Georgia Official and Statistical Register

January 27, 2008

As of 18 January 2008, the Georgia Official and Statistical Register was added as a new, public resource from the

Digital Library of Georgia into the GALILEO demo system. It is available for your preview at <http://dlg.galileo.usg.edu/statregister/>.

The *Georgia Official and Statistical Register*, published from 1923-1990 by the [Georgia Department of Archives and History](#), is commonly known as the Georgia Blue Book. Considered an important reference work for historical

research, the Register covers Georgia's executive, legislative, and judicial branches of government, providing

biographical sketches of elected and other state officials. Georgia members of U.S. Congress and federal judges

are included, as are county officials and regents of the university system. The Blue Books contain election returns, provide basic reference data on Georgia counties, and cover Georgia miscellany, such as the state flag,

state flower, state song, rosters of Georgia governors, and legal holidays.

The Georgia Official and Statistical Register site is a project of the [Digital Library of Georgia](#) as a part of the [Georgia Government Publications](#) program.
