THE GEORGE-ANNE

PUBLISHED BY STUDENTS OF GEORGIA TEACHERS COLLEGE

WELCOME

FRESHMEN!

VOLUME 33

COLLEGEBO, GEORGIA, THURSDAY, SEPTEMBER 24, 1959

NUMBER 1

Dr. Henderson's Welcome to G.T.C.

It is always a pleasure to come to the beginning of another college year. One of the happy times in a student's life comes at the opening of a regular session. It gives the students an opportunity to greet and meet again the friends they have already made at college and it also is an inspiration to see the new students who in four years will become members of the Alumni Association of the college. Many of us, who remember our college days, can relive the wonderful experiences we had each year as we talked about the activities of the summer and as we planned the college activities for the fall. It is a real pleasure to welcome the new students as well as the ones who were here during the past few years to the 1959-60 college season.

There is a real spirit of growth existing at the college. During the past ten years the following new buildings have been constructed: completion of the Marvin Pittman Laboratory School, the Nursery School, Cone Hall, the new Physical Education Building, the President's Home, the Frank I. Williams Center, Charles H. Herty Classroom Building, and the college warehouse. With the two new buildings for which contracts have been awarded, the new Arts-Industry Building and the new Girls Dormitory, the total of new buildings comes to ten with an approximate cost of 3½ million dollars. This could not have been done without the combined efforts of the Governors, the members of the Board of Regents, and especially our own Regent, F. Everett Williams of Statesboro, the college faculty and staff, the students, and the wonderful people of the city of Statesboro.

While this has been going on for the physical plant the college has also made real strides in the development of its academic program. The scope of the college changed from that of a single purpose program with one primary offering to a multiple purpose program with the following degrees: Bachelor of Arts, Bachelor of Science in Recreation, and the Master of Education, with the first Masters degrees to be awarded at the August graduation, 1960.

Recently, while on a visit to the Frank I. Williams Center, three of the students who had just made their first visit to the building stopped me and said, "Now we have a building as good as any in the University System and it makes us feel that we do not have to apologize to anybody now concerning our college." This, I think, is typical of the way many people feel toward Georgia Teachers College.

Indications point to the fact that the enrollment this year will go over the 1,100 mark. If we had had adequate housing space possibly the fall quarter enrollment would have reached 1,300. As it is, most of the girls will be living with three to a room and in some instances with four to a room. This indicates that for many years ahead we must provide additional facilities in order to make it possible for many of our young people to receive a college education.

I appreciate this privilege of being able to welcome the new students and at the same time being able to say something about the work at the college.

ZACH S. HENDERSON, President,
Georgia Teachers College.

PRESIDENT ZACH HENDERSON is shown here at his desk in his office at Georgia Teachers College. Dr. Henderson has been president since 1948.

NOTICE!

The student Council wishes to notify those students having cars on campus who have not yet registered them should do so immediately. The deadline for applying stickers to cars is Monday, Sept. 28, 1959. The correct place for the sticker is the lower right side of the windshield.

GTC'S Building Program Nears Half-way Mark

A \$2,137,000 construction program at Georgia Teachers College has reached the half-way stage with two buildings completed, one nearing completion, one new under construction, and a fifth about to start.

Buildings completed include the Frank I. Williams Student Center and the warehouse.

The Williams Center was named after the late Frank I. Williams, father of First District Regent F. Everett Williams. It contains the college dining hall, the post office, book store, lounge, snack bar, and student organizational offices.

A warehouse was completed in June, 1957 at a cost of \$37,000. It houses under one roof all of the maintenance and operational supplies for the college.

The building nearing completion is the new classroom building that will house the science, business education, and home economics divisions. These three divisions now use classroom space in four different campus buildings. The approximate cost of the classroom building, to be named the Herty Building, is \$600,000 about the same as the Frank I. Williams Student Center.

Work recently began on the new Arts and Industry Building. The ultra-modern building will have 29,000 square feet. It will provide GTC with one of the finest centers for industrial education in the nation. The budget request for this building was for \$450,000.

Contracts were signed last week for the construction of a new \$450,000 160-capacity girls dormitory to be located southwest Lewis Hall. Women's housing is in the critical stage on the campus, and this new building will help relieve the situation for fall, 1960.

Rotary Student From Denmark Enrolls at GTC

Miss Elna Kofoed, 20-year-old student of Ronne, Denmark, arrived in Statesboro Sunday afternoon to enroll at Georgia Teachers College on registration day for a year's study under the joint sponsorship of the Statesboro, Swainsboro and McRae Rotary Clubs.

Miss Kofoed arrived in the United States on September 2 and divided her time in Georgia with the Swainsboro and McRae Rotary Clubs until she arrived here Sunday afternoon. Milton Carswell, president of the Swainsboro club, brought her over to the college Sunday afternoon.

The Rotary students is a native of Ronne, Denmark, which is located on the Island of Bornholm, a Danish island in the Baltic Sea. She is the daughter of Dr. and Mrs. Thor Kofoed. Dr. Kofoed is chief medical officer of the island.

Miss Kofoed is a graduate of the Danish "Gymnasium," which is the equivalent to an American junior college. She plans to be a librarian and will major in library science.

She was a special guest of the Statesboro Rotary Club Monday at noon at Mrs. Bryant's Kitchen.

Enrollment For Quarter Climbs To New Heights

The incomplete total enrollment figure for the Fall Quarter stands at 1174 undergraduates and graduates.

Of the total, 520 are men and 550 are women. Once again, the boys outnumber the girls. To accommodate the increase, four women are now rooming together in Lewis Hall. Also 12 girls are living together in the Health Cottage.

Enrollment by classes:			
Men	Women	Total	
Freshmen	137	168	305
Sophomores	108	138	246
Juniors	124	135	259
Seniors	151	114	265
	520	555	1075

Adding graduates and under-

Frank I. Williams Student Center To Open New Era of Expansion At GTC

A LARGE GROUP FROM STATESBORO AND VICINITY attend the open house at Georgia Teachers College's new Frank I. Williams Student Center Sunday, September 6. In the upper left picture is shown Mrs. Frank I. Williams, widow of the late Frank I. Williams of Statesboro, for whom the building is named. Next to Mrs. Williams is Mrs. Bob Pound, wife of the director of the new building. Center Mary Frances Monroe of Statesboro is serving Mrs. Charles Olliff Sr. and Mrs. H. P. Jones Sr. At right, Don O. McDougald of Statesboro's WWNS (with microphone) is interviewing Mr. J. H. Dewberry, director of the state board of regents' plant and business operations, and Mr. F. Everett Williams of Statesboro (at right) member of the state board of regents, and son of the late Frank I. Williams. Below left, Elder and Mrs. T. Roe Scott of Statesboro are greeted by Mrs. Frank I. Williams and Mrs. F. Everett Williams, as they enter the new building. At right, Dr. Ralph Tyson, dean of students at GTC, is shown greeting visitors in the dining hall. At left is Mrs. Marjorie Tyson.

Bd. of Regents Okays Renaming Of 3 Buildings

Three new names have been approved for buildings on the Georgia Teachers College campus by the State Board of Regents.

The new classroom building now under construction will be named for the late Dr. Charles H. Herty, a famous scientist. The girl's dormitories now known as East and West Halls, will be named after the late J. Randolph Anderson of Savannah, and for the late Albert M. Deal of Statesboro.

Dr. Herty revolutionized the naval stores industry with his invention of the Herty turpentine cup. He did his original experimenting on what is now the GTC campus.

He is credited with saving millions of trees and millions of dollars in the South. From the lofty Southern pines, Dr. Herty created white paper, stationery, books, and newspaper paper.

Although the Anderson Dining Hall, constructed in 1912, is soon to be razed upon completion of the Frank I. Williams Student Center, the name Anderson will be retained as the name of a girl's dormitory. Mr. Anderson was chairman of the Board of Trustees from the creation of the college until 1922.

West Hall has been renamed Deal Hall after the man who headed a group of Statesboro citizens who offered the original gift of 275 acres of land, \$25,000 in cash, and free electricity and water for 10 years. The school was then known as the First District A & M School, and had it not been for Mr. Deal, the institution would probably have been located elsewhere.

graduates the enrollment is 1162; 99 are Saturday and night school students, 83 of which are graduate students and 11 are undergraduates.

Last year at this time 1054 was the total enrollment.

Thirteen Additions Made To Faculty, Staff For 1959-60

A total of 13 additions were made to the faculty and staff of Georgia Teachers College for 1959-1960 were announced today by Dr. Zach S. Henderson, president of GTC.

Dr. George Harry Stopp will be associate professor of health and physical education. He previously was director of physical education at the Marvin Pittman School, located on the GTC campus, from 1951-54, and since then has been director of physical education for Greenville (S. C.) County.

Dr. Stopp holds the A. B. degree from Transylvania College, the Masters from Peabody College, and the Ed. D. degree from Indiana University.

Mr. Thomas M. Smith will be assistant professor of mathematics. A native of Chattahoochee, Florida, he has been with the University of Georgia extension division.

Mr. Smith received the A. B. and M. S. degrees from Emory University.

Miss Martha Emma Holmes will be assistant professor of business education. From Athens, she was last with the off-campus center at the University of Georgia.

Miss Holmes holds the B. B. A. and M. A. degrees in Business from Georgia.

Mrs. Virginia Kerr will also be an assistant professor of business education, replacing Mr. Parrish Blich, on leave for further study at the University of North Carolina.

Mrs. Kerr is a native of Birmingham and last taught at Abraham Baldwin College. She has both the B. S. and M. S. in education degrees from the University of Tennessee.

Mr. George Marvin Martin will

be assistant professor of industrial arts, replacing Mr. Edgar Godfrey, who will be on leave for further study at the University of Maryland.

Mr. Martin is from Augusta, and last taught in the public schools at McClenny, Florida. He received his B. S. degree from Georgia Teachers College, and M. A. degree from Murray State (Ky.) College.

Miss Dorothy Thomas will be assistant professor of music. From Milwaukee, she has taught at DePauw University in Greencastle, Indiana. She received her Bachelor of music and master of music degrees at DePauw.

Miss Elaine Jardine will be instructor of Home Economic at Marvin Pittman School. From Douglas, she is a graduate of G. S. C. W., and holds the masters degree from Pennsylvania State University.

Mr. Richard J. Mandes will be an instructor in English at Marvin Pittman, replacing Mr. Robert Overstreet, who will be assistant professor of English at GTC.

Mr. Mandes is from Brunswick, and holds the B. S. degree with a major in English from GTC.

Mr. Charles Robert Pound is the director of the new Frank I. Williams Student Center from Statesboro High School.

Mrs. Robert Benson of Statesboro will be secretary to Mr. Pound, and Mrs. Sarah Savage of Brooklet will operate the snack bar.

Miss Annette Dent of Douglas will replace Miss Queen Collins as secretary to the education division chairman. Miss Collins retired effective July 1.

Dr. A. B. Daniel of Statesboro will be school physician, replacing Dr. J. H. Whiteside, retired.

Two regular members of the faculty, on leave last year, will resume teaching duties for 1959-1960.

They are Miss Frieda Gernant, associate professor of fine arts; and Mr. Roy Powell, assistant professor of English. Miss Gernant has been attending Columbia University, and Mr. Powell has been in residence at the University of Missouri.

Corley Awarded Scholarship by GVT For Year

Robert A. Corley, of Covington, a senior mathematics major at Georgia Teachers College, has been awarded a \$450 scholarship for his senior year by the Georgia Volunteer Teacher Scholarship Plan, according to Mrs. S. C. Patterson executive secretary.

Corley, son of Mr. and Mrs. W. H. Corley Jr., of Route 4, Covington, attend Young Harris College before transferring to GTC last year.

The scholarship is provided by Mrs. Benton Gaines of Atlanta, and is part of the movement by the Georgia Volunteer Teacher Scholarship Plan to help provide more teachers for the state. The award "was made in recognition of Mr. Corley's outstanding record as a student and a leader and because of his interest in the teaching profession."

He has been business manager of both the George-Anne student newspaper and of the Reflector student annual since entering GTC.

Mr. Mandes is from Brunswick, and holds the B. S. degree with a major in English from GTC.

Mr. Charles Robert Pound is the director of the new Frank I. Williams Student Center from Statesboro High School.

Mrs. Robert Benson of Statesboro will be secretary to Mr. Pound, and Mrs. Sarah Savage of Brooklet will operate the snack bar.

Miss Annette Dent of Douglas will replace Miss Queen Collins as secretary to the education division chairman. Miss Collins retired effective July 1.

Dr. A. B. Daniel of Statesboro will be school physician, replacing Dr. J. H. Whiteside, retired.

Two regular members of the faculty, on leave last year, will resume teaching duties for 1959-1960.

They are Miss Frieda Gernant, associate professor of fine arts; and Mr. Roy Powell, assistant professor of English. Miss Gernant has been attending Columbia University, and Mr. Powell has been in residence at the University of Missouri.

Miss Dorothy Thomas will be assistant professor of music. From Milwaukee, she has taught at DePauw University in Greencastle, Indiana. She received her Bachelor of music and master of music degrees at DePauw.

Miss Elaine Jardine will be instructor of Home Economic at Marvin Pittman School. From Douglas, she is a graduate of G. S. C. W., and holds the masters degree from Pennsylvania State University.

Mr. Richard J. Mandes will be an instructor in English at Marvin Pittman, replacing Mr. Robert Overstreet, who will be assistant professor of English at GTC.

Mr. Mandes is from Brunswick, and holds the B. S. degree with a major in English from GTC.

Mr. Charles Robert Pound is the director of the new Frank I. Williams Student Center from Statesboro High School.

Mrs. Robert Benson of Statesboro will be secretary to Mr. Pound, and Mrs. Sarah Savage of Brooklet will operate the snack bar.

Miss Annette Dent of Douglas will replace Miss Queen Collins as secretary to the education division chairman. Miss Collins retired effective July 1.

Dr. A. B. Daniel of Statesboro will be school physician, replacing Dr. J. H. Whiteside, retired.

Two regular members of the faculty, on leave last year, will resume teaching duties for 1959-1960.

They are Miss Frieda Gernant, associate professor of fine arts; and Mr. Roy Powell, assistant professor of English. Miss Gernant has been attending Columbia University, and Mr. Powell has been in residence at the University of Missouri.

Center Named To Honor Late Frank Williams

"From observing the enthusiasm of college students who visited the Frank I. Williams Center late this summer, I believe the new building will help to build student morale at GTC," says Mr. C. Robert Pound, director of the Williams Center.

The building was named to honor the late Frank I. Williams, father of Regent Everett Williams, who for many years was a public servant to the people of Bulloch County and Southeast Georgia.

Fully air-conditioned, it houses a dining hall, the college store, the snack bar, recreation rooms, the post office, the film library and such student activity facilities as a student council room and newspaper and yearbook publication offices.

The Williams Center will be open each day from 7 a.m. until 10 p.m.

The dining hall meal schedules are as follows:

Breafast
Monday-Friday
7 a.m. until 7:30 a.m.
Saturday and Sunday
8 a.m. until 8:20 a.m.
Lunch
Monday-Friday
11:35 a.m. until 1:40 p.m.
Saturday
12 noon until 12:30 p.m.
Sunday
12:50 p.m. until 1:20 p.m.
Dinner
Monday-Thursday
5:15 p.m. until 6 p.m.
Friday and Saturday
5:15 p.m. until 5:45 p.m.
Sunday
5 p.m. until 5:30 p.m.

The weekly menus will be posted on the bulletin board by the dining hall entrance.

In order to prevent students standing in meal lines outdoors during bad weather, Mr. Pound suggests that the line be formed in the main floor corridor or along the back terrace.

The college store will be open between the hours of 8 a.m. and 12 noon and from 1 p.m. until 4:30. The snack bar will be opened from 8 a.m. until 5 p.m. and from 8 p.m. until 10 p.m. Monday through Friday, except on those nights when movies are shown and on those nights from 9:30 p.m. to 10:30 p.m.

The Williams Center personnel includes: Mr. C. Robert Pound, director; Mrs. Martha Benson, secretary to the director; Mrs. Sarah Savage, manager of the snack bar; Mrs. Lois Melton, dietitian; Mrs. Penny Allen and Mrs. Effie Parker, assistants to the dietitian; and Mrs. Marjorie Jones, manager of the book store.

Mail Schedule Listed

According to Mr. Z. L. Strange, Sr., postmaster, the incoming Monday through Friday mail schedule is as follows: The first mail is put up after 7:30 a.m. and the post office window will be open between 8 a.m. and 9 a.m. or after the mail is in the boxes. The second mail is at 3 p.m. and the window opens fifteen to thirty minutes after the mail arrives. The third mail is at 6:30 p.m. Only first class mail will be put up at this time.

Mail will leave the college at the following times: Monday through Friday at 3 p.m. when it will go to out to Macon, North Georgia and Western states; at 4:30 p.m. when it will go out to Savannah, Bulloch County and Eastern states; and at 6:30 p.m. when it goes out to all points.

On Sunday mornings the mail is put in the boxes between 8 a.m. and 9 a.m. It is picked up and delivered at 3 p.m.

On holidays there is only one pick-up and delivery at 3 p.m. The post office is open from 8 a.m. until 12 noon and from 1 p.m. until 5 p.m. Monday through Friday, except at the time when mail is being put in the boxes. On Saturdays the post office is open from 8 a.m. until

Welcome To Georgia Teachers College

Welcome to Georgia Teachers College!

For many of you, college life will be a new way of life. For others, it will be a renewal of friendships, classmates, classes, socials, and all of the events which make up life at Georgia Teachers College. For all, it will be a time of learning and gaining fond memories.

GTC has often been called the "friendly campus." This is due to the fact that the students here are anxious to make friends and welcome strangers and visitors to our campus.

The people here are a working people. Faculty and students work together in the classroom to gain an education, which may be shared with others. Organizations, clubs, and groups work to furnish varied programs of recreation, social activities, religious services, musical appreciation, and physical alertness.

For the freshman, college life may make or destroy him. The principle aim of college is to edu-

cate! Organizations, athletics, and social life are only a part of college. Classes and studying are the important components of college.

Don't misunderstand us. We are not criticizing extra-curricular activities; we are just trying to caution against joining too many organizations until you have had a chance to gain a little "book learning."

The faculty and staff at Georgia Teachers College are most considerate and kind to the students. They endeavor to meet each student on an individual basis and to get to know him as a friend.

However, the students need to participate in the various activities and try to make friends. Without your friendliness, this school will become unfriendly. Strive to make friends, and you will!

Again let us say "welcome," and invite you to make GTC, not only a "friendly campus," but the "most friendly campus."

Exit Bewilderment—Enter Assurance

Where are all the bewildered freshmen? Instead of a group of confused kids, tearing out all of their hair after their first week of college, we find a well informed group of staunch beginners. The reason for this organized air is the freshman's friend, Gamma Sigma Upsilon.

Gamma Sigma Upsilon is a service group, organized this past summer on Georgia Teachers College campus for the purpose of acting as student advisors for freshmen and new students.

During the summer, the members were sent names and addresses of new students, and on their own time wrote letters welcoming the new students to our campus. On Sunday, September 13, Gamma Sigma Upsilon held its first full meeting, and proceeded to greet new students personally as they arrived all through the afternoon, providing an air of congeniality and fulfilling our appellation as "the friendly campus."

During freshman week, Gamma Sigma Upsilon divided the complete class of new students into small groups, with five members assigned to each group. These leaders distributed the "little brown envelopes" and explained all the "whats and hows" in preparation for registration. During freshman registration, Gamma Sigma Upsilon was present to offer aid to any new student still suffering the inevitable difficulties of that necessary but hectic day.

Gamma Sigma Upsilon is good for our campus. It gives a favorable impression to the new students. It shouldn't be allowed to die out during the rest of the year, however. There are many duties on campus that it could perform, and if it is the responsible, service-minded group that it appears to be, it will grow in organization and strength, and prove to be quite beneficial to the campus.

Our Community Welcomes GTC Students

EDITORS NOTE: This editorial was reprinted from The Bulloch Herald.

On behalf of the citizens of Statesboro and Bulloch County, the editors of The Bulloch Herald say "Welcome" to you and you and you, all students of Georgia Teachers College.

Irma Morgan, Dean of Women, and Ralph Tyson, Dean of Students, add their welcome.

Dr. Jim Park, chairman of the Division of Education, calls GTC "the college with a purpose" and says "Welcome."

You sophomores, juniors and seniors are already familiar with Statesboro and know your way around. The community is happy that you are back with us.

Our special welcome is for the freshmen—those of you who come here from our neighboring counties, those of you who come here from far away counties and are new visitors in our community. We have a particular warm place in our hearts for you.

Many of you may be away from

home for the first time—that is, really away from home and father and mother. You may be finding the going a bit tough these first few days, but that will soon change. You'll find your classmates friendly. You'll find the upper classmen a little rough on you in accordance with the traditions of the college, but that is a part of college life about which you remember when you become a sophomore next year.

You'll find the church of your choice has a place for you and you'll find the people there have a warm heart and are anxious to help you.

And while we are saying welcome to the students of Georgia Teachers College we wish to extend a hearty greeting to the teachers of the college—especially to the thirteen additions to the faculty and staff who are here for their first year. The others are already a part of our community—some of them for many years.

Wanted Dead or Alive! Care For Center

The newest and most prized possession of Georgia Teachers College students and faculty is the Frank I. Williams Student Center. This lovely piece of architecture has been the main topic of conversation of both the old and the new students. Its beauty is an inspiration to all. On a whole, this building is increasing the student morale, and is of special significance because it offers such a splendid opportunity for gaining the most important possession of one's life, friends. However, one important fact must be remem-

bered—this building belongs to the students and it is their responsibility to keep it neat and attractive. Such things as snubbing cigarettes on the floor, sticking gum under the tables, and lounging on the furniture does not denote good character. Only a few "inconsiderates" are responsible for these things, and each student is asked to remind these few along with his other fellow students that the aim of each individual should be preservation of materials and not destruction of them.

LITTLE MAN ON CAMPUS

"WELL, I'M GLAD TO SEE THEY'VE FINALLY DONE SOMETHING TO SOLVE THE STUDENT PARKING PROBLEM."

-- Moore Or Less --

By WILLIS MOORE

"A man who wants to do something for his country can come up with a use for steak knives."—"Statistics on crossing accidents prove that locomotives are not afraid of automobiles."

Upper classmen have their ears to the ground lately... here is a bit of conversation caught—Coed: "Honey, can you drive with one hand?" Freshman: "Why sure!" Coed: "Then you'd better do it—your nose is running."

The usual procedure in the first issue of THE GEORGE-ANNE is to welcome all freshmen and new students alike, back to the "Sweetheart Campus." Doesn't it look good! It almost seems as if we are returning home. We renew old friendship, share fun together, make new friends, and meet the challenge of a new year together.

This new year does truly present a great challenge. We all have begun this year with a clean slate. Some of us desire an improvement over last year's record; some need an improvement but do not desire such. At any rate we are refreshed from a vacation from classes,

whether long or short, and it should be our goal to make the best of our ability.

To those of you whom we are sure never tasted college life, we offer this word to the wise. A major accomplishment for you will be self-discipline at an early stage. Do not make the mistake that takes so many from our college rolls—procrastination. It is easy to "do this tomorrow," but much wiser to "do it now!"

Even those old students might profit by a word of this nature. Remember that term paper you put off until the last week of last quarter? Then you had "everything piled up at one time." It happens much too frequently—lets make a change, surprise your professors—surprise yourself. College isn't too bad after all!

"Perhaps some of the women who wear ridiculous hats are just trying to avoid being conspicuous." COMIC DICTIONARY: "PUN—lowest form of humor—when someone else uses it."

Our word for the weak: "Some household problems cannot be eliminated; they keep running in and out all day."

GTC Freshmen Receive Royal Treatment Registering This Year

There was a time at many colleges and universities that a freshman or transfer student showed up to register and was strictly on his or her own. Little if any attempt was made to counsel or help the new student through the difficult first few weeks.

An indication of how much times have changed is in evidence this week at Georgia Teachers College, as about 250 new students go through the annual Freshman Orientation Week.

Dean of Students Dr. Ralph K. Tyson and Dean of Women Irma Morgan are being aided this year by 123 members of Gamma Sigma Upsilon and the Student Council in helping new students through the transition period between high school and college.

Gamma Sigma Upsilon is an outgrowth of the Big Sister and Big Brother ideas used in the past.

Testing and meetings aren't the only things on the schedule, either.

Following the opening of re-

sidence halls on Sunday, President Zach S. Henderson met the beginning freshman and their parents at an informal reception at the President's home.

On Monday evening, a barbecue and a dance sponsored by the Student National Education Association entertained the new group; and on Tuesday evening the City of Statesboro Recreation Department and the Chamber of Commerce held the annual "Welcome to Statesboro Dance" at the City Recreation Center.

During the rest of the week, the entertainment schedule included the annual Student-Faculty Reception, two movies, and two more dances.

Newly Organized GSU Fraternity Orients Students

By CARLTON HENDRIX

Gamma Sigma Upsilon the newly organized fraternity on campus with its membership of 119 upperclassmen were present for their first meeting at McGroan Auditorium Sunday, Sept. 13.

After the meeting had adjourned everyone knew his job and each set forth with determination to make freshman and transfer students feel welcomed by their new Alma-mater and to give them a clear insight of GTC's activities and environment.

Orientation week began with the usual amount of "hustle and bustle" of room registering and long faced parents helping "junior" and "sis" unload the family car. Gamma Sigma members were eagerly waiting at all registering centers so as to single out their "little brother and sisters" and help them with their problems and to assure them of a guiding light for dark days that might be ahead.

Freshman Orientation Week was organized with great care so as to present each phase of campus life and its activities. Dances were given by several organizations; a faculty reception took place in the New-Student Center; entrance test and orientation classes took place during the week. Even though the schedule was rigid and full of activities the boys still found time to casually walk over to Anderson Hall so as to make themselves known to the female tribe.

Gamma Sigma Upsilon has been needed organization for a long time. They are certainly an asset to the GTC student body and campus. Members of the Gamma Sigma Upsilon who participated in Orientation Week are:

Judy Achord, Dean Akins, Eleanor Alkridge, Embee Anderson, Sara Anderson, Sylvia Arlington, Betty Baab, Geraldine Bailey, Jerry Bennett, Vivian Blizard, Rebecca Boulineau, Susan Brandon, Dianne Brannen, Pam Brantley, Garie Brock, Norman Broadwell, Amelia Brown, Betty Jean Bryant, Joy Boule and Charlotte Burnsed.

Also, Milton Calloway, Ray Carpenter, James Chivers, Jessie Lou Clarke, Frances Clements, Bob Corley, George Allen Corley, David Cowart, Sandra Cox, Alice Ann Crawford, Lana Crawford, Josephine Dasher, Bea Gay Davis, Gall Deese, Treasure Dennis, Jean Dickerson, Catherine Dixon, Alvin DeWitt, and James Dowdy.

Also, Ellen Durham, Yvonne Durham, Barbara Eakin, Mary Charlie Ewing, Barbara Jane Exum, Carlton Gill, Anne Gowan, LaVerne Gregory, Pat Groover, Edwin Hale, Alice Jane Hardy, Mary Ann Harrell, Lane Hartley, Elaine Hartsfield, Elliot Harvard, Wilson Harvard, and Jeannette Hatcher.

Also, Carl Highsmith, Norman Jerrard, Carolyn Joyner, Gloria Kilgore, Janice King, Midge Lasky, Danalyn Lee, Joe Lindsey, Janet Lodesky, Donna Long, Miriam McClain, Jean McCrary, Jayne McCurdy, Mary McGregor, Martin McKie, Jr., Bill Mallard, Edward Martin, Judy Meeks, Maribeth Mikell, Barbara Mills, Martha Mitchell, Sandra Lee Mobley, and Pat Murphy.

Also, Juanda Newbern, Ric Osburn, Peggy Parks, Joyce Power, David Powers, Janet

At The

Editor's Desk

Possibly many of our new students and perhaps too some of our "old timers" at GTC, reading this year's first issue of the GEORGE-ANNE, are wondering how our campus weekly received its name.

When in the distant past a movement was begun to publish a school paper, there was much discussion pro and con as to a suitable title for the publication.

Such names as High Flyer, Times, Blue and White, etc., were suggested, but none of them to meet the approval of the student body. It was then suggested that, due to the educational nature of the school,

the paper should have a name representing both sexes on the campus. It was also suggested that, as the school was in Georgia, supported by the people of Georgia, and because the majority of students were Georgians, the paper should have a name pertaining to the state. It was found that the word Georgian could be divided into two names,

George-Anne, hence the paper was named George for the men and Anne for the women—THE GEORGE-ANNE.

The GEORGE-ANNE staff joins me this year in rolling out the "welcome mat" to all of our new students and faculty and we hope that everyone at GTC will make reading THE GEORGE-ANNE an enjoyable weekly experience.

For the convenience of those students who are busily packing their suitcases each Friday, we plan to have THE GEORGE-ANNE on the campus late Thursday afternoon or early Friday morning, so that they may travel home with you!

This year, as in the past, the staff will endeavor to present both the latest and most accurate news and to promote those activities that seek to make Collegeboro a better place in which to live.

We hope that THE GEORGE-ANNE will serve as a medium of expression for the entire student body, your student voice! Guest columns and letters to the editor containing constructive ideas, opinions, and criticisms are always welcome.

THE GEORGE-ANNE is your newspaper. Help us make it a paper to be proud of!

-- Rat Squeaks --

By PATSY GINN

From the first weeks of high school to the last days of our Senior year, we lowly Freshmen have been awaiting that golden era known as "college days." Well, at long last that hallowed time has arrived. But do we feel grown-up and dignified? Is our position one of responsibility and necessity? Why, heck no! We've learned the sad news that we are nothing but RATS!

Already those blood-thirsty Sophomores are looking over the new crop of rats and anticipating the thrill of running us through the rat race. Even now some of the upper classmen are saying, "Come here, Rat. I have a little task for you." And those horrible ugly little old "rat caps"—how in the world will we ever live with those things for a whole month? Fellow Rats, I imagine we'd better be learning!!

Yes, the coming days in the lives of all G. T. C. rats promise to be hectic, but I'll wager that this class of Freshmen will be the best sports ever to come through the entrance gates to the "friendly campus." During orientation week I've met basketball stars, tennis champions, scholastic geniuses, outstanding singers and dancers, state literary champs—you name it, our class has got it!

I've stuck my neck out, classmates, when I said we were going to be such good sports so I surely hope we will live up to build-up I gave us. It's a cinch that the Sophomores are going to keep us in hot water up to our necks, but the solution is simple—when you are up to your neck in hot water, do as the tea kettle does — Sing!

Leprecons

Something new and wonderful has happened to booties! Leprecons have lent their magic touch to make these the softest, lightest, gayest shoes ever designed for casual living. The fit is miraculous, the colors delightful. A fabulous find at a fabulous little price.

Miller's Highlights

As the 1959 baseball season slowly draws to a close, new faces as well as new heroes have brought nationwide attention to millions of baseball lovers. Fans will long remember the daring base-stealing of little Luis Aparicio, the pitching of Early Wynn, the bat of Tito Francona, and the one of baseball's all-time greats—Ted Williams.

It's been a great 20 years for the big guy, affectionally known as "The Thumper." Now in twilight of his career, and feeling his 41 years every day and in every game, Ted has accomplished some wonderful things since he came into the majors, a tall, spindly youngster whose powerful wrist snap revolutionized the art of hitting.

His .406 average of 1941 still stands as the last one to exceed .400; he has won the batting championship six times and the American League's Most Valuable Player Award twice. His lifetime average of .349 is the highest in a generation. Twice he went to war, twice he returned to pick up where he left off. Only last year his .328 average was good enough for his second straight batting title. His 492 home runs rank him fifth among all-time.

Injuries and service time have cost Ted the equivalent of six full seasons of his 20 with the Boston Red Sox. There is no telling what sort of hitting records he might compiled if he could have played those six seasons.

His "feud" with Boston baseball writers is famous but so is his charitable work with children. He started a building program for children virtually destined to remain crippled the rest of their lives. Today it has become a vast research and rehabilitation center for crippled children.

Now as his career draws to a close, fans will remember 1959 as the year Ted Williams virtually stopped hitting. Hampered by a pinched nerve in his shoulder since spring training, William's average has dropped to the .250 class, with only ten home runs and a meager 41 runs batted in. It's a shame to see one of the all-time greats of the game make his last season his worst one.

Perhaps next year "The Thumper" will return for he is a champion in more ways than one.

The George-Anne — Page 3

Collegeboro, Georgia, Thursday, September 24, 1959

for a beautiful healthy complexion, "MILI" is a must!

"The essential 1-minute prelude to your favorite make-up."

Let MILI's millions of breathing cells clean your skin this exciting new way! MILI's gentle vacuum-suction action miraculously deep-cleans as it stimulates the circulation—normalizing dry or oily skin—removing all traces of dirt, grease and make-up—loosening blackheads and whiteheads.

Recommended by dermatologists, MILI is ideal for problem skin. MILI dries in minutes... soap-free, bacteria-free... ready for your next 1-minute facial.

only \$1.00 MILI lasts, and lasts, and lasts.

Look for this display when you purchase your MILI at our cosmetic counter.

Fall Practice Starts For Baseball Squad

The Georgia Teachers College baseball squad opened fall practice on Tuesday with about 30 aspirants reporting to Coach J. I. Clements Jr.

Thirteen lettermen will return from last year's team that won 12 and lost 12. Only two regulars were lost—catcher and captain Ralph Berryhill, and outfielder Ben Benton.

Co-captains of the 1960 team will be pitcher Ray Mims of Augusta and third baseman Bill Mallard of Sardis. Both are seniors and have earned three varsity letters each at GTC.

Mims, a fireballing left-hander, struck out 18 Davidson College batters in a nine-inning game last season to set a new school record. He missed more than half of the year with a sore shoulder.

Mallard fell off at the bat last year following a .300 sophomore season, but his defensive play at the hot corner caused Coach Clements to label him "the best defensive third baseman in the 11 years I've coached here."

Fall practice will last two weeks. Coach Clements says "We won't do much hitting, but will concentrate on the fundamentals that we always miss out on in the spring because of the wet weather."

A prediction? Coach Clements says, "We potentially could have the best team we've ever had. We have more letterman and more outstanding freshmen than in a long time. We'll play a schedule of about 30 games against the toughest opponents available, but this year we should have the pitching staff to play a tough, crowded schedule."

Lettermen returning include: outfielders Bill Criscillis, Miller Finley, and Dan Stipe; catcher Wayne Smith; pitchers Ray Mims, Bo Altman, Clyde Miller, and Larry Moore; infielders Donald Lord, Bill Mallard, Red Robinson, Tom Moody, and the team's leading hitter (.302) John (Buzz) McMillan.

White Heads IM; Last Season's Winners Listed

By JOYCE RAHN

The physical education department, as before, heads the intramural activities, under the direction of Mr. Jess White. All college students are placed on an intramural team, to be published at a later date. The program uses a point system which was used last year. The sports for this program are divided into team and individual.

The winner or winners of these different activities are placed on a plaque, which the Intramural department purchased last year. The plaques are now in the Student Center. If you have not seen them go by and take a look. We think they are pretty.

The Intramural Awards night comes late in the spring quarter and since we didn't get to tell everyone who won what, I'm going to do that now. The Outstanding Participants were Joyce Rahn and Gordon Stallings; All Intramural Teams were Cardinals and Tigers. Archery went to Joyce Rahn, handball to Jimmy Oates, cross country to John Cravey, horseshoes to Gordon Stallings, golf to Joe Edwards and free throw shooting to Jane Strickland and Tom Moody. Table tennis singles went to Joyce Rahn and Donald Lord, badminton singles to Pattie Lancaster and Marion Shivers, paddle tennis singles to Lane Hartley and Gordon Stallings, and tennis singles to Deloris Glisson and Gordon Stallings.

Tennis doubles went to Judy McCloy and Kay Lovett, Jimmy Oates and Jack Willis; co-badminton (boy and girl) to Joyce Rahn and Gordon Stallings; co-shuffleboard to Marilyn Lancaster and James Shivers; and co-tennis to Billie Jean Barrow and Gordon Stallings. Touch football was won by the Tigers; Volleyball by the Cardinals and Bears; basketball by the Hawks and Bears; and softball by the Cardinals and Tigers.

RAY MIMS

Professor Teams Spread Our Fame

Georgia Teachers College basketball teams have certainly spread the fame of the college beyond the state of Georgia.

Examination of all-time athletic records recently disclosed the fact that GTC basketball teams have played four-year colleges and universities from 19 states and Canada.

GTC owns win over teams Indiana, Missouri, South Carolina, Oklahoma, Tennessee, Mississippi, Canada, Georgia, Alabama, Florida, Kentucky, Iowa, and Wisconsin.

Teams have also been played in losing efforts from states of from North Carolina, Arkansas, Louisiana, New York, Washington, Kansas, and Illinois.

Coaches Recruit Outstanding Men On Varsity teams

The GTC athletic department has recruited several outstanding freshmen athletes this fall.

Among them is Tracy Rivers, Omega, Junior College All-America at Brewton Parker College in both baseball (pitcher) and basketball (guard).

Others are J. E. Rowe, Fitzgerald and Brewton Parker, basketball guard; Ronnie Patton, Smith high of Atlanta, basketball; Bill Griffin, baseball shortstop from Richmond Academy in Augusta; Tommy Howland, baseball catcher from Richmond Academy; and Curtis Chambers, baseball catcher from Louisville, Kentucky.

Dunkel: Georgia, SMU

By DICK DUNKEL

They ought to save two of next Saturday's college football games for New Year's.

Harrassed Bowl promoters would give all their green stamps for a couple of matches like Oklahoma-Northwestern and LSU-TCU.

Oklahoma - Northwestern: The long awaited test of Sooner power versus Big Ten might. They stood third and tenth, respectively, in last year's Dunkel Ratings, and both covet the 1959 top. It's a topical lightning gaited Oklahoma unit. Northwestern has virtually the same team that beat Michigan, 55-24, and Ohio State, 21-0, last season. Last ratings: Oklahoma (108.2) 7 over Northwestern (101.0).

Louisiana State-Texas Christian: This one brings together the best—so far—in the SEC and SWC. LSU is currently No. 1 with rating of 113.4 TCU ranks eighth with 96.5. The rating difference, or par, is 17 in the Bengals' favor.

Iowa, Army, Wisconsin, Notre Dame, Ohio State and Auburn are other suspected bigwigs who will start Saturday. The last rating par which they set for themselves give Iowa 14 over California, Army 23 over Boston College, Wisconsin 24 over Stan-

ford, Notre Dame 10 over North Carolina, Ohio State 12 over Duke, and Auburn 10 over Tennessee.

The Dunkel system, a progressive index of difference by score, lets teams set their own ratings. The higher the rating has won in 70.6 percent of the 204 games, not counting ties, covered here to date.

Pars in other big games of this Saturday are:

MIDWEST — Illinois 4 over Indiana, Cincinnati 35 over Dayton, Michigan 7 over Missouri, Minnesota 17 over Nebraska, Mich. State 4 over Texas A & M.

SOUTH — Georgia 8 over Vanderbilt, Mississippi 8 over Kentucky, Florida 16 over Miss. State, Clemson 41 over Virginia, SMU 9 over Ga. Tech.

SOUTHWEST — Arkansas 11 over Okla. State, Maryland 4 over Texas, Alabama 7 over Houston, Arizona State 26 over Utah State, Texas Tech 3 over Oregon State.

COLLEGE FOOTBALL Dunkel's			
EXPLANATION: A Dunkel is a composite strength rating reflecting the season's record to date. It shows average scoring difference relative to rating of opponent. Example: If 50.0 team beat 100.0 team, the rating difference is 50.0. If 100.0 team, against opposition of relatively equal rating, the system has been continuous since its inception in 1929 by Dick Dunkel.

Music Go'round

By THELMA MALLARD

Music really goes 'round in the Music Department at GTC. I will take you on a small tour with the GTC Music division in each issue to let you see what's going on.

This week the band has had three rehearsals. Remember, the band meets at 3:30 p.m. every Monday, Wednesday, and Thursday. Mr. Fred Grumley, director, announced drum major and majorette try outs will be today (Friday, September 25). The band roster is: flutes: Thelma Mallard, Dreana Sealy, Dorothy Davis, Sandra Hilton; clarinets: Robert Murff, Shirley McCorkle, Floyd Williams, Amelia Brown, Beth Rigdon, Janice Pearce, Betty Biggers, and Mary Ewing; saxophones: Richard Baker, Judy Miller, and Reginald Jackson.

Cornets: Jack Willis, and Mary Ann Harrell; trumpets: Tommy Rogers, Denzil Sellers, Billy Martin, Thomas Fouché and Steve Wright; french horns:

Johnny Hathcock, Eliot Harvard, and Jack Myers; trombones: Ronald Harper and Guilford Prickett; baritones: Jim Brandon and Tommy Bowen; basses: Charlie Griffin, William Wood, Dugh Donald Pugh and David Powers; drums: Charlton Bennett, Mary Alice Chaney, Phoebe Kelly and Mary Weldon Hendrix.

The Philharmonic Choir, under the direction of Dr. Ronald J. Neil, meets on Tuesday at 3:30 p.m. and Thursday at 6:30 p.m. Don't forget and be on time.

There was a Music Education Club Party in the Music Building Wednesday at 7 p.m. and all of the faculty, music majors and minors had a very nice time. The officers of the Music Education Club are: president Jim Brandon; first vice-president Tommy Bowen; second vice-president Beth Rigdon; secretary Mary Frances Monroe; and treasurer Nancy Ellis.

Campus Weekly Grows Larger Along With GTC

The "new look" seems to be reaching all over our campus, even into the office of the student newspaper, the GEORGE-ANNE. Not only is the office new but the entire format of the paper has undergone a remodeling job. This year the GEORGE-ANNE will grow in size. The size of the pages will be the same as those of the county newspaper, the BULLOCK HERALD.

Why such a change? Many of our larger colleges are also switching their newspapers to larger sized sheets. More space will be available for news and with the larger enrollment at GTC this quarter, more newsworthy events are bound to happen.

Center Opens—

continued from page 1

12 noon and on Sundays the window is closed.

Casted To Be Rotated
The three display cases in the center will be rotated among those organizations and departments that wish to arrange exhibits. Interested persons should notify Mr. Pound and schedule a time.

At the present time the athletic department has a trophy and a general GTC sports exhibit on display.

Mr. Robert Pound is a 1937 GTC graduate. For 17 years he was a commission marketer for the Sinclair Refining Company in Statesboro. Prior to his present position as director of the center, Mr. Pound taught science at Southeast Bulloch High and Statesboro High Schools. He is married to the former Evelyn Matthews, also a GTC graduate.

Also, Janet Sikes, Diane Smith, Hazel Smith, Donald Snell, Claire Still, Ruth Story, Amanda Tanner, Annette Tanner, Sandra Taylor, Melba Thompson, Ted Tucker, Neve Deen Tyre, Gayle Veldink, Jeanne Walsh, Stacy Wells, Joe Williams, Bob Wilson, Walter Woodard, Gail Wright, James Fields, and Tom Latimer.

DISCRIMINATION?

A news item last week disclosed the following: A University of Georgia biologist, by Mississippi and out of Harvard, has been given a research grant totaling \$74,980 by the U. S. Department of Health, Education, and Welfare.

His project: "To make a study of the endocrine control of the sexual cycle of development of certain protozoa in the wood roach."

Why not study all the protozoa?

LOST AND FOUND

Lost: One child's golf putter at the Forest Heights Country Club. If found contact Mrs. Joe Robert Tillman at 4-2588.
