STATESBORO, GEORGIA, FRIDAY, MARCH 9, 1962

NUMBER 20

\$1,000 by Monday and they're ours! Picture above are Rusty Brown and his "Cellblock 7" Dixieland Band. The junior class is trying to sign this group to entertain at the "Old South Ball." They must sell \$1,000 worth of tickets by Monday to clinch the deal.

Bland Replaces Brannen On S. C.

Wayne Bland, Reidsville, will serve as acting president of the Georgia Southern College student council next quarter in the absence of Diane Brannen, who will be student teaching.

Miss Brannen said that Bland, who was elected vice-president of the council last year, will take the president's chair during quarter by virtue of the constitution.

The outgoing president said that Jack Dillon, treasurer, who will also be leaving this quarter, will have to be replaced.

She said that a reorganizing committee will be selected by Bland to cope with this and other problems next quarter.

Dixieland Band Planned For Ball

Plans have been made to sign the Dixieland band, "Rusty Brown and the Cell Block 7," as entertainment for the "Old South Ball" while tickets for the spring formal are now on sale, according to Ray Bowden, president of the junior class.

Bowden said that tickets went on sale this week in an effort to obtain \$1,000 needed by Monday for the signing of a contract with the "Cell Block 7." This means that at least 200 tickets must be sold by Monday before the Rusty Brown Group will sign the contract. Tickets are \$5 per couple. If signed, the group will present a four-hour dance and

show including dance music, comedy routines, vocals, and show tunes. The "Cellblock 7," which has appeared on the Ed Sullivan Show, and many of the country's most famous night clubs, has been described by several stars as "fabulous" and "barrels of fun."

They have appeared with such outstanding stars as Bob Hope, Robert Mitchum, Dale Robertson, Harry Belafonte, Mickey Rooney, Pat Boone, The 4 Lads, Tex Ritter, Dizzy Dean, Mickey Mantle, Fats Domino, Vic Damone, and many others. Here is a sample of some of the comments made about them:

BOB HOPE — "Crosby's not the only one who goes for Dixieland, these guys play great music and they're a very funny bunch too."

ED SULLIVAN — "wonderful entertainment for everyone. They're welcome back on my TV show whenever they can make it."

PAT BOONE — "Working with these guys was a ball. They're exciting and hilarious."

RICHARD BOONE — "What a bunch! They're simply too much. Great music, a lot of laughs and tremendous showmen."

BILLBOARD MAGAZINE — "Pandemonium reigns supreme here, though good Dixie evident. Group essays traditional melodies with frequent ad-libs. Vocals are pleasing, especially on St. James Infirmary. Good listening here."

DOWNBEAT MAGAZINE — "A happy romp just this side of jazz, often that side of pop. There are some high spirits here and some pretty fair blowing too. This is a ball to hear and must have been a ball to play."

The "Old South Ball" will be held on May 12 in the new Statesboro National Guard Armory. Tickets are now on sale in the lounge of the Frank L. Williams Center, and the dormitories.

Tickets are being sold in the dormitories by the following: Cone, Tommy Sanefur; Sanford, Sammy Prince; Anderson, June Wright; Deal, Barbara Blalock; Lewis, Jeanie Wells; and Mamie Veazey, Hilda Blanton.

April 15 Deadline For Applications For Scholarships

Students interested in applying for the Board of Regent's State Scholarships are required to submit applications by April 15, according to Dean Paul F. Carroll.

The Regent's scholarships, which are awarded on a yearly basis, are available to college students and high school seniors with the following qualifications:

The student must be able to show that he is a resident in the state of Georgia. He must be able to prove that, without scholarship aid, it would be difficult or impossible for him to attend an institution of the University System of Georgia.

He must present satisfactory evidence regarding his moral character and his standing in his community. Students in college must have an average placing them in the top 25% of their class. Those applying for entering freshman classes must have predicted first-year average grades at or above the 75 percentile according to formulas and data from the Regents' Office of Testing and Guidance.

Applicants will be interviewed to determine qualifications other than financial need and scholastic ability.

Readers desiring more information on this and prospective applicants, may write Dean Paul Carroll, Chairman, Committee on Regents' State Scholarship, Georgia Southern College, Statesboro, Georgia.

Theology Course To Be Offered During Quarter

A course in Christian theology will be offered at Georgia Southern during the 1962 spring quarter, according to Rev. W. T. Browne.

Rev. Browne said that this will be a non-credit course and will be a general survey of Christian thought from the first century to the present. Various ideas such as God, man, creation, salvation, and revelation, etc. will be considered and discussed.

Special emphasis will be given to contemporary world Christian thinking, and the relationship of empirical science and theology will be studied.

This course, sponsored by the Wesley Foundation, will be taught on Tuesdays and Thursdays in Room 3 of the Administration Building at 4 p.m.

Rockwell Gives Ind. Arts Award

The Statesboro Division of the Rockwell Manufacturing Corporation will present an industrial arts award to a student within the industrial arts field for scholarship, leadership, character, and service, according to Dr. Donald F. Hackett, chairman of the Arts and Industrial Arts Division of Georgia Southern College.

This award will be presented annually, according to Dr. Hackett. It is administered by the Rockwell Corporation and the faculty of the Industrial Education Department of Georgia Southern College.

New Registration Procedure For Next Quarter Announced

Representatives To Attend State SNEA Conclave

Georgia Southern College will be represented by students, faculty, and administration officials at the State Convention of the Student National Education to be held March 29-31, at Jekyll Island.

John Lindsey has been named state consultant for the SNEA. Denny Rushing, Statesboro, is the chairman of the Resolutions Committee. Chairman of the Revision of the Constitution Committee is Margaret Akridge, Sales City.

Dean Ralph K. Tyson is chairman of a panel which will hold a discussion concerning scholarship. Dr. Lloyd Toumey will be a speaker at the convention. Performances will be given by members of the GSC gymnastic team and music department representatives.

New officers were elected at the meeting held on March 6. Those elected were: Randall Bacon, Darien, president; Sandra Roberson, Odum, first vice president; Glynn Keebler, Odum, second vice president; Mary Alice Stewart, Lyons, secretary; Sam Jones, Lyons, treasurer; and Russell Burch, Cadwell, parliamentarian.

These new officers were installed at the meeting of March 6. They will serve as officers of the SNEA for the coming year.

Representatives from the GSC chapter of SNEA attended the Executive Council Meeting of the Student State GEA and FTA in Atlanta on Saturday, March 3 at the State Office Building Conference Building.

Those attending were: John Lindsey, sponsor; Denny Rushing, state president-elect; Margaret Akridge and Judy Chandler, Executive Board members.

Miscellany Copy Deadline Is Told; On Sale In May

Miscellany, the Ga. Southern College literary publication, will be on sale at about the middle of May, according to Roy F. Powell, faculty advisor.

Powell said that any students wishing to have compositions published in this magazine should submit manuscripts to him on or before March 23.

Miscellany is sponsored by a GSC literary organization which meets every other Monday night at 8 p.m. The meetings are sometimes held in the Frank I. Williams Center, and sometimes in the homes of the various members.

The group aims at promoting creative writing on the Georgia Southern campus. They publish poems, short stories, literary criticisms, and an occasional theme.

Red Cross Fund Drive To Begin Here March 20

The annual Red Cross fund drive will begin at GSC on March 20 and run through March 24 this year, according to Dean Ralph K. Tyson, campus coordinator.

Tyson said that he and Dr. George Stopp, of the health and physical education division will conduct the drive in an organized fashion aimed at giving every student the chance to contribute.

Gloria Bland and Joe Patti were named student co-chairmen of the venture. Patti will supervise collection in the men's dormitories and Bland will have charge of the women's.

Patti said that captains have been selected to be responsible for each dormitory and the day students. Each captain has chosen students as lieutenants to help in collecting.

When the drive swings into action, each lieutenant will cover his assigned wing asking for contributions.

GEORGIA SOUTHERN COLLEGE REGISTRATION PERMIT	
NAME	(Last) (First) (Middle)
All students will register at the W. S. Hanner Building under the following schedule: Those with	
White Permit Cards will register from	8:30 to 10:00
Green Permit Cards will register from	10:00 to 12:00
Blue Permit Cards will register from	1:00 to 2:30
Yellow Permit Cards will register from	2:30 to 4:00
Present this card to instructors who approve your class and leave it at the Registration Desk.	

This is a sample of the registration cards to be used next quarter as part of a new registration system at Georgia Southern. The cards will be sent to students through the mail and will eliminate the necessity of picking up the blue, course-schedule cards. (See accompanying story.)

Course Changes In Two Divisions Told

Course changes for the spring quarter in the divisions of industrial arts and physical education were announced this week by Dean Paul F. Carroll.

Thirteen changes will take place in the health and physical education schedule. The first eight named were changed because of conflicting with the class schedule of the graduate assistants in that department.

These are: Health 201C, fifth period, Monday and Wednesday,

cancelled; Physical Education 103A, first period, Monday, Wednesday and Friday, changed to seventh period, Monday, Wednesday and Friday.

Also, Physical Education 108, second period, Monday, Wednesday and Friday, cancelled; Physical Education 201A, first period, Tuesday, Thursday and Friday, changed to first period, Monday, Wednesday and Friday.

Also, Physical Education 201F, seventh period, Tuesday, Thursday and Friday, changed to seventh period, Tuesday, Wednesday, Thursday, Friday, Physical Education 203A, first period, Monday, Tuesday and Thursday, changed to second period, Monday, Tuesday and Thursday; Physical Education 206, seventh period, Monday, Wednesday and Friday, changed to eighth period, Monday, Wednesday and Friday.

The following classes will be scheduled as shown here instead of as shown on the printed schedule:

Physical Education 204, one hour credit, sixth period, Monday, Tuesday, Thursday, pool; Physical Education 243, two hours credit, first period, Monday through Thursday, Hanner Building.

Also Physical Education 301, five hours credit, third period, daily, Hanner Building; Physical Education 306, three hours credit, sixth period, daily, Hanner Building; Physical Education 352, five hours credit, fifth period, daily, Alumni Building; and Physical Education 402, five hours credit, third period, daily, Hanner Building.

The changes announced for the department of arts and industry are:

Cancel Industrial Arts 203, Descriptive Geometry and add Industrial Arts 200B, American Industry, third period. Also, change Industrial Arts 423, Education Methods from period three to four.

A new procedure to be followed at the spring quarter registration was announced this week by Dean Paul F. Carroll.

Registration of all students will be held in the W. S. Hanner Building Monday, March 19, between the hours of 8:30 a.m. and 12 noon and in the afternoon from 1 p.m. and 4 p.m.

Instead of by classes, as formerly, students will register under a schedule determined by the COLOR OF A REGISTRATION CARD, to be issued by the Registrar.

Sent Through Mail

The Registration Permit Card, a 3 x 5 card, which will be sent to the student with the quarterly report card, is printed in four colors. The front of the card has a place for the student's name and sets forth the registration schedule as follows: Students with White cards will register from 8:30 to 10 a.m.; Green from 10 to 12 noon; Blue, from 1 p.m. to 2:30; Yellow, from 2:30 to 4 p.m.

On the back of the Registration Permit Card are instructions for registration. The student will report for registration according to schedule as indicated by the Color of his Registration Permit Card; he will pick up a Quarter Schedule Card (Yellow Card), list the courses he plans to take, secure initiated approval of representatives of the Divisions on the Yellow Card, and present the Permit Card and the Quarter Schedule Card to the Registration Clerk at the Registration Desk.

The Year Schedule Card (blue card) which in previous registrations the student had to present for signature, will not be required. Students, however, wishing to see their Year Schedule Cards (blue cards) may get them at the Registration Desk and return them as all cards are finally checked.

To Be Distributed Evenly

Registration Permit Cards are to be distributed without specific design. The cards will be placed in the report envelopes indiscriminately, thus distributing the registration of approximately 1600 students evenly throughout the day, without regard to classification.

Seniors who must have specific required courses for graduation and who might anticipate closed classes or sections in some courses should contact the instructor of the course before leaving for spring holidays and request that a place in the course be reserved.

The new plan is an experiment, according to Dean Carroll, as another effort to improve registration procedures.

Students failing to receive Permit Cards for some reason through mail will secure the card from the Office of the Registrar on Monday morning, March 19.

Illegal Parking Most Frequent Offense Now

Illegal parking was the offense responsible for the greatest number of traffic fines levied on campus this quarter, according to Dr. Ralph K. Tyson, dean of students.

He said that a great number of \$2 fines were charged for

students parking in the visitor's zone and along the yellow lines. He said that a great number of \$5 fines were also charged for improper display of registration decals.

According to the traffic control regulations list, the rules concerning these two offenses are as follows: (1) "permits (decals) must be properly displayed by affixing to the right, lower inside, front windshield. Tape may not be utilized in affixing the decal." Instructions as to how the decals must be applied are printed on the backside of each one.

The following areas are reserved for faculty parking: (a) right side of the short street in front of the music building, (b) parking lot between the Williams Center and Herty Building, (c) area to right of McCroan Auditorium.

"Areas designated as general college parking areas are: (a) beyond the W. S. Hanner Building, (b) lot in front of and across access road to Carruth Building, (c) lot to right of health cottage, (d) lot between Deal Hall and the Marvin Pittman School."

Dean Tyson said that a complete list of traffic regulations is posted on bulletin boards.

Religious Frat. Organized Here

The GSC Student Ministerial Association, a religious fraternity, has been formed under the direction of Bill Flourney, chairman.

The purposes of this non-denominational fraternity are: To promote fellowship, to provide for the spiritual needs of the campus, to furnish church speakers on a rotary basis when the regular minister is ill or away, to present pianists to play at churches, and to form deputations to provide worship and recreation programs for younger groups.

All students at GSC, men and women, are eligible for membership if they show a willingness to promote Christian ministry and attend at least two consecutive meetings, Flourney stated.

Shown above is Walter Barry, chairman of the Red Cross drive in Bulloch County, as he addressed the students who will be working with him on the campus beginning March 20. These students will be soliciting funds in the dormitories for the American Red Cross beginning March 20 and running through the 24th. Joe Patti and Gloria Bland are acting as campus co-chairmen for the fund drive.

HERE IS Gabriel McNair explaining his art exhibit in the Carruth Building to two admirers. The exhibit is the result of four years of study in art at Georgia Southern. McNair is a senior art major. He hopes to do graduate work in this field and teach on the junior college or college level.

Rolling On The Road With The Team; A Picture Story Of The Away Games

FRAN FLORIAN, the Eagles' highest scorer, has a duet with Harry Werner as they grab some sleep between workouts. Would it be permissible to ask exactly what these two lads are dreaming about as the wheels of the bus cover miles of territory?

DURING HALFTIME at the Stetson game the Eagles gather around the Coach for directions of plays they'll use in the second half. Coach Scearce can be seen using a chalk and board to depict the exact positions the men will take. The strategy planned here worked until the waning minutes of the game when the "Hatters" rapidly overcame a six point lead to tie the game and push the activity into a five minute overtime.

AH, THIS IS THE LIFE! Bill Pickens catches a nap and rests his weary dogs on the college bus between destinations. Pickens deserved this rest as he worked hard enough in the games this season to bucket enough balls to be our second highest scorer.

PERSECUTION complex personified. Trainer "Doc" Horne considers himself the "lonely man." Trainers do the most work, but are never recognized, he says.

THIS IS the new way to place beds. It's much easier for reading in bed than the old fashioned style.

JUST WHAT this gentleman is doing is a quandry. Ask "Seventeen" what he was doing when this shot was taken and if it's easier to change a tire this way.

BILL PICKENS reaches for one of the baskets so he can pull it down. That way our team can reach it easily.

THE OLD SAYING GOES, "Two's company, three's a crowd," but four seems to be overdoing it or maybe it's just twice as much company. The whys, wherefores, etc. of how John Burton, Fran Florian, David Patton and Terry Grooms managed to end up in the same bed aren't known and who are we to ask questions.

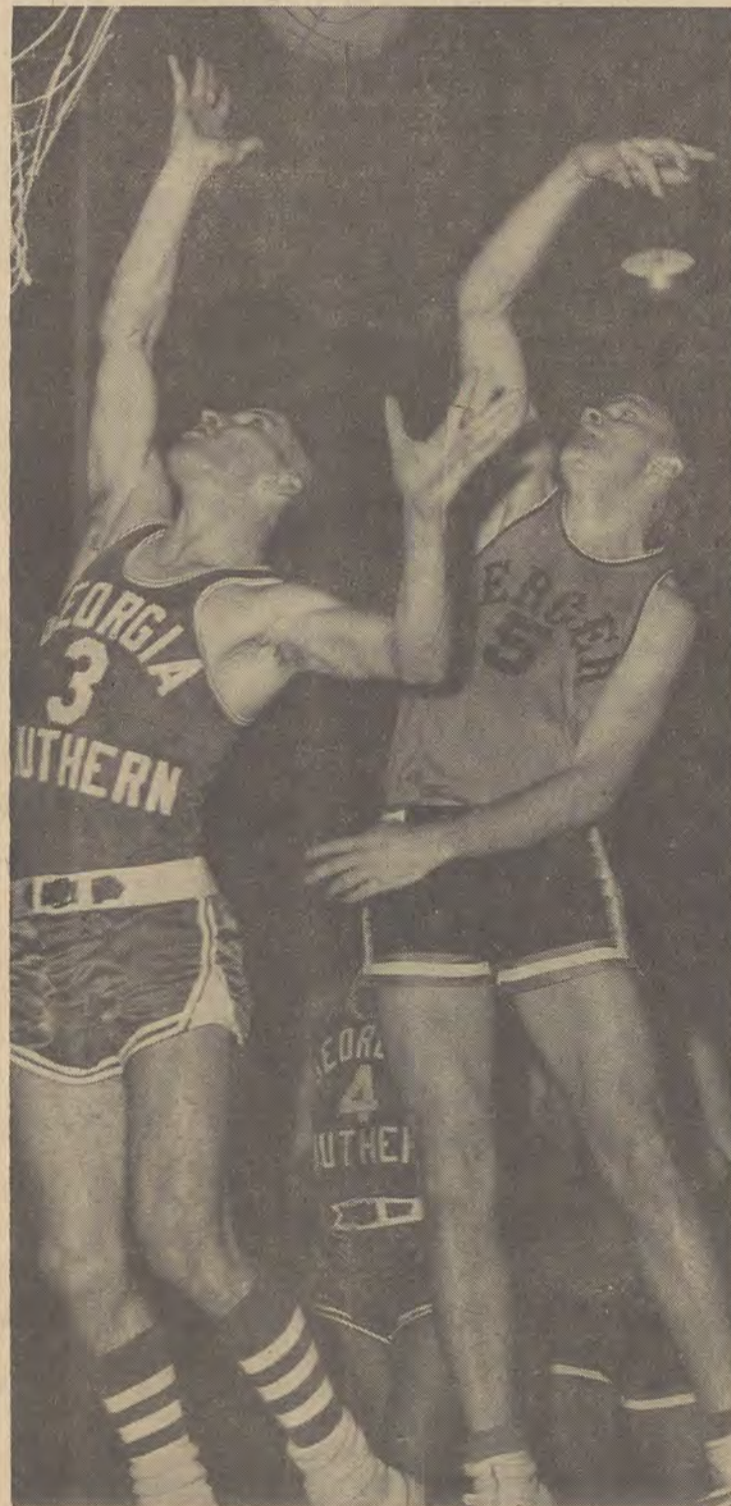

GEORGIA SOUTHERN CHEERLEADERS are shown backing the team in one of the road games this year. They attended approximately six of the games away from the home court and each time these vivacious coeds paid their own way since provision is not made in the budget to pay for the cheerleaders on road trips. In our book they rate as a group that this college can really be proud of and happy they represent us so well wherever they go.

"SEVENTEEN" HUMPHREY is one indispensable man on the Eagle squad. Without him in the driver's seat we wouldn't get anywhere.

COACH SCEARCE huddles with the Eagles with only one minute to go in the Stetson game and the score tied 70-70. All minds are in deep concentration searching for ways to pull the iron out of the fire for the home squad.

CAPTAIN DAVID PATTON reaches for a ball the same time as a Mercer opponent. Patton was one of the playmakers for the Eagles this season. He is the only senior leaving the team this year and was honored by the school on "David Patton Night." In the eyes of the student body there's no one finer than "Little David," who really sits tall in their estimation.

TENSION IS REFLECTED on the faces of the Eagles during the last two minutes of the Stetson game in the District 25 NAIA Tourney held in Atlanta. Coach Scearce is shown in natural ball game pose except when he disagrees with the referee's call.

FROM THE SUNNY SOUTH to the cold, frozen wastelands of Davidson, North Carolina, the Eagles traveled this year. Indulging in a snowball fight are: left to right, Harry "Chuck" Werner, Ronnie Patton, Terry Grooms and Chuck Bonovitch.

BIG MAN BILL PICKENS coaches J. B. Scearce and bus driver, Mr. Humphrey, on the correct way to change a tire. This change of positions came on a recent trip to Jacksonville, Florida.

Scoring WITH Scott

by Johnny Scott

STETSON, JACKSONVILLE STAGE UPSETS

The Stetson Hatters turned out to be the "Cinderella" team of the year as they defeated Jacksonville Saturday night to win the District 25 NAIA Playoffs in Atlanta, after knocking off Georgia Southern in overtime in the tourney's first round, 76-74. Jacksonville completed the upset-filled first round of the playoffs, which saw both of the top-seeded teams fall in defeat, by shocking Oglethorpe, 98-92.

WILT LEADS PROS

The talk of the basketball world lately seems to be centered on Wilt "The Stilt" Chamberlain, the seven foot, two inch star of the Philadelphia Warriors of the National Basketball Association. Wilt, who is currently leading the NBA in scoring at a record-breaking pace, literally set the league on its ear last week as he scored 100 points in a game against the New York Knickerbockers. En route to his record, he set three other league marks: 36 field goals, 31 points in one quarter, and 59 points in one half. This performance toppled Chamberlain's old record of 78 points, set earlier this season. So far this season, Wilt has scored a total of 3,865 points in 76 games, an average of 50.8 per game. With four games remaining on the Warriors' schedule, he is a virtual shoo-in to score 4,000 points for the season, another record.

BASEBALL BEGINS

Now that the major league clubs have opened their spring training campaigns, the national pastime has once again come to life. For the next eight months, the papers will fill their sports page with it — the spring training holdouts, the amazing salaries of the superstars, the predictions of the pennant winners, the rise and eventually the fall of the "flash in the pan" youngsters who show up every year, and finally the World Series. Will this season see another dramatic record-breaking performance such as the one staged by Roger Maris in 1961 as he blasted 61 home runs to break Babe Ruth's long-standing mark? What new stars will emerge this year, and how many of the old-timers will finally decide to call it quits? How will the new teams in the majors fare in their first campaign? For the answers to these questions, we'll turn on the TV, watch the sports page, and just wait and see.

SIGL Championships Slated For March 24

The Georgia Southern Eagles will be the host team for the Southern Intercollegiate Gymnastics League Championships on March 24 and will mark one of the most important sports events to come to GSC this year.

Six teams will be fielded in this meet, and over 60 boys from these schools will be in competition. The teams will include the University of Georgia, the University of Florida, Florida State University, Georgia Tech, The Citadel, and, of course, Coach Pat Yeager's Georgia Southern Eagles.

The history of this meet dates back eleven years ago in 1951 when the University of Maryland captured the first team championship in a meet held with Georgia Tech being

Flu Shot Drive Ends; More Than 270 Protected

Approximately 270 Georgia Southern students were inoculated last week and this week with Asian influenza vaccine as the student council's vaccination program comes to an end for this year.

Nurse Dorothy Wiggins at the health cottage said that no more of these shots, which were paid for in the student health fund, will be given until next year.

She said that students who showed up for the Flu preventing vaccine were divided by dormitories as follows: Cone Hall, 35; Sanford, 58; Anderson, 46; Deal, 41; Lewis, 35; Veazey, 69; and day students, 35.

LITTLE KNOWN FACTS FROM THE READERS DIGEST

Despite massive injections of U. S. aid, the island of Haiti remains imbedded in poverty and decay. A March Reader's Digest article notes that the island has received 45 million dollars in Point Four assistance and economic aid over the last ten years, plus 32 million dollars in loans. Still its average per capita income is only \$60 today, no more than it was ten years ago.

The art of the "wisecrack" may have been invented by a Greek named Phocion more than 2000 years ago, according to a March Reader's Digest article. When asked by his barber, "How would you like your hair trimmed?" Phocion replied: "In silence."

America keeps time with split-second accuracy thanks to the U. S. Naval Observatory in Washington, D. C. — official time-keeper for the nation. The March Reader's Digest says it performs its chronological chores with such accuracy that a watch with equal precision would be no more than one second off in 330 years.

Stetson Rolls By Ga. Southern In Overtime Tilt

The Stetson High-Hatters edged out the GSC Eagles by a mere two points to eliminate the Southern squad from the District 25 NAIA playoffs in Atlanta last Friday night. The regulation game ended with the score tied 70-70, and the Hatters then scored six points in the overtime while the Eagles could muster only four.

Throughout the first half the Hatters managed to hold the Florida team to a disadvantage of one or two points, but could never push the lead over four points. In the second half, however, the Eagles boosted their lead to nine points with eleven minutes to play.

A strong rally by Stetson cut the lead to six points at 1:45 minutes to go, and three consecutive baskets by Joel Hancock tied the game up at 70 all. In the overtime Stetson took the tip-off and put the Eagles to a disadvantage. With only a few seconds remaining the Eagles were down four points. Chuck Bonovitch tossed in the final basket of the game, but the Eagles were still two points shy of the 76 scored by Stetson.

Joel Hancock led all scorers for the night as he collected 27 points. Dalton Epling had 21 and Vern Waters added 17 for the Hatters.

Once again the one-two punch for the Eagles was Fran Florian with 23 and Bill Pickens with 21. John Burton had ten in the losing effort.

In the finals Stetson defeated Jacksonville and earned the privilege of representing District

Florian And Pickens Place On Journal All-State Teams

Eagle sharpshooter Fran Florian was named last week to the Atlanta Journal all-state first team. Averaging 21.5 points per outing during the regular season, Florian was the top scorer named to the all-state first team.

Others named to the first team were Allan Johnson and Chuck Adamek of the University of Georgia, Tommy Norwood of Oglethorpe, and Mike Tomason and Norwood are seniors and Adamek and Tomason are juniors. Florian is the only sophomore on the team.

GSC's freshman center Bill Pickens was named to the sec-

ond team and is the only freshman on either the first or second team. Along with Pickens on the second team are Morris Mitchell of Oglethorpe, Bruce Stroud of Piedmont, T. G. Guin of Shorter, and Josh Powell of Georgia Tech.

Georgia, Georgia Tech, Oglethorpe, and Southern placed two men on the all-state teams, but only Georgia Southern will have both members of the honorary team returning to the court for next season. Pickens is the only freshman on either team and Florian is the only sophomore on either team.

Florian led the Eagle team this year with a total of 589 points for an average of 21.5. Pickens, who was second with 513 points, became the first freshman in the history of Georgia Southern College to score over 500 points in a season. Pickens had a game average of 18.7.

Following in the scoring race was David Patton, senior captain of the Eagles, with 256 points. John Burton had 205

total points and Harry Werner added 164.

Burton, Pickens, and Florian were the only Eagles to participate in all 27 contests; David Patton played in 26 missing the second game with Georgia due to an injury. Werner saw action in 25 games.

Tennis Schedule Calls For Five Meets This Year

The newly formed tennis team at Georgia Southern becomes the fourth sport at GSC to go inter-collegiate as it begins its first season with five meets scheduled.

The schedule, calling for one home meet and four road meets, opens with a meet here with Oglethorpe April 14. On April 21 the tennis squad will face Valdosta State, on the 27 Ga. State, on the 28 Oglethorpe again, and the final meet will be May 4 against Mercer. The last four games will be played away.

Rotary Club Aids GSC In Meeting Nat'l. Loan Fund

The Statesboro Rotary Club presented a check to Georgia Southern College yesterday which will aid in obtaining the matching fund needed for the National Defense Education Act.

Information concerning this loan fund may be obtained by writing the office of the Dean of Students, Georgia Southern College.

Dr. Jack N. Averitt, president of the Rotary, Dr. Zach S. Henderson, president of Georgia Southern, and Mr. William Dewberry, comptroller were present.

According to Mr. William Dewberry, 265 students have been able to attend Georgia Southern as a result of this fund. "Only through such contributions as this one presented by the Rotary is the National Defense Fund available to us."

Students studying in the areas of science, mathematics, teacher education, and others are candidates for such loans. Money borrowed from the fund is repaid at a small interest rate beginning one year after the student graduates from college. If the student goes into the field of teaching, the total amount borrowed is discounted by 10 per cent each year for five years or a total of 50 per cent of the entire loan.

GSC Named Selective Service Testing Center

Georgia Southern College has been designated as a testing center for Selective Service College Qualification test, according to Dr. Ralph K. Tyson, director of testing.

The purpose of this program is to provide Selective Service local boards with evidence of the relative qualifications of registrants for college study. The Selective Service College Qualification Test is prepared by the Educational Testing Center of Princeton, N. J.

This test is scheduled for Tuesday, April 17, at Georgia Southern.

Those eligible must be a Selective Service registrant who intends to request occupational deferment as a student; must be satisfactorily pursuing a full-time college course, undergraduate or graduate (the applicant need not be in a four-year college, but must have an entire course of study satisfactory of transfer to a degree-granting institution).

High school graduates and others who are candidates for admission to their first year of college are not eligible. Eligibility comes when one has en-

rolled as a student upon their first years of college work.

All eligible registrants who wish to take the test should write for information to Dr. Ralph K. Tyson of Georgia Southern College, Statesboro, Ga., or to the Testing Center in Princeton, N. J.

Inquiring Reporter

By VIRGINIA BLACKMON

Last week's George-Anne wrote an editorial about installing lockers for day students. The Inquiring Reporter interviewed several students on the following questions: (1) Do you think the school should have lockers installed for day students? (2) How much rent should be charged? Here the results:

Amelia Sue Waters, Brooklet — "Yes. I think we need them. When books are left in the Student Center, they are often picked up by mistake. They would save a lot of extra steps. Cost should be based on the total amount for the lockers."

Beth Mason, Perry — "I think it would be a good idea. \$5 a quarter should be charged."

Johnny Drinkard, Lincolnton — "Yes. If the students leave books around it will clutter up the Student Center. The school should set up the rent by the amount the lockers cost."

Linda Gillis, Waycross — "No. Usually your classes are spaced so you will not need lockers. I think \$5 a quarter should be charged."

Faye Bennett Brannen, Statesboro — "I can't see much ad-

vantage in them because the lockers would be so far from your classes. If the lockers were put in the right places, they might be useful."

Martha Banes, Augusta — "I think they would be nice for the day students. I think they should charge 50c a quarter."

Linda Pittman, Augusta — "They would be good in one way and bad in another way. In high school there were always traffic jams in the halls. If one section of a building was set aside for this purpose, they would be useful. They should charge by the quarter. Rent should be \$1 plus a lock that the student has already bought."

Ann Jenkins, Thomson — "I think they would be an advantage to day students. It would help students on campus, but I don't think they are necessary. I think they should be rented for 50c a month."

George Thomas, Nahunta — "Yes. I think it would be advantageous to the day student who has to run out to his automobile to get his books between classes. I don't think rent should be more than \$1.50 a quarter."

Here is Harry Downs, associate director of guidance and testing of the Board of Regents, as he made the keynote address at the Counseling Interns Conference last Friday. His topic was "The Side That Shows."

Soroptimists Offer Scholarship; Applications Available On Campus

Applications may now be obtained for Soroptimist Fellowship of the Americas, Inc., fellowships for women for the year 1962-63, according to Dr. Ralph K. Tyson, chairman of Georgia

Southern College testing. They are available in the office of the Dean of Women, Georgia Southern College.

Stipends of \$2,000 are available for graduate work in fields that are concerned with the following objectives: service to society, love of country, participation in public affairs, advancement of the status of women, and contribution to international understanding.

The area of study may be any accredited graduate school in the U. S. The applicants must be deserving women students holding a Bachelor's degree from an accredited educational institution and an academic record of high achievement.

The application deadline is April 15 1962. Information and additional application forms may be obtained from and should be returned to Mary Ellen Pangle, Chairman, Pacific Region Fellowship Committee, 8213 West Boulevard, Inglewood, California, or from the Office of the Dean of Women, Georgia Southern College, Statesboro.

PICTURED ABOVE are the initiates and members of Kappa Phi Kappa, national honorary educational fraternity for men, as they appeared at a recent initiation ceremony. They are: seated (L-R) T. J. Lord, Wayne Bland, John Tyrone, and John Lindsey. Second row (L-R) Randall Bacon, the six initiates—Mack Summers, Wilbur Curry, Dr. Starr Miller, Charles Cartwright, Jerry Smith, and Wayne Ellis, Russell Burch and Rod Medders.

Sinfonia Initiates Eight Men Into Music Fraternity

Eight GSC men became brothers of Phi Mu Alpha Sinfonia fraternity last Friday following a five-week pledge period, according to Sammy Prince, president of the local chapter.

The eight men who were recently initiated into the national professional music fraternity include: Ralph (Sonny) Lane, Brunswick; Gary Fouche, St. Simons Island; Clark Weeks, McRae; Wendell Lewis, Jacksonville, Fla.; Mike Lindsey, Washington; Alex Boatwright, Washington; Jimmy Chesnut, Tifton; and Joe Biddy, Tifton.

The eight new brothers were invited to pledge on January 21, and since that time, have fulfilled all obligations necessary to become a brother, Prince stated.

The Zeta Omicron chapter of Phi Mu Alpha holds pledge classes twice per year, usually during the fall and winter quarters. Prince said that students become pledges by invitation only.

Hackett Named To Nat'l I.A. Com.

Dr. Donald F. Hackett of the Georgia Southern College IA division was appointed one of seven U. S. Educators to a national Public Relations Committee of the American Industrial Arts Association this week, according to Dr. Robert Swanson, vice-president. Swanson said that Dr. Hackett would be responsible for interpreting industrial arts in a 12-state area.

Dr. Hackett is Professor of Industrial Education and as a member of the Georgia Council on Education for Industry he worked with this committee of industrialists and educators to study and to make recommendations on education in an industrial society.

He has published several magazine articles and has authored and co-authored industrial arts publications for the Georgia State Department of Education. In his work in interpreting industrial arts as a member of the Public Relations Committee, Dr. Hackett will be coordinating information on modern day industrial arts programs received from both local and national sources.
