Georgia Southern to Test Emergency Alert System

AUGUST 24, 2015

Georgia Southern University is scheduled to test all components of the Eagle Alert system on Wednesday, Aug. 26. The Eagle Alert system is designed to play a key role in keeping the University's students, faculty, staff and campus visitors safe during emergency situations.

Emergency alert procedures will be activated on the Georgia Southern campus close to 1:10 p.m. During this test, a message will go out via Eagle Alert, which will include e-mail, phone and text message notifications. An emergency announcement will appear on the University homepage, the alert page, on campus digital signage and on social media. Georgia Southern will also test the emergency hotline phone number (912-681-5588).

Georgia Southern University, a public Carnegie Doctoral/Research University founded in 1906, offers more than 125 degree programs serving more than 20,500 students. Through eight colleges, the University offers bachelor's, master's and doctoral degree programs built on more than a century of academic achievement. Georgia Southern is recognized for its student-centered and hands-on approach to education. Visit GeorgiaSouthern.edu.
