The other house was completed in the late spring of 1938. The land for these warehouses was furnished by the Georgia and Florida Investment Company having been purchased by that company from the M. M. Holland Estate. The cost of the two houses was about \$40,000, and the difference in that amount and the amount of stock sold was paid out of the earnings in 1934 when a four per cent dividend was declared.

Surprise is planned for C. of C. meeting

For centuries men have dreamed of finding gold at the foot of the rainbow and in recent years many have found gold at the foot of that rainbow through the medium of the famous radio show "Foot of Gold." Many have read the book "Acres of Diamonds," which tells the man who spent his life looking for riches, only to find that he had an acre of diamonds in his back yard. That could be true right here in Statesboro! Do you realize that there is a "Gold Mine on the Streets" of Statesboro?

It is something that got excited about! According to Kermit R. Carr, program chairman of the Statesboro and Bulloch County Chamber of Commerce, the next meeting of the chamber, Tuesday, August 5, has to do with prospecting for that gold. If you are interested—as a citizen as well as a gold-hungry individual—then find out something about that much-sought-after gold and what you can do—if anything—about it, be at Mrs. Bryan's Kitchen at 1 o'clock noon Tuesday, August 5.

In 1937 there were approximately 150 stockholders in the Statesboro Tobacco Warehouse Company. In 1937 the officers were R. J. Kennedy, president and Edwin Groover, secretary and treasurer. The directors were R. J. Kennedy, Edwin Groover, Hilton Booth, Chas. E. Cone, Alfred Durham, S. W. Lewis and Grady K. Johnston. When the market opened here in 1928 one house was leased to W. H. Gausch for a period of five years and the other was leased to R. P. Holt and W. E. Cobb. At the termination of the Gausch lease that house was leased by R. E. (Bob) Shepherd.

Phone Co. and S. I. B. share same birthday

The Statesboro Telephone Company and the Sea Island Bank share the same anniversary and this year marks their fifty-seventh anniversary.

The Statesboro Telephone Company was organized on April 20, 1901. Mr. J. L. Mathews (cell living), and the late Cecil W. Brannen, the late W. S. Pretorius were on the petition for charter. On November 2, 1902, J. A. Brannen was president and W. S. Pretorius was manager.

They began business with thirty-five subscribers which increased to sixty-six by November 2, 1902. They began with the old fashioned magneto type system. While there he studied and converted to the common battery type. In 1954 they converted to the present dial system.

The Sea Island Bank was chartered in 1901 with a capital stock of \$25,000. John F. Brannen was named first president. R. F. Donaldson was named cashier. The directors were R. S. Simmons, J. A. Brannen, S. E. Olliff, F. D. Olliff and M. M. Holland.

Will there ever be a letup?

R. P. (Bob) Mikell, judge of Bulloch County's Ordinary's Court told a group of citizens, who are interested in doing something about the mental health problem of our people, that in 1957 nineteen people from Bulloch County were committed to Milledgeville Hospital for mental treatment. So far in 1958, fifteen have been committed.

and attempt to investigate the causes of mental illness and correct these causes. There can be no doubt that there is a worthy project which deserves the support of the public. And knowing Bulloch County as we do, and Bulloch County people being the sort of people they are, it is sure to do its share.

The Bulloch County Mental Health Association last week made a drive to raise funds to help pay for a proposed mental health clinic to be set up in this county at a cost of \$10,500. Bulloch's share of the cost would be \$3,000. The state of Georgia would provide \$5,000 and the other \$2,500 would be provided by the citizens of Emanuel, Effingham, Candler and Evans Counties, the amount based upon the population of each contributing county.

With this newest appeal to the citizens of our community for financial assistance for a very worthwhile project comes the question now being asked by nearly every person who has, from the depths of his or her financial resources, dug up money, time after time, after time, with no letup—"Is there no end to our giving to public solicitations?"

Mr. Johnson Black, president of the local Mental Health Association says there are no statistics available to indicate the need for a mental health program in Bulloch County. But at the group's meeting on Wednesday night, July 23, Dr. Helen Deal did illustrate how the program of the Mental Health Association could be helpful. Miss Maude White told of occasions when it became necessary to refer students for medical attention in Augusta or Savannah because of emotional problems.

And he or she makes a mental note of the "drives" to which he or she has given—Polio Drive, Heart Drive, Cancer Drive, Muscular Dystrophy Drive, TB Drive, Crippled Children's Drive, Boy Scout Drive, Red Cross Drive—are some of the ones which come quickly to mind. And if one is a business man there are numerous other solicitations, enough to drive him to desperation.

We are for all these drives. They are worthy, every one of them. Their objects are wonderful. And because we write this is not to be interpreted as meaning we are unhappy about them. We are only voicing the question that comes up in the minds of citizens who are bearing the burden of all these worthy projects.

Is there to be another new one next year? Will there ever be any letup? Will our income allow us to continue making contributions to all of these drives?

The six-year-old

He intrigued us. We stop at his shouted invitation, "buy a bag of peanuts?" He was such a little shaver. We asked him how old he was. And like the child he was he stretched out five fingers on the hand of the arm over which hung his basket of peanuts. "Five years old?" we asked, before we noticed the one finger stuck out on his other hand. "Six years old?" we amended our question. He confirmed it.

across streets carrying heavy traffic. Well?

Think again

So you think that the members of the American Legion just get together at their comfortable home out on U. S. 301 and talk about the "ole times" in Paris, Guadalcanal, Bougainville, Guam, Tarawa?

May we set you thinking along other lines. Last year the Dexter Allen Post No. 90 of the American Legion here spent a lot of money doing fine things for many people.

A kid six years old on the streets of Statesboro selling boiled peanuts. We did not ask his name. We did not want to know. But as we went our way about our business we wondered why it was necessary that the parents of this child send him out, or allowed him to be on the streets, unattended, selling boiled peanuts.

So you think that the members of the American Legion just get together at their comfortable home out on U. S. 301 and talk about the "ole times" in Paris, Guadalcanal, Bougainville, Guam, Tarawa?

But an answer must be found. For sooner or later tragedy is going to catch up with our allowing these children to run at large, selling boiled peanuts in our community. We are all for the "small business teen-agers" and we applaud the industry of youth.

There was more, but this gives one an idea that the veterans who are members of the American Legion post here are doing good in their community. And we commend them for it.

"He Robbed the Rich..."

This Week's Meditation

By The Rev. L. E. Houston Jr. One does not have to study far into the annals of the early Christian Church until he finds that these people were intensely interested in spreading the Good News about Jesus Christ to the known world of that day.

NEVERTHELESS, it is imperative upon the follower of Christ to make his witness. Dr. William Barclay tells that a short time before the coronation of Queen Elizabeth, most houses and shops were displaying their flags. On a trip out in the English countryside, he happened upon a tent with a Union Jack, almost as large as the tent, proudly flying from a pole close by.

THE BEST THING that can be said about the farm bill passed by the Senate is that it is better than no bill at all. A compromise between what members of the Senate Agriculture Committee wanted and what the Administration would accept was reached.

SO FAR AS Georgia farmers are concerned, the two redeeming features of the bill are those provisions which give members of the committee, insisted he be written into it. One guarantee that no cotton farmer with a present allotment of 10 or less acres will have his acreage reduced.

Want to avoid embarrassing mistakes in etiquette. The Statesboro Regional Library has a complete collection of etiquette books. The picture drawn from the chart on psychological growth is about as discouraging as the status quo of 76.9 per cent of Georgia's cotton growers.

"When you have light cattle the buyer wants heavy ones, and when you feed hinders they want steers, and vice versa. When they're thin they should be fat, and when you're fat they should be thin."

It Seems To Me...

max lockwood against it in the House and only three in the Senate.

THE BILL which is now law, calls for the creation of a Georgia Recreation Commission. The commission is appointed by the Governor and is made up of one representative from each congressional district.

YOU WILL remember, in an earlier column, that the bill which introduced in the Georgia Senate by Senator Everett Williams of Statesboro was the culmination of some ten years of study and effort by lay and professional leaders in the recreation field.

Thru the P's of Virginia russell

"Again we have a 'failure' grade which describes the intellectual development of far too many today. Too many people reach their peak of curiosity and intellectual growth in high school or college in early adult life and then cease growing and begin to decline."

ALL OF THIS probably brings to mind some friends who are interesting, charming, and inspiring, even though they are well past seventy years. But there are those large numbers who are boring and dull as can be.

A tripper who blazes a new path, rather I should say a new water route. Dot Durden of Atlanta left Thursday morning for St. Thomas, one of the Virgin Islands in the eastern Caribbean Sea, lying east of Puerto Rico. It has become increasingly popular as a resort area. Making the trip with Dot will be Miss Helen Gordon, a former Atlantan.

We Go Places

Have you heard about Grace Jarrard's surprise trip? All for free, because a dear friend of hers, Mrs. Mary Drake of Atlanta won two tickets to Nassau. She chose Grace to take the trip with her. First to Jacksonville, Fla., boarded a plane for Miami, caught a boat and landed in Nassau the next morning. Stayed in lovely hotel clubs, visited the famous night clubs, "Wonderland Time." Grace reported. Forgot to mention that she was both air sick and sea sick.

Did you know that when Mr. and Mrs. Olan Stubbs left with their son, Bill Stubbs to report to the U. S. Naval Academy at Annapolis, that Jodie, the youngest son, who was alone, broke out with measles, and they had to turn around and come home. No sign of measles, but he reached Statesboro. But they missed the colorful ceremonies.

From far off Siena comes a card—Via Aerea—'Having a truly wonderful time. Paris is everything they say it is... Up now I have been to Paris, Nice, Genoa, Monaco, Florence and Siena, and I am now in Rome. This morning we went to see the Pope. Rome is even more beautiful than you could ever imagine.' Signed: sincerely yours, Jane Brannen. Jane is the daughter of Mr. and Mrs. Aubert Brannen Sr.

Like one big house party... Dr. and Mrs. John D. Deal and children, Barbara and J. Ben spent two weeks at Tybee at Dr. Whiteside's cottage. According to Dot's grandmother, Mrs. Mamie Le Bonduard, they have been away five years, one month and four days, and with them are their children, all born in Africa. Their names are Stephen, who will be five in November; Becky, who will be three in February; and the twin girls, Pat and Peg, who will be a year old in September.

Rep. Preston's tax venue bill is signed

President Eisenhower signed into law Wednesday last week a bill permitting the defendant in a federal income tax case to be tried in his home judicial circuit. The bill was authored, introduced and pushed through the House by Rep. Preston of Statesboro, Ga., and then passed the Senate a few days ago. It permits a person charged with violating internal revenue laws, where use of the mails is involved, to be tried in the district in which he was residing when the alleged offense was committed. To illustrate the bill, the defendant must file motion for within 20 days after his arraignment or indictment. Persons charged with federal income tax law violations usually are indicted by a federal court in the residence of the tax collector. Under the old law this meant the defendant also had to stand trial in that circuit, often far away from home. The Preston act will eliminate the requirement which he charged often caused undue expense and hardship on the defendant. In urging House approval of this bill, the Georgian said that taxpayers charged with such an offense often had to go even to a distant state to face trial before a jury of total strangers who knew nothing of the defendant's reputation and character. The bill as approved and now signed into law, Preston said, will guarantee the defendant his right, under the sixth amendment to the public trial by an impartial jury of the state and district in which the alleged crime was committed. The Register canning plant will be open on Tuesday only for the rest of the month of August. Anyone wanting to use the plant later may do so by arranging a time with O. E.
