## Students Ask Support

### Resolutions Adopted; Representatives Meet

Five delegates of the student body attended an important meeting of campus leaders in Macon Saturday for the purpose of formulating plans to be used in the state-wide campaign now being conducted. The meeting was a follow-up of the student body adoption of a resolution Wednesday calling for a special meeting of the legislature.

Delegates from Georgia Teachers College attending the Saturday meeting were John Dunn, Oliver Thomas, Dorothy Garner, Tiny Henderson and Harry Robertson.

#### THEY ARE HOME-COMING BIG SHOTS

Above is the picture of the Student Council who will lead the Home-Coming Parade and who will make Home-Coming this year a success. Reading from left to right are: George Mulling, Leon Culpepper, O'Neal Cave, Harold Herrington, David Bowman, Mary Thomas Perry, Billy DeLoach, Tiny Henderson, John Dunn, Virginia Eason, Edwina Parrish and Eula Beth Jones.

## Oglethorpe Game Highlights Home-Coming Plans Near Completion As Time Draws Near

One of the most important events of the school year is scheduled for this week end, November 7-8. This is the time for old grads to return to their Alma Mater for a gala home-coming celebration. Among the highlights of the program are: A football game, freshman-sophomore flag rush, and big home-coming dance.

The events of the week end will be underway with a parade as a welcome to our guests. Floats representing practically every organization on the campus will be entered in this parade which will be held through the city of Statesboro at 4 o'clock Friday afternoon. The float deemed best by the judges will be awarded a prize.

Oglethorpe University will be the foe of the Blue Tide in the eleventh annual home-coming football game, Friday night at 8:15. All indications are that the game will be the best of the season.

At the half the freshmen will make their trial for freedom in the annual flag rush. If they succeed in taking the flag from the defending sophomores, they will no longer be subject to the will of the upperclassmen. Failure to get the flag will mean two more weeks of house cleaning.

At one o'clock Saturday, all students will be hosts to the Alumni at a luncheon in the dining hall.

Concluding the festivities for the week end will be a big home-coming dance from 8:00 until 12:00 p. m.

### Dean Willams Quits Georgia

#### Accepts Florida Position Because of "Uncertainty"

Kenneth L. Williams, dean of students at the University of Georgia, resigned Tuesday, October 21, to take up duties at the University of Florida. Dean Williams gave the "uncertain conditions at Athens and a better position financially" as his reasons for leaving.

Dean Williams was brought to Athens in 1938 by Dr. Walter D. Cocking, who was recently removed from the University faculty for certain political reasons. Williams is the first high official of the University to leave of his own accord since the ousting of many officials in the summer.

President Harmon W. Caldwell said he "regretted to see Dean Williams go."

### Masquers Present Play November 13

"You Can't Take It With You," one of the stage and screen's outstanding plays of recent years, will be presented at the Georgia Teachers College by the Masquers club on Thursday evening, November 13th.

This year's production of the Masquers follows their success with "Death Takes a Holiday" two years ago and "Our Town" and "Quality Street" last year.

"You Can't Take It With You" is a revelation of the private lives of the Sycamore family. Each Sycamore does the things he wants to do. Penny writes plays—that is when she isn't painting. Essie has been studying the ballet for eight years, but Kolenkhov, her dancing teacher, says, "Confidentially, she stinks."

Paul, with the help of DePrinna—who comes to deliver the ice one day and just stayed—makes fireworks. Ed plays the xylophone and loves to print.

Rheba and her boy friend, Donald, call grandpa "Grandpa." Thirty-five years ago Grandpa went up in the elevator to go to work—and came down again. Grandpa has been spending his time collecting snakes and going to commencement exercises at Columbia University. And are Alice's boy friend's very aristocratic mother and father shocked when they come for a visit? ARE THEY? . . .

#### THE RESOLUTION

WHEREAS, Democratic government and democratic education in the state of Georgia have been and are still being threatened; and WHEREAS, The students of the University System of Georgia are in danger of losing all accredited standings in the eyes of the rest of the nation; and

WHEREAS, Every public minded citizen of the state of Georgia and other states in the United States must and have viewed in grave alarm the recent unwarranted and malicious interference with the educational system of the state of Georgia; therefore

BE IT RESOLVED, That the student body of Georgia Teachers College, representing an unit of the University System of Georgia which has been threatened, and comprising some 350 students, do hereby approve unanimously of the action taken by the Committee of the Southern University Conference whereby it expressed its disapproval of the political interference with the educational system of the state of Georgia; and

THAT The students of Georgia Teachers College, realizing the grave threats that have been made them and the effects of the action upon them, express their sincere sympathy for the present plight of the students of the University of Georgia and the rest of the students of the University System of Georgia; and

THAT These students of Georgia Teachers College organize and execute a campaign designed to make impossible political interference in the educational system of the state of Georgia at any future time, and to aid in restoring the educational prestige of the University System of Georgia; and

THAT The students of Georgia Teachers College use all the influence and ability at their disposal to persuade the legislature of the state of Georgia to convene at as early a date as possible to abolish the present system of political bickering in the educational system of Georgia by stripping the Governor of the state of Georgia of the power of appointing the members of the Board of Regents.

The above resolution, drawn up and approved by the Student Council of Georgia Teachers College, was unanimously adopted at a special call meeting of the student body held in the auditorium at 10:15 o'clock October 29, 1941.

At Wednesday's meeting a resolution which was drawn up by the Student Council was presented to the students and was approved by the students. The resolution pledged the help of the students to the other colleges in the University System in attempting to prevent the University System from losing its accredited standing.

The support of non-state schools which has been given very openly to the state schools has stimulated them into carrying their fight onward with new vigor. Outstanding among those schools are Mercer and Emory. Although these schools will not be affected by what happens, they have offered their support in the fight for democratic schools.

The University of Georgia began its protests when that college was voted out of the Southern Conference. This affected only the University, but the students in the other colleges of the University System realized that this was merely a prelude to what would happen to them when the Southern Association meets in December unless something was done.

Georgia Tech followed the University, and so did G.S.C.W. and the Atlanta Junior College. Resolutions were drawn up by these colleges similar to the one drawn up by the University.

Despite the fact that the students have been branded as "fiery young upstarts" by many older people, they are continuing their fight to save their schools. The support of many national magazines and leading newspapers in Georgia have made them strong in the belief that what they are fighting for is right.

The students state that they know what democracy means to them, to their schools and their state, and they will do everything in their power to keep that democracy if it is possible for them to do so.

The suggestion by the governor that the colleges send representatives to the meeting of the Southern Association and tell them that he nor the Board of Regents was wrong in removing these educators from their offices, was received on the campus of the various colleges with immediate dissent.

The students from their various resolutions favor an extra session of the legislature in which the legislators strip the governor of his power

## BIBLE VERSE

"The harvest truly is great, but the laborers are few; pray ye therefore the Lord of the harvest, that He would send forth laborers into the harvest."—Luke 10:2.

## Root of Evil

Trash on the campus continues to be a major problem in connection with the improvement of school property. Our ace campaigner for picking up bottle and paper, Miss Mae Michael, works unceasingly but does not seem to get to the root of the evil.

Instead of enlisting the aid of all students in picking up paper, why shouldn't our aid be asked in not throwing trash down in the first place?

To keep us from littering the campus there is one thing that seems necessary. In cities that are noted for cleanliness, trash boxes are located on the corners for the convenience of the citizens. Why not here? LET'S KEEP OUR CAMPUS CLEAN.

## Talking Turkey

Very soon most of us will be sitting around the dining room table at home giving thanks for being part of this world of today with its prolific pleasures. We will give praise to our God for having leaders in our country who are wise enough to keep us out of the catastrophe of war. We will give thanks for being able to continue our education at an institution of learning such as we have here.

We will be giving these thanks with the homefolks; a privilege which Georgia Teachers College students have not enjoyed for ten or more years. We have the administration to thank for this. The faculty heads had the initiative to work out this problem this fall and exchange an off week end for a holiday period.

There is one important thing that students are asked to keep in mind about this Thanksgiving holiday. The item is: THIS BEING A HOLIDAY PERIOD AND NOT AN OFF WEEK END THE REGULAR FEE OF ONE DOLLAR FOR EVERY CLASS CUT ON THE DAY BEFORE AND THE DAY AFTER THE HOLIDAYS.

Keep the above mentioned in mind and let us show our appreciation to those responsible by keeping an entire six dollars in the family treasury.

## Sour Milk

Last year this paper was severely criticized for printing an article condemning some of the features of the school dairy. This article was prepared and defended by a group of campus students who, on their own initiative, investigated sanitary methods that were being used. Those accusing the paper of printing untrue information stated that the group did their investigating without consulting them or seeking their opinion or reason toward certain questionable conditions.

Whether these persons were justified in their accusations against this publication, we are not able to decide. Certainly the group might have worked in closer harmony if they had seen those in charge. Arbitration is, after all, the best way of settling disputes.

There are many improvements that could be made at our dairy barn. These improvements, we are informed, cost money. Other improvements, not costly, have been made—even since last year. A thousand dollars is needed badly to solve our sour milk problem. A \$300 aerator is needed to cool the milk and a \$600 refrigeration unit is needed to keep it chilled until it is removed.

If these ARE necessary let's find a way to get them!

## SLIPS AND NIPS

By "CHOLLY"

Hello Folks! Boy! oh boy! I am back again! and boy! have I got dirt! As long as rules were few and we were more or less on the honor system dirt was hard to get, but now that rules are beginning to be popular again there's dirt.

RUTH CONE wins a great conquest as PALMER EDENFIELD succumbs to her charms . . . THERON ANGLIN fights a hard battle with FRESHMAN McNALLY for CLIFFORD LEE'S affection . . . RALPH FOSTER and KATHRYN ROWSE now answer to Mr. and Mrs. . . . ESTHER LEE BARNES has a broken hand. Would the fact that her freshman date was JACK RODENBERRY explain anything? . . . EARL DONNING quits school—VIRGINIA LOVETT quickly turns her roguish eyes on MARION JONES from Pembroke . . . Could the fact that CAROLINE EANES is often called "mother" Eanes have any significance? . . . SOPHIE OLIVER, the lady with the devilish eyes, is having trouble. Maybe TINY RAMSEY could tell us why . . . WATSON ROCKER'S date didn't show up freshman date night. Ask him who the red head was . . . CHARLES WIREMAN and HELEN MENCHEW would make a lovely couple, don't you think? . . . Don't let JACK MOBLEY'S shy ways fool you. He's got a girl—it's LILLIAN POOLE . . . WYNN and SWANN—how does that sound? That's just a friendly tip . . . PRUELLA CROMARTIE is "dynamite," or so KENNETH HECKMAN tells us . . . JOE ALLEN JONES thought he had almost bagged a KING but DURWARD BRANNEN beat him to the follow up . . .

And with these few items we must leave you. If you think this dirt is good you should see the dirt they wouldn't let us print.

## WELCOME

### To The Alumni

#### From The President

There are but few words in the English language which are more sacred than the word "home." It is true that it "takes a lot of living in a house to make it a home." A college and its environments are different from an ordinary home in many respects, but there is much in common. Every graduate does a "lot of living" at his college home, and if he is a true son there is a sacredness and sentiment which is always felt but can never be expressed in words.

One enjoys visiting old classrooms, various gathering places on the campus, the athletic field, etc. Each brings pleasant memories and thoughts of those who are loved still. Home-coming means a return to meet and mix with old friends who think as you think, feel as you feel, enjoy what you enjoy, with each feeling the thrill of "home."

Teachers College is and always will be your college home. As the custodian of your college home, I bid you a most hearty welcome and sincerely trust that in some way I shall be able to help make your home-coming most pleasant.

A. M. GATES, President.

#### From The Dean

Home-coming is a time for renewing friendships, exchanging experiences, and meeting new people! It is also a time for talking over the good times of college days and for dreaming of plans for the future.

For the past ten years Home-coming has been celebrated during the Thanksgiving holidays. Last year at the alumni meeting in Augusta they asked that Home-coming for 1941-42 be held on the date of the Oglethorpe game. We hope you can be here for the game, flag rush, alumni luncheon, and Home-coming dance. Make your plans to spend the week end on the T.C. campus, enjoying the activities; talking to upper-classmen, freshmen, faculty members; and, go back to your work with renewed energy and a firmer determination to carry on the "ole T.C. spirit."

ZACK S. HENDERSON, Dean.

## BOOK REVIEW

### John Brown's Body

(Reviewed by Jimmy Jones)

Stephen St. Vincent Benet has reached the highest overtones in his American epic of the Civil War Period, "John Brown's Body." It is a lucid, pictorial review of not only the period but he has merged a feeling of personal sentiment with his words. It is not only a great poem, it is a thrilling romance, a good story and a vivid, burning account of the thoughts, feelings and sentiments of real American people. It has all the combined beauty of poetry and prose. He has taken facts and clothed them with the flesh and blood of human interest, intermingled the pathos and sentiment of war to create a story that is beautiful, yet as realistic as it is romantic.

The historical authenticity of Benet's poem has been verified by careful research. The opening book gives the dramatic, colorful, tragic uprisal of John Brown at the historical Harper's Ferry. The story never lets interest lag and with the tempo of the times leads one thrillingly through the fast moving crescendo of incidents after Harper's Ferry—the hanging of John Brown, the firing at Fort Sumter, secession, and barefoot farmers leaving the furrow and plow with squirrel rifles to follow Lee and Jackson or Grant and Sherman.

Like roses climbing and winding up a lattice, Benet has intertwined romance with the intricate plot of his story. He has waxed from poetic to eloquence and from oratorical to lyrical to convey the mood of the moment.

In a magnificent parade passed the revered great—Lincoln, Lee, Jackson, Jeff Davis, Sherman—and their historic deeds from Sumter to the surrender at Richmond, the emancipation, then the assassination of Lincoln.

The dynamic ending states that every feeling of sectionalism should be buried with John Brown's body and out of his sinewy muscles have grown the tall skyscrapers, the spinning wheel, the mechanical birth and an expanding nation.

Benet has written a magnificent story.

This college offers three courses: One leads to a junior college diploma, one to a normal diploma, and the other to the B.S. degree in education. The college year is divided into four quarters, each approximately twelve weeks in length. The courses are grouped in seven divisions, Education, Fine and Practical Arts, Music, Health and Physical Education, Languages, Exact Sciences and Social Sciences.

#### From the Student Council

Dear Alumni:

Once again the time comes for all of T.C.'s graduates and former students to return to the scenes of their college days. T.C. again opens her arms in welcome to you.

We hope that all of you will be here and help us to make this the best home-coming ever.

The Student Council wishes for you a very pleasant week end.

Sincerely yours,

JOHN DUNN, President

Student Council.

#### From The Editor

Only once a year do we get to see all of the old graduates of this institution together. On that festive occasion everyone is in good spirits and ready to defend each other and their Alma Mater.

On this occasion, while we are all together, let us put our heads together and find a solution to the pressing discrediting problem which confronts us. With the aid of every alumni and every student of the college we can keep our college on the accredited list.

Let's hear some debate this week end!

HARRY ROBERTSON, Editor.

## Scriptural Searchlights

By OLIVER THOMAS

"... Joy shall be in Heaven over one sinner that cometh to repentance more than over ninety and nine just persons." Luke 15-7.

Home-coming is always an event of peculiar joy. Longing hearts and minds become more anxious awaiting the arrival of those who have been away from home. Though one is always glad to see any member of the family, it is not strange to believe that there would perhaps be more joy over those who live farthest away and do not get home often.

This is the lesson of the above verse. Heaven ever rejoices more over the return of a wayward child than over those who need not repent.

The Prodigal Son gave vent to his passions and went into a far country. The elder son had remained at home. Upon the return of the Prodigal, so much joy was made over him that the elder son became indignant. The Prodigal had wasted his father's money having a gay time while the elder son works hard at home; yet, they make more over the wayward boy. Did he deserve more love and attention? The elder son was safe in his father's bosom, while the Prodigal was about to lose his life, and more, his soul. He returned from sin and shame to purity and nobility, and from sorrow to happiness. Was it not right to rejoice more over him?

I heard of another lad who played the part of the prodigal. He left his family in ignorance to his location. After several months of heartache, misery, and finally, repentance for his evil, he wrote to his family and asked them if they were willing to forgive him and take him back to put up a white flag in one of the orchard trees, which sign would indicate to him whether or not to get off the train there. As the train speeded through, his anxious eyes looked to the orchard where he saw not one cloth, but one in each tree, bidding his welcome. He could not fail to know their desire. It was a royal welcome home. How happy God would be if we would only ask Him to put out the white flag of forgiveness and welcome. He is ready to welcome every wandering child. The need of the world today is a great in-gathering or coming home to God. Are you away from God? Have you wandered away from your Father's care? Wandering child, COME HOME. All will be forgiven and forgotten.

Prayer—"Most loving Father, forgive Thy erring children, and let Thy love abound more and more, until everyone is safe within Thy love. Amen."

## Poetry

### "Faith"

Faith and the will to work  
Will finish the task begun,  
And soon bring you wealth,  
Good cheer, peace and health,  
And a choice place in the sun.  
Though rough and steep the road  
And oft you stumble and fall,  
If you dig right in  
With a smile or grin,  
Dire failure you will forestall.  
Faith and a few kind words  
Will lighten your neighbor's load,  
They'll give him new hope;  
From darkness he'll grope  
And travel a brighter road.  
Though different and shy,  
Yet he's a man none should shun—  
Just say how-do-you-do  
And to him prove true,  
And soon his friendship is won.

Faith and the will to win  
Will lead straight on to success;  
Nor matters how high,  
If hard you'll try  
The prize in time you'll possess.  
For faith's the unseen pow'r  
That makes the weakest man strong—  
Be sure you are right,  
Have faith in your might,  
And you'll win with a song.  
Faith in our God above,  
And faith in His Holy Son,  
Will add to your years  
And make few your tears  
When viewing life's setting sun;  
For fear flies from firm faith—  
E'en Death's grim specter of wrath  
Won't give those a fright  
At Death's dead of night  
Who daily joy in their faith.

—By Alonzo Newton Benn.

# Four Teachers College Students are Listed In Who's Who Among Campus Leaders

## Dunn, Jones, Kemp, Shivers Are Selected

Four students from the senior class of Georgia Teachers College have been selected by an important committee to represent their Alma Mater in the 1941-42 edition of "Who's Who Among American Universities and Colleges." These seniors are John Dunn, Eula Beth Jones, Pilcher Kemp and Mervin Shivers.

The purpose of Who's Who is to serve: (1) as an incentive for students to get the most out of their college careers; (2) as a means of compensation to students for what they have already done; (3) as a standard of measurement for students comparable to such agencies as Phi Beta Kappa and the Rhodes Scholarship Award; (4) as a recommendation to the business world.

The four seniors selected are students well known and outstanding on Teachers College campus. John Dunn, from Devereaux, is identified as holding that important office of president of Student Council. This is not his first year on the Student Council. Last year he served in the capacity as one of the representatives from the junior class. John has served on house council of Sanford Hall for three years, and on Y.M.C.A. council for quite a while, being elected to the presidency of both these organizations last spring, he resigned his position in order to better fill his duties as president of the student governing body. Dunn has also been an outstanding member of T.C.'s football squad for three years.

Eula Beth Jones came to T.C.'s campus three years ago from Marshallville. She has been a member of the Lambda Theta Chi sorority since her freshman year, serving as president of that organization this year, consequently being a member of Pan-Hellenic Council. Eula Beth has been outstanding in dramatics for the past two years, taking the lead in several of the plays produced by the Masquers. She is this year president of the Masquers. Eula Beth worked on the Woman's Athletic Association council last year, being elected president of the W.A.A. for this year. She served on the house council last year and is president of East Hall this year. Eula Beth is serving for her second year on the Student Council, being secretary of the governing body this year. She is a student sponsor for the Delta Sigma fraternity. She has belonged to Mu Sigma, national music fraternity, since it was organized. She is associate editor of Reflector and society editor of George-Anne for 1941-42.

Pilcher Kemp, Statesboro, has been interested in music for his three years at Georgia Teachers College, being a member of the college chorus since he was a freshman. This year he is president of the Mu Sigma fraternity. Pilcher is a general science major. He was elected to serve as president of International Relations Club for 1941-42. Two weeks ago Pilcher was selected by the senior class and faculty to edit the Reflector, T.C.'s year book, for 1941-42.

Mervin Shivers, transferring to T.C. from Georgia Southwestern College, has been outstanding in speech work for the last two years. She is now president of the English Club, comprising all English majors and minors on the campus. Mervin has been associated with the Masquers, T.C.'s dramatic organization, since she has been on the campus, and is now secretary of that organization.

The biographies of these students will appear in the publication of the 1941-42 edition of Who's Who Among Students of American Universities and Colleges, which will be off the press in February.

JOHN DUNN

EULA BETH JONES

PILCHER KEMP

MERVIN SHIVERS

## Spring Dean's List Is Now Ready

The dean's list for the spring quarter and for the spring short term is listed as follows:

Freshmen—Women, Frances Turner 4.8; Jewell Willie 4.55.

Freshmen—Men, Marcus Bruner 4.7; Russell Green 5.3; Joe Oglesby 4.8.

Sophomores—Women, Christine Coleman 5.33; Shirley Corbin 4.67; Marilyn Durrence 5.2; Abbie Mann 5.1; Edwina Parrish 5.4; Myrtice Swinson 5.2.

Sophomores—Men, Charles Alford 5.4; Vernon Edwards 5; Jack Parrish 4.6; Floyd Turk 5.

Juniors—Women, Frances Harrison 4.67; Doris McGehee 4.67; Claire Mincey 4.67; Mary Murrehead 5.8; Mervin Shivers 4.67; Frusanna Sneed 5.1; Ellen Sumner 6; Louise Williams 4.6.

Juniors—Men, Jimmie Bunce 4.67; Ben Christie 4.67; Ren Christie 4.5; John Dunn 5.33; Edward Hulbert 4.67.

Seniors—Women, Fay Alderman 4.67; Mrs. Bessie Culbertson 4.5; Edith Davis 4.67; Emily Goff 4.67; Frances Hughes 6; Ella Cook Nease 5.33; Sara Perkins 6; Emolyn Rainey 5.33; Anna Rogers 4.57; Mrs. Ima C. Spier 5.71.

Seniors—Men, Chess Faircloth 4.67; Elbert Sanders 5.33; Charles Stanfield 6.

Spring Short Term—Women, Sadie Brantley 5; Mrs. Ruth Ogleby 6; Catherine Smith 5; Mrs. Irene Smith 5.

Spring Short Term—Men, M. C. Hursey 6; Maxwell Moss 6.

## Physical Improvements Listed On Teachers College Campus

Many improvements have been realized in our school since its establishment in 1908 as the First District A. & M. School.

Perhaps the first really great change came in 1924 when this First District A. and M. School was converted into the Georgia Normal School. In 1929 the name was changed to South Georgia Teachers College, and in 1939, by action of the Board of Regents, this institution became Georgia Teachers College.

The oldest buildings consist of the administration building, East, West, and Anderson Halls. Other structures added later include the gymnasium, the auditorium, and the Science Hall. More recent and very important additions to our campus are the \$60,000 Rosenwald Library, Sanford Hall, Lewis Hall, the \$80,000 laboratory school, the health cottage, the store and post office, the Sycamore apartments, college warehouses, farm buildings, a general garage, a deep well and a college-owned water system.

During the past several years many of the college structures have been remodeled, and every building except one has been repainted.

## Grads

## Science Department Notes Improvement

Just as the other various departments of our school show improvements, so does the science department of biological sciences, chemistry, farm life, physics and physical science. Due to the fact that most all of the equipment and requirements have been obtained in earlier years the actual development and improvements have been slow and few. Each year more material is added to the respective laboratories wherever it is needed.

One of the latest and perhaps the most important improvement in science is the agricultural department under the instruction of Mr. Pulliam. The object of this course is to get the future teachers better acquainted with the rural sections of Georgia.

The interest on the part of the students in the present science course is steadily growing each year. Up to the present year the classes have been exceedingly large but due to many difficulties in the situation of our state and nation the students have been forced to drop out of school.

## Y.W.C.A. Selects Popular Program

Spiritual? International relations? Girls, come to Y.W. in the auditorium every Wednesday night at 7:15 and when the questionnaires are given out by the Y.W.C.A. cabinet, you select the type of program that is most enjoyable and beneficial to you.

The musical program which was presented October 28th, consisted of vocal solos by Faye Lanier and Doris Wood. The devotional was given by Eula Beth Jones, and a piano solo by Jack Averitt.

Edwina Parrish, president of the Y.W.C.A., has charge of the international Relations program Wednesday night.

## Craft Hour Helps Students, Faculty

The Industrial Arts Department is providing the faculty members an opportunity to craft work in the Industrial Arts laboratory each Tuesday night.

The craft work includes work in wood, leather, clay, plastics, furniture repair and refinishing, and various others. This will not be a course, but instruction will be furnished by Mr. Colthorpe, Mr. Livingston, and students who are Industrial Arts majors.

So far 36 members of the faculty have agreed to do work that will be of interest to them.

Also started by the Industrial Arts Club is a Student Craft Hour which is held at 10 o'clock on Tuesday and Thursday. So far the response to this idea has been very slow. This opportunity provides the students a chance to make any article they care to make.

## A Plea!

### VESPER CHOIR NEEDS VOICES

The Vesper Choir is beginning to function in a big way this year.

The choir members enjoyed a hike last Saturday afternoon, and expect to sponsor numerous socials during this year.

Though we have had a sufficient number for a choir every Sunday night thus far, there is still room for more students and faculty members. We are sure there are quite a few good voices in the freshman class—yes, they were revealed during freshman dates. Come on, boys—girls, too, WE NEED YOU!

### AN OPEN LETTER

To Whom It May Concern:

We, students of Georgia Teachers College, feel it necessary to call upon you for aid in a matter which we feel affects not just us, not just the students of the University System, but you as well. This is a problem which calls forth the best that is in all of us for a fight for the rights of the institutions of the state which you support.

We copy here the effects we might expect from a suspension from the accredited list of the Southern Association of Colleges and Secondary Schools upon our college:

(1) Students who are enrolled in the University System will receive absolutely no credit on work taken; and diplomas received will be of much less value than diplomas from institutions on Accredited lists. This would be an incalculable loss to all students when securing jobs.

(2) Teachers receiving their degrees at our State colleges will not be accepted as teachers in other states. No high school in Georgia can employ teachers without credits from an Accredited College and still stay on their own accredited list.

(3) Students will be prevented from taking graduate work on the basis of degrees received in Georgia Colleges at any of the higher centers of learning, such as Harvard, Johns Hopkins Medical School, etc.

(4) Teachers in the University System will probably wake up to find that their salaries have been severely cut overnight. The Southern Association of Colleges and Secondary Schools is the last protection that teachers in colleges as well as high schools have from the dictatorial power of our governor.

(5) No student will be able to use two years of college credit obtained after we are dropped from accredited list to obtain a commission in the Army Air Corps or Naval Reserve.

(6) All Civil Service jobs require certain courses in a college of recognized standing. We would probably not even be allowed to take Civil Service examinations.

(7) The University CAA will probably be discontinued by the Government.

(8) If Georgia Teachers College is dropped from the Accredited list it has been estimated that the enrollment will decrease 50%.

### Feature

#### Sadie Hawkins Day Celebrated Nov. 6

Well, boys and girls, you'd better be touching up on your footwork because November 6th, two days ahead of Al Capps, Teachers College will observe Sadie Hawkins day with all the trimmings, including a mass foot race (girl chases boy), and a dance which will take place afterwards.

As we all know, Sadie Hawkins day originated in that famous comic strip town of Dogpatch and got its name from one of the more ancient female inhabitants of Dogpatch. Since that time it has gradually spread until it is observed on a great many of the college campuses of the United States. Here at T.C. the students don't want to get behind, so we too observe this memorable occasion.

The biggest thing about Sadie Hawkins day is the race (or chase) that takes place. All the boys gather at a little distance from the girls and at a given signal, both parties tear

out in all directions. When a girl catches "her man," he must accompany her to the dance which is to be held afterwards. Of course there may be a few planned "catches" during the race and perhaps a few "slip-ups," but of course that all adds to the excitement of the day.

So let's make this a big even and really have a Sadie Hawkins day that we'll all remember. After all—who knows how the student body may be paired off for the dance?

Just put on some skid-proof shoes, boys, and keep your eyes open.

### Students

Continued from page 1

over the Board of Regents. This is the only way they point out, in which the schools can save their accredited standing.

The determination of the students on each campus of the University System, according to their resolutions, is to fight to the finish to rid Georgia of the continual threat to her schools and to have a Board of Regents which is absolutely removed from any political interference.

### Danforth Society Is Organized

Monday evening of last week a group of students met at the home of Coach and Mrs. Smith on Savannah avenue and organized the Danforth Spiritual Society for Students. Carlton Stevens was elected president; Willie Hugh Hinley, vice-president, and Louise Townsend, secretary and treasurer. After the purposes and ideals of the club were

discussed and officers elected, Mrs. Smith served delightful refreshments.

The organization meets weekly, on Sunday afternoons from four until five, in the auditorium. Yesterday afternoon "What Is God" was discussed. All meetings are in the form of open forums.

When gossips behind their backs discuss

Our loyal friend and kin,  
We never stand idly by, not us—  
We hurry and join right in.

Greetings Alumni!

HOME-COMING! T.C. MEETS  
OGLETHORPE FRIDAY NIGHT

With many old grads back to witness the fray, T.C. will be against heavy odds to overcome a powerful Oglethorpe eleven. The fine defensive showing the Teachers made during the Erskine game with their backs against the goals and the much improved offensive play the Teachers have shown in practice this week, cause me to stick my neck out again in predicting the score—T.C. 7, Oglethorpe 0. No matter what the score may be we predict a fast, hard-fought game like the alumni have always seen on Home-coming games.

A few statistics on the T.C.-Erskine game shows that T.C. made three first downs to Erskine's five; Teachers gained 41 yards rushing, against Erskine's 128; T.C. threw 14 passes and completed three for 22 yards, while Erskine attempted 12 and completed one for 8 yards. The Teachers intercepted one pass and Erskine three; T.C. was penalized a total of 40 yards and Erskine 80 yards. The Teachers had a punting average of 29 yards compared to Erskine's 21 yards.

With the Bugger Daggers, Delta Sigs, Y.M.C.A. and Pi Nus entered in the intramural touch football competition the Deltas and the Pi Nus remain the only defeated teams before this column goes to press. The winner of the D.S.-Pi Nu fray on last Thursday will be on top. Keen competition has caused several injuries in the games and practices.

Grady Donaldson suffered a broken collarbone in the Delta Sig-Bugger Dagger game; Frank Olliff, center for Delta Sigs, suffered a cut and bruised eye in the same game, and "Shorty" Brannen ruined a dislocated shoulder in the same game. In practice "Muscles" Olliff collided with Harry Robertson, of the Delta Sigs, the latter receiving a broken collarbone.

# Blue Tide Battles Pretzels On Friday's Home-Coming Game

## Lights Go On At 8:00 For Second Game On Home Field

The fighting Blue Tide of Georgia Teachers College will battle the Stormy Pretzels from Oglethorpe on Home-Coming Day. The game will be played on the local field at 8:15 p. m. Since this will be Home-Coming for the Professors they will exert extra energy to make the day a success by a victory over Oglethorpe.

In the last appearance before the local fans the Blue Tide put up a scrappy fight against Erskine. Although defeated by Erskine 7 to 0 the boys gave a brilliant account of themselves. The Teachers had several breaks in the opening half of the game, but they were unable to cash in on them. Erskine's touchdown came as a result of a blocked punt.

So far this season several players have stood out in every game. Wayne Culbreth, a valuable cog in the team, has played almost every position on the line. Joe Feaster, whose brilliant playing has earned him a starting position at guard. John Dunn, another guard is a stand-out in stopping the line plays of the foes. The ends, "Red" Prosser and Pete Parrish, are proving themselves outstanding flankers. And in the backfield the fireworks of Cave and Gatewood have been the best.

Playing for Oglethorpe will be a former T.C. student. He is "Red" Ivey. Ivey has been the spark plug of the Oglethorpe team so far this season. He is a triple-threat back that will cause the Teachers plenty of trouble if he gets underway.

During the past week the Professors have been working with more vigor to put themselves in the best physical and mental shape for the game Friday night.

The probable starting lineup will be:

T.C.	Position	Oglethorpe
Parrish	LE	Link
Timms	LT	Hunter
Dunn	LG	Julian
Culbreth	C	Mockabee
Feaster	RG	Steele
Mize	RT	Timberlake
Prosser	RE	Roberts
Wireman	QB	Maman
Cave	HB	Ivey
Johnson	HB	House
Rogers	FB	Waller

## Delta Sig Takes Lead

In the intramural football league Delta Sigma took the lead after defeating a stubborn Pi Nu team 13 to 0.

The first game of the league was between Pi Nu and the Y. This game was an easy victory for Pi Nu 32 to 0. Then the Bugger-Daggers and Delta Sigs met in a hard fought game. The half ended scoreless and in the last half Delta scored three times to defeat a gallant Bugger-Dagger team, who threatened several times, 18 to 0. Bugger-Dagger forfeited to Pi Nu 1 to 0. Delta Sig swamped the Y 55 to 0. Y forfeited to the Bugger-Daggers and Delta Sigma defeated Pi Nu 13 to 0 in a hard fought game.

RALPH MIZE

Ralph Mize, junior, from Cave Springs, is completing his third year on the varsity at T.C. Ralph, despite his 210 pounds, is quite fast. And he uses his weight to throw some fine blocks. The opponents gain very little over his side of the line. Mize is a member of Iota Pi Nu and the Bachelors Club.

## Teachers Defeat Cochran, 14-6

Parrish and Gatewood  
Stars in Cochran Tilt

Georgia Teachers College defeated Middle Georgia College 14 to 6 Friday night. This put the Blue Tide in the win column for the first time this year. Despite the rain about 1,200 fans stayed throughout the game.

Immediately after the opening whistle the Professors blocked two successive punts, the last one being picked up by Pete Parrish, who had a clear field for the last 25 yards.

The second touchdown was made by Buddy Gatewood after a steady drive down the field.

Although the Teachers' line was outweighed, their rapid changing kept the MGC team in trouble the whole game.

Since the Cochran team was using a five-man line the Teachers stuck to straight football and did not try many passes. With the backs driving with more determination they were able to gain almost at will.

Outstanding for the Teachers were Parrish, Anglin, Dunn and Mize in the line, and Roger, Johnson, Cave and Gatewood in the back field.

The brain is a wonderful thing; it begins work as soon as you get up in the morning and doesn't stop until you get to school.

## SPORT LIGHTS

By DOROTHY GARNER

Girls, you really had some pep at the game Friday night and showed our boys that we were really for them. You kept it up until the end, too, and that means a lot to the players on the field.

The most popular thing at the football game was a dog. He continually had the girls in an uproar and practically demoralized our cheer leaders.

Softball practice has at last gotten under way, but there doesn't seem to be much interest. The so-called debts of Lewis Hall seem to really deserve that name this year.

Archery is continuing to become a popular sport on the campus. Why not have an archery club if there is enough interest shown? There is always room for improvement.

We've been given this column for girl's sports but as yet we haven't had much to write about. Let's have some action and have loads of sports news to fill up this column.

## .. Social News ..

MISS EULA BETH JONES

Society Editor

### DUX AND EPICUREAN

Outstanding among the quarter's events was the informal dance Saturday night given jointly by the Epicureans and the Dux Dominas.

In keeping with the season the Woman's Club room featured the theme of the decorations, a football motif. Goal posts were placed at each end—one bearing the Eppie colors (red and white) and the other bearing the Dux colors (yellow and white). Pennants and footballs were scattered over the walls.

Intermission was held at the home of Sara Alice Bradley. In the lighted back yard refreshments were served on a table carrying out the color schemes of both sororities.

Members and their dates were: Billie Turner and Curtis Lane, Sara Alice Bradley and Dudley Gatewood, Ouida Wyatt and Joe Ingram, Martha Wilma Simmons and G. C. Coleman, Frances Hughes and Cecil Olmstead, Jane Simpson and John Smith, Mr. and Mrs. Abie Green, Mr. and Mrs. Frank Hook, Mary T. Perry and John King, Mary Groover and Bill Lowe, Leila Wyatt and Hugh Marsh, Maxann Foy and Fain Martin, Helen Elder and Marion Jones, Virginia Perryman and Robert Morris, Eloise Hunt and Edwin Groover.

Sponsors: Mr. and Mrs. W. S. Hanner and W. S. Hanner Jr., Mr. and Mrs. E. L. Barnes, Miss Frances Deal and Joe Joyner.

Invited guests: Eula Beth Jones and Ed Mixon, Roger McMillan and Worth Greene, Katherine Ellison and O'Neal Cave.

This college has both junior and senior college divisions and possesses the virtues of each. It is co-educational with a student body of over 500.

### DELTA SIGMA

All of the Delta Sigmas and their dates had a great time at their cabaret dance Saturday night.

At the regular meeting Wednesday night all arrangements were made for the pledges to participate in home-coming.

Now for touch football news: We have defeated the Pi Nus, Bugger Daggers and the "Y" so far, and the prospects for another championship are at present very good.

### SIGMA GAMMA

The Sigma Gamma sorority met at the home of Mrs. Crouse Wednesday night. Definite plans for rush week were made and committees were appointed. We were glad to have Lillian Warner back with us after an absence of several weeks. Delicious refreshments were served by the hostess.

DAISY MAY LEAPHART,  
Reporter.

### DELTA LAMBDA DELTA

The Delta Lambda Delta sorority held its regular meeting Tuesday night in the parlor of East Hall. Plans for rush week were more fully developed. Faye Lanier and "Tag" Ellison acted as hostesses.

JUDY ODUM, Reporter.

### LAMBDA THETA CHI

The regular meeting of the Lambda Theta Chi was held in East Hall Wednesday night. Emily Cromley acted as hostess. Plans for coming rush week were made. Also the dance was discussed, the date being November 22nd. Everyone is looking forward to that night.

This college devotes its efforts exclusively to the preparation of teachers for Georgia schools. While the number of graduates from Teachers College has increased rapidly from year to year, the demand for their services has increased even more rapidly. Over eighty per cent of the degree graduates are teaching in Georgia.

## June Grads' Location Listed By Registrar

A complete list of June graduates for 1941 and their addresses at present has just been released from the office of the registrar. The list is as follows:

Aguirre, Edward Manzon, Cuba; Alderman, Maxie, teaching Chatham county system, Savannah, Ga.; Alderman, Fay, teaching, Leslie, Ga.; Alexander, Robert S., superintendent, Concord, Ga.; Bacon, Troy A. Jr., working in bank, Jacksonville, Fla.; Beasley, Carroll, (not working), Alto, Ga.; Blue, Edwin M., ?; Boddiford, George E. Jr., ?; Boswell, Elliott, ?; Bowden, Joy (Mrs. Gesmon Neville Jr.), Atlanta, Ga.; Bowen, Helen Eliz, teaching, Statesboro, Ga.; Bowen, Sara Cone, teaching, Eastman, Ga.; Boyd, Thelma Glisson, teaching, Collins, Ga.; Bradley, Courtney, teaching, Pembroke, Ga.; Breen, Frances (Mrs. Albert Green), not working, Statesboro, Ga.; Brinson, Miriam, teaching, Statesboro H. S., Statesboro, Ga.; Brown, Robert C., studying medicine, 1310 15th St., Augusta, Ga.; Byrd, Earl, army, Camp Wheeler, Ga.; Carroll, Robert C., army ?; Carruth, Edward, studying for ministry, Emory Univ., Atlanta, Ga.; Carruth, Carlton, Ga. Nevils school, Statesboro, Ga.; Zetterower, Sallie, Prin. See GRADS, page 3, col. 3

## With The Student Council

By BILLY DeLOACH

Our paramount interest at the present is the condition facing our college in relation to its being an accredited school. Along with other representative student bodies throughout our University System, we are making efforts to see that this issue is given proper attention and consideration by the state legislature. Much has been said and written about the existing state of affairs and it only remains for us to say this: We, as students, are more greatly affected by the action taken against our educational system than any other single group of people. It is therefore imperative that we make a stand which will regain for us an education from which we may justly gain the most benefit. That, simply, is the motive back of any action taken. We ask for your expression of opinion about this matter in the hope that a fair and more effective means of action will be developed.

Further on our business plans for Home-coming were discussed. Minor plans and detailed considerations occupied the remainder of the meeting.

BILLY DeLOACH.

The faculty of this college is composed of fifty men and women who hold their degrees from the leading colleges and universities of America.
