## 24 Students Vie For 9 Posts In Thursday Class Elections

by  
**GEOFFREY S. BENNETT**  
Associate News Editor

Twenty-four students have qualified as candidates for the nine class officer positions available, as campaigns move toward Thursday's election.

Elections are scheduled for Thursday, April 22. Polling precincts will be open only in the Williams and Landrum Centers, from 10 a.m. to 7 p.m. Students must have valid ID's to vote. Those students without ID's must vote in the SAGC office in the Williams Center.

Nominations for sophomore, junior, and senior class officers were held last Tuesday night at a special meeting of the SAGC in the Biology Building.

The three-way race for president of the senior class is between Carolyn Brown, Wayne Buffington, and Alex Hooks. Miss Brown is a junior physical education and health major from McRae, Georgia. Buffington, current SAGC, secretary, is a junior history major from Zebulon, Ga. Alex Hooks is an industrial management major from Moultrie.

The race for vice-president of the senior class features four candidates. Joe Burnett is a junior industrial management major from Fort Valley. Pamela Eckles is a junior elementary education major from Millen. Lynda Reeves, 'WSGA'

representative, is a senior English major from McDonough, Ga. Tommy Smith, a two-year veteran of the GSC Debate Team, is a junior psychology major from Alma, Georgia.

The race for secretary-treasurer of the senior class pits Marilyn Brown against Darryl Yearwood. Miss Brown, with prior house council experience, is a junior physical education and health major from McRae. Yearwood, former editor of the GEORGE-ANNE, is a junior English major from Union Point, Ga.

A four-way race for president of the junior class has developed between Terry Duvall, Roger Huff, John McDowell, and Karen Miller. Duvall, an advisor in Forman Hall, is a political science major from Woodville,

## TALKS, CONCERTS, CLEAN-UP SET

## Earth Week Rolls Along

EARTH WEEK, 1971 got underway yesterday with the campus visit of U.S. Senator David Gambrell. Last night, the

and substituted environmental discussions for regular classroom procedure.

Tonight, a second panel discussion will take place at 6:30 in the Biology Lecture Hall. The panel's subject will be campus growth, and will deal with plans for the future campus development.

Earth Week Co-chairman Jim Hatfield said, "There are few students on our campus who are actually aware of the plans for development of our campus. We feel that a discussion of this aspect of our environment was well justified in light of the general lack of information on the subject."

The remainder of the week's activities include an art festival and Ecology-Rock Concert on Wednesday, a campus-wide clean-up, a speech by SAVE Director Jane Yarn on Thursday and a bicycle race on Friday.

WEDNESDAY, portions of the campus will be off-limits to traffic. These streets will become temporary concourses for the student body. (See the page nine story and map for further information on Wednesday's traffic plan.)

During the day, art exhibits from the college and five participating high schools will be

displayed around the campus. In the afternoon, folk singing and classical music will be heard at the lake.

Concerning Wednesday's plan Hatfield said, "We thought it would be nice if students could go one day without competing with

## EFFECTIVE FALL

## Regents Name Dr. La Grone Dean of Bussiness School

Dr. Paul G. LaGrone has been appointed Dean of the School of Business at GSC effective Sept. 1, 1971. The appointment was approved Wednesday by the State Board of Regents.

The new School of Business and its position of Dean were approved during the winter quarter by the Regents.

Dr. LaGrone received his Ph.D. from the University of Alabama in 1958. He has taught at the University of Arkansas, Pan American College, University of Alabama and Auburn University.

Joining the GSC faculty in 1962 as chairman of the Division of Business, he has successfully developed the business program so that it now has 815 undergraduate majors, and over 200 students in the graduate program.

Dr. LaGrone will retain his position as professor of accounting.

In making the announcement of LaGrone's deanship, Dr. John O. Eidson, GSC president, commented that he was pleased.

"Dr. LaGrone has developed the area of business for the past eight years to a point that we need to broaden its organizational structure. This we did by recommending the establishment of a School of Business and the appointment of a Dean to direct it," he explained.

"We feel that this new school will strengthen that program and will allow us fuller development of the entire academic program in that area," he added.

first in a series of environmental panel discussions was held in the Biology Lecture Hall.

Today, discussion leaders went into the various classes at the request of some faculty members

# Tentative Schedule Set For Spring Swing Week

For those who don't enjoy climbing greased poles or listening to the Association, they can participate in the frog-jumping contest (if they're a frog) at the lake during Spring Swing 1971.

A tentative schedule of activities for Spring Swing, May 6 through May 9, has been announced by Ginger Meadows, chairman of Spring Swing committee. The emphasis of activities this year will be placed on more student participation, according to Miss Meadows.

Students who are not members of organizations and who wish to enter events may do so by picking up an application in the Director of Student Activities office in Olliff Hall's lobby.

This year's events will include a parachute jump exhibition into Sweetheart Circle. Trophies for the various contests will be awarded to individual winners as well as overall organization winners.

A fraternity-sorority sing-in sponsored by Sigma Iota Alpha Thursday, May 6, will kick off

events. Friday, May 7, the College Union Board will sponsor a concert featuring the Association and Melting Pot at 8 p.m. in the Hanner Fieldhouse.

Activities for Saturday, May 8, include a scavenger hunt, tricycle race and parachute jump exhibition. A tug-of-war, car rally, greased pole contest, frog-jumping and frisbee throwing contest will also be featured.

The College Union Board will sponsor a dance Saturday night with the group as yet unnamed.

Spring Swing activities will end Sunday, May 9, with a free film festival featuring Spanky and Our Gang, W.C. Fields, Laurel and Hardy, and Charlie Chaplin.

Commenting on past Spring Swings, Miss Meadows said, "Whenever organizations are asked to participate in events, only the sororities and fraternities enter. I wish that everyone would realize that Spring Swing is organized for everyone. Clubs, dorms and professional fraternities should also take part."

'Association' Highlights Spring Swing

## Local Store Offers Bikes

A local bookstore is beginning a new program of service to GSC. They have begun renting bicycles—cheap! Bikes can be rented monthly for \$7.50, daily for \$1 or by the weekend for \$1.

Take advantage of Josh Lanier's idea; rent a bike for Wednesday of Earth Week.

## 24 Vie For 9 Class Offices

Ga. Huff is a political science major from Monticello, Ga. McDowell is a social science major from Clinton, Maryland. Miss Miller is currently vice-president of Olliff Hall and representative on the Women's Judicial Council. She is a home economics major from Cairo, Georgia.

The race for vice-president of

the junior class features four candidates: Patricia Godbee, Karen Knight, Bob Sammons and Lynn Slade. Miss Godbee is a medical technology major from Newington. Miss Knight, currently serving on Olliff Hall's house council, is a home economics major from Moultrie. Sammons is a business major from Atlanta. Miss Slade is an

elementary education major from Pine View, Ga.

Sandy Miller and Barbara Thompkins are the two candidates running for secretary-treasurer of the junior class. Miss Miller, currently vice-president of Straford's house council and a representative on the Women's Judicial Council, is a criminal

justice major from Thomasville, Ga. Miss Thompkins is a sophomore business office administration major from Decatur.

Harold Acker, currently president of the freshman class, is running against Darwin Williams for sophomore class president. Acker is a political science major from Elberton, Ga. Williams is an undecided major from Statesboro.

Mary Fitzpatrick, a freshman English major from Savannah, Georgia, is the only candidate seeking the office of vice-president of the sophomore class.

The race for secretary-treasurer of the sophomore class pits Nancy Arnold against Beth Singletary. Miss Arnold is a psychology major from Augusta. Miss Singletary is a special education major from Macon.

## Regents Approve Three Appointments

Three new administrative appointments have been approved for Georgia Southern by the University System Board of Regents this month. All three are departmental positions in the GSC School of Education.

Walter B. Mathews was appointed Head of the Department

of Elementary Education in addition to her duties as professor of elementary education; Dr. William L. Hitchcock was named Head of the Department of Educational Psychology and Guidance; Dr. Donald D. Hawk was appointed Head of the Department of Professional Laboratory Experiences in addition to his duties as professor of elementary education.

Mathews joined the GSC faculty in 1958. She received the B.S. Degree from Georgia College at Milledgeville and her Master and Doctorate from the University of Florida. Hitchcock holds the Doctorate from Oregon State College and has been associated with Georgia Southern since 1960.

Hawk received all three education degrees from the University of Georgia and joined the Georgia Southern College faculty in 1964.

In recommending these appointments to the Regents, President Eidson commented that "all three of these professors are outstanding scholars and administrators." "Their type of leadership," he added, "will help develop even further Georgia Southern's program of teacher education."

## DATELINE

## Bonniwell Speaks At Middle Ga.

Dr. Hilton T. Bonniwell, Director of the Continuing Education Program was a keynote speaker for the "Environmental Quality" Conference held last Friday and Saturday at Middle Georgia College in Cochran.

Bonniwell's remarks dealt with the "Purpose of the Consortium on Environmental Quality."

The two-day conference involved a thorough study of environmental problems. Resource persons from the field of education, biology, and medicine made up the panels and symposiums for the study.

## Alumni Association Plans Tour

The GSC Alumni Association is planning an Alumni tour to Mexico City and Acapulco for eight days and seven nights in August.

Thursday, August 19 the alumni will depart from Savannah airport. Four nights will be spent in Mexico City and three in Acapulco. The cost of \$286.00 per person covers air fare, hotels, and ground transportation but does not include meals, or charter bus service from Statesboro to Savannah airport.

For more information write: Mr. Reid Gillis, Vice President Hardman Travel Industries, Suite 2512-Equitable Building 100 Peachtree St. N.W., Atlanta, Georgia 30303.

Atlanta's Alumni chapter is sponsoring a student recruitment day on Saturday, May 8 at Stone Mountain. GSC students, alumni, and administrators will be on hand to talk to prospective students from Atlanta area high schools.

Macon's Alumni chapter will meet on May 5th.

## Hackett, Nelson Attend Convention

Dr. Donald F. Hackett and Dr. Rex Nelson of the Division of Industrial technology will attend the American Industrial Arts Association Convention in Miami Beach, Florida April 18-23.

Both men will participate in the convention proceedings. Hackett, who serves as chairman of a program on the National Industrial Arts Forum, also serves as a member of the Yearbook Committee and the Publications Committee. Additionally, he is advisor for the Journal of the Association.

Nelson is chairman of the Industrial Relations Committee.

WHO'S WHO  
FORMS DUE

Questionnaire forms for student nominees to Who's Who in American Colleges and Universities are due Wednesday, April 21, in the Williams Center office of the Student Association of Governing Councils. The forms must be turned in no later than 5 p.m. Wednesday to be considered, according to Rod Meadows, SAGC president.

## QUAKER ORGANIZATION

## AFSC's Tinker Speaks On War

Leonard E. Tinker, program director of the St. Louis Area Office of the American Friends Service Committee (A.F.S.C.), lectures here April 26-28. Tinker will lead informal groups and classes and present a lecture on the war in Southeast Asia, Tuesday April 27, at 7:30 p.m. in the Biology Lecture Room.

The A.F.S.C. is a Quaker

organization dedicated to helping create the conditions under which "true peace" can exist.

In March and April, 1969, he was member of a two-man team studying the Paris Peace Talks. The team received first hand reports from Vietnam, talked with correspondents, and spent four days in Washington in meetings with staff of the

Executive Branch and State Department, U.S. senators and congressmen.

Tinker is a graduate of Hartwick College, Oneonta, New York, and of Garritt Institute, Evanston, Illinois, with additional study at Northwestern and Drake Universities. Besides his work with the A.F.S.C., beginning in 1962, when he became Secretary for Peace Education of the eight-state North Central area, he has worked with the National Council of Churches.

Sponsored by the GSC Wesley Foundation, in cooperation with the Council on Draft Information Services, Tinker's lecture is free

Mother's Day May 9  
Send \$1 to Care

May 9 is Mother's Day, a day when millions of students will follow the American tradition of giving Mom something special.

May 9 is also a day in which half of the world's population will go to bed hungry. A day in which half of the 200 human beings born each minute are destined to die before age one.

It's a day, too, when American students can pay tribute to their mothers in unique form. Bee H. Brown, Atlanta Regional Director of CARE, says that his organization has a gift plan through which students can give their mothers something special on May 9 and, at the same time help the world's needy. The plan: simply make a contribution of one dollar or more to CARE in the name of your mother.

Your mother will then receive a special Mother's Day card notifying her that needy people overseas have been aided by you in her name.

Send all contributions to CARE, 615 Forsyth Building, Atlanta,

# Earth Week

Earth Week is here.

We realize that the rest of this environmentally oriented week will probably pass unnoticed by most of the student body. That's disgusting. The Environmental Committee has put in many long and thankless hours planning activities for this week.

It's too bad so few people care.

Earth Week comes only once a year. And probably in not too many years, if present apathy continues, we won't have to suffer through another Earth Week. Why? Well, one of the primary prerequisites for an Earth Week is the fact that we have an earth. Think about it.

## The Rock

Early this morning approximately 16 individuals in four cars staged a "daring" raid near the Williams Center. It looked like genuine mafia-style action taken from a 1932 grade "B" Hollywood gangster flick. The apparent purpose of this clandestine commando assault was a nocturnal demonstration of brute strength. The target of the morning's work: a rock.

The rock-in-question was placed on Southern Drive last quarter by Tau Kappa Epsilon Fraternity. Ever since this mini-Gibraltar was cemented to the landscape near the Williams Center, it has been the constant target of campus vandals. The rock has been painted, kicked, beat upon, pushed over (before it was permanently affixed to its spot) and chipped at with sledgehammers. However, the rock is still there. Symbolism anyone?

During this rock-raid this morning, the GEORGE-ANNE had an observer on the scene. In perhaps one of the most trivial bits of journalistic investigation ever recorded, our observer hid and watched these rock-busters at work.

According to our observer, a car would pull up, someone would jump out and commence immediately to beat upon the rock with a sledgehammer until one of the persons in the car signaled. The hammerer would then jump back into the car, and the group would leave the "Scene of the crime." This action was then repeated two or three times by each of the four cars involved.

At one point during the raid, our observer was spotted. This however, didn't stop the rock-busters. To prevent recognition, the persons with the sledgehammers wrapped towels around their heads. However, our observer said these head masks did not have pointed tops.

Well, the whole episode seemed pretty ridiculous. Stupid, as a matter of fact.

Don't think we will tie this all up in a neat little package, with a handy moral lesson. We won't.

## The Unholy Trinity

Well, our dearly beloved ex-governor, now lieutenant governor Lester Maddox is at it again. This time the target of his pearly prose is the college student who, Maddox says, only attends college to "escape reality." Maddox claims to be a renowned authority on scholastic matters. Although the present Lieutenant Governor is quick to say he "finished" high school, he is a former eighth grade drop-out.

A couple of months ago Lester lashed out with his jocular jibberish against another threat to the "Great American Way of Life," The Weekly Reader, an apparently harmless kiddie magazine. But under Maddox's careful scrutiny, the magazine turns out to be, like so many other things around us, an infamous "Communist plot." In a way you can almost follow his reasoning if you consider Disneyland to be "sin-city West," and Bambi to be a stag flick.

In contrast to Maddox, not much has been heard from Alabama Governor George Wallace lately. He well may be trying, in his imitable and W.A.S. Pish manner to become "respectable," a task in and of itself tantamount to the seven labors of Hercules. But if our own cafeteria can find a way to turn a "sow's ear" into a three-course meal, why shouldn't the Beacon of Bigotry try to find a way to change.

It is regretful that Spiro Agnew, with his asinine argot of political platitudes, hasn't taken example from Wallace. If the old adage "silence is golden" is true, one can't help but hope that Agnew would go get rich. But Spiro keeps producing his potpourri of buffonery with irritating regularity. Agnew's speeches raise the same question aired repeatedly on Winston cigarette commercials: What do you want, good grammar or good taste?

One could almost laugh at this new "Unholy trinity" if it weren't for the fact that people actually listen to these country-right-or-wrong-bumpkins. No only do people listen to them, but they actually believe what they say. What these ultra-righters fail to realize is that Spiro is not our hero, Spiro's our Nero. He and his other croanies just "fiddle around" while our country burns. They advocate a brand of patriotism which can be detrimental to the future of our country.

There is a difference between patriotism and chauvinism. True patriotism does not lie in blind faith, but in the willingness of an individual to stand up and tell his government when it is wrong. It takes much more "love of country" to point out flaws in the system than to rely on simple obedience. Problems will not go away because we pretend they do not exist. In fact, if we ignore our problems, the infection will spread.

## WOMEN'S WRITES

by  
Kay Sarrett  
and  
Sharon Santmyer

After a very encouraging interview with Dr. Eidson concerning junior hours, we left with the distinct feeling that he wasn't really aware of all the facts. For instance, he didn't realize that out of 247 junior women living in Johnson and Warwicks halls, 177 have self-regulatory hours. Dr. Eidson promised a prompt response to the proposal of elimination of junior hours.

Following our interview with Dr. Eidson, we talked with Dean Boger.

Concerning WSGA's proposal for self-regulatory hours, she pointed out the proposal's stipulation that these hours become effective fall quarter of 1971. Unless the administration decides to allow those few presently remaining juniors without self regulatory hours to be an experimental group for the rest of the quarter, our cause is shot down.

Dean Boger said she felt certain that the proposal would be passed for fall quarter. Dr. Eidson, however, who seems quite concerned and understanding, is now fully aware of the situation and we feel a positive response for experimental self-regulatory hours for this quarter is still possible, if it is only for a few weeks. So if you're one of the unfortunate few who still have hours—let the administration know that you're capable of handling yourself after the bewitching hour!

After some investigation in the freshmen situation we came up with this goodie:

THE GREAT WHITE HOPE DEPT: According to a memo from the Dean of Women, deficiencies list curfew has been lifted from all freshmen to effect only first quarter women. The ruling states: "Deficiency list curfew (midterm) for the first quarter freshmen will be 30 minutes before their normal curfew." Up until now the policy

has been that Freshmen without a cumulative GPA of 2.0 were required to be in the dorms at 10:30. (The regular weekday curfew is 11:30.) And any on midterm deficiency list were required to be in at 10:00.

There is some discrepancy here. If you will notice, ruling only applies to Freshmen women. Of course we all know that the men of this campus have no hours so this does not apply to them—but that is another discrepancy we all know about. The point is you freshmen women are being stepped on!!!! If the women should have restrictions placed on them so should the men. But better yet, the whole idea is absurd and should be done away with. These restrictions should apply to all freshmen or no freshmen at all. Sex has nothing to do with academic ability.

Perhaps an apt quote to sum our plight is a verse sung by the Guess Who, "...Walk the creature, let it run, but slacken not the rope to which it's tied."

# On 'Cutting Apron Strings'

Editor:

After reading the article on "cutting Apron Strings," I thought, "So what else is new?" It wasn't very original and nothing new was said, however, it was all very true.

The term, "women students," is a term applied to big babies that are old enough to take care of themselves and are only women biologically. It's pretty obvious by

the pregnancies and abortions that occur to girls (women?) on this campus. Maybe, when they finally decide to grow up and accept responsibility for themselves, something good can happen.

I'm quite sick of the girls here on this campus. Their bellyaching of curfews without doing anything nauseates me. Maybe our chance

could come this quarter. Did you know that mere, ordinary students can attend WSGA meetings to speak their piece? I didn't until tonight. If you give a damn, go to these meetings and say what you want.

A lot of things can move on can get rid of these ridiculous rules for women. The men on campus may find out that women are responsible people, and the men can benefit from this also.

Ginny Turner

## Defends Security

Editor:

Upon reading the letter about the security police, I can readily see the point of the administration that students cannot govern their own lives. Obviously the students who wrote this letter had received a ticket for parking in an unmarked zone and got mad at the whole system. (This is ridiculous, the handbook states that it is illegal to park in any unmarked zone).

This letter also brings to mind that these students were not just looking for any parking space but a "convenient" parking space. Since there are only so many convenient parking spaces, it is not unreasonable to assume that everyone cannot receive one.

They stated that, "Tickets are a useless means of giving these men something to do." Well, as far as I can see, if these men were not around giving tickets, the writers of the letter and others like them would be parking all over the place with no respect for others but only for the "convenience" of themselves.

I think that we should stop and think about what the function of a campus security officer is before one criticizes his actions. His job is to keep law and order on the campus, just as a city policeman does in the city. The function of a police officer is to restrict the wishes of some "for" the wishes of the whole. They do not make the rules; they only enforce them.

I personally have received a ticket for parking in an unmarked zone. I took the usual channel of appeal and was turned down, and paid the ticket. But I hold no malice against the person who wrote me the ticket. This is foolish. The way to corrective change is through the enforcer but through the system itself. I do not believe there is anything wrong with the present parking arrangement. True, that one cannot park directly in front of one's classroom, but there are ample parking facilities within a short distance by foot.

Also respectfully yours,  
W.H. Norinaw, III

## Freedom to Gain

Any change in government presupposes a change in the thinking of the people governed by that particular government. A silent population is a happy and contented people.

Change is unlikely here at Georgia Southern. This is because any appreciable change in the thought processes of any majority of students, faculty, or administration is yet to take place.

Steeped in their own apathy, thoughtless conservatism, and dress up games, the larger percentage of this college populace

### LETTERS POLICY

Letters to the Editor and all other correspondence pertaining to this publication should be addressed to: Editor, The GEORGE-ANNE, Landrum Center Box 8001, Georgia Southern College, Statesboro, Georgia, 30458. A return address or telephone number should be included with each letter. Letters to be published are subject to standard editing policies. Letters should be typed and must be received by 3 p.m. on the Thursday prior to publication. Letters should not exceed 400 words. Letters MUST be signed; however, the name of the writer will be withheld from publication upon request if, in the opinion of the GEORGE-ANNE Editorial Board, a valid reason is given.

will never see any appreciable change in any of the odious regulations that imprison any individual living or working at Georgia Southern.

Look around, talk, listen, and think about what you observe. all you have to gain is your freedom.

Rusty Cox  
No. 9095

## 1st PLACE STATESBORO BURGER CHEF

We are happy to announce that the Statesboro Burger Chef Restaurant was named the first place winner in state competition with 43 other Burger Chefs throughout the State of Georgia.

This award was presented for fast service, friendliness, cleanliness, outstanding performance and superior quality.

★ BURGER CHEF ★

More than 1,100 in the United States and each one has food good enough to leave home for.

550 Fair Road, adjacent to GSC

OPEN DAILY 10 a.m. to 12 p.m. SUNDAYS 11 a.m. to 10 p.m.

### WANTED:

College men and women for management positions in government. Must meet physical requirements. Financial aid available for in-college trainees, or applicants can enroll in special training course on graduation. Stateside and/or overseas travel guaranteed.

Here's a government position with a real future for both men and women. An officer's job in the Air Force. A management level job in anybody's book. Certainly, there's no better way to get the experience and training needed for executive responsibility.

If you have two years of college remaining, you could find yourself earning an Air Force commission while you learn, through the Air Force ROTC two-year program. Along with college credits and a commission, you'll receive \$50 each month as a student. And upon graduation, that management position we promised will be waiting for you. If an advanced degree is in your plans, you'll be happy to learn that the Air Force has a number of outstanding programs to help you further your education.

If you're in your final year of col-

lege, you can get your commission through the Air Force Officer Training Program. It is open to all college grads, both men and women, who qualify.

Check it out. You'll find that the Air Force is one career that offers something for everyone. Nearly 430 different jobs, ranging from aeronautical engineering to zoology, with almost everything else, including flying, in between. But whatever your duties, you'll soon discover that the Air Force will let you move just as far and as fast as your talents can take you.

So look ahead and let your college years pay off for you with a managerial position in the U.S. Air Force. Just send in this coupon or write to USAF Military Personnel Center, Dept. A, Randolph AFB, Texas 78148, and get your postgraduate career off the ground.

# Class Candidates Announce Their Platforms

## For Senior President

### Carolyn Brown

As Senior class president I would serve my fellow seniors and students to my utmost capacity. I am seeking your support because of my interest and faith in the structure of the student government.

One of the most important functions in this office would be representation of the Senior class in the SAGC. By virtue of my office, I would also be chairman of the Election Committee in charge of Student Government elections. The Presidents of each class also compose a committee on Drug Abuse.

I feel that this year's SAGC has all the potential for proving that student's government can be progressive. Because of the potential displayed by the newly elected officers of SAGC, I feel that the students have no other choice but to continue the trend of introducing progressive officials to this structure.

In past years, the students have ignored the importance of class officers. However, I intend to display responsible representation at all times.

### Wayne Buffington

In running for an office, I have found that there is no clear-cut way to campaign. Some people tend to look for experience in a candidate, some tend to look for sincerity, and some don't even look at all.

Students worry too much and act too little; and the administration fails to realize that students are people, too.

In a recent talk session with Dr. John O. Eidson, president, GSC, we came to an understanding that Georgia Southern College will grow and changes will be made under joint student and administrative leadership. Mutual understanding is the key point here.

Previously, I had told all of my best friends that I would not run for another office. The more I thought of the idea, and the idea of being a responsible student, I found that I was not being responsible at all if I let three years of work for Student Government go down the drain. This is my main reason for running—responsibility once gained should not end so abruptly.

The main issue that I am concerned with now is the distinction

Brown

Hooks

Eckles

Reeves

Smith

Brown

between Honor Juniors and "Regular" Juniors housed in Warwick and Johnson Hall. It seems quite unfair to me to grant un-limited hours to one girl and hours to another because she didn't do very well grade wise perhaps for one quarter. This is my main goal—no hours for Junior women.

In a talk with Dr. Eidson recently, he assured me, along with two George-Anne staff writers, that we would receive an answer on this question within a matter of days.

Experience speaks for itself, but sincerity speaks more. Vote for a person who is sincere enough to admit his ambitions, and get experience as a bonus. Vote for me, Wayne Buffington, for President, Senior Class.

### Alex Hooks

I, Alex Hooks, at this time declare my candidacy for the office of president of the senior class of 1971-72.

I have made the decision to run for this prestigious office because I believe the time has come for a constructive change of leadership at GSC. I have become weary of leadership that has failed to lead and of issues constantly being discussed while no action is taken in them. Responsible leadership means more than mere attendance at meetings and holding the title of an office.

Responsible leadership means to listen when approached by constituents, to speak out one's convictions, and to move to change the status quo where it seems desirable or necessary.

Many of the students here seem to be sinking into a bottomless abyss of apathy and lethargy. This situation may be due, in large measures, to the type of leadership we as students have been confronted with the past few years. I would like to be given a chance to try to help solve this problem.

Next year, we, as seniors, will occupy an influential place here at GSC. We must be looked to for guidance and leadership by the entire school. We have one more year allotted to us to improve student government on this campus. It would be sad indeed if, when we graduate, we left only an epitaph of inaction and unconcern behind.

Help me make '72 the year that student government breaks out of its cocoon at GSC and becomes a reality instead of a myth.

## For Vice President

### Joe Burnett

I, Joe Burnett, member of Sigma Nu fraternity, announce my candidacy for vice president of the senior class.

I am a graduate of Middle Georgia College and an Industrial Management Major.

Cooperation between classes and Greeks on the Georgia Southern campus is an area of deep concern to me. Instead, I will strive for unity and cooperation between Greeks and independents.

Parking is another major problem of concern to all Georgia Southern students. If elected, I will propose Senior parking lots, for the convenience of the students in our class.

Above all, I pledge responsible leadership and concern for the interests of the Senior Class.

### Pam Eckles

Fellow students, I would like to present myself to you, the students, whom I will represent. My name is Pam Eckles, candidate for vice president of the senior class.

As vice president my main responsibility will be to represent the views of all students in the senior class. This is done primarily through active participation in SAGC activities and meetings.

The senior class officers have worked hard this year and I intend to continue this precedent. I am soliciting your vote in the upcoming election.

### Lynda Reeves

It has been said many times that GSC needs to liberalize its views on many subjects. This is easily said, but what is needed are class officers who will work for the class of 1972.

We only have one year to realize many of our goals and much less time than that if we as seniors are to enjoy the benefits of a changed rule.

## For Secretary-Treasurer

### Marilyn Brown

I, Marilyn Brown, declare my candidacy for secretary-treasurer of the senior class. I have held several offices in the dorms I have lived in the past and also in different

Almost everyone is for the liberalization of women's rules, the abolishment of the \$10 meal ticket, and the abolishment of mandatory dorm residence. These things will only be changed if your class officers work closely with the SAGC and attend every meeting.

In the past, certain class officers have been lax in their attendance of the SAGC meetings and consequently, the students of this college have been cheated. Some regulations might have already been changed if the SAGC could have had a quorum present to vote.

The class of 1972 should be assured of representation that will be competent and work hard. If elected, I promise to fulfill my duties to the utmost.

### Tommy Smith

Each year we are bombarded with pledges and promises from various candidates. Yet, we cannot help but wonder what new programs and changes will actually occur once the candidate is elected. Will he be a man of mere words, basking in the prestige of his office; or a man of action, willing and able to get things done.

During the past weeks I have talked personally with many of you, seeking your support for the office of SAGC president. Since we didn't quite make it there, I have decided to seek the office of senior class vice-president.

This job involves much less responsibility, but it may be that to remove the mountain, we will have to begin by carrying away small stones. The following quotation expresses the kind of determination you can expect if you elect me to this position of leadership:

"I am but one, but I am one; I cannot do everything, but I can do something; what I can do, I ought to do - and with God's help, I will do."

organizations on campus.

During my past three years at GSC, I have always shown interest in my particular classification. I would like to continue to serve my fellow classmates as secretary-treasurer of the senior class.

### Darryl Yearwood

Rather than assault you with the typical platitudes, futile promises, and repetitious rhetoric used by most candidates for class offices, I am offering the most honest platform I can conceive.

I am seeking the office of secretary-treasurer of the senior class because capturing this position would feed my ego, give me an important-sounding title, supply a nice reference for future employment opportunities, get my picture in the yearbook, make my mother proud, provide an alternative to drinking beer in my idle moments, and perhaps result in a free class ring.

In addition, the office would allow me to handle money, an immensely enjoyable activity in which I indulge myself at every possible opportunity.

If the whims of fate do put me into office, I will do my best. By making no idealistic and irrational promises, I avoid putting myself into the position of failing to fulfill my platform.

I promise only a clean mind, a healthy body, and a non-biased attitude.

In anticipation of any accusations, I wish to emphatically state that I represent no particular campus faction—Greeks, Freaks, or Squeaks. As Norman Mailer put it, "No more bull."

JUNIOR Class**Candidates For President****Terry Duvall**

The junior class officers in the past have been obscure and out of view in student governing. If elected president of the junior class that will no longer be the case. We as officers will become an active organization in working with SAGC.

There are a number of issues on which many students dislike or want. The issue of girls rules is a problem, and housing rules are somewhat outdated and I will work toward correctly and trying to solve these problems.

The most trying problems it seems that students have is their lack of activities. The tennis court lights are cut off too early. The gym, including the swimming pool, is closed, especially on weekend nights. Students need opportunities on weekends to use these facilities.

I will work toward a solution of this situation by pushing for action. It seems that the lights could be left on later at night and the gym facilities be available more on the weekend nights.

Spring Swing and Homecoming seem to continue to dwindle. Each year there are less activities during these special weeks. I want and will try to engage more activities for

these events in the future in working with SAGC.

The student center offers very little opportunities for students. The times that it is open there is nothing for students to do besides watch television which could be done in the dormitories. These and other problems are facing our governing council and action must be taken now.

**Roger Huff**

It is time for a change. A trite statement, perhaps, but it is time for a change, not only of many anachronistic rules now in effect, but also a change in the role of class officers. Too often class officers have used their positions to serve, not the students, but their own narrow interests.

I feel the fact established (by the students at any rate) that improvement is needed in the areas of meal programs, housing, and women's regulations. A less publicized but no less grievous complaint concerns the campus phone system. Improvements in these and other areas is necessary as are renovations in the academic area and innovations such as SAGC vice-president elect Howard Thrower's ecological committee.

I stress a realistic approach to student government. By this I mean that any proposals I present to the administration will be thoroughly researched and supported by facts rather than emotional exhortations. A realistic approach also means that I will present few if any radical approaches such as the total and immediate abolishment of women's hours. Policy changes here at GSC evolve slowly and considering the framework with which we are forced to work, I maintain that moderate, yet constant pressure will yield the best results.

I have not singled out any specific junior class problems for I believe what's good (or bad as the case may be) for the college as a whole is good (or bad) for the junior class and vice versa.

As president of the junior class, I will strive to be a responsible, realistic and effective leader. I will also seek to form the junior executive officers into a cohesive unit which actively pursues the goals established by the junior class.

**John McDowell**

I, John McDowell, would at this time like to announce my candidacy for president of the junior class of 1971-72.

**Karen Miller**

I am running for president of the junior class. I feel that my past experience has well equipped me for serving the junior class in this capacity. I served on Hendrix Hall house council, as a freshman, and have held the office of vice president of Olliff Hall, which extended my duties beyond that of house council executive to a member of WSGA's judicial council. I have had the opportunity to devote many hours to the student body at GSC.

Because of my understanding and interest in student affairs, I would like to continue this service. I promise to be both tolerant and understanding of others' opinions. Service to you as the body of students I am representing will be of my utmost concern.

In my endeavor to develop the desired atmosphere on campus, I will look to you for both suggestions and support. I feel that my presence in SAGC will be beneficial not only to members of the junior class but to the entire student body. As a voting delegate I will work to procure the legislation supported by the junior class and recommended by SAGC. Your stand as a student will be my stand as your president.

**For Junior Vice President****Patricia Godbee**

I am seeking the office of vice president of the junior class. As an interested and enthusiastic student I would strive to govern the junior class as the mature students they are. One of my primary obligations would be representation of the junior class in SAGC.

As a voting member of this delegation I would endeavor to build the student government structure into the strong governing body it should be.

Many changes and modifications of existing rules are eminent in the coming year. I would like very much to be associated with a progressive and well-organized student government. I feel that my interest and attitude would be most effective in gaining student support and administrative approval of desired regulation reforms. I want not only to be your personal representative, but your voice in student government.

**Karen Knight**

My interest in GSC and my desire to see improvements and changes has motivated me to seek the office of vice president of the junior class. Many changes are necessary to make GSC an educational institution rather than a disciplinary institution. For most students college is a period of transition when the student first loosens, then finally breaks the apron strings which bind him to his parents.

Regulations are necessary in breaking these strings; however, a student who has reached the status of a junior or senior should be able to establish his own curfew, decide if he wants a meal ticket and decide where he wants to live. The administration should not interfere in the lives of the students to the extent that it functions

as parents.

I will not make promises that I cannot fulfill; but I will promise to work hard and to my very best to at least initiate improvements and changes at GSC. The improvements and changes that are needed will take time to implement, but with interested individuals behind the administration pushing for reform, the time element can be shortened.

**Bob Sammons**

I, Bob Sammons, announce my candidacy for the office of vice president of the junior class of 1971-72.

In making this decision to run, I realize that I am not placing myself in an easy position. I further realize that change comes about slowly sometimes, especially here at GSC. For the two years I have been a

student here, change seems to have become an archaic institution at this school. You, my classmates, and I sat idly by and watched our hopes for change diminished, if not extinguished, by a tidal wave of inaction brought about by the apathy of our leadership.

I feel that I can help to change this sad situation by working in the capacity of vice president along with a progressive group of other officers. I realize that this office is a responsible one and I intend to make every endeavor to bring about a change in our class leadership.

Please help me to make it possible for the junior class of next year to govern itself progressively and patiently.

**Lynn Slade** *line-141*

I am campaigning for vice

president of the junior class and understand all that this office requires. I have had previous experience as president and vice president of other organizations and feel that I am qualified. All the class officers should work together for the betterment of the class of '73, and I am willing to do my part. Only by

**Candidates For Secretary-Treas.****Sandy Miller**

I, Sandy Miller, declare myself a candidate for secretary-treasurer of the junior class.

I realize the responsibilities of this position are mainly clerical since the classes do not have a specified budget. I will assist the president and vice president in every way possible and in the absence of one of these two officers, I will represent the junior class at SAGC meetings.

I have served on WSGA judicial council for the past year as vice president of Stratford Hall and also have worked with house council for two years.

I would like your cooperation in supporting me at the polls so that I may further my interest and ac-

tivities in the government of our class and our college.

**Barbara Thompkins**

I, Barbara Thompkins, am declaring myself a candidate for the position of secretary-treasurer of the junior class. Since I have had two years experience as secretary of my class, I feel I am qualified to hold this position.

My background in typing, shorthand, and accounting will enable me to handle the various aspects of this position efficiently.

The position of secretary-treasurer is very important because she is the one who takes care of the correspondence as well as any financial obligations which may arise. She must be efficient and

working together can we accomplish anything.

Next fall I will have been at GSC two years and feel that I have some knowledge of what the students want and need. Since our first few days at GSC the class of '73 has been dissatisfied with some regulations. These cannot be changed by one person alone but I hope to be a part of the class that does change these regulations.

I have served on house council and therefore have a knowledge of how our student government works. It is important to know what is going on in our student government and on campus. If elected, I promise to work hard and support the class of '73.

\*\*\*

responsible.

All candidates seeking junior class offices have decided, if elected, to work for our class, not just to hold a title. Let me be a part of our junior class officers by casting YOUR vote for me.

**Sophomore Class**For President**Harold Acker**

As all candidates running for reelection, I, too, have only my past record for evaluation by you concerning my own character, my determination, and my devotion to the government at GSC. Also, my efforts of maintaining the growth, stability, and efficiency of the SAGC are characteristic of my abilities. I do feel that I have used my time dutifully for my constituents' cause.

Most candidates have utilized the trite phrase of "If I am elected, I will do..." I do not. Whether I am re-elected or not, I will not discountinue my fight against the repressive actions taken by this establishment. For I, as one, cannot tolerate the administration's attitude of not recognizing us as mature students.

The Student should have the right to determine his own responsibilities and regulations in accordance to his desired achievements in his chosen academic field. For these reasons, I, Harold Acker, declare myself a candidate for president of the sophomore class.

**Darwin Williams**

Darwin Williams, candidate for sophomore class president, brother of Sigma Nu Fraternity, and member of the campus French Club.

The students here at Georgia Southern College, in my opinion, need a more direct voice in decision making concerning the student body. If elected, I will strive for meaningful representation of the student body in policy making, not tokenism but rather a working, functioning body of student decision makers.

One of the programs I will pursue is a laxing of the present dorm hours for sophomore girls. The present hours are far too restrictive. Another program would be more adequate and convenient parking for student with off-campus parking permits.

I would also like to see more of the students given an opportunity to voice their opinions. If elected, I will maintain regular office hours for the convenience of the sophomore students.

Your support will be appreciated.

For Veep.**Mary Fitzpatrick**

I, Mary Fitzpatrick, am running for vice president of the sophomore class. I am very much concerned with improving the rules at GSC.

I will work especially hard for the sophomore class. Sophomores should be given more freedom to determine the rules of the school. I will be your voice to the SAGC. I encourage you to bring any gripes you have to me and I will present them to the SAGC and do all I can to see that they are carried out.

I need your support in doing this. I need your vote Thursday and your support next year. I'm ready to get things done.

**Nancy Arnold**

I, Nancy Arnold, declare myself a candidate for the office of secretary-treasurer of the sophomore class.

The sophomore class is highly unorganized and needs able leadership. At this time it is the only class without a constitution. The job of any officer of the sophomore class is a big one because of the enormous responsibility of drawing up a constitution which will affect sophomores for many years to come. Although I have never held the office of secretary-treasurer, I will work hard to represent all my fellow students in the sophomore class.

**Beth Singletary**

The sophomore class can be the first class to fully enjoy the benefits of the abolishment of rules and regulations of GSC. No one person can do this alone. I would like to represent you as a member of the small group of representatives from the sophomore class who will be helping to better your life at GSC as they serve as your class officers.

I have had no previous experience in student government but I am eager to learn. Please let me represent you during the next year as the secretary-treasurer of the sophomore class and I, in turn can promise you that I will do my best to fulfill my duties competently.

# Potential Class Officers Answer G-A Questions

Women's Curfew Regulations

How the Candidates Compare

- 1 I favor immediate and total elimination of women's curfew regulations.
- 2 I favor the elimination of women's curfew regulations except for first quarter freshmen.
- 3 I favor change in women's curfew regulations only after a thorough study of the situation, providing the results of the study indicated a change was necessary.
- 4 I do not favor change in women's curfew regulations at the present time.

## Meal Program

- 5 I favor immediate and total elimination of the mandatory meal ticket policy for on-campus students.
- 6 I favor change in the mandatory meal ticket policy only after a thorough study of the situation, providing the results of the study indicated a change was necessary.
- 7 I do not favor a change in the present meal ticket policy.

## Mandatory dormitory residence

- 8 I favor immediate and total elimination of regulations requiring mandatory dormitory residence for any student.
- 9 I favor the elimination of mandatory dormitory residence except for freshmen.
- 10 I favor change in mandatory dormitory residence policy only after thorough study of the situation, providing the results of the study indicated a change was necessary.
- 11 I do not favor changes in the mandatory dormitory residence policies at present.

## Miscellaneous

## ACTIVITY FEES

- 12 Should the present activity fee be maintained? (If your answer was "yes" then answer these questions.)
- 13 Should the present \$15 fee be increased?
- 14 Should the present \$15 fee be decreased?
- 15 Would you favor elimination of the present \$15 activity fee and students having to pay only for those events which they wanted to attend?

## ENTERTAINMENT

- 16 Do you favor the idea of using College Union Board funds for major concerts?
- 17 Would you be in favor of a larger number of concerts with fewer big-name entertainers?
- 18 Are you in favor of a campus-wide poll sponsored by the SAGC to determine what sort of entertainment will be presented?

## SENATE

- 19 Would you be in favor of the Faculty Senate becoming a College Senate with student representation?
- 20 Should the students who were on the "College Senate" mentioned above have voting power?
- 21 I am not in favor of any change in the Faculty Senate to include student representation.

## HEALTH SERVICES

- 22 Should the Health Cottage distribute contraceptive devices?
- 23 Would you be in favor of increased health fees to enable the college to procure a full-time doctor?

## ACADEMIC AFFAIRS

- 24 Would you prefer a student-teacher evaluation that would be available to students?
- 25 Would you favor students being on committees that hire and fire faculty?
- 26 Do you favor students serving on the committees that determine the curriculum of the college?
- 27 Are you in favor of a "pass-fail" system to replace the present grading system?

# Earth Week Moves With Activities

## From page one

usual traffic and noise. Vice President Pope Duncan and Security Chief Harold Howell, as well as Mr. Paul Carr, the faculty advisor on the Traffic Safety Committee, have been very cooperative on this point. We hope that if all goes smoothly, the plan can be tried on a more permanent basis later in the year."

Hatfield stressed the need for student and faculty cooperation on this day in particular. Howard Thrower, committee co-chairman, urged those who drive cars to "try walking or riding a bicycle for just one day."

WEDNESDAY NIGHT will see an Ecology Rock Concert held near Landrum Center. Three bands (Chuck Roast, Wheatstone Mission, Critical Mass) will play from 6 to 11 p.m. During the concert, movie screens will show ecologically-oriented slides.

Thursday will be campus clean-up day, with fraternities and sororities being assigned areas of the campus to clean up.

Mrs. Jane Yarn, director of Save America's Vital Environment (SAVE), an environmental lobby group from Atlanta, will be the keynote speaker Thursday. Local officials plan for Mrs. Yarn to address the student body from the lake area at 3 p.m.

Hatfield said that this speech is designed to "fill a real gap in knowledge concerning the performance of the Georgia legislature in the environmental field."

Thursday night's panel discussion will center around problems of population control.

FRIDAY, a bicycle rally will be held at 1 p.m. Final plans for the course and rules by signing up at the appropriate list on the bulletin board outside the SAGC office.

The full-length motion picture, "No Blade of Grass," will be shown Tuesday, Wednesday, and Thursday by a local theatre. Thrower noted that the theatre brought the movie at the Committee's request and urges students to take advantage of reduced rates.

"The Committee has made every effort to assure that Earth Week contains enough activity for everyone," said Hatfield. "It is easily seen that the entire program of the week is locally oriented. All three panel discussions are on subjects which apply to the college campus. Events have been designed to include the largest number of students possible. Ample opportunities for participation and involvement by every student will be provided."

"Further, we have gone to considerable length to have speakers and panel members who can actually give answers to the students," said Hatfield. "And our panel discussions are specifically designed to make it possible for student suggestions and comments to be heard."

"It should be noted that publicity this year is on a more personal basis than last year. We hope our publicity program is successful and we urge students not to litter the campus with the memorandums. Read them and then either keep them or put them in a trash can," said Hatfield.

"I HOPE THAT this year we have overcome the faults which lead to a lack of interest by the college students last year. On E-Day 1970 there were more high school students on our campus than college students. This year we've made the program campus-oriented, we manned the panels with campus personalities, and we've spaced each event as carefully as possible to avoid overloading the interest span of the students," Hatfield continued.

"We urge the students to register their interest in the environment of our campus by attending as many events as possible. This is your campus; your quality of life is affected by the issues raised during this week. We feel that we've done everything we could to make this week one the students can really call their own. All we can do now is hope you, the students, will take the time to participate," Hatfield concluded.

## TRAFFIC TO STOP, HERE'S HOW

Wednesday of Earth Week will see the traffic pattern on campus altered in order to close off sections of the campus to traffic.

The map shows the areas which will be closed to traffic. Blockades will be up at the junction of Herty and Sweetheart Circle (A), and at Sweetheart Circle and Lake Drive (B). Between these two blockades no traffic will be allowed.

The other sections of road that will be closed runs from the barricade just south of the faculty parking lot on Georgia Avenue (C) around the intersection of Georgia and Lake Drive (D) to the blockade just south of Marvin Pittman (E). No traffic will be allowed north of (D) or south of (E) or past the blockade at (C).

Traffic going into Georgia Avenue from Herty will be only the traffic going to the faculty parking lot (F).

Traffic going to the right at the Circle-301 connector intersection (G) should only be that traffic going to Marvin Pittman or to the girls' dorm parking lot.

Thru Traffic goes to the left at (G) and down Herty Drive.

## TONIGHT IN HANNER FIELDHOUSE

## Atlanta Symphony Performs

The Atlanta Symphony Orchestra under conductor Robert Shaw will present a concert here on Tuesday evening, April 20, 1971 at 8:15 p.m. in the Hanner Field House. This is a Campus Life Enrichment Committee Presentation. GSC students with a current ID card will be admitted free, general admission tickets are \$2.00, and tickets for faculty and staff are \$1.00. Tickets for children and high school students are half-price. There are no reserved seats for this performance.

The program will include: Classical Symphony in D, Op. 25, Prokofiev; Suite from the ballet, "Appalachian Spring" Copland; Sensemaya, tone poem for orchestra, Revueltas; Piano Concerto NO. 4 in G, Op. 58, Beethoven, Gary Graffman,

soloist.

The Atlanta Symphony Orchestra is one of the 25 major orchestras of the United States. The 1970-72 budget is \$1,500,000. There are 90 musicians in the orchestra. Seventeen are new to the orchestra. The total season attendance in 1969-70 was 100,000. The 1970-71 season will include 192 concerts during the 39-week season. The Atlanta Symphony is the only major orchestra within a radius of 500 miles. This year the orchestra embarked on a major tour that included a performance in New York at Carnegie Hall, and performances in Washington and other important cities.

Robert Shaw is now beginning his fourth year as music director and conductor. Mr. Shaw was

Associate Conductor of the Cleveland Orchestra under George Szell for 11 years preceding his move to Atlanta and is internationally famous as founder and director of the Robert Shaw Chorale.

Special guest soloist for this performance is the outstanding concert pianist Gary Graffman. Mr. Graffman, to quote a recent article about him in Time Magazine, is generally regarded as "the top American pianist in his age group."

An artist of striking characteristics, Mr. Graffman is described in a recent feature article in Newsweek Magazine with the following opening: "Until you've heard him play, it's hard to see him for what he is, one of the great living pianists."

## ENTERTAINMENT

## PREVIEW- 'NO BLADE'

Could Be Sci-Fi;  
But Seems Real

by  
MISSY GRASSI  
G-A Staff Writer

"No Blade of Grass" could be called science fiction. However, the environmental problem it portrays is almost too real. The film's major concern is the effect of today's pollution upon tomorrow's world.

They call it environmental pollution. It is a matter of using two long words when one four-letter word will do. The word is muck.

Man is gradually poisoning his environment with waste matter, upsetting the balance of nature, and threatening his own survival.

Books, newspaper and magazine articles have been written to point out the potential effects of pollution. "No Blade of Grass" spotlights the environmental problem in a way that should make every man and woman realize just what their carelessness is doing to the world.

The film, produced and directed by Cornel Wilde, concerns a family, named Custance, and their companions, struggling for survival due to a world-wide famine.

Stating his purpose in producing the film, Wilde feels that:

"Pollution, overpopulation, and over-production are the things which have to be reversed if we want to keep the world as we know it. Or there will be ~~no~~ world at all."

During Earth-Week "No Blade of Grass" is being shown April 20, 21, and 22. The film is being presented through the Weis Theatre by the Environmental Committee. The manager, in cooperation with the Earth Week program, will allow a fifty-cent discount to any GSC student who brings in the movie advertisement found in this issue of the GEORGE-ANNE.

GSC Group  
Participates  
In Jass Fest.

The GSC Jazz Ensemble participated in the American College Jazz Festival by presenting a concert Tuesday night in the Recital Hall of the Foy Fine Arts Building. Director of the Jazz Ensemble is GSC Director of Bands Thomas Stidham.

The American College Jazz Festival is a national program of the John F. Kennedy Center for the Performing Arts. It is produced in association with the National Association of Jazz Educators, Down Beat Magazine and the American Federation of Musicians. Sponsors are American Airlines and American Express.

Each college or university entered in the Festival presents a concert on its campus. Bands are then selected to participate in seven Regional Festivals to be held in April.

From the Regionals, bands and combos are chosen to perform at the National Festival May 14-16 at the University of Illinois' Krannert Center in Urbana. In future years the Finals will be held in the John F. Kennedy Center now nearing completion in Washington, D.C.

## Carnival to Highlight

# Greek Week Activities Begin

Greek Week got underway yesterday with the first of what promises to be a full week of activities. The semi-final fraternity soccer matches were held yesterday, leaving four teams to compete in the finals today at 6:00 p.m. The final tournaments are to be single elimination with trophies for the two winning fraternities.

The second annual Greek Goddess contest is set for 7:00 tonight in the Foy Fine Arts building. Each fraternity and sorority is sponsoring one contestant. Judging will be in swimsuit and greek robe competition. The Greek Goddess and her court will be selected from the top five finalists.

A swim meet at 4:00 in the Hanner annex will highlight Wednesday's activities. Four contestants from each Greek chapter on campus will participate in free styles, breaststroke, and backstroke events, with first and second place ribbons for each of the events.

Also slated for Wednesday is a speech by James Jordan,

professor of Sociology and Anthropology in the Biology lecture hall. Jordan's talk, entitled "The Secret Ranking of Georgia Southern College," will emphasize the importance of sexual attraction in social behavior and how we as college students become blind to its effects. The lecture will begin at 7:00 p.m. and is open to all students.

Beginning Thursday at 1:00 p.m. all Greeks will participate in Campus Clean-Up in conjunction with the Environmental Committee's Earth Day. The Greeks will render their service in making the campus free of trash and debris. The fraternities will also be working with the Campus Security maintaining road blocks on Wednesday as part of the Earth Week activities.

At 3:00 p.m. on Friday there is planned a four-inning Handicapped Softball game between IFC and Panhellenic. The players will be one man from each of GSC's 13 fraternities and two girls from each of the six sororities. The events promises to be unusual, as well as

humorous, to say the least. Pi Kappa Phi will provide the equipment and coach the Panhellenic team, and Alpha Delta Pi will coach the IFC team.

Friday night from 7:00 to 10:30 p.m. a Greek Carnival will be held in the old gym. Booths of different types will be set up along a midway just like a real county fair. The crowning touch of the Campus Carnival will be the Reverse Beauty Pageant. In the competition, men sponsored by each fraternity and sorority are required to dress like females and female escorts are to dress like men. Contestants will be judged on Most Realistic, Best Dressed, and Best Personality.

The Greek Parade is slated for Saturday at 1:15 p.m. The parade will leave Landrum Center parking lot enroute to the intramural fields. Chariots built by fraternities will head up the parade. The last event of the week, the Greek Olympics will begin at 2:00 at the intramural

field. Games scheduled include Potato Bumper, Egg Toss, Orange Pass, and Bat Runaround. The Greek chariot race will wind up the Olympics.

The last activity of the week will be a Greek Dance in Hanner Gym from 8:00 to 1:00 a.m. with The Phoenix providing music. This is the only closed event of the week, and the Greek Week Committee invites all students to attend the activities whether they are affiliated with the Greek system or not.

The torch bearer for the Georgia Southern Greek Olympics signals the start for the 1970 games.

## College Honor Fraternity Receives National Charter

The Georgia Southern College Chapter of Phi Kappa Phi, a national honor fraternity for college students, was officially installed last week in formal ceremonies in Statesboro.

Presiding officer for the installation was Dr. James T. Barrs, vice-president of Phi Kappa Phi, and a former faculty member here.

Seniors in the top eighth of their class may be elected to this prestigious organization to a number not exceeding one-tenth

of the class. Similar limitations are placed on graduate students.

Purpose of the fraternity is to emphasize scholarship in the thoughts of college and university students and to stimulate mental achievements by the prize of membership.

During the ceremonies Chapter officers were elected: Dr. Pope A. Duncan was elected President. Duncan is Administrative Vice-President at Georgia Southern. Other officers include Dr. Malcom Smith,

President-Elect; Mrs. Charles Christmas, Secretary-Treasurer; and Dr. Georgelle Thomas, Journal Correspondent.

Additionally, the election and initiation of 29 GSC students took place during the meeting.

There are only three chapters of Phi Kappa Phi in Georgia.

## Delta Sigma Pi

Jimmy Waters, president of Delta Sigma Pi, wishes to extend congratulations from the fraternity to brothers Benji Hodges, Don Aaron, and Owen Woods.

Benji is assistant sales manager for Coastal Chemicals; Don has the Standard Oil of New Jersey distributorship for south Georgia; and Owen has a position with Belks of Statesboro.

The softball team now has a 1-1 record. Because of the flu, they were easily beaten by the Over-The-Hill Gang last week. Tuesday they beat the Nads 12 to 4 to even their record.

## Sigma Phi Epsilon

The Brothers of Sigma Phi Epsilon welcome the following pledges for spring quarter: Mike Allison, William Clay, Steve Benton, Bob Sammons, Randy McKee, Gary Johnson, Tommy Smith, Richard Peebles, and Freddie Mock.

The Sig Ep soccer team, under the coaching of Rick Palmer,

scored a win over Sigma Chi, 2-0.

Nick Joanos will be Sig Ep's representative in the Reverse Beauty Contest.

Sig Ep is sponsoring Karen Phillips, sweetheart of Sigma Phi Epsilon, in the Miss Greek Goddess contest.

## Gamma Phi Epsilon

Gamma Phi Epsilon elected officers for the 1971-72 year. The new officers are: Linda Parker, president; Nancy Dillard, first vice president; Carla Pitts, second vice-president; Lynne Benford, secretary; Teresa Burgess, treasurer; and Lyn Farris, reporter. The officers will be installed at a banquet May 5.

Member Nancy Abraham was elected secretary of Recognition Council.

## Zeta Tau Alpha

The sisters of Zeta Tau Alpha will spend the weekend of April 16-18 at Magnolia Springs. The sisters will have a slumber party followed by a day of swimming and boating.

Pamela Godbee will represent Zeta in the Greek Goddess Pageant during Greek Week.

The Zeta's are preparing for the annual State Day which will be held May 1 in Macon. All members of Zeta Chapters in Georgia will be present.

## Newman

The Newman Community will sponsor a weekend of renewal April 23-25 at Pine Mountain, Georgia near Callaway Gardens.

Cost will be \$5.00 per person. Anyone interested please call 4-5005 or 4-7605 or write Landrum Box 8178 by April 21.

## Kappa Delta

The Kappa Delta White Rose Ball was held April 9 at the Savannah Yacht Club. The Liberation provided the entertainment.

Debbie Rhodes has been selected to represent Kappa Delta in the Greek Goddess contest.

## Parks Society

The Georgia Southern College Student Recreation and Parks Society met Monday, April 12, in the Hanner Field House. Tom C. Green, Special Services director, Glynco Naval Air Station, Brunswick, Georgia was the guest speaker. He gave a slide presentation, showing the facilities available at Glynco. He also spoke on the job opportunities in industrial recreation.

Elections for 1971-72 officers were held. The new officers are Charlie Hershey, president; Cheri Graham, vice president; Jane Durr, secretary; Al Hutson, treasurer; and Donna Short, historian.

Final plans for the second annual banquet were made. The banquet will be Friday, May 14, at the American Legion in Statesboro.

Dr. H. Douglas Sessoms, chairman of Recreation Curriculum, University of North Carolina, will be the guest speaker. The banquet will start at 7:00, with a dance following from 9-12.

## Blood Drive

# Bloodmobile Set Thursday, April 14

Tickets will be \$2.50 and can be purchased from any board member, Dr. Elliott, or Mr. Martin. The last day to purchase tickets is May 7. Recreation majors are encouraged to attend the banquet.

## Sigma Nu

The brothers of Sigma Nu held initiation for pledges and brothers. New pledges are: Chuck Horne, Wade Dixon, Geof Powell, David Franklin, Glen Bryant, Bill Odom, Billy Hickman and James Johnson. New Brothers are: Rick Anderson, Don Ceoban, Randy Holland, Richard Geldart, and David Bridges.

Activities for this quarter include a pilgrimage to their founding home and headquarters at VMI in Lexington, Va., on May 21.

## Phi Beta Lambda

Phi Beta Lambda week was observed by its members and sponsors the week of April 8. The week began with members sending candy and cards to each secretary in every department on campus in appreciation for their services.

Phi Beta Lambda invited a speaker from Wardlow Advertising Agency to speak to its members and to other members of the Division of Business.

High schools from Bulloch and surrounding counties were invited to view the facilities of Georgia Southern's Division of Business and to hear speakers from each area of the division.

Several members of Phi Beta Lambda and its sponsors helped with the Future Business Leaders of America winter district mini-conference held at Statesboro High School.

A banquet was held on Thursday, April 8 to end the week's activities and to plan for the upcoming state convention to be held at the Marriott Hotel in Atlanta on May 7 and 8.

## Kappa Sigma

Kappa Sigma pledged ten men from spring quarter rush. They are: Jimmy Southard, Jerry Weeks, Fred Blackman, Bob Faith, Tom McMurrian, Oscar Mimms, Joe Bittick, Mike Nau, Bill Watson, and Clark Giddens.

This year the fraternity has two softball teams, one in the fraternity league, and one in the independent league. The fraternity team opened up the season last week with Delta Tau Delta. Kappa Sig's independent team, the Boones Farm Boys, played their first game Tuesday.

The brothers are looking forward to the annual beach trip on the weekend of May 21st.

## Sigma Pi

Sigma Pi defeated Delt Chi in their first soccer match.

The brothers and dates traveled to Hilton Head Saturday. They plan to go again next weekend. A trip to Daytona is also being planned.

Sigma Pi's next softball game will be on Wednesday, April 21, with Sigma Nu.

# Eagles Raise Season Record to 16-14

The Georgia Southern baseball team continued to improve its record last week, winning four out of seven games with Lewis College (Ill.), Stetson (Fla.), and Western Carolina. Early in the week the Eagles traded one-run victories with Stetson and took two of their three games with Lewis. On Friday and Saturday, Southern split with Western Carolina to move the Eagles' season record to 16-14, their best percentage of the year.

On Monday, the Eagles faced Lewis college from Chicago, although they got only one less hit than their opponents, the Eagles were outscored 14-1 as three GSC

pitchers were unable to contain the Lewis attack. Eight walks by Eagles hurlers and five Eagle errors, along with a seventh-inning home run by first baseman Rich Conte, contributed to the Lewis victory.

The Eagles beat Stetson 3-2 in Monday's second game on a two-run homer by Joe Manganscle in the 11th inning. Southern had tied the game in the ninth when Jim Veryzer tripled and was driven in by Carey Shea's double. Benjie Clark, pitching the final three innings for GSC, got the win.

In Tuesday's game with

Stetson, the Hatters used a two-run homer by Jorge Rodriguez, three RBI hits by Ralph Edwards, and 10 walks by Eagle pitchers Rick Kinch and Jim Rupich to score a 5-4 win over

GSC. In the nightcap, Southern beat Lewis 11-4 as catcher Dan Zuppardo went three for three, helping Tommy Arden gain his fourth win.

On Wednesday the Eagles dropped Lewis again by the same 11-4 score. Kyle Young won his third straight game for the Eagles, and Shea, Veryzer and Danny Gordon collected two hits

apiece.

Southern won again on Friday, defeating Western Carolina 2-1 on second inning RBI's by Roy Ammann and Jimmy Wilkes. Western's only run came when the first two batters of the game doubled, but GSC pitcher Wayne Simmons allowed only four more hits and struck out nine to get the win.

Western's Wayne McCauley pitched a two-hitter on Saturday as his team downed the Eagles 6-1. Ammann and Gordon got Southern's only hits in that game. Last week's series was an important one for several

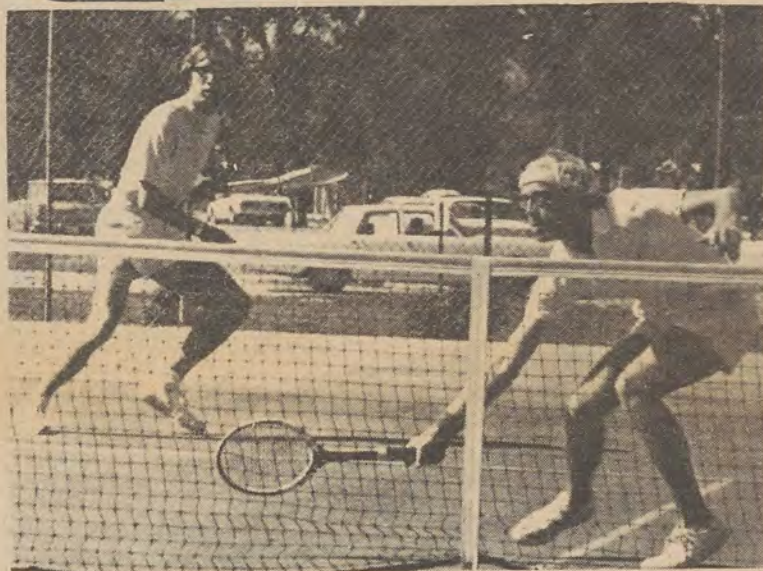

reasons. First, the Eagles were able to put together a three game winning streak, their longest of

the year. Second, for the first time this season Eagle coach Bill

Spieth has used the same line-up with the exception of catchers Shea and Zuppardo, who alternate duties, for five games in a row.

Perhaps he feels he has found a winning combination. Third, the bats of Mangsle, Shea and Zuppardo came alive to support slugger Veryzer, who continues to pound the ball at a near-400 pace.

## GEORGE-ANNE SPORTS

Brothers Jim and Bob Risi volley in Thursday's match with Eastern Michigan, which the Eagles won 9-0. Jim is a senior, while lefthander Bob is a junior and plays number one for the Eagles.

## Eagle Tennis Team Wins Four Matches

The Georgia Southern tennis team won four out of five matches last week and improved its season record to 12-3.

The Eagles, coached by Dr. Frank Ramsey, won the South Florida Invitational on April 8-10, then came home to defeat Appalachian University, the University of South Carolina and Eastern Michigan University on Monday, Tuesday and Thursday before losing to the University of Georgia Saturday.

The South Florida tournament, held at Tampa, was an important one for the Eagles, who lost two matches the week before and needed to get back into the winning habit. Playing the equivalent of six dual matches in three days, GSC came from behind to beat the University of South Florida, Jacksonville

University and The Citadel.

For the Eagles, number four player Deepal Wannakuwatte and number five player Jim Risi were both undefeated in singles, and no Eagle lost more than two of his six matches.

Last Monday, April 12, the Eagles faced Appalachian and trounced them 9-0. The next day, Southern traded single matches

with South Carolina, but won two out of three in doubles to take the match 5-4. On Thursday the Eagles grabbed another victory, this one a 9-0 drubbing of eastern Michigan.

On Saturday, the GSC netters went to Athens to face the undefeated University of Georgia team. The Bulldogs, in fact, had

Continued to page 15

## Intramural Softball

# NO LEADERS APPEAR IN SEASON'S 2nd WEEK

With two weeks of the intramural softball season completed, no team in either league has been able to dominate the action. In the Fraternity League only Alpha Tau Omega and Pi Kappa Phi have two wins, and Phi Epsilon Kappa and BSU are

the only undefeated teams in the Independent league, but it is still early to speculate about the season's finish, seven weeks away.

Last week's fraternity action got underway on Monday as Tau Kappa Epsilon defeated Tau

Epsilon Phi 22-7. First baseman Wayne Lynn collected four hits for TKE, including a first-inning home run. In the second game that day, Pi Kappa Phi took advantage of three Sigma Chi errors to score five runs in the fourth inning and drop the Sigs 9-8.

On Tuesday, Alpha Tau Omega used a last-inning rally to come from behind and beat Sigma Pi 10-9. In Wednesday's game, Sigma Nu topped Sigma Phi Epsilon 9-5, and on Thursday, Kappa Sigma beat Delta Chi 12-1. For the Kappa Sigs, Henry Whitfield slapped a triple and a home run, and pitcher Martin Shine allowed the Delta Chi's three singles.

In the Independent League, BSU started their season last Monday with a 7-4 victory over Us. In Monday's second game, Phi Epsilon Kappa scored two runs in the last inning to provide the winning margin as they beat Ma's Funky Zoo 9-7.

In Tuesday's first game, the Profs bombed Boone's Farm pitcher Warren Almand for ten runs in the first inning, and hung on to win the game 12-10. In the second contest, third baseman Fred Blackmon contributed five hits to Zeppelin's 22-8 victory over the Ten. Phil "Swish" Wysong went four-for-four in the third game as Delta Sigma Pi downed the Nads 12-4.

The Over-the-Hill Gang scored seven runs in the second inning, but later ran out of steam as the Spring Fevers came from behind to beat them 9-8 on Wednesday. In the next game Phi Epsilon Kappa handed Zeppelin their first loss, 12-6, as Harold Grubbs hit two homers and a double for the winners. Delta Sigma Pi and the Assassins turned on the fireworks in the third game, with Delta Sig winning 21-13.

In Thursday's first two games, the Nads defeated Us 7-2, and the Spring Fevers dropped the Profs 13-7. In the week's final intramural game, the Over-the-Hill Gang bounced back with a victory as they dealt the Green Trees on 11-7 loss.

Intramural Action

Kappa Sigma's Greg Hawver is thrown out at first base as Delta Chi's Mike Thwaites makes the play in Thursday's game. Kappa Sig won 12-1, evening their record at 1-1.

continued from page 14

won 43 consecutive matches before meeting the Eagles Southern's try for an upset fell short as Georgia downed them 6-3, but the team was satisfied with its performance against the outstanding Bulldog squad.

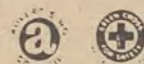

The Eagles now stand at 12-3. They faced Wingate Junior College, last year's national champions and the alma mater of Eagles C.J. Travers and Deepal Wannakuwatta, on Sunday, and will travel to Eastern Carolina, Furman, and The Citadel this weekend.

John Blake thought safety belts were a drag.
