TEACHERS LEADING SOUTH GA. LEAGUE

Crook Smith 1932 baseball crew has a large lead in the South Georgia College League with an average of .833.

The Teachers opened the season with Cochran in Cochran splitting a two game series. Then they took two straight games from Douglas in Douglas giving them the lead. This week the two wins from Cochran, here gives them a two game lead.

In the league the Teachers have six games yet to play, four with Brewton-Parker and two with Douglas. Brewton-Parker will come to Stateboro Monday and Tuesday. The exact date of the Douglas games are not known.

This afternoon and tomorrow afternoon the Tide meets Rollins College. The Florida team is ranked as one of the best in the S.I.A.A. and should furnish plenty trouble for the Smith boys.

MAY DAY PLANS COMPLETE

EXERCISES NEXT FRIDAY

A DEPRESSION LESSON

The present emergency has done much to teach the American people that all their institutions are inter-related. There has been some disposition in times past to think of schools as detached institutions. Leaders in commercial industrial, and political life have seldom considered it to be important for them to spend time and energy improving schools. School people have too often looked upon business and politics as subjects entirely out their interest. The economic crisis has made us all aware in a new and vivid way that schools are a part of the general social order and that the curriculum of schools and their methods of dealing with pupils are largely determined by the conditions of life outside the schools.

(Taken from the N.E.A. Journal.)

Everything is being made ready for the May Day Festivities here next Friday. The annual college field day events will be held early in the afternoon followed by the pageant and the crowning of the Queen.

The festival is based on the outstanding events in the history of Georgia. The Queen Miss Vera McElv is to be crowned and the progress that the state has made since its early settlements will be presented to her and her court. This is given to inspire her to carry on the traditions and progress of the college. Many dances have been planned for the occasion.

Preceding the festival there will be 12 track events for women and 21 for men. The college has been divided into three groups for the contests. The seniors, juniors, sub-fresh make one group, the sophs one group and the freshman one group.

Clyde Daughtry	Sarah Smith
William Everett	Dora Smith
R. L. Marr	

Boys flying kites haul in their
white winged birds.
You can't do this when you are
flying with words.
'Careful with fire' is good ad-
vice we know
'Careful with words' is ten times
Doubly so.
Thoughts unexpressed may sometimes
fall back dead;
But God himself can't kill them
when they'er said

Will Carlton

The two editorials in the next column were submitted by students. Some may think they should have been omitted, but the George-Anne staff believes they are worthwhile. We wish more editorials were submitted by the students. Surely the two in this issue cannot be said to be destructive. The staff will appreciate editorials and suggestions from the students at any time.

LIBRARY PESTS

Why is it that some students undertake to underline books belonging to the College library? What unrevealed power have the fates given him, one wonders, to convince him of the infallibility of his intelligence and that he may proceed to inflict his underlinings on present and other generations of readers.

This same cock-sureness which sometimes causes an individual to push his pencil across the face of a two dollar book operates to make him mar that of a twenty dollar book. Many books have been abused by just such maniacs.

The margins of countless volumes are hideous with handiwork of this egotistic reader. Other varieties of this library pest are the question mark fiend and the exclamation mark zealot. Many times these margins serve to mislead the reader rather than guide him. Are you one of these pests?

ARE OUR REST ROOMS LOCATED
IN THE RIGHT PLACE?

This writer has heard countless remarks about the location of the rest rooms by the students. Personally we of the George--Anne staff are in favor of having them moved to the basement or elsewhere. It seems that this would be a decided improvement should the move be fostered by someone. According to the modern day architects plan a building, these rooms are at present in the wrong place. Consequently, we sincerely think that this change would be very beneficial to the college.
