Campus Streets Receive Official Names, Markers

The campus streets became the focal point of construction work during the first summer session as paving was completed and signs were erected giving them their official "new" names.

A Student Congress committee headed by Miss Frances Dell, Waycross, worked on the project of naming the streets, and markers and directional signs were erected by Charles Johnson, plant engineer, at each major intersection.

All streets and their names are as follows: The driveway leading to the campus from U. S. Highway 301 and around Sweetheart Circle is called Southern Drive; the street extending from Sweetheart Circle in front of Cone Hall and the Hanner Building is named Herty Drive; the road in front of the president's home extending to back campus is called Georgia Drive; the street extending from between Lewis and Deal Halls behind the Alumni Building (old gym) and the Student Center is Lake Drive.

The road in front of the Joseph Carruth Building is called Congress Street; the street on the far side of the Carruth Building is named Forest Drive; and the driveway from Lake Drive to the Marvin Pittman School is called Pittman Circle.

GSC Receives Loan Program Allotment for '63

Georgia Southern has received its 1963-64 Student Loan Program allotment for \$87,000 under the authority of the National Defense Education Act, according to Dr. Zach S. Henderson, president.

The allotment will be received by the college in three sums throughout the year: August, 1963, \$42,494; December, 1963, \$22,253; February, 1964, \$22,253.

A one-ninth matching fund must be presented by GSC to each of the respective totals which will mean that \$9,666.67 will be raised by the school during the next six months, according to William Dewberry, comptroller.

Approximately 104 students will be provided a chance to obtain a college education through this loan program. Preference is given to students planning to teach and those majoring in science, math, and French.

Applications for any given quarter must be filed 30 days prior to the beginning of that quarter, and the ability of the student and his need are the critical factors considered.

CAMPUS STREETS NAMED

Street Signs are blue, white.

'WELCOME ASSEMBLY' IS TODAY

City, college, and clerical officials will participate in a "Welcome Assembly" for some possibly sleepy-eyed freshmen in McCroan Auditorium this morning beginning at 8:30.

Speakers include the Rev. Gilbert Ramsey, Statesboro Mayor W. A. Bowen, Dr. Zach S. Henderson, president of the college; and Don Westberry, president of the GSC Student Congress.

Also to be introduced are Paul F. Carroll, dean of the college; William Dewberry, comptroller; Lloyd Joyner, registrar; Richard Mandes, director of public relations; Carolyn C. Gettys, dean of women; Dr. Ralph K. Tyson, dean of students; and W. H. Holcomb, dean of men.

The program for the rest of the day will include the new students meeting with their student advisors at 11 a.m. and after a break for lunch, they will again assemble in McCroan for a conference with their faculty advisors at 2 p.m.

The remainder of the afternoon and night has been designated as "free time," and students may tour the campus or "get acquainted" with their new colleagues.

Approximately 528 freshmen officially launched their college careers with yesterday's arrival here and will spend the next four days "getting to know" GSC.

The college's annual freshman orientation week begins this morning with an 8:30 assembly in McCroan Auditorium.

The assembly will be followed by an orientation preview and a session on registration directions, also held in the auditorium. At 11:30 a.m. the new "Southerners" will meet with their student advisors.

There will be a break for lunch with the frosh due in McCroan again at 2 p.m. From there they'll meet with their faculty advisors until 4:30 this afternoon.

The rest of the day and night

Gov. and Mrs. Sanders Will Dedicate New Dormitories

'Open House Set; Facilities House Juniors, Seniors

Brannen and Hendricks Halls, GSC's new twin dormitories, will be open for upperclassmen this quarter and will be officially dedicated by Gov. and Mrs. Carl E. Sanders on Sunday, Oct. 13, according to Dr. Zach S. Henderson, president of the college.

Dr. Henderson also said that an "open house" will be held in both dorms following the dedication ceremonies, and he expressed hope that the paving work behind the two facilities would be complete by that date.

He added that as of Sept. 3 a total of 528 freshmen had been accepted for fall quarter studies here, and that the overall enrollment was expected to reach an all-time high of 2,300 students, many of whom will be occupying facilities off campus.

Each dorm will house two students to a room and will accommodate 150. Brannen will be occupied by junior and senior men. Hendricks will house junior women.

On Schedule

Construction of the residence halls was begun in the spring of 1962 by Rives-Worrell Construction Company of Savannah, and despite the fact that construction was temporarily interrupted by an area-wide carpenter's strike early last fall, the dorms will be opening on schedule.

Early last spring, the new residence halls were named for two of Bulloch County's outstanding citizens. The women's dorm was named for Dr. J. Walter Hendricks, a past president of Georgia Southern; and the men's residence hall was named for Harvey D. Brannen, a Statesboro attorney and former member of the state legislature.

Plans Approved

Dr. Henderson went on to say that plans were recently approved for an addition to the Rosenwald Library and a new classroom building.

The library annex, which will

(Continued on Page 3)

NEW WOMEN'S DORMITORY HOUSES 150

Library, F. I. Williams Center Release Schedules For Fall

The schedules for operating hours of the library and the Frank I. Williams Center have been announced for orientation week and fall quarter by Miss Hassie McElveen, librarian, and C. R. Pound, director of the Student Center.

Until classes begin the library will be open Monday through Friday from 8 a.m. 'til 4 p.m. Starting Sept. 23, the library will operate on its full-time schedule and will be open Monday through Thursday from 7:45 'til 10 p.m. The library will close one hour earlier on Fridays.

The library will open on Saturday at 8:30 a.m. and will close at 5 p.m. Exceptions will be Nov. 30 and Dec. 7 when the hours will be from 7:45 a.m. 'til 9 p.m.

The dining hall will open for breakfast from 7 'til 8 a.m., lunch from 12 'til 1:15 p.m., and dinner from 5 'til 6:30 p.m. during orientation week. The Saturday schedule calls for breakfast from 8-8:30 a.m., lunch from 12-1:15 p.m. and dinner from 5-6 p.m.

The regular fall quarter timetable will include breakfast from 7 'til 8 a.m., lunch from 11:30 'til 1:15 p.m., and dinner from 5 'til 6:30 p.m.

Pound said that only those students who have 12 or 1 p.m. classes will be permitted to eat at 11:30, and they must have special permits in order to do so.

The snack bar will be open from 7:30 a.m. 'til 10:45 p.m. on weekdays and will close at noon on Saturdays.

The bookstore will be open from 8:30 a.m. 'til 4:30 p.m. on Monday through Friday and will close on Saturday at noon.

Pound also said that all regular scheduled texts will be sold in rooms 104 and 106 of the Student Center, and all paperbacks and outside reading will be sold in the bookstore.

Conference rooms will not be used for individual study rooms for students this year, but they will be confined to committee and club meetings.

Orientation Program Begins Today

A TYPICAL RAT DAY POSE FOR FRESHMEN
It's Coming Again Soon, So Take Heed and Beware

have been reserved as "free time" for those who'd like to inspect the campus and meet their new classmates.

Tomorrow

Tomorrow morning will see more sessions with faculty advisors plus class registration from 9-12 in the W. S. Hanner Building (new gym). See registration story on page 6.

Tomorrow's activities will be climaxed by the annual "Welcome To Statesboro Dance" which will be held in the Alumni Building from 8 to 11 p.m.

Wednesday

Wednesday morning freshmen will meet with John Cole, assistant dean of men, at the Marvin Pittman School Auditorium to

House Directors Ready For Frosh

Four newly appointed house directors are experiencing their our brand of orientation this week as they greet their new "charges" at GSC for the first time.

The women were appointed by President Zach S. Henderson. Their positions were created with the opening of Brannen and Hendricks Halls and the retirement of two former house directors.

Mrs. Jane T. Morgan, a native of Whigham and former house director at the Piedmont School of Nursing, will be in charge of Deal Hall.

Mrs. Morgan is also a former manager of an Akin, S. C. dress shop. She has one daughter, Mrs. Bob Martin of Conway, S. C. Her husband is deceased. She replaces Mrs. Archie Jackson at Deal. Mrs. Jackson has been transferred to Hendricks Hall.

Freshmen men will be living in Sanford Hall this year under Mrs. Inez George of Waycross. Mrs. George has been active in church work there. She has one daughter. The late Mrs. Cleo Franklin, former Sanford director, retired last spring.

Mrs. Maude Davis replaced Mrs. Franklin last summer and is now serving as director of Cone Hall. Mrs. Davis, a native of Tifton, is a member of the Baptist Church, past president of the American Legion Auxiliary, and past president of several PTA's. Mrs. Davis has four sons.

Mrs. Alethia Rogers Bates is ready for the opening of Brannen Hall. Mrs. Bates hails from Bainbridge and was formerly a resident of Claxton. She is past president of the Bainbridge Garden Club, and has been active in PTA and church work.

Other house directors for the current term include: Mrs. Reba Duggan, Anderson Hall; Mrs. Frances Hinson, Lewis Hall; and Mrs. Mary Kate Evans, Mamie Veazey Hall.

Approximately 60 "house supervisors" will be in charge of off-campus students as provided in the new "off-campus housing plan." (See story on page 3.)

**CONGRESS
PRESIDENT**

Donald Westberry, a senior from Odum, will serve this year as GSC's Student Congress president. A social science major, Westberry was elected in the annual campus elections last spring. He was also president of the junior class, a member of Alpha Gamma Pi, freshman honorary fraternity, and SNEA.

Janice Allen Wins Minkovitz Scholarship

The 1963-64 H. Minkovitz and Sons Scholarship has been awarded to Miss Janice Allen, a Southeast Bulloch High School senior. Miss Allen, the daughter of Mr. and Mrs. M. H. Allen of Route 1, Statesboro, will enter Georgia Southern this fall and plans to study history.

During her high school career, Miss Allen was a member of the Beta Club, library assistant's club, and was art editor for the "Southeast Messenger," the high school newspaper. In 1962, she was awarded the University of Georgia Certificate of Merit in recognition of outstanding scholastic achievement for three years of high school work.

In addition to these achievements, she has been listed on every honor's day program at Southeast Bulloch since 1959. As a finale to her high school record, she was named STAR student of her school and was chosen "Miss Senior."

will be introduced by W. A. Knox, past president, GSBA.

Throughout the conference, various concerning current education issues will be used for panel discussions. Group discussions will develop many themes including "Effective Communications," "The School Dropout Problem," and "School Board - Superintendent - Teacher Relations." Outstanding persons such as W. A. Knox, J. W. McAllister, and Mrs. Bernice McCullar will serve as moderators and stimulators.

Closing out this annual meeting will be the Georgia-Alabama football quest. All those registering for the conference will be special guests at this event.

Tyson Chairman At Convention

Dr. Ralph K. Tyson, dean of students and director of testing at Georgia Southern, has been appointed chairman of the Evaluation Committee for the 12th annual convention of the Georgia School Boards Association.

This annual meeting will be held in the Center for Continuing Education in Athens, September 19-21, 1963. The committee will study the three-day meeting in order to advise the coordinators on ways and means of better planning for the 1964 conference.

Highlighting the annual affair will be an address by Gov. Carl Sanders on Sept. 20, at a banquet meeting in the Continuing Education Center. Gov. Sanders

Pulchritude Department

A Bevy of Beauties headed by Miss Dianne Woods, "Miss GSC," center, was selected at the annual Beauty Revue at Homecoming last winter. Miss Woods, who hails from St. Simons, is flanked left to right by second runner-up Miss Kathy Argust of Savannah, Miss Linda Bell, first runner-up, Lyons; Miss Martha Jane Barton, third runner-up, Savannah; and Miss Linda Gassaway, fourth runner-up, Hinesville.

Candidly Speaking

By HOYT CANADY, Editor

Some 500 freshmen will receive their first taste of "college life" this morning as orientation gets underway in full swing. There will be testing, receptions, new friends, dances, and more testing; then classes will officially begin, and the new students will get their first "bite" of the academic apple at GSC.

However, that first taste of campus life is not always the easiest for freshmen to digest. In fact, some may find it bitter, and want no further part of it. Others will devour their first helping, and jump headlong into the main course before they realize what they're doing. Still others will take things in stride, and to avoid academic indigestion will wait till they finish the first bite before they take the second.

Let's take a closer examination of these three types of students. The first type could represent two different people, one who had false imaginations about college life and whose first impression of that life has turned out to be disappointing; the other could be the student who came to the campus uncertain of his goals or future plans, and his first glimpse reveals that college isn't for him.

For these students a period of adjusting would be in order. While their first look at "college life" may not be exactly what they had in mind, there is still time to adjust to the environment around them and develop definite ideas of what they want from a college education.

At the end of the quarter or the first year, if they find themselves still without purpose or still unsatisfied, these students usually are the ones who either transfer to some other institution or drop out of school completely.

The second group, though they may have a wealth of good intentions, sometimes find themselves taking on too much responsibility without realizing their capabilities. They become infected with that not uncommon disease, "join everything-itis," and, in an effort to get into the full swing of extracurricular activities, they have joined this club, that organization, and have pledged some fraternity before they realize their haste.

These types of students could prove to be just as unfortunate as those who limit their "college life" to attending classes, studying at night, and going home on the weekends to broadcast what a dull place they think GSC is.

The adjustment here would be simple enough. All that is needed is an "awakening to reality," or realizing capabilities and limiting responsibility.

There are many organizations on this campus, and each one has its own purpose. These clubs, in order to better themselves and compete with others, need capable leaders whose responsibilities aren't divided among several different organizations.

The third group is probably the easiest to become adjusted to all phases of "college life." They have their goals, their ambitions, their purpose in life. In short, they know just about what they want, and they have all intentions of receiving it.

However, these students are few and far between, especially at the freshman stage of life.

Since the first issue of The George-Anne is always devoted to GSC's newest arrivals, I have tried to point out the three most common types of freshmen students, not only at Southern, but at practically every college in the nation.

Students who fill the first two categories need not be pessimistic about their future in the college world. There is ample time to adjust to life at GSC, academic and social. Acceptance to this institution was not merely giving you a chance. Your capabilities were in some way looked upon as favorable; you had potential, you had ambitions, and before you lies the world in which you may develop these to the best of your ability.

If your interests and ambitions fall in the realms of science, music, art, politics, industry, business, or even journalism, you will find your place at Southern. The knowledge is here waiting for you. Your task is to find that knowledge and use it to your benefit in the field in which your capabilities lie.

I would like to join the many other well-wishers in welcoming you to Georgia Southern. I hope that you will find the year rewarding in every phase of your new life, and that you will be a credit to this institution of which you are now a part.

Off-Campus Housing; It's Purpose

EDITOR'S NOTE—This is the first in a series of stories on the new off-campus housing policy which will affect almost half the entire student body at Georgia Southern this quarter.

In an effort to alleviate the present housing situation at Southern this quarter, the office of Student Personnel has certain adopted policies which will pertain to all students who will not be living in the dormitories on campus.

The general policy of housing at GSC states that students are expected to live on campus as long as there are vacancies in the residence halls. Exceptions are made in the cases of apprentice teachers, married students, those who live with their immediate families, and students permitted to reside off campus when on-campus facilities are not available.

A news story in the Jan. 24 issue of The George-Anne stated that the Board of Regents of the University System requested that "beginning next fall (fall, 1963),

only two students be placed to a room" in the dormitories at GSC. At that time, there were three students per room in the six residence halls at Southern.

Two new dormitories, Brannen and Hendricks Halls, were scheduled to be completed by fall, and the timing of placing only two students to a room seemed to be in favor with the anticipated enrollment increase.

The George-Anne article continued: "As the new dormitories will be completed . . . it will be possible to do this (place two to a room) at an estimated loss of only 29 students from the campus next year, according to Dr. Henderson."

Increased Enrollment

However, with two students to a room this quarter, Georgia Southern will still have its population explosion, and an estimated 528 freshmen are expected to enter as part of a student body which will be almost 2,300 strong.

In effect, it would mean that the housing facilities on campus would be able to accommodate between 1,100 and 1,200 students

and that practically half the student body would be living in off-campus residences this quarter.

Since an unusual number of students would be living off campus during fall quarter, certain policies concerning regulations and up-keep of these facilities were adopted by the office of Student Personnel in an effort to provide adequate quarters for those students who would fall into this category.

"What we've done is to establish a policy that students would live in approved housing situations," said Dr. Zach S. Henderson, president of Georgia Southern.

College Responsible

"The reason for this is that the college is somewhat responsible for the living conditions of its students, and if it (housing) is approved it ought to be a help to both the students and to the persons who have housing for rent," he added.

He went on to say that the college should provide acceptable living conditions for students, and with these regulations in effect

that more people would be willing to rent housing to students.

He added that if these regulations were not present many landlords would be skeptical about renting housing to college-age students.

Dr. Henderson also pointed out that many other colleges who have increasing enrollment problems adopt similar procedures for off-campus housing requirements, and "what we're doing is in line with these other schools."

"As I understand it, colleges who have off-campus housing have certain regulations which are similar to ours," he said.

New Facilities

Several new off-campus facilities have recently been constructed in Statesboro to help accommodate the overflow of students who will be entering GSC this fall.

One building is the new residence hall for athletes which was constructed by B. W. Knight (see story page 4) and will house athletes who will play on GSC's varsity teams.

Two new women's residences have been built just off the cam-

pus across from U. S. Highway 301 together will house approximately 90 students. The two facilities are Anderson Auxiliary Hall, which will accommodate 50, and LaVista Hall which will house 40.

These three plus all other off-campus residences will have full-time supervisors, and will be subject to the rules and regulations set forth by the office of Student Personnel in the off-campus housing policy.

Future plans for off-campus housing include a married students residence located opposite the new athletes' dorm. This is expected to be completed by Christmas, and another facility for married students may be constructed this fall, according to Dr. Henderson.

The president expressed optimism about the future of off-campus housing at Southern. "I think it will work so that both students and the community will be pleased," he said. "If other colleges can make it work, I believe we can."

The President's View Of GSC Life For Freshmen

To The Freshmen of 1963:

It is always a thrill to witness the opening of the college year. Possibly the freshmen experience a greater thrill than any other

DR. HENDERSON

group because going to college is an entirely new experience for them. For many the entrance to college is the realization of many years of thinking and planning. For some the reason for being in college may be primarily because it is the popular thing to do. Usually the experiences one has during his first year in college are broadening and challenging. The opportunity to make new friends, the challenge of a more intellectual life and associations with a college faculty should encourage one to do his best.

In many respects college life today is similar to what it was a few years ago but in other respects it has changed considerably. A greater percentage of college age young people are attending college. The scholarship requirements have been raised and much more work is required of college students. One reason for this is that today's world demands more knowledge, more

know-how, more understanding of the world and the people who live in it.

I am happy to welcome you to Georgia Southern College hoping that your year here will challenge you to use wisely your abilities.

—Zach S. Henderson.

Enrollment . . .

continued from page 1

double the size of the present building, will be begun in late December or early January and will be constructed on the side facing the Herty Building.

The new library annex will have three floors and when completed, both buildings will be able to accommodate approximately 4,000 to 5,000 students.

The new classroom building will be constructed between the W. S. Hanner Building and the Music Building and will house the departments of social science, languages, business, and some physical education classes, Dr. Henderson stated.

The new facility will have possibly three floors and will be similar in size and shape to the Herty Building.

Ad. Building New Being Reworked

An estimated \$35,000 worth of renovation began last summer in GSC's Administration Building and is expected to be completed during the current fall term, according to Dr. Zach S. Henderson, president of the college.

Reworking is presently being conducted day and night in the offices of the registrar, dean of the college, and student personnel. A new floor is also being installed in the building's hallway.

The office of the dean of women has been relocated across the hall from the dean of student's office.

More reconditioning is expected to begin in McCrea Auditorium soon and will include the installation of new windows and a general repainting, Dr. Henderson said.

Reflectors Ready

Students who have not yet received their 1963 REFLECTORS may do so during the current orientation week, according to Anita Ambrosen, editor.

Miss Ambrosen said that further information as to where the yearbooks will be available will be posted on bulletin boards around campus.

New Tennis Courts Are Completed

8 Courts Open To Students; Rules Set

Georgia Southern's eight new tennis courts were officially completed this summer and are ready for use by the varsity team and the student body, according to Richard Stebbins, tennis coach.

The new athletic facility, located on the east side of the W. S. Hanner Building started last spring and construction was finished on July 20. There are eight courts, and of these, four will be lighted for night tennis matches.

The schedule for use of the court was also announced by Stebbins. They will be open during the day for physical education classes, and will be open for students from 4 till 10 p.m. under the supervision of members of the varsity tennis squad, and "students are expected to live up to the rules and regulations of the courts," Stebbins said.

"The main rule is that strictly smooth-soled tennis sneakers will be permitted on the courts. Anything other than this will tear the surface," he explained.

He also pointed out that all courts will be used by the students during the designated hours except for one court which will be reserved during the regular season, which begins sometimes in February.

WELCOME DANCE

The second day of orientation will be highlighted by the traditional "Welcome to Statesboro Dance" for beginning freshmen and will be held from 8-11 p.m. in the Alumni Building (old gym).

The student faculty reception which was originally scheduled for tomorrow night has been moved up to Wednesday night at 8 p.m.

The annual dance will be sponsored by the Statesboro Chamber of Commerce and will be broadcast over Radio Station WWNS.

The courts will be open for "free play" on Saturdays and Sundays.

Stebbins said the courts can be reserved by contacting whom ever is in charge at that particular time, and students who have reservations will be given priority.

"When the courts are locked, there will be no admittance, and anyone inside the playing area during that time will be considered trespassing," he added.

The new facilities cost approximately

\$36,000 and are the "finest as far as we know in Georgia," Stebbins pointed out.

He went on to say that there is a possibility that with this new facility the Junior College Tennis Tournament will be held here next spring. The varsity tennis team matches and tournaments will also be held on the new courts.

"What we would like to see is an emphasis on tennis at Georgia Southern. The big concern now is getting our boys back and encouraging others to come out for the team," Stebbins said.

The old tennis courts will be resurfaced and nets will be re-installed later. The courts will be made playable and will be open at all times. The maintenance department is also constructing a cement wall to keep dirt from coming down on the old courts, Stebbins stated.

The George-Anne

Sept. 16, 1963

Page 4

Recently Completed Tennis Courts Stand Ready for Student Use

New facilities are "best in the state," says GSC Coach Richard Stebbins

College Athletes To Live In New Off-Campus Dormitory This Fall

One of the new off-campus facilities that will open its doors to students this quarter will be the residence hall for athletes located behind the campus on Chandler Road.

Coach J. B. Searce, athletic director, said the new dorm will have sixteen rooms and will accommodate the athletes on scholarship and other athletes participating in athletics here.

The building was started in July and was built by B. W. Knight of Statesboro, who is also the owner of the dormitory.

"Actually, the dorm is not an athletic dormitory as such," Coach Searce explained. "It is a dorm built by Mr. Knight and it will house Georgia Southern athletes."

He added that it is an off-campus facility, and students living there will have to file off-campus housing forms the same as other off-campus students.

Assistant Coach Denny Burau will be the supervisor of the new residence hall, Searce said.

He also explained that with this new facility athletes "will be under better supervision," and that the dorm "won't be a hang-out for other students. They will also have supervised study periods."

Dorms For Athletes

Starting Oct. 3

Scearce Expresses Optimism Of Eagles' 1963-64 Chances

Schedule Opens With Wilmington

"This should be one of the finest Georgia Southern basketball squads we have had in a long time," said J. B. Scearce, coach of the GSC Eagles, as he talked about his 1963-64 cagers.

With mostly seasons such as his last two tucked uncomfortably under his belt, Scearce grudgingly admitted "the only trouble we hope to keep from invading our premises will be trouble itself. Last year we had a couple of our boys to get into some academic trouble which we really felt. Added to that were some injuries, causing a further weakness in our team."

It was a considerably bad year for "Mr. Basketball" and his Eagles, but the tempo is beginning to pick up already, and out of this year's 2,300 students planning to enroll here will step five of the best starters he has seen since names like Bo Warren, Don Wallen, Chester Webb, and Humpy Campbell adorned the campus court.

This season Scearce will be working with experience and speed found in returning lettermen such as Don Adler, John Burton, Mike Rickard, and Fran Florian.

Adler, the 6-1" sharp-shooting guard, whose adept movements kept many of last season's games afire will be "a fellow to watch," grinned the Eagle mentor.

John Burton, the polished playmaker of the team, brings many threats to the court this year in his ability to shoot from the outside or inside and with his agility and outright theivery n ball-hawking.

The two forwards will be formed from the abilities of Fran "The Man" Florian and sophomore speedster Rickard. At the post position there will be a number of prospects, probably led by second-year veteran Bill Johnson, 6'-5".

The reserves will be the most impressive factor about the club. There will be names like Raymond Reynolds, twice elected to the Junior College All-Star team, and David Owens, named most valuable in the 1963 state JC cage tourney.

Others who will see plenty of action are Dave Christiansen, a 6'-7" Kentuckian, Mills Drury, a 6'-8" surprise package from Brunswick, who never played basketball until the 1963 winter workout with the Eagles, and a Roger

POST OFFICE BOX RENTAL

Post office boxes are available for students at the Georgia Southern branch, but due to a shortage of boxes students are requested to share with two other students, according to Mrs. Jackie Strange, branch superintendent.

Mrs. Strange added that less time will be consumed if box-mates are chosen before applying for box rental, and she requested that all students notify their correspondents of their box number and ZIP Code as soon as possible.

The mailing address is as follows: Patron's name, P. O. Box No., Georgia Southern Branch, Statesboro, Ga. 30459.

J. B. SCEARCE

Parsons-coached Statesboro lad named Burt Stills.

The GSC cagers will open their 1963-64 slate with Wilmington College in Statesboro on Dec. 4, and will play a 28-game schedule closing the season on Feb. 26 with arch-rival Jacksonville University. Highlight of the year will be the homecoming game against Cumberland College on Jan. 25.

Gymnastic Team On Lookout For New Talent

Patrick Yeager, Eagle gymnastics coach, is once again looking for fresh talent for his Southern Intercollegiate champions and urges all who wish to try out for this year's squad to contact him at the W. S. Hammer Building.

"If there are any questions concerning the team, I would be glad to clear them up," he added.

Yeager also said that prospects look "pretty good right now," and the team this season will be shooting for the NAIA title.

The gymnastics team schedule is incomplete at present, but Yeager stated that the 1963-64 slate would include about as many teams as he met last season. Three definite dates are LSU, Jan. 28; West Virginia, Feb. 7; and Georgia Tech, Feb. 14.

FORMER GSC SHORTSTOP BILL GRIFFIN
Now Playing With Augusta Yankees

Southern's Bill Griffin Signs Pro Baseball Contract With Yankees

Former Georgia Southern and All-American shortstop Bill Griffin has signed a professional baseball contract with the New York Yankees and joined that organization's farm team in Augusta this summer.

Griffin, a native Augustan, inked the baseball pact the early part of August and immediately took over shortstop chores with the South Atlantic League Augusta Yankees, who won the first half of the Sally League pennant.

Augusta General Manager Bill McCorry expressed confidence in the Eagle diamond ace, and shuffled the infield to give Griffin a starting berth. "We're hoping Griffin will do the job at shortstop," he said.

Griffin played for Coach J. I. Clements' Eagles during all four years of his undergraduate study at Southern and was selected for All-American honors his junior and senior years.

In 1962 when GSC captured the NAIA national championship, Griffin batted .340 and belted eight homers. Last season the six-foot, 175-pounder batted .308 and hit six homers.

No announcement was made concerning Griffin's salary or the bonus for signing the Yankee contract.

Griffin graduated from Augusta's Richmond Academy in 1959, and is a 1963 grad of Georgia Southern.

Clements Named 'Coach of Year'

Georgia Southern baseball coach J. I. Clements received two outstanding honors this summer when he was named NAIA "Coach of the Year," and president of the NAIA Baseball Coaches Association.

The Eagle mentor was awarded the honors during the first week in June when he attended the annual meeting of the National Association of Intercollegiate Athletics in St. Joseph, Mo.

Clements, a veteran coach of 15 years at GSC, led the 1962 baseball squad to the NAIA throne and made a bid for similar honors last season, but was defeated by East Carolina College in the final round of the District 25 tourney here in May. His 1960 team took the district playoffs and was runner-up for the coveted national crown.

As national president, one of his administrative duties will include his attendance of the Chicago National Rules Committee and the Miami major league baseball conclave in the fall. He'll also serve as chairman of the NAIA Tournament next spring in St. Joseph.

One of his most memorable experiences came in 1948 when he coached the team with his two brothers playing.

Basketball Schedule - 1963-64

December 4	Wilmington College	Statesboro
December 6	Stetson	DeLand, Fla.
December 7	Tampa	Tampa, Fla.
December 14	Oglethorpe	Atlanta

Four New Decals Issued To Autos Proper Parking Zones Given; Vehicle Registration Urged

Four decals designating proper parking zones will be issued this quarter in an effort to make security checks easier, according to Charles Johnson, director of plant operations.

Johnson said that decals with the letter "A" will represent cars operated by day students, "B" resident students, "C" college staff, and "D," maintenance.

Only the current decal will be displayed on the windshield, and the coloring of the inside circle of the decal has been changed "to make it easier for the campus policeman to check. We will change this every year," he said.

"We will not start enforcing automobile registration until 24 hours after classes begin," he added, "but we urged students to register their cars as soon as possible."

The area in front of the administration building is reserved for visitors and is closed to all other vehicles between 8 a.m. and 4:30 p.m. on weekdays and 9 a.m. and 12 o'clock on Saturdays.

The right side of the street in front of the Music Building, the lot between the Student Center and Herty Building, and the entire areas east of the yellow line along Lake Drive between Deal Hall and the Alumni Building are reserved for staff parking.

The lot on the side of the Hanner Building, the lot in front of the Carruth Building bounded by Lake Drive, Georgia Ave., Forest Dr., and Congress St., and the lot in front of the Marvin Pittman

School have been designated as parking for off-campus students

The areas bounded by Brannen, Cone, and Sanford Halls, areas in front of Anderson and Deal Halls and Marvin Pittman School, and areas bounded by Hendrix, Lewis, and Veasey Halls have been designated as parking for resident students.

Areas other than those designated previously are general parking areas unless otherwise marked.

Commenting further, Johnson stated that he felt certain that paving of the parking areas behind the men's residence halls and behind Hendrix, Lewis, and Veasey Halls would be completed by Oct. 13. These areas will be open for parking until the paving starts.

When paving is begun in these areas, Johnson said that parking restrictions on the Carruth and Hanner Buildings will be suspended until paving is completed.

The areas cited for paving include, other than the ones previously mentioned, the road on the east side of the Hanner Building and the area in front of the maintenance building.

After these areas are given surface treatment, which includes mainly rock base, they will be marked off. The total area included for pavement will cover approximately 25,000 yards, Johnson said.

The State Highway Department is in charge of paving.

Frosh Registration Set For Tomorrow

Registration for 1963 Fall Quarter classes opens in the W. S. Hanner Building tomorrow for an estimated 528 freshmen with upper classmen slated to sign up Thursday and Friday.

The official registration schedule is as follows: Freshmen—Tuesday, Sept. 17, 2-4 p.m.; Graduates and seniors—Thursday, Sept. 19, 8-10:30 a.m.; juniors—Thursday, Sept. 19, 2-4 p.m.; sophomores—Friday, Sept. 20, 9-11:30 a.m.

Yellow registration cards will be available at the Hanner Building. All students must have this, plus the white registration permit while signing for classes.

All new students (beginning freshmen, 1963 summer school beginning freshmen, and transfer students) must see a faculty advisor (see list below) prior to registration, for the purpose of planning an academic schedule.

Advisors will be available to confer with students as follows: Monday, Sept. 16, 2-4:30 p.m., freshmen; Tuesday, Sept. 17, 9 a.m.-12 noon, freshmen; Wednesday, Sept. 18, 9 a.m.-12:30 and 1:30 p.m.-4:30 p.m.; Thursday, Sept. 19, 9 a.m.-12:30 and 1:30 p.m.-4:30 p.m.

Majors, respective advisors, and meeting places are listed below. Art, Miss Gernant, Carruth 105; Business Administration, Dr. La-

Grone and associates, Herty 107; Business Education and Secretarial Administration, Miss White, Miss McCall and Mrs. Bell, Herty 103; Elementary Education (freshmen transfers), Miss Waller, MPS 8; Junior High Freshmen, Dr. Lewis, Adm. 3; Junior High Transfers, Dr. Miller, Adm. (office); English, Dr. Russell, Adm. (office); French, Miss Barrow, Adm. 7; German, Dr. Farkas, Adm. 7; Health and Physical Education, Mr. Stebbins (men), Mrs. Brogdon (women), Hanner Building; Home Economics, Dr. Lane, Herty 118; Industrial Arts, Dr. Hackett, Carruth (office); Industry, Dr. Hackett, Carruth (office); Mathematics, Dr. Bice and associates, Herty 212; Music, Dr. Neil, Music Building 2; Music, Dr. Broucek, Music Building 4; General Science, Dr. Pennington, Herty 201; Biology, Drs. DeWolf and Whitehead, Herty 201; Chemistry, Drs. King, Tootle, Wilber, Herty 211; Physics, Dr. Bryant, Mr. Wallace, Herty 215; Recreation, Mr. Leavitt, Alumni Building; Social Science, Dr. Averitt, Adm. 203A, Dr. Ward, Adm. 203C, Dr. Rogers, Adm. 203D, and Mr. Moseley, Adm. 203 E; Pre-Professional Medicine - Nursing, Dr. Weeks, Herty 205; Pharmacy - Denistry, Dr. Weeks, Herty 205; Law Dr. Averitt, Adm. 203A; Undecided, Dr. Weaver, Adm. 212.

Married? Engaged? Pinned? LET US KNOW! We're Planning A COED PAGE

The GEORGE-ANNE is planning a coed page for the opening year, complete with engagement, wedding and pinning announcements plus features and news for and about GSC's coeds.

The staff hopes to premiere this addition in the first regular issue of The GEORGE-ANNE on Oct. 3. As far as we know this is a first for this paper in recent years and we would greatly appreciate your cooperation.

We'd be happy to print news and pictures of any recent engagements, weddings or pinnings involving GSC students, faculty, or administrative personnel.

Please enclose such information in an envelope and either drop it through the door of the GEORGE-ANNE office in the Frank I. Williams Center or mail it to: Society Editor, The GEORGE-ANNE, Georgia Southern College, Statesboro, Georgia.

Come to think of it, we don't have a society editor or staff — but we're looking. Maybe you could be of help in this area too. Look for announcements of the first GEORGE-ANNE organizational meeting if interested — and COME!

No experience necessary — we're looking for those who are willing to learn.

Hoping You Can Help Us,

THE GEORGE-ANNE STAFF

extends a warm 'Welcome'
to the new 1963-64 students
coming to Georgia Southern
College . . .

we hope that we may serve you

DONALDSON-RAMSEY

Store For Men

STATESBORO, GEORGIA

To the Freshmen—Many hours will be spent this week in McCroan Auditorium testing your mental aptitudes, personality, interests, judgement of character, and perhaps even your brand of toothpaste.

... Orientation

(Continued from Page 1)

discuss academic regulations. The session runs from 8:30-10 a.m.

Meanwhile, transfer students (now upperclassmen), will be attending orientation programs from 9-11 a.m. in McCroan.

Doug Leavitt, chairman of the intramural department, will address the frosh on GSC's recreational program at 10 a.m. at the Pittman School.

He'll be followed by a panel discussion on campus organizations and activities.

After lunch, frosh testing will begin in McCroan at 1:30 and will run through 5 p.m.

The new students' "strained brains" may recover from the testing ordeals at a "Soc Hop" set for Wednesday night in the Alumni (old) Gym from 8-10 p.m.

Wednesday night the students will meet the faculty and administration at a Student-Faculty Reception held in the Frank I. Williams Center beginning at 8 p.m.

Thursday

Testing resumes at 8:30 Thursday morning and runs throughout the day with breaks every two or three hours. A free movie is slated for McCroan at 8 p.m. Thursday night. The title will be announced later.

A busy Friday will see a Student Health Assembly at 8:30 a.m., and explanation of traffic regulations at 9:30, a panel discussion of campus regulations at

10:30, and an orientation session on religious interests at 2 p.m., all to be held in McCroan Auditorium.

Rev. Bill Brown will discuss the various denominational groups on campus with the freshmen at 3 p.m.

The new students will be asked to show what they can do during

All interested freshmen and transfer students and all other students are welcomed to join this year's George-Anne staff, announced Hoyt Canady, editor.

Previous newspaper experience is not a prerequisite for becoming a member, and at present there are five responsible positions open for staff members. The jobs available at this time are that of assistant news editor, assistant sports editor, society editor, (see announcement on page 6), circulation manager, and exchange editor.

The George-Anne has also switched back to a tabloid size

"Freshman Talent Night" to be held in McCroan at 8 p.m. Friday.

And ...

Local churches will officially close orientation activities as they hold "College Student Day in Statesboro Churches" Sunday. The affair will be followed next Wednesday with various church-sponsored picnics and suppers.

Brannen Hall—Georgia Southern's newest men's residence hall will be dedicated by Mrs. Carl E. Sanders Oct. 13. Brannen will house 150 junior and senior men and is equipped with study rooms, kitchen, lobby, television, and other modern facilities. Each room will accommodate two students and will be equipped with the latest furnishings. The three story structure is located behind Sanford Hall (freshmen dorm), and the house director will be Mrs. Alethia Evans Bates.

LITTLE MAN ON CAMPUS

A SOUTHERN BELLE

"Miss GSC," Miss Dianne Woods of St. Simons, displays her winning smile in one of the many photos taken of her after she won the coveted title in Alpha Rho Tau's annual Beauty Revue at Homecoming last January. Miss Woods, a rising junior, is an art major, and in addition to posing for pictures such as this one, her hobbies include art and music.

New George-Anne Staff Looking For Members

newspaper for the first time in four years, and will print weekly during the school year except for weeks during final examinations and holidays.

The first staff meeting will be held at a date to be announced later so as not to interfere with orientation activities already underway this week.

The George-Anne offers newspaper training in headline writing, advertising, make-up, editing, and various other fields. Notices will be placed on the bulletin boards in the student center concerning the first regular staff meeting. The next issue of the George-Anne will be published on Oct. 3.

A Funny Name?

When the newspaper at this

college was first organized it was called "The Torch," not necessarily because it was an all-girls institution. Later when the school became co-educational, it was suggested that the newspaper be given a name to represent both sexes.

Since the institution was located in Georgia and was tax-supported by the state's populace and because of the fact that most of the students here were from all parts of Georgia, it was also pointed out that the name should apply to the state as well as both sexes.

Thus, the word Georgian was divided into two names—George for men and Anne for women. Hence, the name, The George-Anne.
