## Senate Executive Committee Request for Information

### Merit Raise Percentage

Submitted by: Dustin Anderson  
1/22/2019

### Question(s):

---

What was the actual merit raise percentage? If this changed, how was that decided? If this changed, who made the decision?

### Rationale:

---

The general impression was that the merit raises would be 2% (meaning an increase average of 2% across all employees). It appears that this was actually 1% (the faculty comfortable enough to share salary increases indicates the raise at, or very near, 1%). If this was changed, the faculty deserve to know how and why this happened. (submitted on behalf of multiple parties).

### Response:

---

1/25/2019: Request response from office of the Provost and office of Business and Finance

1/31/2019 - Vice-President of Business and Finance Merit will be assigned on a scale from 0% to 2%. Across the board merit assignments are not permitted.
