Christmas seems to be one of those times of the year when everything, and everyone, is perfect. Perfect weather, perfect decorations, perfect family gatherings. It's a time when we can all relax and enjoy the company of our loved ones. But there's one thing that's not so perfect - the price tag on Christmas gifts.

Some people may think that Christmas is all about giving gifts, but for me, Christmas is about the joy of giving and the love that comes with that. I don't want to think about the money I spend on gifts, but rather the smiles on the faces of my loved ones when they receive something they've been wanting.

Spotlight on Statesboro B.P.W. Career Women

Thru the F's of Virginia Russell

It seems to me that the only thing that's important is that everyone is happy and that's what Christmas is all about. So, let's enjoy the season and not worry too much about the price tag.

This Week's Meditation

In the pages of the Bullhead Herald, we find a beautiful meditation that speaks to the true meaning of Christmas. It's a time when we can all come together and celebrate the holiday season in a peaceful way.

Christmas Means Many Things to Many People

Our Christmas tree is decorated with all sorts of ornaments, but the one that stands out the most is the tree topper. It's a symbol of our faith and our love for the holiday season.

NOTICE

Your October 22, 1958, notice of the death of Joseph M. Turner, deceased, in the present case.

The name of the merchant on "Main Street" has an advantage over us. He can display his wares in his windows where you can see them when you shop or go to the movies. Located as we are on the edge of town it is possible that some folks might forget about us. That's exactly what we don't want to happen. The purpose of these "Reports" is to see that it doesn't happen. We are as much a part of Statesboro as the merchant on "Main Street" and these "Reports" are our window displays. We hope you will enjoy reading them as they appear from time to time.

Strikesboro Report

by S. F. BROWN, Director Manager

Rockwell Manufacturing Company

Confession is a year when many of us seek to get our arrears of the past year and take stock of the good things that have been our way. One of the best things which has happened to Rockwell is the way it has been accepted into the community - it's in Statesboro as a part of the community. There are many ways this can be seen as a thing we have accomplished. For this we are very thankful.

The emphasis that has been on our schools recently brings to mind the vital service our schools perform for the community. From our local acquaintance with the Statesboro School administrators, it is easy to see that they are fulfilling the American idea of providing education for the community's children. It is their aim to develop every child as far as he can develop it.

Here at Statesboro our expectations are paralleled by those of our children all year long. We have a constant progress of education for our people from the day they are employed to classroom. That is the aim to develop every child as far as he can develop it.

In future "Statesboro Reports" we hope to tell you specifically how some of our people have responded to improve their standard of living. We will also pass along information on our products and local operations, and other stories that we think will be of interest to our readers.
