Resources for Health Research from ICPSR

February 19, 2014

Join us for a Webinar on February 26, 4pm, Room 1300 of Henderson Library

The objective of this webinar is to provide information to faculty and students about the wide variety of health-related data available from the Inter-university Consortium for Political and Social Research (ICPSR). The presentation will describe the kinds of data and other resources housed in our archive, how you can access them, and the tools available for statistical analyses. Directors of the following specialized archives at ICPSR will discuss their mission, archival holdings, and research resources: Data Sharing for Demographic Research (DSDR), Health and Medical Care Archive (HMCA), National Addiction & HIV Data Archive Program (NAHDAP), National Archive of Computerized Data of Aging (NACDA), and Substance Abuse and Mental Health Data Archive (SAMHDA).

LEARNING OBJECTIVES:

1. Identify and describe data files available for secondary research

2. Discuss online analysis tools

3. Provide information on other health-related resources and tools available from these ICPSR archives

4. Highlight training opportunities

Title: Resources for Health Research from ICPSR

Date: Wednesday, February 26, 2014

Time: 4:00 PM – 5:00 PM EST
