March 27, 1930.

SPRINGBAND YOU  
BY  
MR. HENDERSON.

For the last four months the oaks have been barren. They did not appear to have any life. Now they are putting on new leaves. New life seems to be in them. Spring is here. The birds are singing. Flowers are blooming. All of nature is busy with this new life. You should let nature teach you some lessons this spring.

First, you need new life mentally. During the winter you have been here working, reading and thinking. Some of your thoughts were good, and some bad. Some of you made good records in your classes and some bad. You have made new resolutions to study more. Let these new resolutions blossom into fine work and good habits late this spring as the bulbs will blossom into beautiful flowers.

Second, the out of doors invite you to come out and play. You have been shut up in the house all the winter and there had to breathe impure air. Your lungs need pure air, so go out and let nature give you the first ingredient of her spring tonic--- Fresh air. Your body has been covered with heavy winter clothes. It was hard for sunshine to get to your body. Now is the time to put on light colored loose clothing and let nature give you the second ingredient of her spring tonic---direct rays of sun light.

Third, the new life beckons you to a better life. A life of love toward God and man. Now you can have outdoor picnics. You can play with each other. By this you can come to know each other better. By knowing people better you love them more. The flowers, trees, birds, grass, out of doors, and sunshine do not belong to man. They belong to God. If you know more about His possessions then you should know more about Him. Therefore you should love God more.

Remember that "Jesus increased in wisdom, and stature, and in favor with God and man."

MISS TRUSSELL TALAS  
AT VESPERS.

The Y. W. C. A. Choir created an atmosphere of worship through the singing of numerous special selections Sunday night at Vespers. Mrs. Henderson with her violin, accompanied by Ocoma McDaniel on the piano, played "The Flower Song." A quartet composed of Florence Brinson, Leonard Powell, Daniel Young, and Hubert Dewberry, brought a beautiful message in song.

Miss Trussell spoke on carrying out our good thoughts instead of just "thinking them."

The song "Holy Ghost With Love Divine" was sung as a closing prayer.

## SUNSET

It had been a gloriously bright sunny day, but as the sun began to dip lower and lower, a motionless quiet grey mist began to wreath the hills. The campus of S. C. T. C. slept on in drowsiness every thing was noiseless. Even the twittering and fluttering, of the birds were hushed, and the pines ceased their sighing for that last brief moment before the great ball dipped down below the horizon. The sun, now a huge golden red ball of light in the sky hung up there as if it might be suspended from some far off planet by an unseen string. It was like the motionless pendulum of a clock-never seeming to move, and always slowly descending. No bright rays shot forth from this late evening sun, only a softness of color prevailed. The sky above was a tint of the palest azure that slowly melted into a milky cream, which in turn took on a hue of pink, then a deeper rose as it neared the horizon. In the distance, just above the dull green of the pines, hovered a cloud of blue grey smoke, that seemed to linger there to protect the world from the on coming darkness of a starless night. The world lulled on in the pure tints of the most delicate colors of the rainbow.

## OUR PRESIDENT

President Guy H. Wells left Tuesday afternoon to attend a special session at Peabody Institute for Teachers.

Mr. Wells says, "As the teachers of a growing Institute for should keep abreast of the new developments in the field of education, so should the president."

He is taking a special course in work along educational lines that should enable him to solve the problems of the College by the most modern methods. He will also visit a number of schools in Tennessee and observe the methods by which they carry on school work.

Since Mr. Wells has been our president the Institution has grown from an A. & M. School to a four year accredited Teachers College. We feel that he has done a great work thus far and we earnestly hope that this course he is taking will enable him to make S. G. T. C. the outstanding College for its kind in the state. We are indeed fortunate to have such a man as Mr. Wells as our president.

If you think you have a sense of humor read, "Objections to Laughter", in the March Atlantic Monthly.

If you dread taking your bath read, "All Washed up", in the March Mentor.

Nothing is so uncertain or so worthless as the judgments of a mob---Livy.

The highest wisdom is not to be always wise---Opitz.

## SUNSET

Continued from page one.

It was enthralling, like some beautiful girl just preparing for rest. A sadness stole over it all as if it was a last "farewell". The sun dipped lower and was gone. It had melted into the clouds like some solid dissolved by a solvent, but it had left a faint tinge of its golden self as it reluctantly went to bed.

## HOPE

By  
Leonard Powell.

When everything has gone all wrong  
And sorrow's clouds hang low  
A thought goes with me all day long  
That frees my soul from woe.

When the fond wish for which I long  
Does fade and melt away,  
There is a thought that brings a song  
And cheers me on my way.

When friends prove false whom I thought true  
And hurtful words are spoken  
I have a thought of roseate hue  
Which heals my heart that's broken.

It's then I think of Hope,  
Who plays her harp  
On just one lonely string,  
So long as God does life impart  
I, too, shall play and sing.

Dora S.--(at dinner table) "We have entirely too much starchy food."

Lucile S.--"Oh, I'll bet that's the reason I'm so stiff on skates."

Oconn--"And the Britons still wore the same clothes that their ancestors did."

Bonnie Luc--"Ah, the dirty things!"

Mr. Singloy--(In Intelligence test) "How many make a million?"  
Wrens--"Not many."

Miss Trussell--(In Biology class) "Don't those trees belong to the Ulmus family?"

Fred Paige--"Geo, no! They belong to the College."

It itself is good or  
It is not good or

## Y. W. C. A.

The Y. W. C. A. had a worship program March 18, which seemed to have harmonized with the prevailing spirit. The numbers were

### Song-Mother's Bible

- Devotional ---Martha Martin

VI. 3. Mohammed's Bible.  
VII. 1. Term for the total of the objects used, as in a kitchen.  
VIII. 1. A boy's name.  
6. Miss Michael's given name.

### OGLETHORPE SOCIETY

The Oglethorpe Society held its regular meeting on Thursday evening, March 20. The program for the evening was:

- Devotional Earl Rountree  
Reading Josie Mae Clark  
Pen Pictures Emily Moyer  
Quarter Florence Brinson  
Malton Usher  
Daniel Young  
Martha Martin.  
They were accompanied by their pianist, Iris Walker.

## A NOTICE TO WALKERS

Walk to class—never run. If you're sleepy, don't worry for you can sleep through your 8:30 o'clock, but be sure to get up for your 9:30 o'clock, so that you can be dressed for your 10:30 o'clock in time to make your 11:30 o'clock. Then, too, it would never do to be late for dinner.

## BELIEVE IT OR NOT

Five girls slept in one bed in East Dormitory Sunday night.

Mr. Wells shot wax birds for English Sparrows Monday morning.

Ralph H. had rather sleep than talk to Huldah.

Vennie Clark said that Evelyn Simmons led Morning Watch without a murmur.

## JOKE

Minnehan—(seeing peacock for first time) "Oh, Carl, look at that chicken in bloom."

Paul—"I'll give you a wallop!"  
Elmo—"Don't worry, I wouldn't know how to eat it."

Miss Trussel—"Doctor, can you help me? My name is Melvina Trussel."  
Doctor—"Sorry, lady, but I can't help that."

Huldah—"How'd you hurt your leg?"  
Ralph—"I threw a cigarette in a wan-hole and stepped on it."

Nannie Pearl—"Who started the Lion Club?"  
Coach—"Daniel, I suppose."

## Popular Fiction

"Let Bygones Be", by Gones.  
"Yes", by George.  
"Rock-A" By Baby.  
"De Fly", by Night.  
"Missed", by a Mile.  
"Benjamin Franklin's Auto" by Geography.

It is rumored that certain faculty member took out his watch, smelt it, and looked at the rose.
