# THE BULLOCH HERALD

Dedicated To The Progress Of Statesboro And Bulloch County

VOLUME XVII--ESTABLISHED MARCH 26, 1937 STATESBORO, GEORGIA, THURSDAY, AUGUST 1, 1957

Judge J. L. Renfroe last Friday sentenced R. L. Ward Jr. to twelve months in a public works camp after a Bulloch County jury, on Thursday, returned a verdict of "guilty of assault and battery" in the case involving the accident in which little Dick Curry, six-year-old son of Mr. and Mrs. Gene Curry of Statesboro, was hurt.

## Judge Renfroe gives Ward 12 months in works camp

The jury in returning its verdict reduced the felony charge of "assault with intent to murder" to "assault and battery," a misdemeanor charge.

Ward is now in the Bulloch County jail waiting assignment to a public works camp.

The records in the Superior Court Clerk's office show that there are still two indictments pending against Ward. One is the "driving under the influence" indictment and the other is the "leaving the scene of an accident" indictment.

The accident occurred on Tuesday night of last week. More than 200 received these shots during the clinic sponsored by the Bulloch County Medical Society. Shown here left to right: Mrs. Patty Evans, clinic nurse, Mr. Newman, son of Dave Newman of Sifton; Mrs. Newman, the former Miss Pat Henry, daughter of Mr. and Mrs. Francis Henry of Edgewood Acres; and Mrs. Thelma Aaron, nurse supervisor. Photo by Dobbs.

The citizens of Statesboro approved the annexing of three areas to become a part of the official city limits of Statesboro in the election held on Friday, July 26.

Three hundred and twenty-six voters went to the polls and voted 312 "for annexation" and fourteen voted "against annexation."

The citizens of the three sections of the community had petitioned the City Council to admit the areas into the city limits and the Council called the election to allow the voters of Statesboro to decide the question.

Mayor W. A. Bowen states that the new city limits will become effective December 31, 1957. He added that immediately upon this effective date the residents of the new areas will be given police protection, fire protection, street maintenance, street lights and the other city services normally furnished the citizens. He pointed out that the water service will be extended and that it will be done by the city's own water department and will move forward as fast as the department's facilities will allow.

Mayor Bowen expressed his appreciation to the voters for approving the annexation of these areas saying that "it gives the citizens of Statesboro an opportunity that did not really need proving, since it is a known fact."

The areas which will become officially a part of Statesboro on December 31 are the Jewel Hill section, the Edgewood Acres and the Andersonville section.

## Tobacco sales at 4,636,650 pounds for \$2,515,062.41 for nine days

Tobacco averaged \$56.06 per hundred pounds on the Statesboro market Tuesday—for the highest average in the history of the local market. Some tobacco brought as high as 66 cents a pound.

It was not uncommon for growers' total sales on Tuesday's market to average 64 cents. Prices were stronger on practically all grades with some of the common types that sold below 50 cents last year bringing 60 cents this year. Many growers had good weight but most tobacco is light in weight due to adverse weather conditions.

Sales Tuesday went to \$708,848 pounds for \$395,147.92. At the close of the ninth selling day on the local market a total of 4,636,650 pounds of tobacco had sold for \$2,515,062.41. At the close of the ninth selling day last year (1956) the market here had sold 5,419,286 pounds for \$3,175,644.60.

The day-by-day sales from Wednesday, July 24, through Tuesday, July 30, were as follows:

Wednesday, July 24, 600,210 pounds for \$308,184.59  
Thursday, July 25, 648,670 pounds for \$338,521.60  
Friday, July 26, 531,696 pounds for \$282,335.15  
Monday, July 29, 549,154 pounds for \$287,712.20  
Tuesday, July 30, 704,848 pounds for \$395,147.92

## Forest Turner to speak during Calvary revival

The Brotherhood of Calvary Baptist Church is sponsoring a Layman's Revival beginning Friday, August 2, and running through Sunday, August 4. Services begin at 8 p. m.

Speakers for these services are as follows:

Friday, Mr. Aubert Allen, a native of Statesboro who now resides in Savannah.

Saturday, Mr. Forrest Turner, who was at one time Georgia's most wanted criminal. Mr. Turner made his decision for Christ while serving in one of Georgia's prisons. Today he is in popular demand as a lay speaker.

Sunday morning, Mr. Mitty Taylor, a deacon of the Calvary Baptist Church and local business man will speak.

Sunday evening, Mr. Max Lockwood, director of Statesboro Recreation Center and activities and a member of the First Baptist Church, will speak.

The public is invited to attend and enjoy these services with the members of Calvary Baptist Church.

The pastor, Auston Youmans, states the nursery will be open for each service.

## Annual meeting at Upper Black Creek Church

Announcement is made this week that the annual meeting will begin on Tuesday evening, August 13, at Upper Black Creek Church with Elder P. O. Revels Sr. of Barnesville, Ga., the guest minister.

Services will begin at 8 o'clock the evening of August 13 and continue through Sunday, August 13 and continue through Sunday, August 19.

It was also announced this week that Howard Cox has accepted the call of the Upper Black Creek Primitive Baptist Church to serve as their pastor.

Mr. Cox is to be ordained into the full ministry of the Primitive Baptist Church tonight, (Thursday) at the Statesboro Primitive Baptist Church. Taking part in the ordination will be Elder T. Roe Scott, pastor of the Statesboro church; Elder R. L. Mitchell of Cordele; Elder V. F. Agan of Atlanta and Elder Eugene P. May of Jesup.

Services at Upper Black Creek has been set for each third Sunday and on the Saturday before. Morning services will be at 11:30 o'clock and 8 o'clock on Sunday evening.

Revival services began at Oak Grove Baptist Church Sunday, July 28, and are continuing through Sunday, August 4.

The minister for the services is Dr. James Bellis, pastor of the Jackson and Poplar Springs Baptist Churches. He is professor of Christian education at Bob Jones University, Greenville, S. C.

Services are held nightly at 8:30 o'clock. Song services are led by the Rev. Robert Besancon.

The public is invited to attend these services.

Esia, Wednesday, August 7, Ogeechee, Thursday, August 8, Leefield.

## W. H. Harrison wins sales award

Announcement was made in Jacksonville, Fla., last weekend that W. H. Harrison of Statesboro had been declared a "Brass Bull" trophy winner awarded by the Jacksonville Paper Company at its annual convention July 26-27.

The award is made to the outstanding salesman each year. Mr. Harrison is the eighth winner since 1949. He has been a member of the "President's Club" for four years for outstanding achievements with the company.

There are only thirty-six in this company club.

Mr. Harrison won a trip to New York City to the annual meeting of the national trader-paper convention. Mrs. Harrison and her family accompanied him. They live at 20 Easy Street.

## Rep. Preston has mild heart attack

WASHINGTON, D. C., July 30—Rep. Prince H. Preston of Statesboro, has suffered a mild heart attack, his office in Washington said Tuesday.

The Congressman, now 49, is in the Naval Hospital at Bethesda, Md., where his condition is described as "good."

The First District representative was admitted to Naval Hospital last week for a routine check-up after he had not felt well for several days. The attack—described as a "mild coronary"—occurred Saturday morning after he was already in the hospital.

His ailment was diagnosed as a heart condition Tuesday afternoon after sedimentation tests and electro-cardiograms had been taken.

Mr. Preston has had no previous indications of heart trouble. For the past several years he has gone to the Naval Hospital two or three times annually for routine check-ups, and his health has always been described as good.

The Congressman's office reported the hospital has said Mr. Preston's heart has sustained "no permanent damage." However, his physicians have ordered a period of complete rest.

Mr. Preston is a former member of the Georgia General Assembly and first came to Congress in 1947.

He has been a member of the powerful House Appropriations Committee for nine years and is chairman of the subcommittee on commerce and related agencies.

## Hal, Si Waters offer new feed mill service

Hal Waters and Si Waters, sons of Mr. and Mrs. Loy Waters of Statesboro announce this week the organization of the Waters Feed Service.

They state that they have purchased a "Daffin Mobile Feed-U-Nit" designed to perform a complete feed mill service at the home of the farmer, dairyman, livestock raiser, or poultryman.

Speaking for the new organization, Hal Waters said, "We will drive our complete mill on wheels right into your farmyard, using your own home-grown ingredients—and we can handle anything from corn cobs to hay—we grind and mix your feed right before your eyes. We will use your own favorite formulas. We grind your fresh liquid, heated molasses and add concentrates. You see what goes in, so you know what comes out." They will operate on a route schedule so that a farmer can keep his feed supply in good shape all the time.

The owners of the new service claim that this "on-farm" feed service will "save the farmer money in time saved and on the expense of loading and transportation."

Mr. Waters states that four demonstrations will be held as follows:

## Three S.H.S. Blue Devils on 'South' squad for state football classic

Three members of the Statesboro High School Blue Devils have been selected to play in the Georgia High School Association's Atlanta Journal-sponsored prep football classic August 15 at Grant Field.

Blue Devil Coley (Hopalong) of thirty boys will make up the team. The "South" line averages 193 pounds, the backfield 178.

West Thomas of Cairo will coach the "South" All-Star grid squad. He allows as how "My squad is the best. Coley, Cassidy and Charlie Rose (all Cassidys) are wonderful ball carriers and can go."

The game is an annual affair and is played between the best high school football players of South Georgia and the best of North Georgia.

Tickets for the game may be ordered from George O'Kelley, Atlanta, Board of Education, City Hall, Atlanta, Ga. Advance general admission tickets (outstadium seats) are \$1. Reserve seats in the west stands are \$2. General admission at the gate will be \$1.50.

## Attaway Co. gets paving contract

The State Highway Board last Friday opened bids on sixty-two new road projects in sixty-six counties in Georgia. Apparent low bids on the new roads totaled \$2,562,264.65.

The announcement was made this week by Roy F. Chalker, Highway Board chairman.

Attaway Construction Company of Statesboro was the apparent low bidder for the paving and two bridges on the Pembroke-Arcola road. His bid was \$115,648.07.

## Bulloch farmers get certificates for A.R.P.

Mr. Miles F. Deal, county office manager of the Bulloch County A.R.P. office, announced today that negotiable certificates totaling \$161,364.92 have been mailed to Bulloch County farmers under the 1957 Acreage Reserve Program. The certificates were mailed to the farmers in accordance with the program's provisions and are subject to the terms of the program. The program is designed to divert acreage from allotted crops such as cotton, tobacco, corn and wheat to idle land. Agreements are entered into only for those crops for which a surplus has been declared. Those farmers who are participating in the acreage Reserve Program are reminded that all crop payments are already being made; this does not relieve the farmer of his agreement that no crop is to be harvested from the designated acreage, compliance with all farm allotments including peanuts, and the control of noxious weeds on the designated acreage.

## Attaway Co. gets paving contract

The Mena Franklin Circle of the Statesboro Primitive Baptist Church will meet Monday, August 5, at 8 p. m. at the home of Mrs. Howard Atwell on South College Street. All members are urged to attend.

## Their resolution needs the endorsement of all

We admire them for doing it. And we throw our hat a mile high for them.

On Monday of last week a group of three young ladies of Statesboro, members of the Junior Woman's Club, went before the July term of the Bulloch Superior Court Grand Jury.

They had drawn up a resolution following the hit and run accident which sent little Dick Curry to the hospital badly banged up. They asked the most powerful governing body in our community to recognize the need that something be done about the flagrant violations in the City of Statesboro of the laws of Georgia prohibiting the driving of a motor vehicle while under the influence of intoxicants.

They used the two cases on record in Statesboro which shocked this community—one in December of last year and the one the latter part of June.

They got results too. For in their presentations the Grand Jury recommended that:

"More stringent law enforcement be provided to curtail the operation of motor vehicles by drunken drivers and that sentences more in keeping with the severity of the crimes be imposed.

"That the thickly populated areas outside the corporate limits of Statesboro have speed zones established commensurate with good highway safety.

"That cases involving driving

of motor vehicles under the influence of intoxicants be tried in the state courts where such courts have authority to revoke the driving permit of convicted drivers."

It took courage for these young women to go before the Grand Jury. But the force which sent them there was so compelling that courage had little to do with it.

They were expressing the concern of all the mothers in our community for the safety of their young children. When R. L. Ward Jr. crashed into 6-year-old Dick Curry after tearing through a street barricade the spotlight was turned, with startling brilliance, on a problem that must be solved.

The text of the resolution appears on another page in this week's Herald.

It is gratifying that the Grand Jury listened to the plea of these mothers.

But action must follow the plea and the recommendations.

We hope that other groups in the community will endorse the resolution which these young women presented to the Grand Jury. There's the Junior Chamber of Commerce, the Lions Club, the Rotary, the Brooklet Kiwanis Club, the Business and Professional Woman's Club, the Beta Sigma Phi, the Senior Woman's Club, the Masons.

If the people of our community want enough to solve the problem—it can be solved.

## Time running out

In Georgia there are sixty-five communities eligible for National Guard armories under the National Guard armory construction program.

In Georgia there are sixty-four communities which have armories under construction, in the actual planning stage or already completed.

Statesboro is the sixty-fifth community. Time is running out on our securing an armory for our unit of the National Guard. The city and the county have already agreed to take advantage of the program, and all that is needed is a set of bidding plans to submit to the proper authorities in Washington.

Of course there is the money amounting to 12.5 per cent of the city and county has to put up to match the state's 12.5 per cent and the Federal Government's 75 per cent.

And the local authorities' desire to keep the community out of the "red" in its financing is commendable. But an armory deserved by our local National Guard is desirable too.

And unless we make a tangible move soon—it'll be too late. The federal funds might not be available.

## A dream, maybe

Judge J. L. Renfro, in his charge to the July term Grand Jury, asked that it recommend improvements to the Bulloch County jail and improvements in the clerk's office.

We wish he had asked for the soundproofing and air conditioning of the courtroom.

## MY HOW THIS BOY HAS GROWN...

## Herman Talmadge Reports From Washington

MY RECENT TRIP to South America as representative of the Senate Committee on Agriculture and Forestry to the Marketing Conference of Agricultural Attaches held in Rio de Janeiro, Brazil, left me with two profound impressions.

One of these was my first-hand view of the results of a national policy of total racial integration. No segregation is practiced in Brazil and the majority of the people are of mixed blood. It was my observation that about 10 per cent of them are white, another 10 per cent are black and the remaining 80 per cent run the gamut of every shade between.

Brazil's experience in this regard is a completely irrefutable answer to those in our own country who contend that racial integration does not result in racial amalgamation.

THE OTHER THING which struck me was the evidence on every hand of the unlimited opportunities for expansion of trade, particularly in surplus agricultural commodities, which South America offers for the United States.

Despite its tremendous wealth of natural resources, this continent, outside of its population centers, is largely undeveloped and the diet of most of its people consists principally of beans and rice. In Brazil, for example, not enough cotton is produced annually to provide each of its more than

riches through Christ. "For ye know the grace that our Lord Jesus Christ, that though He was rich, yet for your sakes He became poor, that ye through His poverty might be rich." II Cor. 8:9.

Paul has been speaking of gathering offerings from the Gentile churches to assist the poor in the church at Jerusalem. It was a matter of grace and importance to him, for it manifested Christian unity. He then applied the example of Jesus as the pattern to which all Christians should conform. In doing this he gave the deepest conception of the purpose of Jesus on earth.

Three teachings of the text are evident: THE GRACE OF CHRIST IS EXCLAIMED. "For ye know the grace of our Lord Jesus Christ." Throughout the New Testament we read of "the grace of God," but here grace is definitely attributed to Jesus. We usually say grace is "unmerited favor." It is also love being exercised toward someone.

And here the apostle uses the full title "Lord Jesus Christ." Lord is His divine name; Jesus is His human name; Christ is His messianic mission. So all that is in Christ condescended to love. His love stoops to embrace man. Divinity stoops to love unworthy humanity. The Deity loves the human. This is the key to the life of Christ on earth. His grace stoops to forgive, to save, and to communicate all that He is, even himself, to unworthy souls.

THE GOODNESS OF CHRIST IS EXERCISED. "Though He was rich, yet for

## The Editor's Uneasy Chair

A sign in front of a service station in Andersonville on the edge of town on U. S. 301, advertises:

Our newspaper publisher friend, Tom Frier of the Douglas Enterprise, writes glowing praise for the work Ann Preston is doing with the Douglas Recreation Department this summer. Anne, daughter of Congressman Prince Preston, is director of Wheeler Park in Douglas. She will graduate in 1959 from Florida State University with a Bachelor of Science in Recreation. She gives our Max Lockwood credit for getting her interested in the recreation profession.

60-million inhabitants with one item of wearing apparel. From these facts it is easy to visualize the possibilities for the export of poultry and dairy products, wheat, corn, cotton and other items which we in this nation are producing in surplus quantities at this time.

EVEN IN THE absence of a concerted program, the United States last year sold \$523,000,000 in such commodities to the countries of South America and the Caribbean area. The agricultural attaches, all of whom impressed me as dedicated, knowledgeable and hard-working men—told me that this represents only a fraction of the potential trade in farm goods which could be realized through intensive competitive sales efforts.

I left Brazil with the firm conviction that ways must be found to tap this vast market not only for the benefit of our own farmers and domestic economy but also for the advancement and uplifting of the neighbors to the South. I could not help thinking on my return flight how blindly foolish it is for us here at home to be so bent on reducing our agricultural production that we do not see and take advantage of the great demand for our farm commodities which exists in the remainder of the world.

More important than this however, he must have the will to fight. He must have a cause, a reason, a desire to continue to come in contact with his enemy. Those in command know that should the American soldier's family, his friends and his home town be destroyed, then perhaps he would have little desire to fight on.

WE THEREFORE, must with all possible haste develop and carry out a sound development of a program of protection for all of our people. Not only must we develop a program of protection, but it must be such a group of plans will fly over, drop a few bombs and then depart. They have failed to realize the tremendous wake of

destruction which will follow such an attack. People in the larger cities feel that they are safe and need not be concerned with civil defense. In their thinking defense is a problem for the larger cities of the east and mid-west.

NOTHING could be further from the truth. Should the bombs come, and there is nothing which leads us to believe that they will not at some future time, then there is hardly a hamlet in the entire United States which would not be immediately affected.

Let us, for example, take our own community as a problem following an attack on Savannah. Savannah is certainly one of the primary targets of an atomic war. It is most certainly would be among one of the first targets hit.

HERE IN BULLOCH County your Defense Council has been working for almost a year in the development of a sound program of defense. At long last a program has been devised and approved. In the next few months the people of this area will be advised as to the role they will be expected to play in the local defense program. When the plan is announced you should take the time to become familiar with it. Should you fail to do so you may be taking a big gamble. It may be the biggest gamble you ever made. It may also be your last.

Monday morning bright and early we left Statesboro by bus for Macon. All the way up I sat by the window and the car felt like a quick frozen piece of meat. The preacher son met the youngest one and we at the bus station. He escorted us to a borrowed truck. We rode beyond Atlanta in this vehicle. We went to the frozen meat was thawed and began to spoil in the next of a hot July day.

The next morning we stopped in Atlanta at Rich's. We had traded the truck for a car but it was anything but air-conditioned. However, at Rich's we cooled us only our heels but all us.

For one-half the day we needed very warm clothing (two had worn the proper attire but who could start out dressed for hot weather and cold weather all in one day?). Then we started back to the bus station in Macon. We found each other, unbuttoned where we could and pretended that we were comfortable. The wet

explosion of a hydrogen bomb. We do know that thousands of people in the Savannah area, including Statesboro, would be directly affected by the atomic fallout and that unless the prior precautions should be taken, many hundreds would die of exposure. Should the hell bombs be dropped all across the United States there would be days and weeks at a time when it would not be safe for Americans to appear out of doors.

This is not a popular subject. It is one which we do not like to think about. Our government is working against time to build a defense based on the prevention of war and it is our hope that this will be successful. We must however make our should these plans prove to be a failure.

Back in 1928 when our Tobacco Market here was born, it did not just happen. Many, many hours and days and weeks and months of hard work went into the business of establishing the market here. Hard work by the Chamber of Commerce, the officials of the City of Statesboro and the officials of Bulloch County went into the foundation for the present Tobacco Market in Statesboro.

As the Market grew it continued getting the support of the Chamber of Commerce and the City and County officials. Came the time when it needed the second set of tobacco buyers. It was through the intensive and concerted efforts of the Chamber of Commerce, the City and County Authorities who joined with the tobacco warehousemen that a second set of buyers were assigned to the Market here.

And the Statesboro Tobacco Market became the No. 1 Market in Georgia. Help Us Keep It the No. 1 Market in Georgia.

Jr. Woman's Club Asks for stiffer law enforcement

WHEREAS, the Statesboro Junior Woman's Club is an organization composed of civic minded women interested in the safety and welfare of our community and children; and

WHEREAS, the understanding that during the past several months there have been many cases of driving under the influence of intoxicants made against individuals that did not result in those individuals losing their driver's license; sentences, as punishment, have been imposed which are seemingly inappropriate to the severity of the offense charged; and

WHEREAS, the children of Statesboro, the children of colored, are seemingly at the mercy of drunken drivers without adequate protection from such drivers who have little fear of punishment for death or injury caused as a result of such driving; and

WHEREAS, there have been two recent flagrant violations in the City of Statesboro of the Motor Vehicle Law, in the driving of motor vehicles which, under the influence of intoxicants, both of which produced results which shocked even the most calloused; and recently

WHEREAS, one of these cases resulted in a child being killed by a hit and run driver, who after giving a small fine, is still driving a motor vehicle on the streets and highways of Statesboro and Bulloch County; and

WHEREAS, there has been another case of a child being struck by a motor vehicle, with the victim of this crime receiving severe injuries; and

WHEREAS, we understand that many many cases of driving under the influence of intoxicants do not result in the loss of driver's operator's license as intended under the laws of Georgia.

NOW THEREFORE, be it recommended: 1. That this Grand Jury take whatever steps are necessary, either of its own accord or by recommendation to the proper authorities, that more stringently law enforcement be provided to curtail the operation of motor vehicles by drunken drivers and that sentences more in keeping with the severity of the crimes be imposed.

2. That the thickly populated areas of the county be divided into zones established commensurate with good highway safety.

Rites held for Geo. W. Simmons

George W. Simmons, age 77, died Monday night in the Bulloch County Hospital after a short illness. WASHINGTON, July 17— "The pressing need of our American taxpayers for tax reduction is far more acute than the need to appropriate additional billions of dollars for foreign aid," Congressman Prince H. Preston stated last week in a speech prepared for delivery in the House of Representatives.

"The reduction or elimination of foreign aid spending is the surest way I know to save the taxpayers money and assure a tax cut for our overburdened people," Preston continued.

The House is considering a Senate passed bill that authorizes more than \$3,240,000,000 for foreign aid.

"A careful study of this bill convinces me that if it is enacted, as passed by the Senate, the American taxpayers may well find himself obligated for years to continue spending billions of dollars abroad under the program of Mutual Security," Preston stated.

"This bill is so worded that this program of spending billions of dollars abroad each year may be continued indefinitely," the First District Representative told the House.

"My only recourse in protest against these provisions is to vote against the Mutual Security bill in its entirety."

Preston conceded that "in past years much good has been accomplished through the foreign aid program."

He stated that our "allies have been strengthened economically and our funds have been used to bolster their military strength and thus build up our defense."

"However, many of our allies now possess thriving economies," Preston stated.

522 take swim lessons at Rec. Center

The Statesboro Recreation Department today released figures on attendance in the 1957 swimming instructional program still in progress at the swim center in Memorial Park. To date some 522 students have been enrolled in classes with a current average attendance of more than 200. During the first few weeks of the program more than 300 students attended classes daily in the instructional program.

Recreation officials point out that the participants were rural children. Current figures show some 45.4 per cent of the students now enrolled in classes in the 1957 program come from the rural areas of the county.

Recreation Supt. Max Lockwood seemed pleased by the release of the figures were made public. The Recreation Department he said has its parallel objective the offering of real services to all of the people living in our county.

As far as we are concerned Mr. Lockwood stated, in our planning there are no city folks or county folks, we just want to be of service to all the people in our community.

There are ten living children of this couple with forty-four grandchildren, seventy-six great grandchildren and one great-great grandchild.

Those present were Mr. and Mrs. J. L. Brannen, Mr. and Mrs. A. A. Brannen, Mrs. Jamie Alderman, all of Statesboro, Mr. and Mrs. Lawton Brannen and Mr. and Mrs. Solomon Brannen of Metter; Mr. and Mrs. Lewis Alderman of Statesboro, Mrs. William Woodrum of Metter, and Thomas Swinson of Baxley, Mr. and Mrs. J.  Sheep program makes tremendous progress during past several years

The sheep program has made tremendous progress in Georgia in the past two or three years, but it isn't because of luck. It's due to hard work on the part of livestockmen. Pete DeLoach, sheep specialist for the Agricultural Extension Service, has a list of essential practices that have to be included in a sheep program if the producer is to be a success.

## 7,567,176 lbs. tobacco sold for \$4,049,842 in 14 days

At the close of the tobacco sales Tuesday night, August 6, the Statesboro market had sold 7,567,176 pounds of tobacco for \$4,049,842.88 during the fourteen days since the opening on July 18.

At the end of fourteen days in 1956 the market here had sold 9,660,094 pounds for \$4,308,333.39. At the end of fourteen days in 1955 the market had sold 8,943,686 pounds for \$4,451,083.23.

Though the sales this year are 2,092,858 pounds less than they were for the same fourteen days last year the dollar amount this year is only \$258,490.51 less.

Last week the local market hit the highest average in the history of sales here when it averaged \$56.06 per hundred pounds with some tobacco selling up to 66 cents a pound.

Day by day sales from Wednesday, July 31, through Tuesday, August 6, were as follows: Wednesday, July 31, 678,808 pounds for \$361,744.93. Thursday, August 1, 659,354 pounds for \$345,697.28. Friday, August 2, 522,772 pounds for \$274,514.34. Saturday, August 3, 506,324 pounds for \$255,692.99. Total for the season, 7,567,176 pounds for \$4,049,842.88.

Total sales for the Georgia-Florida belt as of Monday, August 5 were 11,341,834 pounds at an average of \$56.33 per hundred pounds.

The markets at Adair, Pearson and Valdosta closed Tuesday. Closing yesterday were Alma, Baxley, Hazlehurst, Nashville, Sylvester, Thomasville and Waycross. Pelham will close tomorrow. Quitman and Habersham and the five markets in Florida closed last Friday. Only ten

## Graduation day at swim center

Wednesday, August 14, will be graduation day in the swimming program at the Memorial Swim Center.

All students who have taken swimming lessons are invited to be present at 10 a. m. when everyone will have the opportunity to try out for special badges earned this year.

Badges will include those for "Tadpole," "Minnow," "Sailfish," "Baracuda," and "Shark." Each student is asked to bring twenty-five cents for the badge. This will include ten cents admission fee to the pool.

All students are requested to bring a picnic lunch which will be eaten following the awarding of the badges. The Recreation Department will furnish the drinks for the occasion. Each student will eat his own lunch in the room.

Families are invited to join in the fun and watch the students try for the badges and then stay to enjoy a picnic lunch for the whole family. Drinks will be served for the occasion. Each student will eat his own lunch in the room.

The pool will remain open through September 2. Labor Day morning hours will be used for special class instruction and the pool will remain open to the public during the regular afternoon and evening hours.

## New program for juniors, seniors added at S.H.S.

County School Superintendent H. P. Womack and S. H. Sherman, principal of the Statesboro High School, announce this week the addition of a new program called Diversified Co-operative Training, or D.C.T., to the high school curriculum. J. P. Horn has been employed by the local school system with the approval of the State Department of Vocational Education as coordinator of the new program.

The D.C.T. program is designed to provide vocational training opportunities for high school juniors and seniors. Students in the program will spend one-half day in organized employment in a chosen trade or occupation and one-half day in high school completing the requirements for graduation with from one to two hours studying related technical materials which pertain to their chosen trade. All the while in school work on the job he will be under the supervision of the high school, and while working will be under the supervision of his employer.

Mr. Horn, in explaining the program, stated that it will require the cooperation of the community, employers, employees, parents, professional groups and school personnel. He states that it has proven successful in other communities. He is now contacting prospective employers and employers with

## Think it's been hot? Check the heat record for September, 1925

You think it was hot last Friday and Saturday? Then read on.

The temperature hit a high of 95 degrees on July 10, August 2 and August 3. The record high temperature since 1908 is 107 degrees on August 20 and September 4, 1925. The month of April, 1925 had nine days of the temperature went above 90 degrees. On May 23 of that year it went to 100 degrees. June, 1925 had seven days above 100. July had ten days above 100. August had seven days above 100 and September had nineteen days when the thermometer rose to above 100 degrees.

In 1952 the temperature hit 100 on June 26, 102 on June 27 and 100 on June 28. On July 23 it hit 102 and on July 24 it hit 103.

In 1953 the temperature rose to 100 degrees on Monday, June 1. It hovered in the high 90's during the week of June 29-July 5.

In 1954 the thermometer hit 100 degrees on Saturday, June 26, 101 degrees on June 27 and 102 degrees on June 28. During the week of June 27-July 4 the thermometer hit 98 two days, 99 one day, 96 one day and 95 one day.

These records are secured from Mr. W. C. Cromley of Brooklet, official weather observer for the U. S. Weather Bureau.

July's rainfall of 9.44 inches makes 1957's rainfall to 32.9 inches which is 2.88 inches above normal of 29.31 inches for the eight-month period. In 1956, 29.37 inches fell during the January-July, inclusive, period.

A review of the first eight months of this year shows the month-by-month rainfall as follows:

January, 0.60 inches (normal, 3.01 inches).	February, 2.89 inches (normal, 3.91 inches).
March, 3.38 inches (normal, 3.80).	April, 1.27 inches (normal, 3.18).
May, 7.09 inches (normal, 3.50).	June, 6.52 inches (normal, 6.03).
July, 9.44 inches (normal, 5.88).	

The greatest rainfall Bulloch County has experienced came in September, 1925 when 24.34 inches fell during the month. The most rain to fall in one day was on September 27, 1928, when 12.75 inches fell. The day before, September 26, 4.06 inches fell.

## Rep. Preston arrives home for 'long rest'
