Give the handicapped an opportunity

We are in the middle of National
Handicapped Week in the Statesboro
area. On October 6, and will continue
throughout the month of October.

Sweden, and

This is not "just another week,"

as it is in 100 other nations where

the handicapped have been

given equal opportunities.

We have just had a president

speaking of one of our multimillion

dollar hospitals. He will speak

of his plans to build a larger

hospital. But, this is not the time

for such dreams. This is the time

for dreams of a future where

we can have a "mainstream" for

all who are part of our society.

We need to make a mark in

the field of handicapped,

so that when they need a hand,

we can give it to them.

The Editor's

Unguarded Chair

The editor's desk has

three so-called doors.

A man at times, a lady at

times, and a child at times.

However, if you knock

on the door, and see a

child sitting there, you

won't be able to

get in.

They often

asked me

You should see

how they

laugh at

me.

But, I

prefer

to laugh

at

them.

They are

family as well.

It Seems To Me...

There is a great tendency

for greatness.

The problem of Bulloch

County is not whether

we can have

a "mainstream",

but whether

we can have

a "mainstream" for

all who are part of our society.

We need to make a mark

in the field of handicapped,

so that when they need a hand,

we can give it to them.

The American Legion, the

Disabled American Veterans, and

the American Veterans of the

World War have announced

that they will combine

their membership rolls

into a single roll.

This is a great demonstration

of what can be accomplished

when people work together

for the common good.

There are only three of

the groups that

make up the

combined roll,

but they

are

working

together.

They do things
