New driving laws

With the State Highway De-

partment about to introduce

new driving laws, the en-

forcement of the new act by

the courts will be an im-

portant task. It is not un-

usual for a court to take a

lenient attitude towards

the law. On the other hand,

the courts can also be

lenient when a law is not

enforced.

Here's a rule that applies

to the young people:

If a person is under

18 years of age and has a

driver's license, he may

not drive a car during

the hours of 10:00 PM to

7:00 AM. This is a

good rule to follow, but

it can be enforced only if

the courts are willing to

enforce it.

But this is a rule that

applies to the young

people:

If a person is under

18 years of age and has a

driver's license, he may

not drive a car during

the hours of 10:00 PM to

7:00 AM. This is a

good rule to follow, but

it can be enforced only if

the courts are willing to

enforce it.

Statesboro, Ga.
Let's go 1st class on concrete!

THESE ROADS IGNORE FATHER TIME!
Modern concrete will last 50 years and more!

When they tell you concrete—don't listen.
They're giving you a fast-dry highway. Reporting
more times now they show concrete pavements have outsold other types 3 to 1.
The new roads will do even better
Paving these days now will be in rolling smoothly on this new concrete...and
the same weather. (It won't have to be mentioned 4 or 5 times.)
Concrete prevents weathering with age—Endures in strength 50 years. Other paving
materials are just the opposite. After 5 years, nothing's left concrete.
That's why it costs little and smooth sitting—doesn't crack and warp.
That's why it's superior to any form for roads for roads.
Engineers build for your safety. Concrete eases a dehumidification problem, and
you can be sure you're better off.

Portland Cement Association
Brooklyn, New York

A national organization is in charge and controls the use of concrete
