Mayor and Council fight gas rate increases

There may be some in Bulloch who do not agree with the City Council in their desire to increase hydrant rates. The City Council is aware of the hardships many Bulloch citizens are experiencing, and feel it is necessary to pass the cost of our system on to the customers. The hydrant fees are not set high enough to cover the cost of our system, and if not increased, the city's ability to provide adequate water will be compromised.
