HANNER GYM ANNEX

Gym Annex construction is expected to be completed by March, 1969. Plans for the construction of three other buildings were recently approved by the Board of Regents.

Board of Regents Approves Plans for Three Buildings

Construction plans have been approved for three buildings which will be completed by Sept., 1971 and building is on schedule for the Hanner Gym annex and the biology building, according to Dr. John O. Eidson, president.

The Hanner Gym Annex will

be completed by March, 1969. The gym will have a seating capacity of 5,400 and will contain classrooms and offices for the Physical Education and Recreation Departments.

The first of a three unit science complex, the biology unit, will be ready for use by

September 1969. The second phase of the complex, the chemistry and physics unit, has been approved by the Board of Regents, but definite plans are pending. Construction should begin by January or February of 1969.

The recently approved education building will contain an exhibition room, display area, counseling cubicals, faculty research materials and equipment room, and classrooms. Building is scheduled to begin in April or May of 1969.

A general classroom building has also been approved. Edwin Eckles of Statesboro is the architect for the million dollar building. A tentative date for completion has been set as Sept. 1971.

A new Women's dormitory will be ready for use in September of 1970. The three-story dorm in the shape of an "H" will house 300 women. It will contain 84 small study cubicals, a recreation area, entrance hall, lobby, service area, and House Director's apartment. Architects for the 1.5 million dollar dorm are Williams and Dean of Atlanta.

Landrum Center Handles Mail

The mailboxes in the Landrum Center now serve as the communications center for the college. Mail coming from the college to the student is delivered without postage and there is no charge for the use of the box.

Students may have their personal mail directed to the center by having it addressed to his name, box number, and Georgia Southern Mail Room. No insured packages or certified mail will be accepted at the center. Notices of insured mail arrival will be placed in the boxes and the package or mail may be picked up from the Georgia Southern Branch Post Office in University Plaza.

College Heads Approve Co-ed Social Activities

A co-ed social activity policy was officially approved last week by the Administration and the Personnel Deans, according to Mrs. Virginia H. Boger, dean of women. The policy was recommended by Women's Student Government Association spring quarter and studied by Men's Governing Council and the Student Personnel Advisory Council.

The new policy states that co-ed social activities are permissible in off-campus units, other than residence halls, providing that the owner agrees and makes the necessary provisions. Individual unit owners must certify approval in writing to Mrs. Louise Screws, co-ordinator of housing. Co-ed social activities hours are: 6 - 11 p.m. Sunday through Thursday and 6 - 12 midnight Friday and Saturday. This policy is applicable only to juniors and seniors. Units housing sophomores, juniors and seniors jointly are excluded from the policy.

Women students must have their parent's written consent mailed to the dean of women. Men's units are closed to high school women.

Co-ed social activities in residence hall lobbies and recreation rooms are the prerogative of residence hall councils. The private units of Wudie, LaVista, York, Cambridge, Eton, Warwick, Hampton, Stratford and Oxford are classified as dormitories.

Students Ratify New Constitution

The student body voted five and one-half to one in favor of ratifying the constitution of this college, Sept. 27.

Forty-five per cent of the student body voted in the referendum - 85 per cent for and 15 per cent against.

Olliff, Winburn, and Dorman Halls had the most voters. Deal Hall had the best response with 107 ballots returned of the 112 ballots issued.

The constitution, which was printed in the 68-69 "Eagle Eye", went into effect immediately following the official certification of the ballots, Friday, Sept. 27.

Regents Appoint Herrington To Personnel Officer Post

Carroll L. (Khaki) Herrington has been appointed Personnel Officer, according to President John O. Eidson. Herrington's appointment was approved this week by the University System Board of Regents.

Herrington will develop a new area of personnel employment for the college, establish personnel policies and procedures, and maintain a central office for the records and files of all personnel employed by the college. This quarter the college will employ more than 600 academic and non-academic personnel.

Herrington, whose appointment became effective Oct. 1, recently visited some of the larger institutions of the University System, including Georgia State College, Georgia Institute of Technology, and the University of Georgia, where he met with personnel directors and discussed the procedures of their programs.

Prior to joining the college staff, Herrington was personnel manager of the Statesboro plant of J. P. Stevens, Co., Inc. He joined Stevens in 1961, coming to the company from the Georgia National Guard where he had been a staff assistant.

Joe Tribble to Speak At Republican Rally

Joe Tribble, Republican candidate for Congress from the first Congressional district will speak at the Young Republican Rally, Thursday, Oct. 2, in the Foy Fine Arts Building, at 7:30 p.m. Paul Holmes, Eastern Co-ordinator for the Nixon-Agnew ticket will also be present.

Tribble is a native of Monroe County, Georgia, a graduate of Georgia Tech, a former State Senator from Chatham County, and Barry Goldwater's 1964 campaign manager for Georgia.

Holmes is a 1963 graduate of the University of Georgia where he was chosen most valuable lineman on the 1962 Bulldog Football team. He has played professional football for the Dallas Cowboys and is now engaged in farming in Jasper County, where he is Republican County Chairman.

"We are directing our efforts primarily to the under 40 age group but all Georgians and Bulloch Countians who are interested in terminating the reign of the present regime in Washington and replacing it with sound, conservative leadership are invited to meet with us", stated Jimmy Norris, first

district chairman of the Young Republicans.

Color television will be available at 8:30 in the auditorium for those desiring to view the one-hour Nixon telecast from Atlanta.

"THE APPLE TREE"

Recitals, Two Broadway Hits, Ballet Set For '68-69' Series

By MURPHY SCONYERS
Staff Writer

The 1968-69 Campus Life Enrichment Series will premiere Oct. 28 with pianist Clifton Matthews in the Foy Fine Arts Recital Hall. Four other programs are scheduled for the series. The hit Broadway musical, "The Apple Tree," will be presented Dec. 9 in McCroan Auditorium with a name star leading the cast. Winter quarter violinist Miss Masuko Ushioda will perform in the Foy Recital Hall. The Oukhtomsky Ballet Classique will perform in McCroan Auditorium Feb. 10. The series will conclude March 25 with the long-running Broadway hit "Funny Girl."

Clifton Matthews studied at the Juilliard School of Music in New York and in Europe. He has performed frequently in solo recitals and as soloist with orchestras.

"The Apple Tree" presents three distinct stories in three separate acts—three musicals in one. The first act is an adaptation of Mark Twain's "The Diary of Adam and Eve"; the second act is based on "The Lady or The Tiger" by Frank R. Stockton and "Passionella" by

Jules Feiffer is the concluding act.

Miss Masuko Ushioda, the most sought-after Japanese violinist in Europe, Russia and the United States, will appear in concert Jan. 23. This is Miss Ushioda's first American tour since she captivated the musical world of Moscow in 1966, winning second prize in the International Tchaikovsky Competition.

Classical Ballet lovers will have an opportunity to see one of the most versatile ballet companies Feb. 10. The reputation of the Oukhtomsky Ballet Classique has spread rapidly and each year the demand for appearances has increased. This year's program encompasses a wide range of style. Lavish color schemes are used for the new productions.

"People who see 'Funny Girl' are the luckiest people in the

world" is the best way to describe the CLES presentation, March 25. "Funny Girl" tells of Fanny Brice's early days on Broadway and of her marriage to the famous gambler, Nicky Arnstein.

"Funny Girl" began a national tour in 1965 and has been very successful. Carmen Natiku will be portraying Fanny Brice, the "Ziegfield Follies" star who most of America came to know as "Baby Snooks."

Each year, CLES strives to bring the finest in drama, dance and music to the campus.

Tickets for all the programs will be available two weeks in advance. Students may obtain tickets by presenting their Student Identification Card. Admission for faculty members will be \$1 per ticket; all other tickets are \$2.

Panhellenic Kicks Off Rush With Mother-Daughter Tea

The first formal Panhellenic rush began with a Mother-Daughter tea, Sunday, Sept. 22, at Trinity Episcopal Church. The purpose of the tea was to familiarize mothers of prospective rushees with rush procedures and to give them and their daughters a better understanding of what sorority life is like.

Father James Tiller gave the invocation for the tea, and Pat Canady, Panhellenic president, welcomed the guests. Speakers included Dr. Ralph K. Tyson, dean of students, Mrs. Virginia Boger, dean of women, and Mrs. Douglas. Peggy Miller, Panhellenic rush chairman, gave a general introduction to rush rules and schedules.

Gail Calloway served as

commentator for the fashion show presented as entertainment for the event. An added attraction at the tea was the display tables which showed each sororities' pins, trophies, magazines, and emblems.

Freshmen rush began on Monday night with open house held by each of the six sororities. "Panhellenic was pleased that 260 girls went out for rush," stated Peggy Miller.

On Tuesday night rushees could only attend 5 rush parties, which were invitational teas. Wednesday night they could attend 4 invitational teas, and on Thursday they were allowed to attend 3 Theme parties. The week was highlighted by the Friday preferential parties, but by this time rushees had to

narrow their parties down to two choices. Rushees filled out preference slips, sororities made bid lists, the bids were matched, and on Sunday morning the excited and tired rushees picked up their bids, either to accept or decline.

Those girls who accepted bids from sororities are as follows: Alpha Delta Pi: Kitty Ball, Connie Boney, Betty Brunson, Cathy Cortiss, Debbie Ennis, Judy Floyd, Julie Fredrickson, Nancy Green, Peggy Hartsfield, Kathy Holland, Forrest Hopkins, Cindy James, Debby Johnson, Kay Jones, Linda Leavengood, Fran McLeod, Helen Monroe, Toni Newby, Linda Portman, Renee Simmons, Susan Smith, Becky Taylor, B. J. Voellinger and Lynn Yielding. Alpha Xi

Freshmen rushees eagerly wait outside the Panhellenic post office to pick up party invitations.

New Council Sets Objective

"To serve for those who serve" is the basic premise of the newly formed Recognition Council.

The Council is one of seven standing councils of the new student government and seeks to represent more than 1,000 GSC students. The Council will represent organizations who are either service groups or honorary groups.

"We have a long way to go and will need a lot of help but in the end the Recognition Council will be one of the foremost

councils of the student government," said Joe Griffin, acting chairman for the council. "I feel that it is time that the people who come here to learn and serve get an active voice in what goes on."

A newcomer to the GSC staff, Miss Carol Sue Ray is the administrative representative on the council.

The presidents of the clubs within the council are being contacted and their help will be sought within the next few weeks.

Reflector Staff Meets Oct. 9

Deidre Cowne, 1968-69 "Reflector" editor, has set an organizational meeting for Wednesday, Oct. 9, at 7:00 p.m. in the Reflector office, Williams Center. Miss Cowne encourages any interested students to attend and she states that previous experience is not essential. The reflector staff has several positions still open.

Miss Cowne announced that three key staff members have returned to rejoin the 1968-69 staff. They are: Jill Jones, Waycross; Mike Ayres, Augusta; and Sue Young, Staunton, Va.

"We are planning many exciting changes. We plan to use an entirely new technique in the formation of this year's "Reflector". The staff hopes that the student body will be pleasantly surprised by some of the changes we hope to make," stated Miss Cowne. The "Reflector" staff plans a unique cover, a more interesting faculty division, more group pictures for the various organizations, and a new sub-division for Greeks as part of these changes.

Flu shots will be given
starting Oct. 15 - Nov. 15,
9 a.m. - 5 p.m., in the
Health Cottage.

LETTERS

The GEORGE-ANNE welcomes letters to the editor as a sign of student interest and participation. Policy governing the letters include the following: (1) all letters must be signed. A writer's name may be withheld by request if the reason is valid. (2) Letters will be edited according to good taste, style, repetition and length. (3) Letters should not exceed 250-300 words in length. (4) Deadline for letters to the editor is Monday noon. (5) All letters should be typed, double-spaced and signed. (6) In case of letters concerning the same topic, only the most effective will be printed.

ABSENTEE BALLOTS

It's a Republican year! The Young Republicans did their part to start the political year by distributing Absentee Ballot Applications to all students who desired to vote in this manner.

The project began Tuesday morning when freshmen registered and continued until the closing of upper class registration on Wednesday afternoon.

Approximately 4,700 students registered; of this number, 2500 filed applications for absentee ballots, according to Jimmy Norris and Hal Roach, chairmen of the project. Norris stated that the applicants names would be sent to the respective county voter registrar and that the student should receive an official ballot within a few weeks. If there is a delay, the applicant should write his registrar to confirm his application or to check his address.

We of the George-Anne commend the Young Republicans and would like to see more constructive action like this.

Censorship ??

Censorship of the George-Anne has been charged several times during past years. After a misunderstanding spring quarter, the editor requested in a column that students be allowed to serve on the Publications Committee in order that the feelings of the student body could be expressed to committee members. The Publications Committee took this suggestion into consideration and decided that it was a reasonable request.

Beginning this quarter two students will serve on the Publications Committee. One student will be appointed by Sandra Hartness, president of the student association of governing councils, and the other student member will be the George-Anne editor. Ric Mandes, public relations director, is chairman of the committee. Other members are Dr. Fielding Russell, language division chairman; Billy Deal, director of alumni affairs, Roy Powell, assistant professor of English; and Carlton Humphrey, assistant professor of English.

This Publications Committee reviews George-Anne policies as needed, but there is no censorship of the student newspaper. Copy is not seen by any persons outside the George-Anne staff until it is printed.

The addition of students to the Publications Committee is a sign that the student newspaper will continue to be published by and for the students of this college.

Constitution Needs Revision In Areas

BY ALAN BOND
And
BILL BLANKINSHIP

On Tuesday, May 28, 1968, a committee composed of representatives from the Panhellenic Conference, Women's Student Government Association, Men's Governing Council, Professional Interfraternity Council, Interfraternity Council, Recognition, Interest and Departmental Organizations, the former Student Congress and the State Chairman of Southern Universities Student Government Association convened to draft a new student body constitution.

This action was a result of the abolishment of the Student Congress by its members on April 24, 1968. The reasons given for the abolishment were listed as: the structure is archaic; elections would have been unconstitutional; Congress may cease to exist unless it is reorganized. Congress then re-established itself into a council for the purpose of reorganizing and writing a new and better constitution.

The constitution drafted by the "Council" was to be ratified by October 1, 1968, according to the Council's minutes. Under the new constitution the student governing body was to be known as the Student Association of Governing Councils of Georgia Southern College. This constitution provided for the election of officers during spring quarter of each year; officers were elected during the latter part of spring quarter, 1968. The officers elected by the student body were both qualified and experienced in student government; the appointed representatives were well chosen by their respective organizations. In their haste for a flexible constitution, this capable group settled for something short of their desire.

One such shortcoming is the constitution's failure to provide a suitable means of checks and balances. This is best exemplified by

Article VI—Removal of Officers

An officer shall be removed when this Association interprets by actions or attitude a disinterest or action not in good faith with the Constitution of the Association, or his responsibilities to the college community.

An article such as this could suppress worthy ideas

Article IX—Advisor states that:

The Advisor for the Association shall be the Director of Student Activities.

The Director of Student Activities should not be obligated by any one group, governmental or organizational. Furthermore, the Director of Student Activities may lack the initiative or interest to participate in such a group, while another administrator may desire to work with the student body.

Article VIII—Elections

The last sentence of this article states:

The dates and procedures for elections shall be stipulated in the By-Laws of this constitution.

Article XII—By-Laws

By-Laws of this Association, exclusive of election procedures, shall consist of the several Constitutions of the major councils and the individual constitutions of the organizations comprising these major councils.

Why were the election procedures excluded from the By-Laws, yet the Constitutions state that election procedures shall be stipulated in the By-Laws?

Many students have posed questions about the loopholes in the new constitution. No constitution is perfect. It must represent a compromise of the best ideas of all factions involved. Perhaps wise amendments can close the loopholes in our new constitution.

Activities Policy Gives Privileges; Poses Problems?

By SANDRA DYCHES
Editor

Young people who attend college exhibit a sense of responsibility. College-age students are no longer children. Therefore, college-age students are adults. The above statements are the type of deductive reasoning often used in

jokes. This writer would have to be joking if she stated that all students behaved as adults. Past experiences have shown that many students are unable to accept the responsibilities which accompany privileges.

Students have recently been granted a new privilege. They have a new situation in which to prove themselves. At the recommendation of Women's Student Government Association and Men's Governing Council, the question of intervisitation was discussed by the Student Personnel Advisory Council. This Council felt that the Personnel Deans and the Men's and Women's Councils were in the best position to make a decision on this question. Consequently a committee composed of members from the student personnel staff carefully studied the problems involved with intervisitation.

Prior to this study the policy governing intervisitation consisted of: (1) intervisitation was not permitted; (2) violations usually resulted in suspension for not less than one quarter.

The committee consulted with the Deans of Men and Women and a new policy was formulated. Copies of this suggested policy were sent to President Eidson, Vice-president Duncan and the Personnel Deans.

Only slight changes were made in the recommendations. The title "intervisitation" was changed to "co-ed social activities" due to the loaded connotations associated with the former term. Also uniform time limits were established with the former term. Also uniform time limits were established rather than permitting a fluctuating time. These changes will help make the policy more acceptable to those involved.

The success of this policy now rests with the individual housing unit owners and especially with the unit residents. The unit owner must certify his approval in writing. Many owners are unwilling to approve of this policy at the present time. The student resident must certify his approval by accepting the responsibilities that accompany this privilege. If a student resident is willing to exhibit an adult standard of behavior, then perhaps his landlord will be willing to approve the policy. The success of the project is riding on that word "if."

"YOU MEAN THERE ARE MORE FORMS TO FILL OUT?"

Freshmen students look bewildered as they face registration for the first time.

Evaluation Plan For Faculty Has Improvements

Working with faculty, after a year and a half of planning, student government representatives at the University of New Mexico have drafted a satisfactory faculty evaluation program.

The new project was given a scientific emphasis with the help of Prof. Ralph Norman of the psychology department, and administrative consultation through Dr. Harold Lavender, vice-president for student affairs.

There are several purposes for the evaluation. It is hoped that a bank of information will be formed which can be used as one factor in determining faculty tenure, salary, and promotion. Another idea behind the plan is to provide feed-back for the professor which will help him in improving teaching methods.

Louis Leurig, director of the Data Processing Center, estimates the cost of the program at between \$6500 and \$7700 a year for his department. This figure could rise or fall as new problems arise or more workable methods are devised. All information obtained will go into a file cabinet at the center.

Classroom procedures are featured in the plan. Techniques, pace, goals, and student participation are some factors to be judged.

Inquiring Reporter

Students arrived on campus for registration Wednesday, Sept. 25, and two days later the "mass exodus" began as students packed up and went home. When asked why, several replied:

Durwood Fincher, senior—"Frankly, I see nothing with a student going home. I

personally find the week-ends a perfect time to catch up with any overdue work and to rest. But, who am I to say that everyone else should stay here on week-ends?"

Chris Hatcher, freshman—"Because I miss my dog and cat!"

Sandy Clifton, sophomore—"The boys here do not ask the girls out like at other colleges."

Murphy Sconyers, senior—"I think that we have many people on this campus on the week-ends. This school does not have as many students as a big university so everyone notices all the people that have gone."

Ray Greene, senior—"I really don't know... There are plenty of activities during the week-end. The only problem is finding them."

Debbie Biggerstaff, junior—"There is not enough entertainment for everyone on the week-end. There are fraternity and sorority parties, but there should be more dances open to the student body."

James Strickland, sophomore—"Because there is not anything to do most of the time."

Linda Manke, junior—"I guess most people feel that there is not anything to do here."

Faye Woodard, senior—"Because nobody else stays here!"

Hartness Attends Panel Discussion

Sandra Hartness, senior psychology major from Macon, will participate in a panel discussion October 23 at the annual fall conference of the Georgia Association of Women Deans and Counselors, according to Virginia Boger, dean of women.

Topic for the discussion will be "The Role of the Student in the Policy-Making of the College Administration." Miss Hartness, president of the Student Association of Governing Councils, will present her views on the panel topic.

Other students on the panel will include a member of the University of Georgia student government, the president of the Women's Student Government Association at Clark College of Atlanta, and a student from a two-year college in the state.

Dr. W. Matthews Speaks to ACE

The Association for Childhood Education will meet at 7 p.m. Wednesday, Oct. 9, at Marvin Pittman School auditorium. Dr. Walter B. Matthews, Director of Elementary Education, will speak on "Opportunities for Quality Education for Tomorrow's Teachers."

New students majoring in early elementary and elementary education, former students, and all those with an interest in young children ages two through twelve, are urged to attend, according to Miss Gladys Waller, Advisor.

"After the meeting, refreshments will be served at a get acquainted reception," said Miss Waller.

Atlanta, was awarded first place in the 1968 Freshman Talent Show, Saturday, Sept. 28, in Hanner Gym. McCool sang "Born Free" and "My Cup Runneth Over" as his talent selections.

Others placing in the show were Linda Parson, LaGrange, second place; Janet Carter, Ellabelle, third place; and Lyn Yarborough, Palmetto, and Cathy Harlan, Warner Robins, honorable mention.

The annual event was sponsored by the Student Association of Governing Councils.

Cielenski Tells SUSGA Plans For Conference

Southern Universities Student Government Association state chairman, Michael Cielenski, has announced the plans for the SUSGA state conference in Atlanta, Jan. 10-11.

Oglethorpe College in Atlanta will host the conference. Rusty Jones, Oglethorpe SGA president, has appointed a five man committee to help coordinate the conference.

The various executive officers of SUSGA met in Atlanta, Sept. 28-29 to establish delegates fees and survey the facilities of the Dinkler Plaza Hotel for the conference.

The conference will deal with campus problems on various levels. Topics to be discussed are: student discount services, financial structure of student governments, teacher-course evaluation, and other relevant topics.

Cielenski announced there will be two discussion groups. These groups will be free discussion forums. The topics assigned to these groups will be "The Role of Student Government in the Academic Life of a College" and "The Relation of the Student Government to the Administration, Faculty, Students, and Community Around the College."

These two forums will help each college involved to solve some of the problems which have plagued campuses in the past.

Two hundred delegates are expected at the conference, Cielenski added.

College Receives Appropriation for 68-69 Regents Scholarship

The college received an appropriation of \$15,810 this week for the 1968-69 Regents Scholarship. Thirty-six students will receive this money for the nine-month school year.

According to Ben G. Waller, director of student aid and placement, appointments to these scholarships will depend upon a student's financial need and his intellectual merit. A financial statement filed by the student and parents determines need. A Regents formula

determines the students' predicted grade point average for incoming freshmen. "Predicted" grade point average must indicate academic work in the upper 25 percent of the freshman class.

A student may re-apply for the scholarship program at the completion of freshman year if there is still a financial need and he maintains a high grade point average.

Those selected are: John S. Autry, Macon; Berryl K. Bennett, Appling; Gerald T. Bowen, Alma; John W. Bowen, Garfield; James R. Brown, Sardis.

Claude Bunn, Statesboro; Martha J. Callaway, Manassas; David L. Cavender, Waycross; Janice E. Cheek, Lumber City; James G. Evans, Dublin; Roger V. Gregory, St. Marys; Linda Sue Hartley, Swainsboro; Charlie D. Hill, Jr., Rossville; Larry W. Harne, Iron City; Thomas A. Kinchen, Thomasville; John David Lentz, St. Marys; and Barry E. Martin, Washington.

Mary Ruth Marwitz, College Park; Jackie Elizabeth Mathews, Fort Valley; Marilyn Anne McKenney, Decatur; Joe L. Pierce, Jr., Savannah; Margaret L. Pipkin, Waycross; Elizabeth V. Ray, Gray; Gloria Jean Reeves, Claxton; and Sylvia E. Sholar, Pavo.

Plans Set for Maid of Cotton

Marine Team Visits Campus

The Marine Officer Selection Team will be on campus October 23-24 at the student centers to interview eligible college men for commissions in the Marine Corps.

Freshmen, sophomores and juniors may qualify for enrollment in the Platoon Leaders Class, while seniors and recent graduates may enroll in the officer candidate course.

Candidates attend two sessions of six weeks each during summer vacations. The sessions eliminate campus drills or classes during the school year.

Student Counseling Provides Assistance

A Student Counseling Center has recently been added to Student Personnel services, according to Mrs. Dorothy D. Youngblood, counseling director. Assistance is available to students in the areas of counseling, educational and vocational guidance, testing, group counseling, study skills and personal problems.

Counseling services are designed to help students grow in self understanding and to aid

them in planning meaningful goals. Mrs. Youngblood stated,

"We do not attempt to give answers, but we try to help students discover the answers for themselves according to their particular problem," said Miss Carol Sue Ray, counselor.

The counselors stated that they hope to begin group work to allow students a chance to exchange ideas and learn more about each other.

The Counseling Center is housed in rooms seven and nine in the Student Personnel Office. Counselors are in the office from 8:30 a.m.-4:30 p.m. Monday through Friday.

Counseling Director Dorothy Youngblood is a native Georgian. She received her Bachelor of Science degree in home economics from the University of Georgia. She completed her master studies at Georgia Southern and received her six-year certificate in counselor education from this college.

Miss Ray is from Wilmore, Kentucky. She completed her undergraduate work in psychology at Asbury College. Miss Ray received her Masters degree in educational psychology and counseling from the University of Kentucky.

Safety Rules—A Must to Follow

BY SHERRYL WILSON
Staff Writer

A fire of unknown origin was responsible for the death of nine persons and property damage estimated at fifty thousand dollars. The dormitory, built in 1953, was a two story, fire-resistant building, occupied by students of Cornell University.

Originating in the basement lounge at 4:00 a.m., the fire fed on paneling and other combustible contents and quickly produced thick smoke which filled the entire building by way of the open stairway. Asphyxiation was the cause of all nine deaths.

"It can't happen here," you say! The people at Cornell University didn't think it would happen there either. However, it did happen on April 5, 1967, in a modern building similar to some of ours.

Although one can not guarantee fire prevention at GSC, he must be aware of the safety regulations imposed by our Safety Director, Ray Duggan.

Duggan explained that one main factor in promoting safety on campus is to help prevent false fire alarms. Last year there was a cost of over eight hundred dollars for maintenance to replace and refill the extinguishers and alarms that had been maliciously discharged.

Marketing Club Plans Meeting, Lecture Oct. 9

Marketing Club members will hear from Mr. Crockett, vice president of the Piggly Wiggly Food Stores, Inc. All interested persons are invited to attend the talk in room 215 of the Hollis building Wednesday, Oct. 9, at 7 p.m.

The meeting will include a tour of the warehouse and operational facilities of the Piggly Wiggly Corporation. Persons interested in the tour should contact W. H. Bolen, management professor, or Dr. Cecil Howard, marketing professor.

Disputes End

Campus Security has installed a "traffic regulator" at the Sweetheart Circle-Southern Drive intersection. This simple marking device will help to clarify the proper driving lanes and the new "yield" sign should end right-of-way disputes, according to Harold Howell, Chief of Campus Security. Howell added that future improvements call for the painting of directional arrows in the approach areas adjacent to the intersection.

Dr. Price Plans Trade Seminars

A series of seminars on foreign trade is being planned for the Statesboro and Bulloch County area by Dr. Larry E. Price, associate professor of finance and management.

The seminars are being developed in conjunction with a series of television programs that will appear over the Georgia Education Network beginning Sept. 30 at 6 p.m. The series, entitled "Exports Mean Business," will be seen each Monday evening for eight consecutive weeks. Each program will deal with a different topic on foreign trade.

After each program, a seminar directed by Price will permit further discussion on the subject.

The series is being offered through the cooperation of the Regional Export Expansion Council of the United States Department of Commerce, the Foreign Trade Association of Philadelphia, and the Delaware River Port Authority.

Language Dept. Adds 2 Courses

Two new courses, Italian and Russian, have been added to the language division program, according to Dr. Fielding D. Russell, division chairman.

Italian is taught ninth period by Dr. Angela Bolducci. Roger Tacket teaches Russian eighth period.

Italian will be offered again next quarter. Only the second course in Russian will be taught winter quarter.

Spotlight on Sports

By MIKE CLARK
Sports Editor

Coach J. I. Clements, assistant coach Bill Spieth and the entire Eagle baseball team should be very proud of their fine showing in the NAIA Small College World Series held in St. Joseph, Mo., last spring. But, the road to St. Joe was no easy task.

Southern took the season opener from South Carolina 7-3 but then struggled to play .500 ball. The Eagles finally made it over the .500 mark on March 27th, by edging Guilford College 4-1. The Eagles began playing lifeless ball once again and no one even gave them a chance to make it out of their own region, with the trip to St. Joseph being only a dream.

Then came Southern's game with arch rival Carson-Newman. The Eagles from Tennessee ran into a tough pitcher by the name of Jimmy Dobson and a host of hot hitters. Dobson shut them out 10-0 and in doing so Southern went over the .500 mark to stay.

The Eagles got hot and pushed its record to a sparkling 20-11 with only eight games left. Just as fast as they got hot the Eagles cooled off winning only two of the last eight to end the regular season at 22-17.

District 25 Play-Off

The District 25 Play-off was the first step in quest of the National title and what a play-off it was. Playing West Georgia was what they wanted, so the Eagles thought. They had beaten West Georgia earlier in the season and after Dobson won the opener 4-0 Eagle fans thought Southern had the play-off all wrapped up.

West Georgia had other ideas and came through with a 3-2 verdict in the second game forcing a sudden death play-off. In the last game the Eagles trailed 2-1 going into the last of the ninth. It was no trip to the Nationals if the Eagles did not pull it out as was the case a year ago against Carson-Newman.

Southern pushed across the tying run, setting the stage for a clutch performance by Mike Long. With the score tied, two outs, and a two strike count against him, Long lashed a game winning single to give the Eagles the right to play in the Area 5 Tournament.

Area 5 Tourney

The diamond crew won their first two games, beating Northeastern La. St. 5-0 and Stillman College 7-6. Going into the finals of the double-elimination affair Southern was undefeated but fell to Northeastern 4-3.

Northeastern knocked off Stillman forcing another meeting with the Eagles. As they had done so many times before, the Eagles came through and it was on to St. Joe.

Lose Many

The final game in St. Joe was the final one for many on the team. Lost were three top pitchers in All-American Jimmy Dobson, Allen Simmons and Tim O'Leary. Also lost was Charlie Doggett who turned pro. In the infield Southern lost first baseman Ralph Lynch, and shortstop Jimmy Walters, plus valuable utility man Barry Pevey. The biggest loss in the infield was the services of Terry Childers.

Mike Long, who sent the Eagles into the Area 5 Tournament, was the only loss in the outfield.

To those lost by graduation or other means, to the returning players, and to Coaches J.I. Clements and Bill Spieth a well deserved congratulations on a great season.

Birds Lose Heartbreaker; Finish 2nd in Nationals

The high flying Georgia Southern Eagles, despite an opening game loss, winged their way to a second place finish in the Small College World Series held at St. Joseph, Mo., June 3-8. The Eagle baseball team, having won the title in 1962, bowed to William Jewell College 4-3 in 13 innings.

Lose Opener

The Eagles faced Eastern Michigan in their opening encounter. Ace hurler Jimmy Dobson met the Michigan nine for the second time in his brilliant career, the first being a victory in the 1967 tournament. Eastern had other ideas this time.

Southern seemed on their way to a first round win as the Eagles leaped in from 7-0. Then, the bats of Southern cooled off and Eastern came from behind to win 14-7. The loss dropped the Georgia team into the losers bracket.

Simmons and O'Leary Win

Allen Simmons kept Southern in the Series as he pitched the Eagles to a 7-2 win over Buena Vista College on Tuesday, June 4. Then, "Irishman" Tim O'Leary hurled a fine game, on Wednesday beating Pfeiffer 10-5 to make it two in a row for Southern.

Doubleheader on Thurs.

Thursday, June 6th, was truly a do-or-die day for Coach Clements' crew. Southern had to win both games of a doubleheader to get into the finals.

First game; Dobson vs Eastern Michigan again. This time Dobson, behind the hitting of Terry Webb and Jimmy Fields, blanked Eastern 4-0.

In the second game Herbie Hutson, in what the plate umpire termed as, "one of the best games I've seen a college boy pitch", beat Central Washington 5-1. Hutson came on in relief in the second inning and silenced the Washington bats the rest of the game.

Two to Go

Southern had made it to the finals. Still the Eagles had to face undefeated William Jewell College, but with two more wins the Eagles could cop the crown, which they won in 1962.

On Friday night, behind another stunning performance by Hudson, the mighty Eagles beat William Jewell 6-4. The win ran Southern's victory streak to five.

BASEBALL

Head baseball coach, Bill Spieth has announced that fall practice will begin on Monday, October 7, at 3:00 p.m. All boys who are interested in playing are to meet with Coach Spieth at this time.

13th Unlucky

Now, Southern pinned its hopes on Dobson. The Eagles went in front quickly in the championship game. They scored twice in the first and led 3-1 after three. William Jewell knotted the score in the fourth. Both teams went scoreless until the 13th, with Dobson going all the way. Larry Libeer ended Southern's dreams of a National title as he rapped Dobson's first pitch into the stands for a game winning homerun.

Southern ended the tournament with a 5-2 record and the year with an over-all record of 31-21.

Awards Numerous

GSC was well represented on the All-Tournament Team. Making the elite nine were Jimmy Dobson, Jimmy Fields, Terry Childers and Terry Webb.

Childers received another honor as he was awarded the Silver Glove Award for the tournament's best fielding infielder.

All-American

Dobson received the highest award that any player can receive. On the basis of his fine showing in the tournament and his overall record the hard throwing right-hander was named to the first team NAIA All-American team.

3 Turn Pro

As has been in the past Southern was well scouted by the pros. Three players were signed to professional contracts. The Chicago Cubs signed shortstop Jimmy Walters and catcher Terry Childers. Pitcher Charlie Doggett, who saw very little action during the season, signed with the St. Louis Cardinals.

Cagers Begin Workouts; Season Starts Nov. 30

Walk into Hanner Gym around four thirty, in the afternoon, and you will hear the sound of leather hitting against the hardwood. Drive along the Pembroke highway earlier and you will see the likes of Roger Moore, Bob Bowman, Phil Sisk, John Helm and Tommy Bond running a portion of the cross-country course that Coach Frank Radovich has lined out for his cagers to venture across. The reason for all the running is that the roundball players are busy getting in top shape for the 1968-69 cage season. All the running, individual workouts and the weight training program that they are on is what the Eagles will be doing until Oct. 15, when official practice begins.

Head coach Frank Radovich is eagerly awaiting for the new season, and who would not be with the talent that Southern has this year. The Eagles lost only one player from last season's squad that finished 13-12.

Heading the returning lettermen is a big guy by the name of Roger Moore. The 6'6" jumping-jack, from Beach High, did a fantastic job for the Eagles last year as a freshman. Moore will be joined by other standouts

like John Helms, David Westerfield, Bob Bowman, and Steve Buckler to mention a few. But all will not be "roses" for the returning members.

Coach Radovich has a host of capable players coming up from the freshmen quintet that posted a fine 11-4 record. Phil Sisk was in high praise from the head mentor. "He has progressed more than anyone on the freshman team. If he progresses more and works as hard as he has been he could possibly break into the starting line-up." Others who looked impressive in their initial season were Mike Ujlaki, Tommy Bond and Gene Brown. Veterans Westerfield and Helms will have their work cut out for them in keeping one of these from becoming a starter.

Four newcomers to Georgia Southern should give the "hoopsters" some added depth that they lacked last year. Heading the in-coming players is 6'7" Charlie Gibbon from Augusta, Ga. Another promising freshman is 6'5" Steve Melton.

Two junior college standouts John Norman from ABAC and Earl Hills from Freed Hardman Jr. College, in Tenn., will be of great value to the Eagles.

Norman stands a cool 6'7" while Hills measures at 6'5".

Coach Radovich had this to say about his players and the schedule for this season. "We have more depth, more height, and more speed at all positions which should make us a lot stronger this season. There is a lot of competition among the boys and each boy is giving it all he has to earn one of the spots on the team, as we are carrying only a 12 man squad."

Concerning the schedule this was said, "We scheduled some tough teams and some weak ones (Coach added grinning) with Murray State, of Kentucky, being as tough as anyone we faced a year ago." Armstrong College as many may think should be an easy game but Coach Radovich had this to say. "They will be one of our toughest games. They have added 10 new players and they will especially be up for us."

Coach Radovich summed up the outlook for this season like this. "Coach Rowe and I feel if unity can be developed and a leader is found for both on and off the court we should have a fine year."

X-Country Opens First Season Ever

For the first time, at GSC, there will be a cross-country team. Cross-country is one of the most demanding sports for an athlete, as a boy must be in top physical condition to be at his best in the gruelling run.

Coach Ron Oertley will be guiding the "harriers" and anyone who wishes to participate should contact him as soon as possible in Hanner Gym.

The schedule has not been completed but Coach Oertley hopes to have at least five dual meets including the state championship meet.

Gymnasts Hold Drills

The 1968-69 gymnastics team, which finished ninth in the nation last year, has begun working out for the up-coming season. Practice starts at 8:00 p.m. and Coach Oertley hopes that more young men will try out for the squad.

Coach Oertley is looking forward to another outstanding season from his team and from all indications this should be the year that the gymnasts really score. Coach Oertley had this to say about his present team, "We have three returning sophomores plus eight new freshmen which should really give us a strong squad this season."

Radovich Announces Jr. Varsity

It has been announced by Frank Radovich, head basketball coach, that Georgia Southern will no longer participate in intercollegiate freshman basketball. Instead, GSC will have a junior varsity team consisting of those players who do not qualify for the Eagle Varsity.

The new junior varsity team will be under the direction of Coach Alan Johnson, who piloted the Eagle freshman team to an 11-4 season last year.

Coach Johnson, a graduate of the University of Georgia and an

outstanding basketball player at that college, is now recruiting for the new team. Anyone interested in playing on the JV team, especially freshmen, are urged to contact Coach Johnson at the Hanner Gym at the earliest convenience.

Lights, A much needed asset, have been put up on the baseball field.

The College Green

The College "Green," the new putt-putt course, has been opened for the G.S.C. students' enjoyment. The course is open daily from 2:00-11:00, and on Sunday from 2:00-7:00, and 8:30-11:00, according to Gene Crawford, owner.

Crawford extends a special invitation to all organizations to participate in tournaments at reduced rates. During the week

of October 7-13, all students with ID's ending in the number "89" will receive a free pass. Each week thereafter different ID number endings will be posted.

Beginning Oct. 1, and ending Nov. 1, each participant will be asked to register for a season ticket valued at over one hundred dollars. The winner will be announced in the Nov. 6, edition of the George Anne.

CHEERLEADING

Monday, October 7, a meeting of all persons, of any classification who wish to try out for junior varsity or varsity cheerleading meet in Hanner Gym at 6:30 p.m.

Coach Clements Receives Honor

J. I. Clements, GSC baseball coach for 20 years, was inducted into the NAIA Hall of Fame in June, while he and the Eagles were in St. Joseph, Missouri. This is the highest award for a coach and his appointment to this recognition was in recognition for his outstanding leadership in coaching and in the field of baseball.

Coach Clements hung up his spikes after the last game in St. Joe. He named Coach Bill Speith as acting coach beginning in 1969.

Tenpinners Bowling Begins

The Eagle Tenpinners Bowling League, student organized bowling competition, begins Thursday, Oct. 3, at 7:00 p.m. at the Skate-R-Bowl. The league is restricted to Georgia Southern students and is organized for all interested persons who would like to bowl. The Tenpinners League is one for both boys and girls and as a mixed league. Teams are composed of two couples and bowl on a handicap basis. All regular members of the league are asked to bring as many new bowlers as possible to enjoy the fun. Special student rates are in effect for members of this group along with many special awards and prizes to be given during the quarter. Bring all members of your team and be prepared to bowl on Thursday.

Sports At a Glance

Georgia Southern is known for its athletic department with basketball, baseball and gymnastics being the principle sports. Tennis has lost its "minor sports" role, while golf is still striving for importance.

Many look upon basketball as the primary sport at Southern, since football is lacking. The "hoopsters" finished last year with a mediocre 13-12 record. This year though should be the year of the Eagle as all but one of last year's members return. Another bright spot is the signing of a 6'7" lad from Augusta plus a host of sophomores off the freshman squad that posted a 11-4 record.

When most people are thinking about football and basketball, a few will be thinking about America's number one sport baseball. Baseball officially begins mid-way through winter quarter while brief fall practice sessions are held. Southern's baseball Eagles have really made a name for themselves in the last few years. Coach J. I. Clements took them to a first place finish

in 1962 and second in 1968, while Coach Bill Spieth guided the squad to fifth place in 1967.

If you were to walk into the gym around 8 p.m. you may notice a few men flying or bouncing through the air. Do not be alarmed for it is only the GSC gymnasts going through a daily workout. The team finished 11th in 1967 and 9th in 1968. Almost the entire squad is back plus some outstanding freshmen, so look for the team in the top ten again this season.

Tennis is fast becoming a major sport at Southern. Scholarships were given for the first time this year which should make the team much improved over last year.

Golf is also an intercollegiate sport. The "linksters" turned in a fine performance last season and should be even better this year.

As the year progresses, the sports staff will try to keep you well informed on the athletic department and keep you up to date on sports, both intercollegiate and intramural.
