Freshman Elections to Be Held

Elections for the four freshman senate seats will be held Oct. 18 & 19.

The deadline for candidates to file for the elections is Oct. 12.

Candidates for the office of freshman senator must have a minimum grade point average of 2.0.

Those students with no col-

lege academic record seeking Freshman Senate positions shall be required to achieve a minimum average of 2.0 for their first quarter in office.

Candidates must be members of the freshman class for the majority of their term in office.

Exceptions to this requirement can be made for students

who entered Armstrong during the summer quarter and are continuing this fall.

Students who wish to file for office may do so by completing the form available in the Student Activities office in the Memorial College Center (MCC).

The Senate is composed of one senator from each academic

department which graduates 10-15 students per year and two senators from each academic department which graduates more than 16 students each year as well as four senators each from the freshman and sophomore classes and two senators-at-large from the combined upper division (Junior and Senior classes).

Senate meetings will be held

every Wednesday at 12:30 in the Senate conference room of the M.C.C.

Students interested in the upcoming election who would like further information may contact Steve Hartley, chairman of the elections committee or Al Harris, Director of Student Activities.

OCTOBER 6, 1977

Miss Geechee Pageant Deadline

The deadline to enter the Miss Geechee pageant is Friday, October 21st and the pageant is scheduled for November 12.

Rehearsals for the pageant will begin October 25th.

Any girls interested in entering the pageant should fill out the entry form available in the Student Activities office.

This year's Miss Geechee Pageant is under the direction of Student Activities director Al Harris.

Mr. Harris is planning to conduct an all new Miss Geechee pageant this year; and would like to see a big turnout on the part of both contestants and spectators.

Contestants in the pageant do not need to be sponsored by any group or organization to enter the competition.

The pageant is open to all girls currently attending Armstrong.

Competition will be in such categories as swimsuit and evening gown competition.

The winner of the Miss Geechee Pageant will go on to com-

pete in the Miss Georgia Pageant and if selected Miss Georgia will continue to the Miss America Pageant.

A dance featuring the musical group Choice will be held Friday, October 7th in the M.C.C. Admission to this dance will be free with I.D. The dance begins at 9:00 p.m. and will continue until 1:00 a.m.

Atlanta Contemporary Dance Company To Perform

On October 10, 1977 the Armstrong State College Student Union Board and the Georgia Council for the Arts will present the Atlanta Contemporary Dance Company in "Strange Hero and Other Waltzes". The performance will begin at 8:00 p.m. in the Fine Arts Auditorium and admission is free.

The Atlanta Contemporary Dance Company, a modern

dance repertory company, features six talented performers; Joseph Kelly, Jack Arnold, Lee Harper, Jennifer Potts, Andrew Charles Skalko, and Joyce Zyznar. In addition to pieces by artistic director, Joseph Kelly, the repertoire includes the works of such widely known choreographers as Daniel Nagrin, Rudy Perez and Bill Evans.

The company's refreshing and

innovative approach to dance has been highly acclaimed throughout the south. "Strange Hero and Other Waltzes" combines a variety of dance forms including folk, jazz, ballet and modern.

The auditorium will open to the public at 7:15 p.m. All are encouraged to come early for what promises to be an evening of fun and sheer entertainment.

Jazz Quintet To Give Concert

The ASC Jazz Quintet will give an outdoor lunch-hour concert in the courtyard of the Fine Arts Building from noon until 1:00 p.m. on Wednesday, October 5th. The Quintet is a part of the ASC Jazz Ensemble. Members of the quintet are Dave Fulton, trombone; Mark Mooney, piano and synthesizer; Johnnie Kennedy, bass; Konrad Clemens, drums; and Fine Arts faculty member Randall Reese, saxophone.

The ASC Jazz Ensemble is a credit course offered by the Fine Arts Department. Instrumentation consists of saxophones, trumpets, trombones, and rhythm section. There are still some openings, particularly for saxophone players. Enrollment is by permission of the instructor, Randall Reese. Some scholarships are available to members.

The Jazz Ensemble plays a wide variety of music from the traditional "big band" style to the contemporary jazz-rock of Chick Corea and Herbie Hancock. The Jazz Ensemble has also performed original music and arrangements by ASC students. This year's concerts will

feature two nationally known soloists. In February, trombonist Rich Matteson will perform; followed in April by saxophonist/flutist Roger Pemberton. Both men are active in performing, composing, and arranging, and jazz education. The first Jazz Ensemble concert of the year will be on Monday, November 22, at 8:00 p.m. in the Fine Arts Auditorium. The Quintet will also perform on River Street front of the Night Flight Cafe from Noon to 2:00 p.m. on Saturday, October 29.

Atlanta Contemporary Dance Company

INKWELL OPINIONS

Good Ol' ASC

by Bob Torrescano

Well, two weeks down and eight to go. What do you think? Yea, ol' A.S.C. is everything you knew it would be, just like always. A touch of nostalgia tugged at my heart as I watched a security guard ticket my car. Same old Armstrong...

The Mapes presentation "Power of the Mind" was an excellent show that was well worth seeing. Mapes' effectiveness was demonstrated by several hypnotized students who found themselves wanting to kiss each other after the show (see page 5).

"Silent Running" was shown

last Friday night and was just about as good as it was six years ago. You know how those early seventies ecological movies were. The movie's effectiveness was demonstrated by those viewers sieged by the desire to go out and kiss a tree after watching the movie.

But this weekend we are really going to blow the doors out with a dance featuring Choice. The dance is Friday night and will be a big event. There will be a lot of people and a lot of spirit and after the dance we should be able to say proudly "Good ol' A.S.C., just like always."

Put Pride in ASC

by Steve Knapp

Is Armstrong a school without a heart? Do the students of this institution feel no pride for their school? The answer is hard to ascertain, but if one is to make such a judgement by observing the number of students seen at the various plays, dances and shows put on for the benefit of the student body the answer would be YES.

Coming Events

During the next two weeks we have four events taking place at ASC all of which are free to students.

The first event is the dance Friday night with Choice. Choice is one of the finest bands in the area and this will be an excellent dance.

The second event will be the appearance of the Atlanta Contemporary Dance Company, October 10. Students with I.D.'s can take advantage of this program free of charge.

Next on the agenda is a family matinee October 15 at 12:00 featuring the movie "Gus."

The fourth event will be October 18 when the Fine Arts Music Series presents "Trio D'Anches, Cologne."

All of these activities are free to students and everyone is invited to take part in the activities.

A recent example of the general lack of interest shown in on campus activities was the exhibition put on by James J. Mapes. Mr. Mapes presented a show which baffled and thoroughly entertained everyone present. To the embarrassment of the college, the Fine Arts Auditorium was less than half filled. A similar instance can be sighted when a dance was put on by the Union Board this summer and fewer than one hundred people showed up. To go on moaning and groaning about "how poor the attendance is" will do little to solve the problem or even to help set it on the road to recovery. What is needed most is an increased effort by the Student Government, the members of the Union Board, and that apathetic group, the Student Body. College is, supposedly, a place where one goes to gain knowledge, worldliness and culture. But how can one expect to achieve any of these things without sampling as much as life has to offer? By viewing the work of playwrights from Shakespeare to Neil Simon and probing the minds of great men and women, the students of Armstrong State College can only better their school and themselves.

Off the Wall: Waking Up Late

by Michael J. Higgs

Isn't walking up late a terrific experience? I mean that it really starts your day off just right. There you are, sound asleep and happy until something clicks in your subconscious and then one eye slowly opens in search of the alarm clock. There it is on the nightstand and after about 5 minutes of peering at it from fourteen different angles to get a correct reading you realize that you awoke 30 minutes late. You can almost hear the clock chuckling as you claw at the covers trying to disentangle yourself, all the while wondering what happened to the alarm.

Now you stagger into the bathroom and grope in the medicine chest (you can't get your other eye open) for your toothbrush and tube of toothpaste. You find a brush and a tube and begin brushing. It doesn't take long to realize that Clearasil is a lousy substitute for

Michael J. Higgs

Crest but at least your teeth won't get acne.

You decide to skip shaving, since it would be suicide to put a sharp blade near your throat in your present condition, and

bound into the shower. About 30 seconds later you're out again - cold water makes for fast showers. Now, back to the medicine cabinet, grab the aerosol can and spray both armpits thoroughly. Well, menthol shaving cream does have a bit more substance than your regular deodorant but it smells about right.

Now dash for the closet, which is empty of course, except for the jeans you played football in last week. Hell that's okay, you weren't planning on walking within 30 feet of anyone anyway, just knock off some of the mud and crawl in. Now that you're ready (?), pick up your books and head for the door. Halfway to the door you trip over the kid sister and fall face first on the living room floor. What's the kid sister doing in the living room? Watching cartoons of course. CARTOONS? AAUUGGHH!

Letters to the Editor

PRIVILEGED SENATORS?

Dear Editor:

I would like to comment on the article from your last issue concerning senatorial privileges. Mr. McGovern and Mr. Nader presented a few valid facts, however most of their information was unclear.

First of all, I strongly resented the remarks made by Mr. Nader that the SGA Senate "has already become quite remote from student desires as witnessed by their attempt to build some idiotic structure called a bazebo." The Senate worked very hard on the project and tabled it because it was felt that most students did not want it. We were sincere in our efforts and were working for the best interest of ASC students. Armstrong has never seen such an en-

thusiastic Senate as we have this year.

I feel that SGA Senators should not be admitted freely or at reduced rates to any activities. The only people admitted freely are those Union Board members that are working at a particular show. Even SGA executive officers should pay! When I was in the High School Band, I ushered at the Civic Center. It saved the city money and it was a service to the band. In return for my ushering service, I could see the show without having to pay. BUT, the Civic Center staff did not allow the members of my band that were not working to see the show for free. The point is that senators are serving Armstrong as far as legislation and policy-making decisions are concerned, but not planning entertainment and therefore they should pay just as any other student.

I do feel that senators should be allowed such privileges as reserved parking spaces and a lounge. The positions would be given a degree of enhancement and would probably result in more candidates. I hate to think that privilege of office is the main reason one would choose to run for senate. I sincerely believe that each senator on this year's senate is committed to serving Armstrong students. Furthermore, I feel that with or without privileges, the 1977-78 Senate will produce more results and better services for students than any other student government has during Armstrong's history.

The greatest reward a Senator

can receive is the support of his constituents, the interest of Armstrong students, and appreciation of the time and effort each senator puts forth.

Sincerely,
Ken Chapman
Vice-President, S.G.A.

New Rules For Incomplete Grades

Armstrong State College students who have received an incomplete grade for any class in which they were enrolled prior to the current fall quarter must finish course work by Oct. 26 to avoid receiving a failing grade.

ASC Registrar George Hunnicutt has announced that, beginning this fall quarter, students will not be allowed to carry an incomplete grade past the midtern of the quarter following receipt of the incomplete grade.

All incomplete grades automatically will be changed to a failing grade on students' college records if students do not complete the course work by the designated deadline, he said.

Incomplete grades will be permitted after the deadline only upon written authority of the class instructor and college department head, he added.

Students with incomplete grades are urged to contact their course instructor immediately to make arrangements for completing any unfinished course work, Mr. Hunnicutt said.

New Shorts

Armstrong State College will present a series of eight lectures concerning "The Great Ages of Western Civilization", beginning Oct. 4 and continuing through Nov. 22.

Each of the lectures by members of the ASC Department of History will begin at 9:30 a.m. in Room 215 of the Fine Arts Building and will be followed by a question and answer period.

The program includes lectures on "Greece", Oct. 4, by Professor Orson Beecher; "Rome", Oct. 11 by Professor Erich Stocker; "The Middle Ages", Oct. 18, by Professor Bernard Comaskey; "The Renaissance", Oct. 25, by Dr. Roger Warlick; "The Reformation", Nov. 1, by Dr. Jimmie Gross; "Reason and Revolution", Nov. 8, by Dr. Janet Stone; "The Industrial Society", Nov. 15, by Dr. Robert Patterson; and "The Conflict of Modern Ideologies", Nov. 22, by Dr. Olavi Arens.

The fee for the entire series of lectures is \$20, or persons may pay \$3 for each individual lecture.

Persons interested in registering for the program should contact the ASC Division of Community Services, at 356-5322.

The Lane Library on the Armstrong State College campus is featuring in the front lobby the wildlife oil paintings of Mrs. Ann Ward, a Chatham County public school teacher and wife of ASC Professor, Dr. Paul Ward. The exhibit will continue through October.

Dr. Robert R. Dince, Associate Deputy Comptroller for the Department of Economic Research and Operational Analysis of the U.S. Comptroller

of the Currency Office, will speak Oct. 11 on the Armstrong State College campus.

His 7:30 p.m. lecture, entitled "Now or Never", concerns Negotiable Order of Withdrawal (NOW) accounts and interest on demand deposits.

The free lecture will be held in Room 206 of the ASC Fine Arts Building. Following the lecture, Dr. Dince will answer questions from the audience.

While serving in his present position, Dr. Dince is on leave as Professor of Banking and Finance from the University of Georgia. He holds a Bachelor of Science degree from Rutgers University, a masters degree in economics from UCLA, and a Ph.D. in economics from Cornell University.

He has authorized over 40 articles, cases and research reports on finance and banking.

Although there is no fee for the lecture, persons should register through the Division of Community Services at Armstrong State College, 356-5322.

Vice-Chairman Ken Chapman says that Ms. Ramey Sicay will appear on November 7 in the Memorial College Center at 12:30 P.M. For one hour or more she will select people who come into the center and style their hair in different fashions. For the benefit of those who do not know Ramey, she is a local professional hair-styler.

The Administrative Council will purchase advertising on WSGA Radio Station to further publicize their programs this coming year. So we suggest that you stay tuned in for up-to-date information of events sponsored by the board.

It has been announced that Charles Flournoy has been selected as the recipient of Armstrong's nomination for the

Norman (Chink) Whitten Award out of Reunion VI. The award is sponsored by The Association of College Unions Int and is given to a Union member who has been judged as being the most dedicated and involved.

Campaign '77, which is a Senate Committee, will meet at the Skidaway Carey Hilliards Restaurant at 8:00 P.M. on Thursday October 20, 1977. It will be an important committee meeting and all members are urged to attend. Also, the group would like to extend an invitation to all interested persons. The dinner will cost \$3.50 and there will be a choice of three meats. For further information contact the SGA Office.

The ASC Union Board announced that they will sponsor a photo contest during the Winter quarter here at ASC. It reportedly will include open as well as serious photography. Any member of the student body may enter. The Administrative Council will take the pictures, display and judge them. Awards for the contest will consist of \$60.00 (1st place) and \$40.00 (2nd place). The winning photo will be used to provide for a display poster for Union Board activities.

Senior Citizen Returns To College

Some people would say it couldn't be done.

But Mrs. Lillian M. Donaldson is optimistic and enthusiastic about meeting the challenge she has set for herself.

The 71-year-old grandmother, who last attended classes in 1925 when she graduated from Savannah High School, has decided to work toward a college degree.

To achieve this goal, Mrs. Donaldson recently became the first senior citizen to enroll at Armstrong State College under a new program which will allow her to attend tuition-free classes.

The "Senior Citizen Plan", approved earlier this year by the Georgia Board of Regents for implementation at all University System colleges, permits persons 62 years of age or older to attend, free of charge, any classes not filled with paying students.

Mrs. Donaldson has decided to take courses leading to a degree in elementary education so she can teach kindergarten classes at her church's parochial school.

"I want to be doing something constructive," said Mrs. Donaldson, who retired from a clerical position with Palmer and Cay Insurance Co. in 1972. "I figure if I don't, my brain will go to seed."

Inspired by several relatives who are teachers and a love of children, Mrs. Donaldson added, "I figured maybe I could teach a kindergarten class because I like children and seem to know how to handle them."

"You have to teach them

with a lot of love and a little work."

Now enrolled into an Armstrong English class, Mrs. Donaldson is very enthusiastic about her status as a student.

"I like books and I like to study," she said. "I have been wishing I could get into reading those English books for weeks."

And she is just as enthusiastic about the tuition-free program for senior citizens.

"I really started thinking about becoming a teacher when I read in the newspaper about the free classes," she said. "I haven't got very much money so this program is just wonderful. I never could do it (attend classes) otherwise."

Mrs. Donaldson is one of four persons who have enrolled at Armstrong this fall under the "Senior Citizen Plan".

Senior students, who enroll for classes on the last day of ASC registration each quarter, must be a resident of Georgia and a high school graduate.

Although senior students enroll on a class-available basis, ASC Director of Admissions Tom Miller noted, "We are pleased that these students were able to enroll in the classes that they were interested in."

"It's still too early to tell what caliber of students this new program will attract," he added. "However, early indications show that ambitions and dedication are high."

Persons interested in obtaining more information on this program may contact Miller at 356-5275.

Mrs. Donaldson with Paige Peterson in Registrar's office.

COLLEGE POETRY REVIEW

The NATIONAL POETRY PRESS

announces

The closing date for the submission of manuscripts by College Students is
November 5

ANY STUDENT attending either junior or senior college is eligible to submit his verse. There is no limitation as to form or theme. Shorter works are preferred because of space limitations.

Each poem must be TYPED or PRINTED on a separate sheet, and must bear the NAME and HOME ADDRESS of the student, and the COLLEGE ADDRESS as well.

MANUSCRIPTS should be sent to the OFFICE OF THE PRESS.

NATIONAL POETRY PRESS

Agoura, Ca. 91301

Box 218

College Bowl Comes to ASC

COLLEGE BOWL, the quiz game that was a television and radio favorite from 1952 through 1970 is coming to ASC and other campuses all across the nation this spring.

Following a resurgence of interest in COLLEGE BOWL on many campuses, a full scale effort is now underway to launch intramural and inter-collegiate games starting in November. Regional inter-collegiate eliminations will follow and could lead to a nationally televised championship tournament in May, according to current plans.

Millions of dollars of scholarship funds were awarded through COLLEGE BOWL in the past and it is expected that winning colleges will again receive sizable scholarship funds.

The project is a joint effort of the Association of College Unions-International (ACU-I), and Don Reid, creator of the game and Chairman of the College Bowl Company. Intramural and inter-collegiate play has begun on hundreds of campuses already. Reid said that if

present plans materialize and enough schools express interest, regional eliminations will be held in the spring leading to televised national as well as international inter-collegiate COLLEGE BOWL championships in May.

In COLLEGE BOWL competition, two teams of four students each compete against one another, under the guidance of faculty coaches, in answering academic questions prepared by the College Bowl Company and authenticated by Reader's Digest.

Students at ASC interested in forming teams and participating in Intramural and inter-collegiate competition should contact the Student Activities Office in Memorial College Center. Dr. Robert Strozier of the English Department will be coordinating ASC's intramural competition and will coach the team chosen to represent Armstrong in any intercollegiate tournaments.

The deadline to sign up for a College Bowl team is Wednesday, October 19. This event is sponsored by the Student Union Board.

ASC Pep Band Plans Big year

The ASC Pep Band welcomes our new coaches, George Bianchi and Mike Backus. The ASC Pep Band was formed to create spirit and enthusiasm and to provide entertainment of ASC basketball games. This year the Pep Band is putting forth extra effort to back our new coaches and support our team. Armstrong has established a tradition of having a quality basketball team and we aim to keep it!

This year the Pep Band is going to perform two half-time shows at the Civic Center. Mr. Roger Knorr of the Big A Club has given much time and support to the Pep Band and he is working to get funds for the band to travel with the ASC team. Big and exciting plans are being made for a fun filled year. The uniforms, maroon vests and gold derbies, have just arrived. Dr. Stephen Brandon is writing a fight song for Armstrong and

music such as *Star Wars* and a disco arrangement of our Alma Mater will be featured. The Order of Honorary Director of the Pep Band will be formed. Dignitaries around the campus will be given the honor to direct the band.

The Pep Band director, Ken Chapman, is now accepting members into the Pep Band. Rehearsals will begin in mid-October. This is a perfect way to get involved at Armstrong. The only prerequisite is the members be able to play a band instrument and have plenty of spirit. Members are needed, so please join. Everyone is guaranteed a great time. Baton Twirlers are also needed.

To join, simply fill out the application and turn it in at the Student Activities office, or contact Ken Chapman. The ASC Pep Band needs YOU!

ARMSTRONG STATE COLLEGE PEP BAND

Greeks

PHI KAPPA THETA

Phi Kappa Theta Fraternity would like to extend a special welcome to all incoming Freshmen at Armstrong this quarter. You've probably heard a lot of good stuff and a lot of bad stuff about college fraternities. At Armstrong you'll hear mostly good stuff as we have four great fraternities. One of the things that makes Theta great is its rush program. We've got seven dynamite pledges and are looking for more.

On Friday, September 30, at the Theta house, which is located at the corner of Eisenhower Drive and Waters Avenue, a party for all freshman and their friends is being held. Eight o'clock p.m. is party time with the first of four kegs being tapped. Of course there will be no charge to freshman and friends. As this is a rush function, we must insist that it be closed to other fraternities.

Summertime with Theta meant holding celebrated annual events. The yearly 4th of July party was held at Joe Smith's Claxton home and really went off with a bang. Firecrackers, three kegs of beer, and one hundred pounds of roasted pork provided the "entertainment."

"Wild Bill" Bridges and Randy Davis attended the Phi Kappa Theta International convention which was held in Cincinnati, Ohio this year. Many of the brothers and little sisters cruised to the Bahamas for a week this summer. The annual Labor Day party signaled the end of summer for Theta. Ed Ferris can tell you that a good time was had by all.

The brothers are especially proud of their little sisters this fall as the girls are participating for the first time in intramural football. The girls will also be bowling and playing badminton.

To all other fraternities -- Theta hopes you have a good rush and we'll see you on the football field.

PI KAPPA PHI

Before anything is said concerning our past and upcoming activities, the Brothers

What Is That Dog Doing In The Math Lab?

Something new has appeared in Jenkins Hall. Great big fat arrows with strange markings point the way around corners and down steps to what appears to be a rather ordinary room. Look more closely. You may first notice the permanent resident: a very bemused hound-dog on the wall, staring up at an awful algebraic quotation. The students working at the round table may have the same expression on their faces.

Continued on Page 8

and Little Sisters of Gamma Sigma Chapter of Pi Kappa Phi would like to take this opportunity to officially announce the initiation of five new brothers. These include: Ed Buhler, Gary Griffith, Robbie Knox, Glenn Shaffer and Bob Torrescano. Welcome aboard and the best of luck in all your endeavors!

Well, it would seem that the Pi Kapps here at Armstrong are off to a good start this quarter. Our "drink and drown" on Sept. 23rd was a smashing success (please, Brothers, pardon the "punishment") and our Little Sisters' Happy Hour on the 30th was quite the same. Needless to say, judging from the attendance at these functions, the Brothers and Little Sisters are not the only ones at A.S.C. wishing to lubricate the gears for another

quarter. After all, studying is hard work, right? Right!

Of course, since everyone's heard the old saying, "All work and no play makes Jack a dull boy," we Pi Kapps have a full slate of social events coming up this month in addition to studying and intramurals. Two very special events planned for October are a Disco Beer Bust tentatively scheduled for the 14th and a super Halloween Party. If all goes according to plan, the Disco Beer Bust will be complete with door prizes and a dance contest and if last year's is any indication, should be a tremendous success. And, well, Halloween is Halloween. Need we say more?

So, in closing, Pi Kappa Phi wishes all freshman the best of luck this year both in academics and "extracurricular" activities.

Employment Opportunities

PART-TIME

2 Ladies Apparel Shops in the Mall need sales help, evenings and Saturdays. \$2.30 an hour.

Local motel needs part-time auditor, two nights a week. \$2.50-\$2.75 an hour.

Two local motels need desk clerks, evenings and nights. 4-5 days a week.

Local hospital needs 2 male nursing assistants.

Bill deliverers needed 3 consecutive hours per day, anytime between 8 am and 4:30 pm. Must have own transportation - reimbursed for mileage. \$3.00 an hour.

Service station needs person part time evenings 2 nites a week. \$2.25 an hour plus commission.

Local magazine needs advertising salesperson. Salary and hours negotiable.

1 person or 2 people needed to handle some merchandising, warehouse work. Light fabrication, etc. \$2.70 an hour.

Person needed to deliver basketball tickets to merchants. Must have own transportation. No sales involved. \$1.00 per delivery.

Person needed with artistic leanings. Hours negotiable. Approximately 20 hours a week. \$1.60 an hour plus commission on sales.

Person needed for general outside yardwork and light maintenance. Person also needed for a cashier-general cleaning duties. Minimum wage.

FULL-TIME

Service Station needs individual full-time. 8 am - 6 pm. 8 am - noon on Saturday. \$125.00 a week plus commission.

Person needed to maintain some records, at times operate forklift, sales. \$2.50 an hour to start. 7:30 am - 4:30 pm

Instructor's Aide needed. 8am - 4 pm daily. \$5400 yearly to start.

Typist and office manager for lawyer. Salary negotiable.

For further information concerning these jobs, contact Karen Payne, Placement Director, Room 5, Administration Building.

Sir Galahad was the son of Sir Lancelot and Elaine of Astolat.

The helmet currently worn by G.I.'s costs \$15. The new one proposed by the Defense Department costs \$50.

Mapes Appears At ASC

Hypnotist James Mapes appeared at Armstrong's Fine Arts auditorium Saturday, September 24.

Mapes mystified the crowd of approximately 200 with his ESP and feats of hypnotism.

His opening feat was something of a telepathic communication with a member of the audience who was chosen at random. He told the young lady to select a number between one and fifty. She responded with the number eleven which was precisely what he had written on a piece of paper in a sealed envelope on stage.

From there Mapes continued with mind reading tricks and hypnosis. He hypnotized several people who were on stage as well as some members of the audience who remained in their seats.

Once hypnotized, the subjects were led through laughter and tears as they thought they were actually watching a movie screen, eating ice cream, sitting on the beach of any of several other experiences the hypnotized subjects underwent.

The show was truly amazing and worthwhile to see. Unfortunately only a small number of students took advantage of the free show. Hopefully, in the future more students will be able to take part in programs such as James Mapes' "Power of the Mind."

Fall Enrollment Up From Last Year

A total of 3,168 undergraduate students have enrolled at Armstrong State College for Fall quarter classes, representing a 2.5 percent increase over last year's Fall enrollment of 3,082 students, according to ASC Registrar George Hunnicutt.

The figures indicate that Armstrong is demonstrating a steady pattern of increased enrollment, he said.

In 1974, a total of 2,969 undergraduates attended fall quarter classes prior to Armstrong's peak enrollment year of 1975 when 3,402 undergraduates enrolled due to a sharp increase in military personnel attending Armstrong classes.

Hunnicutt attributed this year's fall quarter increase in undergraduate enrollment to college recruitment efforts and the growing number of military families stationed in the Savannah area who are taking advantage of recently instituted in-state tuition fees for military personnel and their dependents.

Enrollment in the joint graduate program offered by Savannah State College and Armstrong declined this fall quarter, with 319 students enrolled compared to 380 last Fall quarter.

Mapes instructs students before hypnosis.

Students under the influence of post-hypnotic suggestion can't resist the command to kiss.

MIKE DeVoss's running late in the Florida High School All-Star Game.

Thomas "State" Smith 6-6, Post. outstanding post prospect from Milledgeville, Georgia. Excellent one-on-one player. After he gains experience, "State" should be a steady performer.

guard, the All-Florida Mountain Conference guard had a 3.2 grade point average.

Chris Carter, 6-3, Junior, Tifton, GA. Former teammate of "T" Wright at ABAC. Being counted on as a swing man this year. Very strong and aggressive player. Should fit in well to running game.

Interested In The Golf Team?

There will be an organizational meeting for the golf team Thursday, October 6th at 12:30 in room 9 in the Gym.

All interested golfers, male and female, please attend.

For further information concerning the golf team contact Coach Tapp in the Athletic Department.

One Hour Run

"...If you can fill each unforgiving hour with sixty minutes worth of distance run. You'll be a MAN, my son"

(Apologies to Kipling)

Saturday, Oct. 29th

10:00 a.m. (Be there at 9:30 a.m.)

Savannah Country Day Track (Windsor Forest Subdivision)

DIRECTOR:

Cedric Stratton, 352-3802

Entry Fee: \$1.00

How far can you go in one hour? Bring your own lap-counter. Lap times will be available. Awards to the top three competitors in the divisions - College Age (17-21); Open (22-29); 30-39; 40+; Women.

All competitors will receive a certificate of their performance.

S.G.A. Presidency

SGA President Craig Harper has now been in office for just over one quarter. During his campaign for the Presidency, Craig promised to work hard to promote the interests of the students and to get people involved in ASC.

Upon examining Craig's accomplishments in office, we find that he is putting out a lot of effort to help the students of ASC. The Union Board, under the direction of Craig and Student Activities director Al Harris has planned a good schedule of activities for the fall.

Craig has stated that his major concern for the Union Board is in getting the committees and the board itself to function properly. The Union Board is divided into five committees with each committee handling specific forms of entertainment (dance, lecture-drama, etc.). Uniting the board and getting the committees to function properly is a worthwhile goal which can be accomplished.

Craig has a good track record on legislation as well. He has used his veto power when necessary to prevent the Senate from spending funds unnecessarily and has promised to continue to keep the checks-and-balance system of the SGA working to insure good

Craig Harper

The one point on which Craig has failed is in uniting the students and getting people involved in the SGA and its activities. At the Mapes performance less than 200 people attended. But Craig cannot be blamed for this as student participation (and the lack of it) is an overwhelming problem that has been with us for a long time and will be around (apparently) for some time to come.

Overall, the Harper Presidency has been a good one thus far and hopefully we can look forward to seeing some innovations and energetic leadership in the coming

Masquers Present

"California to the New York Island"

Rehearsals for the Masquers fall production of "From California to the New York Island" are in full swing at Armstrong State College as cast members immerse themselves in the life, times and music of American folk singer Woody Guthrie.

Departing from more traditional dramatic repertoire, the Masquers are combining music, dance and narrative into an autobiographical and nostalgic portrayal of Guthrie's life and talent.

In another change from Masquer's tradition, the drama troupe was planned the Guthrie jamboree as a dinner-theater performance to be held Oct. 26-29 at historic Ft. Jackson.

Armstrong graduate Dan Browning will play the role of Guthrie, Masquers Director John Suchower has announced.

Other cast members who will join Browning in singing 34 of Guthrie's best-known folk ballads include Tom Skordal, Gary Hamaker, Robert Ketterman, Dale Reagan, Bob Fennell, Stan Street, Harold Singletary, George McMahon, Karen Burke, Marsha Boykin, Pamela Wheeler, Beth Filson,

Amy Skordal, Carnel Garvin, Sarah Spradley, Mary Sue Bailey and Susan Skordal.

Suchower also has announced that John Smith has been chosen as production designer for the performance, with Eileen Reynolds as choreographer and Mindy Haas as stage manager. Assisting with sets and costuming will be Donna Campbell, Ann Howard and Sherry Lamhut.

Among the ballads featured in the performance will be Guthrie's "This Land Is Your Land", "This Train Is Bound For Glory", "Roll on Columbia", and "Jackhammer John".

Tickets, at \$10 for the public and \$8 for Armstrong students, will be available after Oct. 11 at the Armstrong Student Activities Office, 356-5300; the ASC Masquers Office, 356-5354; and all Savannah Bank and Trust Co. locations.

Tickets may also be purchased through Ft. Jackson, which is located two and one-half miles east of downtown Savannah off the Islands Expressway, 232-3945.

A drifter, political columnist and spokesman for the countless thousands of hardpressed

"Okies" moving Westward during the Depression, Guthrie wrote more than 1,000 songs between 1932 and 1952.

He was loved and idolized by the people of whom he sang, and combined their laments and dreams into ballads which influenced such artists as Bob Dylan, Joan Baez, Judy Collins, Jack Elliott and Pete Seeger.

Guthrie died in 1967, losing a 15-year battle with Huntington's disease, which eventually left him unable to strum a guitar.

Plans Big year

The ASC Pep Band welcomes our new coaches, George Bianchi and Mike Backus. The ASC Pep Band was formed to create spirit and enthusiasm and to provide entertainment of ASC basketball games. This year the Pep Band is putting forth extra effort to back our new coaches and support our team. Armstrong has established a tradition of having a quality basketball team and we aim to keep it!

This year the Pep Band is going to perform two half-time shows at the Civic Center. Mr. Roger Knorr of the Big A Club has given much time and support to the Pep Band and he is working to get funds for the band to travel with the ASC team. Big and exciting plans are being made for a fun filled year. The uniforms, maroon vests and gold derbies, have just arrived. Dr. Stephen Brandon is writing a fight song for Armstrong and

music such as Star Wars and a disco arrangement of our Alma Mater will be featured. The Order of Honorary Director of the Pep Band will be formed. Dignitaries around the campus will be given the honor to direct the band.

The Pep Band director, Ken Chapman, is now accepting members into the Pep Band. Rehearsals will begin in mid-October. This is a perfect way to get involved at Armstrong. The only prerequisite is the members be able to play a band instrument and have plenty of spirit. Members are needed, so please join. Everyone is guaranteed a great time. Baton Twirlers are also needed.

To join, simply fill out the application and turn it in at the Student Activities office, or contact Ken Chapman. The ASC Pep Band needs YOU!

Michael Burke

REMORSE

I am lost, my God
I am lost
And the cost
Of the wrong, forgive
Me the wrong
I have done
And the time, and were
There but time
Only time
To forgive
And to have
What was mine

Michael Burke

GULLS

As dancers on a grey-blue stage
Seagulls fly to escape the rage
Of a storm front moving from the East

They swing and sail and pirouette
As if to dare this angry set
Of darkened clouds to strike them
Down

Precarious though their state be
I wish that they could change with me
For danger is but Freedom's
Cost
Compacency
But Freedom
Lost

DAWN

The mists on the marshes lay
Creeping stealthily
As if to escape the day
Now advancing
O'er the ocean's plain

The darkness retreats before
The coming sunlight
But neither defeated nor
Ashamed for its
Time will come again

In this cycle one may see
An interesting
Thought and possibility
Perhaps one's death
May not be the End

Sports

Basketball Season to Begin Soon

by Karen Arnold, sports editor

The Armstrong State College basketball team is now preparing for the upcoming season. You will be seeing some new faces intermingled with most of our players from last year. Along with the new players, Armstrong has a new interim head basketball coach. During the summer quarter, the Athletic Department appointed George Bianchi head basketball coach and Mike Bacchus was appointed assistant coach. The faculty and students will be looking toward coach Bianchi to really build up our players for a great season

this year. Coach Bianchi has given us some information about noted basketball promotion events that will be taking place this year. The Armstrong Basketball team will once again donate their services in the Shriners' Tournament on the nights of November 25th and 26th. On Friday, December 2, the basketball team will be playing a double header with Georgia College at the Civic Center. This will be known as Merchant's Night and drawings for prizes will be held. Also, Monday, January 2 will be Pack the Civic Center Night, in which

Pi Kappa Alpha Fraternity will be a sponsor.

Another major event this season will be the two games that will be held in Armstrong's campus gym. Now there will be no excuses for missing these two games. The Pirates will play Ohio's Wright State University in the gym on Monday, January 16th, which is expected to be a tight game. On Saturday, February 4th, the Pirates will challenge our great Rivals, West Georgia College. This is definitely a game not to be missed! For you T-Shirt lovers, the basketball team even has

something for you. Coke will be sponsoring a sale with T-shirts reading - "Things go better with Coke and Armstrong Pirates."

We had a short chat with Coach B. J. Ford about her Armstrong Lady Pirates basketball team. The girls started practice September 20th and can be seen working out daily. Their first home game will be against Piedmont College on Friday, November 18th, following their opener with Tift College on November 12. We will be looking forward to a good season from our Lady Pirates too!

George Bianchi

Men's Basketball Team Roster

RETURNING ROSTER

Donnell "Duck" Britton, 5-9, Senior, Point Guard. A great ballhandler, a good defender and on his way to being a great shooter because he spent the necessary time to be successful in the Gym this summer.

Jimmy Buice, 6-5, Sophomore, Wing Forward. One of the hardest workers on the squad. He must be considered as a potential starter. Much improved over last season.

Jimmy Hall, 6-2, Senior, Wing Guard. An outstanding athlete who did not live up to his potential last season. Could

possibly be a very pleasant surprise.

Mike Lusignan, 6-5 Senior, Wing Forward. Strong player and an excellent outside shooter. Being counted on to contend for a starting forward position.

Keith Ochs, 6-2, Senior, Swing-Wing. "Mr. Hustle", should see more action in this year's full court running and pressing game.

Barry Stevenson, 6-5, Senior, Wing-Forward. An outstanding gentleman and a good scholar-athlete. If he becomes more aggressive and confident he could contend for a starting

berth.

Harold Wilson, 6-6, Senior, Wing and Post. Harold should be a full-time starter this season if he plays to his potential. Only real weakness is his defense.

Henry "T" Wright, 6-5, Senior, Post. "T" should duplicate the success that Dennis Davis achieved last season. He is an extraordinary athlete, should feel more at home back inside.

FRESHMAN SIGNEES

Mike DeVoss, 6-1, Wing Guard. A scholar-athlete, High School "Who's Who", All-State and All-Star game performer from

Titusville, Florida. Good shooter, excellent shot selection.

Foy Ballance, 5-11, Point Guard. "Mr. Basketball" in Southwest Florida, 1214 career points capped by a 41 point performance against district champion Charlotte High School. Mike DeVoss's running mate in the Florida High School All-Star Game.

Thomas "State" Smith 6-6, Post. Outstanding post prospect from Jesup, Georgia. Excellent one-on-one player. After he gains experience, "State" should be a steady performer.

TRANSFERS

Charles Pinkett, 5-10, Junior, Cambridge, Maryland. Last season's MVP, team captain, and leading scorer from Gando Junior College. In addition to giving us strength as the point guard, the All-Rocky Mountain Conference guard had a 3.2 grade point average.

Chris Carter, 6-3, Junior, Tifton, GA. Former teammate of "T" Wright at ABAC. Being counted on as a swing man this year. Very strong and aggressive player. Should fit in well to running game.

Interested In The Golf Team?

There will be an organizational meeting for the golf team Thursday, October 6th at 12:30 in room 9 in the Gym.

All interested golfers, male and female, please attend.

For further information concerning the golf team contact Coach Tapp in the Athletic Department.

SUPPORT THE PIRATES!

Tennis Team Tryouts Continue

September 27 marked the beginning of the '77-'78 Women's Intercollegiate Tennis Team Tryouts at Armstrong. The team selections will be held until Thanksgiving holidays, at which time the team will recess until after Christmas break. Any interested students should contact Coach Clayton in the gym for details on how to try out for the team. Previous competitive experience is not necessary to try-out for the team. Anyone willing to work hard to improve their skills will be welcomed by Coach Clayton.

This season marks the second year of Women's Intercollegiate Tennis at Armstrong. The women posted a 7-8 record in 1976-77, which Coach Clayton felt was very successful. As she remarked, "Many of the girls had never experienced competitive tennis, especially on the collegiate level. Everyone learned a great deal and came through the experience with a very positive outlook towards this upcoming season. I look for our returnees to provide leadership and direction to the new team members, so that we may work productively to achieve our team goals."

The team's first competition will be a Fall Tournament on

October 21-22 hosted by Georgia Southern College. There will be 8 teams represented, including several strong Florida schools. The tournament will have an interesting format, combining both the men's and women's teams. The men and women will each enter three singles events, one doubles event, and one mixed doubles team. Each school will play the other seven schools in RoundRobin play. Coaches Clayton and Lariscy feel that this will be good experience for both the men and women and that it will be fun as well.

The 1978 Spring schedule will pit Armstrong against such teams as Georgia State, Valdosta State, Columbus, Augusta, West Georgia, North Georgia, Mercer, Wesleyan, Georgia College, and Florida Junior College at Jacksonville. "This is a tough schedule," commented Clayton, "We open with FJC on February 23. They are always real tough, as will be many of our conference schools. We have a great deal of work to do between now and season time." But the coach says that the women will be more than willing to accept the challenge that lies ahead!

Baseball Team Schedules Games

The Armstrong STate College baseball team started Fall practice on Wednesday, September 28. Coach Tom Kinder provided us with a short schedule of the Pre-season games

to be played. For a glimpse of this year's baseball team be sure to make it to the following games.

- Saturday, October 8
South Georgia
- Sunday, October 16
Georgia Southern
- Sunday, October 23
Georgia Southern
- Sunday, October 30
Alumni

Amtrak asked the public to comment on the future of its Chicago-Florida train, the Floridian.

Rerouting of the train, or its termination, is being considered by the Amtrak Board of Directors because of the Floridian's high losses and low ridership.

The train has estimated revenues this year of \$5.5 million and operating costs of \$15 million, a loss of \$9.5 million. Last year, it carried 162,715 passengers.

In notices posted on board the trains and at stations along the 1,500-mile route between Chicago and St. Petersburg/Miami, Amtrak said the Floridian has been identified as a candidate for potential service changes because it does not meet economic performance standards developed in accordance with criteria and procedures for making route and service changes. Those criteria and procedures were approved by Congress last year.

Interested individuals and groups were invited to submit written comments on five service alternatives on or before Oct. 12, 1977.

In addition, a special toll-free telephone line has been set up to receive comment from now through Oct. 12 during the hours of 9 a.m. to 6 p.m., Eastern Daylight Time.

The provisions of the route criteria and procedures require Amtrak to solicit public comment in cases of changes concerning routes where the economics are unsatisfactory. The current and projected economics of the Floridian, as currently routed, are unsatisfactory. Also, preliminary findings to date indicate that there are no overriding social or environmental benefits of the route.

Amtrak lists five alternatives regarding the service, under

Amtrack Solicits Public Comment on Floridian

review for implrmentation as soon as practicable after Dec. 31, 1977:

1. Continue the present route (Chicago, Nashville, Birmingham, Montgomery, Jacksonville, Miami/St. Petersburg) with possible schedule and/or service modifications.
2. Reroute the service to operate via Chicago, Nashville, Birmingham, Atlanta, Macon, Savannah, Jacksonville, Miami/St. Petersburg.
3. Reroute the service to operate Chicago, Nashville, Chattanooga, Atlanta, Macon, Savannah, Jacksonville, Miami/St. Petersburg.
4. Reroute the service Chicago-Atlanta (via either Chattanooga or Birmingham), then Macon, Albany, Jacksonville.
5. Cease service over the entire route.

Written comments, as well as requests for further information, should be addressed to:

H. L. Graham, Project Officer, National Railroad Passenger Corporation (Amtrak), 955 L'Enfant Plaza, S.W., Washington, D.C. 20004.

The toll-free telephone line, operating through Oct. 12, is 800-424-7966.

The Amtrak route criteria and procedures provide that public hearings will be held in cities along the route if the Amtrak Board of Directors determines, after review of solicited public comments, that it requires supplemental information in order to understand the extent of public sentiment. No decision has been made whether public hearings are, or will become, necessary. The board will determine which of the alternatives will be chosen.

The public comments received will become part of the public record maintained by Amtrak, which will be available

for public examination at Amtrak's Washington headquarters during normal business hours. A summary of results will be available at each station along the route.

The Floridian operates daily in each direction, serving: Chicago, Ill., Lafayette and Bloomington, Ind., Louisville and Bowling Green, Ky., Nashville, Tenn., Decatur, Birmingham, Montgomery, and Dothan, Ala., Thomasville, Valdosta and Waycross, Ga., and the following Florida points: Jacksonville, Deland, Sanford, Winter Park, Orlando, Kissimmee, Lakeland, Tampa, Clearwater, St. Petersburg, Waldo, Ocala, Wildwood, Winter Haven, Sebring, West Palm Beach, Delray Beach, Deerfield Beach, Fort Lauderdale, Hollywood, and Miami.

Math Lab Cont.

from page 4

But help is on the way! This room is the new "math lab", especially created for students taking Math 98 and 99. Besides the dog on the wall, there are audio-visual materials on basic algebra, programmed and guided texts to supplement the regular text, and most important of all, a math teacher ready to help any student.

The Math Lab is staffed from 9-12:30 and 1-2:30 by the mathematics faculty of the Academic Skills Laboratory but is always open for anyone who wishes a place to study. The Lab has several goals:

- (a) to provide extra help for students having trouble in Math 98 and 99;
- (b) to supply more advanced Math 99 students with extra material, to prepare them well for the college algebra course;
- (c) to be a study place for any math student who likes companionship and readily available help (from either other students or the staff) while doing homework.

This is a room to help those who want to help themselves. All students in Math 98 and 99 are welcome anytime.

The Math Lab is also being used as an integral part of several experimental sections of Math 99, taught by Ms. Darken. These sections have a special expanded syllabus which moves rapidly through more basic material and slowly through more difficult material. Students who find the pace too fast will be allowed to cover the material more slowly in the math lab, taking two terms to complete the course. It is hoped that this new scheme of things will prepare students better for college algebra, and take better care of students with poorer backgrounds.

GYM RECREATION HOURS
TUESDAY & THURSDAYS
7:30 - 10:00 P.M.
(I.D.'s may be checked)
