**Rural roads, a political hayfield**

We refuse to let our reader pass this page without some sort of political hayfield. The local situation is, after all, one of the more obvious examples of the spread of urbanization. The county has been, of course, a political hayfield for years. The rural roads, which are the backbone of the county, are now being used extensively by the urbanites for their own amusement. The result is that the rural roads are becoming more and more neglected, and the rural roads are becoming more and more crowded. The rural roads are becoming more and more dangerous, and the rural roads are becoming more and more expensive to maintain. The rural roads are becoming more and more important to the urbanites, and the rural roads are becoming more and more important to the rural people.

STRATFORD HALL

The Clifton Club, a member of the Chand Institute, is having their annual dinner and dance in the Stratford Hall in Statesboro, of which Mrs. Bill Turner is president.

Stratford Hall is the ancestral home of the Woodcock family. It was built in the early 1700s and was the site of a battle during the American Revolution. It is now a museum and tours are available.

The Clifton Club is a members-only club that offers events and social activities throughout the year.

ROCKWELL'S ANNIVERSARY
OPEN HOUSE
JANUARY 31, 1958

HELP US CELEBRATE TWO YEARS OF PROGRESS
In recognition of the helpful and many of our neighbors have extended, we are inviting all Bulloch County and Statesboro citizens to help us celebrate our second anniversary here.

The date is January 31. Why not plan to be with us? Our doors will be open to the public from 8:00 P.M. until 3:00 P.M. and we promise interesting plant tours and a piece of our birthday cake. This is our way of saying thanks for helping us make the Statesboro Division a vital link in the chain of Rockwell plants serving the nation.

The Truth About Air Ride
-and why it's better in a Buick

Are you looking for a way to increase the comfort of your passengers? Look no further than Rockwell Manufacturing Company's Air Ride System. It's the perfect solution for a smoother ride.
