignment will be completed and ready to submit within the designated time frame. It is your responsibility to keep track of the due dates for each assignment.

Response Times

During a normal work week (i.e., Monday 9:00 AM through Friday 5:00 PM) students can expect responses as follows:

- Email: within 48 hours
- Discussion posts: within 72 hours
- Assignment grades: within 72 hours of submission date.

Exceptions: I may not check FOLIO or GSU email over the weekends. If you send me an email after 5:00 PM on Friday, please do not expect a response until the following Monday.

All assignments will be graded promptly so that students may accurately calculate their grades at any point in time during the semester. There are times when extraordinary circumstances occur (e.g., serious illness, death in the family, etc.). In such circumstances, and/or if you need additional time to satisfactorily complete any course requirement, please consult with the
instructor within a reasonable amount of time. Extensions are not guaranteed and will be granted solely at the discretion of the instructor.

**COURSE EXPECTATIONS**

**Texting and Use of Cell Phones (and Other Technologies)**

Please do not text in class or use your cell phone during class! Texting during class (or in a meeting) is disruptive and rude…at least to me. My preference is that you put cell phones away during class meetings so they are not a source of temptation. Offenders will be asked to leave.

**Class Attendance and Participation Policy**

Federal regulations require attendance be verified prior to distribution of financial aid allotments. Regular attendance is expected. Your attendance will be verified at the first regular class session.

It is the policy of the University to permit students, faculty, and staff to observe those holidays set aside by their chosen religious faith. The faculty should be sensitive to the observance of these holidays so that students who choose to observe these holidays are not seriously disadvantaged. It is the responsibility of those who wish to be absent to make arrangements in advance with their instructors.

Students participating in authorized activities as an official representative of the University (i.e., athletic events, delegate to regional or national meetings or conferences, participation in university-sponsored performances, and JPHCOPH funded) will not receive academic penalties and, in consultation with the instructor of record, will be given reasonable opportunities to complete assignments and exams or given compensatory assignment(s) if needed. The student must provide written confirmation from a faculty or staff advisor to the course instructor(s) at least 10 days prior to the date for which the student will be absent from the class. The student is responsible for all material presented in class and for all announcements and assignments. When possible, students are expected to complete these assignments before their absences. In the event of a disagreement regarding this policy, an appeal may be made by either the student or the instructor of record to the corresponding college dean. (University Graduate Catalog).

Due to the hybrid nature of this specific course, there will only be four in-class sessions during the semester. Students are expected to attend and actively participate in all four sessions unless any of the circumstances described above are applicable. Documentation will be required for any other unexpected absences. It is up to the discretion of the instructor whether or not to excuse any unexpected absence. Attendance and participation will comprise 50 points toward the final course grade.

**Academic Misconduct**
As a student registered at this University, it is expected that you will adhere to only the strictest standards of conduct. It is recommended that you review the latest edition of the Student Conduct Code book, as well as the latest Undergraduate & Graduate Catalog to familiarize yourself with the University’s policies in this regard. Your continued enrollment in this course is an implied contract between you and the instructor on this issue; from this point forward, it is assumed that you will conduct yourself appropriately.

**Plagiarism**

According to the Academic Dishonesty Policy of Georgia Southern University, Plagiarism includes (but is not limited to):

A. Directly quoting the words of others without using quotation marks or indented format to identify them.

B. Using published or unpublished sources of information without identifying them.

C. Paraphrasing material or ideas without identifying the source.

D. Unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic material.

If you are accused of plagiarism by a JPHCOPH, the following policy, as per the Judicial Affairs website: [http://students.georgiasouthern.edu/judicial/faculty.htm](http://students.georgiasouthern.edu/judicial/faculty.htm) will be enforced:

**PROCEDURES FOR ADJUDICATING ACADEMIC DISHONESTY CASES**

**First Offense - In Violation Plea**

1. If the professor and the Dean of Students agree that the evidence is sufficient to warrant a charge of academic dishonesty, the professor should contact the Office of Judicial Affairs to determine if this is a first violation of academic dishonesty. The incident will be reported via the following website: [http://students.georgiasouthern.edu/judicial/faculty.htm](http://students.georgiasouthern.edu/judicial/faculty.htm)

2. If it is a first violation, the professor should talk with the student about the violation. If the student accepts responsibility in writing and the professor decides to adjudicate the case, the following procedures will be followed:

   a. The student will be placed on disciplinary probation for a minimum of one semester by the Office of Judicial Affairs.

   b. The student will be subject to any academic sanctions imposed by the professor (from receiving a 0 on the assignment to receiving a failing grade in the class).

   c. A copy of all the material involved in the case (Academic Dishonesty Report Form and the Request for Instructor to Adjudicate Form) and a brief statement from the professor concerning the facts of the case and the course syllabus should be mailed to the Office of Judicial Affairs for inclusion in the student’s discipline record.

**First Offense - Not In Violation Plea (student does not admit the violation)**

If the professor and the Dean of Students agree that the evidence is sufficient to warrant a charge of academic dishonesty, the professor should contact the Office of Judicial Affairs to determine if this is the first or second violation of academic dishonesty. The student will be charged with academic dishonesty and the University Judicial Board or a University Hearing Officer would
hear the case. If the student is found responsible, the following penalty will normally be imposed:

- The student will be placed on Disciplinary Probation for a minimum of one semester by the Office of Judicial Affairs.
- The student will be subject to any academic sanctions imposed by the professor.

**Second Violation of Academic Dishonesty**
If the professor and the Dean of Students agree that the evidence is sufficient to warrant a charge of academic dishonesty, and if it is determined this is the second violation, the student will be charged with academic dishonesty and the University Judicial Board or a University Hearing Officer would hear the case.

If the student is found responsible, the following penalty will normally be imposed:

- Suspension for a minimum of one semester or expulsion.
- The student will be subject to any academic sanctions imposed by the professor.

**NOT RESPONSIBLE FINDING**
When a student is found not responsible of academic dishonesty, the work in question (assignment, paper, test, etc.) would be forwarded to the Department Chair. It is the responsibility of the Chair to ensure that the work is evaluated by a faculty member other than the individual who brought the charge and, if necessary, submit a final grade to the Registrar. For the protection of the faculty member and the student, the work in question should not be referred back to the faculty member who charged the student with academic dishonesty.

In the case of a Department Chair bringing charges against a student, an administrator at the Dean’s level will ensure that the student’s work is evaluated in an appropriate manner.

**CONFIDENTIALITY**
In accordance with provisions of the Family Educational Rights and Privacy Act of 1974 and the Georgia Open Records Act, any information related to a violation of academic dishonesty or the outcome of a judicial hearing regarding academic dishonesty, is prohibited and must be treated as confidential by members of the faculty."

**Disability-related Accommodations**

Georgia Southern University is committed to providing reasonable accommodations to students with documented disabilities as required under federal law. Disabilities may include ADD or AD/HD, autism spectrum disorder, brain injury, chronic medical conditions, communication disorders, hearing loss, learning disabilities, mobility impairment, psychological disorders, visual impairment or temporary injuries. The purpose of disability accommodation is to provide equal access to the academic material and equal access to demonstrate mastery of the material. If you have a disability and need accommodations, please contact the Student Accessibility Resource Center (SARC). You will need to meet with a SARC staff member who can help you gather documentation of your disability or refer you to an appropriate resource for assessment. Once documentation of the disability is approved, SARC staff will provide you with an accommodation letter detailing the approved accommodations which you should present to me so we can discuss and implement your accommodations. Disability accommodations work best starting at the beginning of the semester, but can be approved and started at any point in the
semester. Accommodations start at the time the accommodation letter is presented to faculty within reasonable timelines; accommodations are not given retroactively. SARC on the Statesboro campus is located on the second floor of Cone Hall and the phone number is (912) 478-1566. SARC for Savannah and Liberty campuses is located on the second floor of Memorial College Center and the phone number is (912) 344-2572.

**University Calendar for the Semester**
The University Calendar is located with the semester schedule, and can be found at: http://em.georgiasouthern.edu/registrar/resources/calendars/

**One Final Note**
The contents of this syllabus are as complete and accurate as possible. The instructor reserves the right to make any changes necessary to the syllabus and course material to ensure better student learning. The instructor will announce any such changes in class. It is the responsibility of the student to know what changes have been made in order to successfully complete the requirements of the course.

This syllabus, my lecture notes, and all materials distributed and presented during this course are protected by copyright law. You are authorized to take notes in this class but that authorization extends to only making one set of notes for your personal use and no other use. You are not authorized to sell, license, commercially publish, distribute, transmit, display, or record notes from this class unless you have my written consent to do so.
STUDENT CONDUCT CODE
The Student Conduct Code is the official University publication governing student conduct and behavior. It is the responsibility of each student to become familiar with the rules and regulations governing student life. Student conduct procedures, appeal procedures, and disciplinary sanctions are found in the Student Conduct Code at http://students.georgiasouthern.edu/conduct. I acknowledge that I have read and understand this statement referencing the Student Conduct Code.

ACADEMIC DishONESTY
The University goal is to foster an intellectual atmosphere that produces educated, literate people. Because cheating and plagiarism are at odds with that goal, they shall not be tolerated in any form. Students are expected to adhere to the rules and regulations as set forth in the Student Conduct Code. Therefore, all work submitted by a student must represent that student's own ideas and effort; when the work does not, the student has engaged in academic dishonesty. Plagiarism occurs when a person passes in another person's work as his or her own, borrows directly from another person's work without proper documentation, and resubmits his or her own work that has been previously submitted without explicit approval from the instructor. For example, academic dishonesty occurs whenever a student participates in any of the following: Cheating submitting material that is not yours as part of your course performance; using information or devices that are not allowed by the faculty; obtaining and/or using unauthorized materials; fabricating information, research, and/or results; violating procedures prescribed to protect the integrity of an assignment, test, or other evaluation; collaborating with others on assignments without the faculty's consent; cooperating with and/or helping another student to cheat; demonstrating any other forms of dishonest behavior. Plagiarism directly quoting the words of others without using quotation marks or indented format to identify them; using sources of information (published or unpublished) without identifying them; paraphrasing materials or ideas without identifying the source; self-plagiarism - resubmitting work previously submitted without explicit approval from the instructor; unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic material. NOTICE: The list above is intended only to provide general guidelines for recognizing and avoiding common types of academic dishonesty. It is in no way an exhaustive or comprehensive list of all the types of academic dishonesty. For more information about academic honesty, see the Student Conduct Code at http://students.georgiasouthern.edu/conduct. I acknowledge that I have read and understand the Academic Dishonesty Policy.

I have read the syllabus and understand the contents and course requirements.
