Georgia Southern grad named Student Anaplanner of the Year

JUNE 10, 2019

Save

Jaymin Patel, a recent graduate from the Parker College of Business at Georgia Southern University, was named Student Anaplanner of the Year by Anaplan Inc., a pioneer in Connected Planning. He will be recognized in San Francisco at the company's Connected Planning Xperience (CPX) conference June 10 through 12.

Patel earned the achievement through Anaplan University Connect, a program launched by the company that equips university students with competitive analytical and decision-making skills to address the needs of today's global marketplace.

The Anaplan University Connect program works closely with leading universities around the globe to develop and deliver a model building curriculum that incorporates the latest data science methods to modern business planning practices. With valuable and real-world data analysis skills, students from the program are hired to quickly contribute to the digital transformation efforts of enterprise companies.

Georgia Southern's Master of Science in Nursing named most affordable

JUNE 10, 2019

Save

Georgia Southern University's Master of Science in Nursing (MSN) with a concentration in chronic care management was recently named the No. 1 most affordable online nursing master's program by the [SR Education Group](#).

The MSN program with a concentration in chronic care management in the School of Nursing is designed for individuals who currently hold a Georgia Registered Nurse license and wish to gain further education and skills to evaluate chronic care conditions with a specific focus on those affecting clients of managed care eligibility.

The program is 36 credit hours, includes 270 applied clinical hours and is designed to be completed in two academic years.

To be considered for the ranking, schools were required to be regionally accredited and offer at least one fully online degree. The SR Education Group has published rankings on online colleges since 2009.

The School of Nursing is housed in the Waters College of Health Professions and is fully-accredited by the Georgia Board of Nursing and the Commission on Collegiate Nursing Education. For more information on nursing programs at Georgia Southern, visit GeorgiaSouthern.edu/Nursing.
